Plan Administrator and Participants
Openview Products Employees Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the accompanying financial statements of Openview Products Employees Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) Audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Openview Products Employees Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Openview Products Employees Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Openview Products Employees Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Openview Products Employees Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Openview Products Employees Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV - Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Part IV - Line 4i - Schedule of Assets (Held at Year End) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

General

The Plan is a defined contribution plan covering substantially all employees of Openview Products, LLC ("Openview") (formerly known as Hayfield Window and Door Co, LLC). The Plan became effective January 1, 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Internal Revenue Code ("IRC").

The Plan was administered by Hayfield Window and Door Company through August 5, 2019 when Openview became the plan sponsor and assumed all employees of the former plan sponsor. The Plan is advised by a committee whose members are appointed by the Board of Directors of Openview. The trustee of the Plan's assets is the Ascensus Trust Company (the "Trustee"). The Trustee executes transactions based upon direction from the Plan's administrator and the Plan's participants.

Effective January 1, 2022, the Plan changed its name from Hayfield Window and Door Employees Retirement Plan to Openview Products Employees Retirement Plan. As of January 1, 2022, all employees of Openview Products, LLC are eligible to participate in the Plan if they meet the Plan's requirements. Prior years of eligibility and vesting were credited to the affected employees.

Effective January 1, 2022, Showcase Window and Door Co., LLC, an Openview subsidiary, was added as a participating employer to the Plan.

Eligibility

Participants will be eligible to participate in the Plan when they reach 18 years of age or older and have completed sixty days of employment, as defined by the plan. Eligible employees may enter the Plan on the first day of the month following the completion of the initial requirements.

Participants will be eligible to participate in the employer match under the Plan if they reach 18 years of age or older and have completed sixty days of employment, as defined by the Plan. Each plan year, the plan sponsor may make a contribution to the Plan as a discretionary matching contribution on behalf of the employee which will be determined each year.

Participants will be eligible to participate in the profit sharing contribution under the Plan if they reach 18 years of age or older and have completed sixty days of employment, as defined by the Plan. The plan sponsor may make a contribution to the Plan as a discretionary profit sharing contribution on behalf of the employee, which will be determined each year.

1. Description of Plan (Continued)

Contributions

Participants may contribute up to 100% percent of their eligible compensation to the Plan on a pretax basis, subject to IRC limits, as defined by the Plan. Participants are also allowed to make Roth 401k contributions as of May 15, 2022. Participants may roll over amounts representing distributions from other qualified plans into the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of contributions into various investment options offered by the Plan.

All participants making salary reduction contributions to the Plan share in discretionary match contributions regardless of service completed during the plan year or employment status at the end of the plan year. Each year, management of the Company determines the formula for determining matching contributions. For 2022, the match formula was based on an amount of the deferral that the participant made. Openview Products Employees Retirement Plan's discretionary match is 100% of the first 3% of eligible compensation for the year ended December 31, 2022.

The Plan Sponsor can elect to make a discretionary profit sharing contribution. Eligible participants are allocated their portion of profit sharing contributions based upon their compensation using a formula that is integrated with the federal social security wage base. Each year, management of the Company determines the amount of the profit sharing contribution, if any. There were no non-elective profit sharing contributions for the year ended December 31, 2022.

Contributions are subject to a compensation ceiling and annual limitations prescribed by the IRC.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Plan's matching contribution, profit sharing contribution, and the allocation of Plan earnings; each participant account is charged an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Certain expenses and administrative costs incurred in connection with the general administration of the Plan are paid out of Plan assets.

Vesting

Effective January 1, 2022, participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer matching contributions and employer profit sharing contributions are subject to a graded vesting schedule during which the employee vests 25% after one year and then 25% each subsequent year of service until fully vested after four years of service. Prior to January 1, 2022, the vesting schedule was based on 20% per year with 100% vesting occurring after six years of service.

Notes Receivable From Participants

Participants are permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Only two notes may be outstanding at any given time. Interest is charged on the notes based on similar market rates charged by other lenders. Minimum participant payments are required to be made at least quarterly. Notes receivable are secured by the balance in the participants' account. Principal and interest are paid via payroll deduction according to the amortization schedule prepared by the Company.

1. Description of Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant's vested benefit is distributed as soon as administratively feasible following the date on which a distribution is requested or otherwise payable in a single lump-sum payment. The distribution will be in the form of a lump-sum payment if the participant's vested benefit is \$5,000 or less, unless the participant timely elects a direct rollover of the vested account balance. Pre-retirement distributions are allowed under the Plan after attaining the age of 59 1/2. No hardship distributions are allowed. Benefit payments are recorded when paid.

Forfeited Accounts

If a participant terminates employment before becoming fully vested in their account balance, the forfeited portion of the account balance is used to reduce future Employer contributions to the Plan or pay Plan expenses. Forfeitures of nonvested accounts totaled approximately \$30,000 and \$17,000 as of December 31, 2022 and 2021, respectively. No forfeitures were used to reduce employer contributions or pay administrative expenses during the year ended December 31, 2022.

Plan Termination

The Plan has the right to amend, in whole or in part, any or all of the provisions of the Plan at any time. Additionally, the Plan has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, assets of the Plan will continue to be used to provide benefits until no assets remain in the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting - Accrual Method

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities. The most significant estimate relates to the valuation of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year, are presented in the net appreciation in fair value of investments.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

2. Summary of Significant Accounting Policies (Continued)

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the FASB fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Valued at quoted market prices, held by the Plan at year end. Mutual funds traded in active markets are classified within Level 1 of the fair value hierarchy.

Common Collective Trust

Valued at the net asset value (NAV) per unit as determined by the collective trusts as of the valuation date. The unit values are determined based upon the fair value of the underlying assets. The NAV, as provided by the Trustee, is used as practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The trust has no unfunded commitments. The redemption notice period of 12 months is when the entire trust is redeemed. The collective trust has a daily redemption frequency.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits

Benefit payments are recorded when paid.

2. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through October 16, 2023, the date which the financial statements were available to be issued.

3. Certification of Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

At the direction of the Plan Administrator, the Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The following tables provide information on those assets that are measured at fair value on a recurring basis:

5. Party-In-Interest Transactions

Fees paid by the Plan to the Trustee for investment management services amounted to approximately \$35,000 for the year ended December 31, 2022. ERISA regulations provide an exemption for such transactions.

6. Tax Status

The Plan adopted the Ascensus, Inc. Prototype Plan. The prototype plan obtained its latest Internal Revenue Service opinion letter on June 30, 2020, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan's management, Trustee, and tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will continue to occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

8. Excess Contributions Payable

Amounts payable to participants for contributions in excess of nondiscrimination provisions are recorded as a liability with a corresponding reduction to contributions.

9. SECURE 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2020 CARES Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.
