To the Retirement Plan Committee of the AutoSavvy Retirement 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed the audit of the financial statements of the AutoSavvy Retirement 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITORS' REPORT – CONTINUED

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT – CONTINUED

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 14, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

AUTOSAVVY RETIREMENT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of the Plan

The following description of the Auto Savvy Retirement 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the Plan administrator.

- A. **General** – The Plan was created on January 1, 2008, and is a defined contribution plan covering eligible employees of AutoSavvy Holdings, Inc. and related employers, (the “Company”), as defined in the Plan document. The Plan is designed to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (the “IRC”) as amended and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Retirement Plan Committee is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

The Plan has arranged for Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC (“Great-West” or “Custodian”) to serve as Custodian and to provide record keeping services for the Plan (the “Recordkeeper”). During 2022, Great-West changed its operating names to Empower Annuity and Insurance Company of America and Empower Trust Company, LLC (“Empower”). These name changes did not affect custodial or recordkeeping services being provided to the Plan by the Custodian and Recordkeeper.

In April 2021, the Plan document was restated to utilize an updated defined contribution pre-approved plan which was designed in accordance with applicable sections of the IRC for which the Custodian was informed of such in a letter dated June 30, 2020. There were no material modifications to the Plan as a result of the restatement.

- B. **Contributions** – Eligible employees may participate in the Plan upon reaching age 18 and completing three months of service. Entrance to the Plan occurs on the first day of each month after eligibility requirement have been met. Each year, participants may elect to contribute up to 100% of their annual eligible earnings on a pre-tax basis, plus catch-up contributions, subject to the maximum amount allowable by the Internal Revenue Service (“IRS”) (\$20,500 for participants to age 50 and \$27,000 for participants over 50 years of age for the year ended December 31, 2022). Participants may also make post-tax (ROTH) contributions and contribute amounts representing distributions from other tax qualified retirement plans. Effective January 1, 2021, the Company makes safe harbor employer matching contributions based on 100% of the first 3% of the participant’s elective deferrals, plus 50% of the participant’s elective deferrals in excess of 3% but not in excess of 5% of the participant’s compensation. Contributions are contributed each pay period and a true-up contribution is made at year-end based on the employee’s annual deferrals. The Plan recorded an employer contribution receivable in the amount of \$18,777 related to the safe harbor employer matching contribution true-up for the year ended December 31, 2022. Prior to January 1, 2021, the Company made discretionary employer matching contributions to the Plan.
- C. **Participant investment account options** - The Plan currently offers various mutual funds, collective investment trusts, and a guaranteed investment contract as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.
- D. **Participant accounts** – Each participant’s account is credited with the participant’s contributions, safe harbor employer matching contributions or discretionary employer matching contributions, and an allocation of the Plan’s earnings and losses, which include administrative expenses. Allocations are based on participants’ earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

AUTOSAVVY RETIREMENT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of the Plan (continued)

- E. **Vesting** – Participants are immediately vested in their voluntary contributions, earnings thereon, and rollover contributions. Participants also immediately vest in the Company's safe harbor employer matching contributions. Vesting in the discretionary employer matching contribution made by the Company before January 1, 2021 is based on years of continuous service. Participants vest 50% in discretionary employer matching contributions after two years and vest 100% after three years of credited service.
- F. **Notes receivable from participants** – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance with terms from 1 year up to 5 years. Notes related to the purchase of a primary residence are allowed to have repayment terms between 5 and 15 years. The notes are secured by the balance in the participant's account and bear interest at the prime rate as published in the Wall Street Journal. As of December 31, 2022, the interest rates for all outstanding notes receivable ranged from 3.50% to 7.00%. Principal and interest are paid ratably through bi-weekly payroll deductions and loan payoffs may be made directly by the participant without penalty.
- G. **Payment of benefits** – Participants may receive the vested interest of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Benefit payments are made in a lump sum distribution or rollover contributions to another plan. Participants who terminate employment with a balance of less than \$1,000 may receive an automatic lump sum distribution of their balance. Participants who terminate employment with an account balance of less than \$5,000, but more than \$1,000 may receive an automatic direct rollover of their account balance into an Individual Retirement Account.
- H. **Forfeited accounts** – As of December 31, 2022 and 2021, forfeited non-vested accounts in the Plan totaled \$34,965 and \$32,165, respectively. Forfeited non-vested accounts are used to offset safe harbor employer matching contributions and/or administrative expenses. During the year ended December 31, 2022, no forfeited non-vested amounts was used to offset safe harbor employer matching contributions or administrative expenses.

(2) Summary of significant accounting policies

Basis of accounting – The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value, except for the guaranteed investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

AUTOSAVVY RETIREMENT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees related to investment advisory services and custodial/record keeping fees are included in administrative expenses. Other investment related expenses are included in net depreciation in fair value of investments.

(3) Information prepared and certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity and Insurance Company of America with respect to the guaranteed investment contract and Empower Trust Company, LLC with respect to the mutual funds and collective investment trusts, have certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) are complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value and contract value
- Notes receivable from participants
- Interest income from notes receivable from participants
- Interest and dividend income
- Net depreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

(4) Fair value measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

AUTOSAVVY RETIREMENT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the registered investment companies. The mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value ("NAV") and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of the separate account. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 1,755,765	\$ -	\$ -	\$ 1,755,765
Total investments in the fair value hierarchy	<u>\$ 1,755,765</u>	<u>\$ -</u>	<u>\$ -</u>	<u>1,755,765</u>
Investments measured at NAV practical expedient*				<u>161,837</u>
Total investments at fair value				<u>\$ 1,917,602</u>

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 1,684,008	\$ -	\$ -	\$ 1,684,008
Total investments in the fair value hierarchy	<u>\$ 1,684,008</u>	<u>\$ -</u>	<u>\$ -</u>	<u>1,684,008</u>
Investments measured at NAV practical expedient*				<u>136,419</u>
Total investments at fair value				<u>\$ 1,820,427</u>

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

AUTOSAVVY RETIREMENT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

Investments measured using the NAV per share practical expedient – The following tables summarize investments for which fair value is based on NAV per share as of December 31, 2022 and 2021:

	Fair Value December 31, 2022	Fair Value December 31, 2021
Collective Investment trusts	\$ 161,837	\$ 136,419
Total	\$ 161,837	\$ 136,419

The common collective trusts are generally redeemed on a daily basis. These funds may impose redemption fees and/or transfer restrictions if assets are held for less than the published holding period. Additionally, there are no unfunded commitments.

(5) Guaranteed interest account

The Plan has a fully benefit-responsive guaranteed interest account with Empower Annuity Insurance Company of America ("EAICA") through a group annuity contract. EAICA maintains the contributions in a general account. The guaranteed interest account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The account does not have a guaranteed minimum interest rate. The crediting interest rate is reviewed on a quarterly basis for resetting. The guaranteed interest account generally does not permit EAICA to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan.), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

If the Plan sponsor wishes to remove this contract as an option from the Plan and still remove the assets at contract value, then EAICA may impose a hold for up to a 12 to 36 month period on the contract assets at the Plan level depending upon the selection of various termination options.

AUTOSAVVY RETIREMENT 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(6) Party-in-interest transactions

Empower is the Plan's Custodian and Recordkeeper, and therefore, transactions with Empower are considered exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than direct payment. As described in Note 2, certain other administrative expenses are paid from Plan assets directly to the Recordkeeper and other parties-in-interest, such as investment advisors, and qualify as exempt party-in interest transactions. Administrative expenses paid from Plan assets directly to parties-in-interest totaled \$23,785 for the year ended December 31, 2022.

(7) Plan termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their discretionary employer matching contributions.

(8) Tax status

The IRS has determined that the defined contribution pre-approved plan document is designed in accordance with applicable sections of the IRC and informed the Custodian of such in a letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, the Plan's Retirement Plan Committee believes that the Plan and the related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2022 and 2021, one of the Plan's investment options represented approximately 19% and 16% of the Plan's investment, respectively.

(10) Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During the year ended December 31, 2022, employee contributions totaling \$211 were not remitted to the Plan until after the required time period. The Company remitted to the Plan lost earnings related to the delinquent contributions in October 2023.

(11) Subsequent events

The Plan has evaluated subsequent events through October 16, 2023, which is the date the financial statements were available to be issued.
