INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Plan Trustee
Low Country Health Care System 403(b) Matching Retirement Plan
Fairfax, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Low Country Health Care System 403(b) Matching Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Low Country Health Care System 403(b) Matching Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Low Country Health Care System 403(b) Matching Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Low Country Health Care System 403(b) Matching Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Low Country Health Care System 403(b) Matching Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Low Country Health Care System 403(b) Matching Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets Held at End-of-Year, as of December 31, 2022 and 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**LOW COUNTRY HEALTH CARE SYSTEM 403(B)
MATCHING RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of Low Country Health Care System 403(b) Matching Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2001 and restated effective January 1, 2021. The Plan is a tax deferred annuity or 403(b) plan covering all employees of Low Country Health Care System, Inc. (the "Organization"). Full-time employees of the Organization who are expected to work at least twenty hours per week, are eligible to become participants in the Plan on the first pay period after hire date. Participants who have reached age eighteen, worked 1,000 hours and have 12 months of service are eligible for the Company match. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. The Board of Trustees oversees the governance of the Plan.

Contributions

Each year, participants may defer up to the maximum allowable by Internal Revenue Code (IRC) Sections 403(b). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also rollover an amount from another plan to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Organization contributes a fixed 1% nonelective contribution of a participant's compensation during the plan year in which an employee meets the eligibility requirements. Also, upon meeting the eligibility requirements, the Organization matches 100% of employee deferrals up to 3%. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Organization's contributions and (b) Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization's contribution portion of their accounts plus earnings is based on the number of Years of Service for vesting purposes on a three-year cliff. Participants are 100% vested after three years of vesting service. Each year the participant must complete at least 1,000 hours of service to receive credit for a Year of Vesting Service.

Notes Receivable from Participants

Prior to May 2020, participants could borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans were secured by the balance in the participant's account and bear interest at 5.50%. Principal and interest are paid ratably through payroll deductions. After May 2020, the plan provisions for participant loans was modified to no longer permit new participant loans. However, any loan received prior to the effective date remain in force until paid in full.

Payment of Benefits

On termination of service due to disability, death, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, an installment, an annuity, or rollover to an eligible retirement plan.

Forfeited Accounts

Forfeitures held in an account will be used to reduce future employer contributions. At December 31, 2022 and 2021, the forfeited nonvested accounts totaled \$7 and \$0, respectively. In 2022 and 2021, employer contributions were reduced by forfeited nonvested accounts in the amount of \$9,790 and \$8,348, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U. S. generally accepted accounting principles.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Effective May 8, 2020, the plan provisions for participant loans was modified to no longer permit new participant loans. However, any loan received prior to the effective date remain in force until paid in full.

Investment Valuation and Income Recognition

Plan investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The Plan's fully benefit-responsive investment contracts are valued at contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals and expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan had no distributions for excess contributions for the year ended December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses of the Plan are paid by either the Organization or the Plan, as provided in the Plan document. Expenses that are paid by the Organization are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and included in administrative expenses.

Plan Amendments

The Setting Every Community Up for Retirement Enhancement (SECURE) 2.0 was signed into law at the end of 2022. This Act includes both required and optional provisions with effective dates ranging from beginning after December 31, 2022 to beginning after December 31, 2024. Plan management is currently reviewing the impact of this Act.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: The Plan holds units of participation in the separate accounts, which are valued daily at their accumulation unit value. Accumulation unit value is determined based on the NAVs of the underlying funds, which are generally quoted in active markets, and the contract's separate account charges. There are no transfer or redemption restrictions, and no unfunded commitments on these investments.

The underlying mutual funds include: (i) equity securities invested in small, large and midsize companies that seek high total return or long-term capital growth; (ii) common stocks, preferred stocks, fixed-income securities, convertible securities and depositary receipts of foreign companies that seek long-term capital growth; (iii) common stocks and fixed-income securities that seek favorable overall return; (iv) stocks, bonds and money market instruments that seek to achieve a competitive total return; and (v) asset allocation funds which invest in a combination of assets such as stocks, bonds and money market instruments and seek to provide capital appreciation and income consistent with asset allocation.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Fair Value Measurements at the End of the Reporting Period Using:			
	Level 1	Level 2	Level 3	Total

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the years ended December 31, 2022 and 2021. Accordingly, Voya Retirement Insurance and Annuity Company, the trustee of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 and 2021, the related net appreciation (depreciation) in fair value of investments and related investment income reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

During the years ended December 31, 2022 and 2021, the Plan maintained certain guaranteed investment contract investment options, including the Voya Fixed account (collectively the Investment Contracts), which are considered to be fully benefit-responsive and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (i) liquidation of the entire contract; (ii) layoffs; (iii) early retirement windows; (iv) spin-offs; (v) sale of a division; (vi) facility closings; (vii) Plan termination; (viii) partial Plan termination; or (ix) changes in laws or regulations. The Plan administrator does not believe that the occurrence of any events that would result in the Plan being unable to transact at contract value with the participants is probable.

The Investment Contracts do not permit the issuers to terminate the agreements prior to the scheduled maturity date.

6. TRANSACTIONS WITH PARTIES-IN-INTEREST

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the trustee are considered party-in-interest transactions.

6. TRANSACTIONS WITH PARTIES-IN-INTEREST (Continued)

Certain Plan investments are shares of pooled separate accounts and guaranteed interest accounts issued by Voya Retirement Insurance and Annuity Company (Voya). The investment options of the Plan include various portfolios within the Voya pooled separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. Voya receives indirect compensation from these investment companies for the services provided, based on a predetermined percentage rate negotiated with the investment companies. This indirect compensation is not charged to the Plan or participant account but is paid directly by the investment companies. Voya is the recordkeeper and trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Organization may determine.

8. TAX STATUS

There is no current program under which a plan sponsor can obtain assurance that the written form of its plan satisfies 403(b) requirements, other than through a private letter ruling. As indicated in IRS Notice 2009-3, the IRS and Treasury have therefore concluded that compliance with the final regulations would be facilitated by the establishment of both pre-approved and individually designed plan programs and that transition relief should be provided to all 403(b) plan sponsors who have made appropriate efforts to comply with the written plan requirements in final regulations. The Plan administrator believes they are in compliance with the final regulations.

Accounting principles generally accepted in the United State of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2019.

9. RISK AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, market, credit, and other volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The financial statements of the Plan include distributions to participants as deductions when paid. The Department of Labor requires participant loans that violate the IRC to be recorded as deemed distributions on the Form 5500, although the Plan still holds the participant loans as an asset.

The following is a reconciliation of net assets available for benefits from the financial statements at December 31, 2022 and 2021, to Form 5500:

	<u>2022</u>	<u>2021</u>
Net Assets Available for Benefits per Financial Statements	<u>\$ 7,087,013</u>	<u>\$ 7,906,500</u>
Net Assets Available for Benefits per the Form 5500	<u><u>\$ 7,087,013</u></u>	<u><u>\$ 7,906,500</u></u>

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

The following is a reconciliation of the change in net assets available for benefits from the financial statements for the years ended December 31, 2022 and 2021, to Form 5500:

	<u>2022</u>	<u>2021</u>
Net Increase (Decrease) in Net Assets Available for Benefits Per the Financial Statements	\$ (819,487)	\$ 1,455,239
Less: Deemed Distributions of Participant Loans	<u>-</u>	<u>3,711</u>
Net Increase (Decrease) in Net Assets Available for Benefits Per the Form 5500	<u><u>\$ (819,487)</u></u>	<u><u>\$ 1,458,950</u></u>

11. SUBSEQUENT EVENTS

Subsequent events were evaluated through the date of the independent auditors' report, which is the date the financial statements were available to be issued.
