Report of Independent Auditors

To the Plan Administrator of the ASCAP Employees' Savings and
Salary Deferral Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The ASCAP Employees' Savings and Salary Deferral Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 (referred to as the “supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ASCAP Employees' Savings and Salary Deferral Plan

Notes to Financial Statements

December 31, 2022

1. Plan Description

The following description of the American Society of Composers, Authors, and Publishers (ASCAP, or the Plan Sponsor) Employees' Savings and Salary Deferral Plan (the Plan), as amended, provides only general information. Participants should refer to the Plan's summary plan description or formal plan documents for a more complete description of the Plan's provisions. The Plan conforms to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986 (the Code), as amended.

Employee Contributions

The Plan is a defined contribution 401(k) plan with a profit sharing feature. Subject to other limits that could be applied (including limits applied to highly compensated participants), eligible employees were permitted to contribute up to 25% of their compensation as defined in the plan as salary deferral contributions (including pre-tax, and commencing in 2021, Roth contributions) during 2021 and 2020, respectively. An additional amount up to 25% could be contributed on an after-tax basis as supplemental contributions. In accordance with Internal Revenue Service (IRS) guidelines, the maximum total employee salary deferral contributions permitted by law were \$20,500 for 2022 and \$19,500 for 2021.

For participants hired on or after November 1, 2005, the Plan provides for an automatic pre-tax employee contribution election of 3% (increasing by 1% each year, until it reaches 6%) of the eligible participants' eligible compensation for participants who do not elect a specific percentage or to not make such contributions.

Employees who attained age 50 by December 31, 2022 and 2021 were eligible to make a separate pre-tax or Roth "catch-up" contribution of \$6,500 annually.

1. Plan Description (continued)

Employer Contributions

In accordance with the Plan's provisions, ASCAP can match employee contributions at its discretion. During 2022 and 2021, ASCAP made the following matching contributions related to covered compensation as described in the Plan:

Employee Salary Deferral Contributions	ASCAP Contributions
1.00% of covered compensation	1.00%
2.00%	2.00%
3.00%	2.25%
4.00%	2.50%
5.00%	2.75%
6.00%–25.00%	3.00%

The Plan also contains a noncontributory profit sharing feature whereby an additional employer contribution can be made. For years 2021 and 2022, an additional 3% to 9% of eligible participants' covered compensation was contributed by the Plan Sponsor.

Participant Accounts

Generally, full-time and part-time non-temporary employees are eligible to participate in the Plan on the first day of the month following the completion of one hour of service. Participants in the Plan may change elections at any time. The Plan provides for the employee contributions and earnings thereon to be immediately vested and the employer matching contributions and earnings thereon to be fully vested after one year of service.

Generally, full-time and part-time non-temporary employees are also eligible to participate in the profit sharing feature of the Plan commencing on the first day of the month following the completion of one hour of service. Under the profit sharing feature, discretionary employer profit sharing contributions that are made generally vest after three years of service.

1. Plan Description (continued)

Forfeitures

Amounts to be contributed by ASCAP are reduced by forfeitures of unvested employer contributions that are applied as employer contributions. Amounts forfeited in 2022 and 2021 totaled \$107,453 and \$107,150, respectively. Cumulative unallocated forfeitures are \$42,958 and \$76,212 as of December 31, 2022 and 2021, respectively. During 2022 and 2021, \$134,706 and \$156,889, respectively, were applied as certain employer contributions.

Payment of Benefits

The balance in a participant's account is payable to the participant or a designated beneficiary in a single lump-sum payment, or if over \$5000, in installments, upon termination of employment or death, with commencement of certain distributions permitted to be deferred until required by law. Hardship withdrawals and certain other in-service distributions are permitted as stipulated in the Plan Document.

Participant Loans

Plan participants can take and may have, at one time, up to two loans from their account. A minimum loan amount of \$1,000 is required. The total outstanding loan amount for a participant may not exceed the lesser of 50% of the aggregate value of the participant's accounts or \$50,000 (reduced by the highest outstanding loan balance in the preceding 12 months). Loans, other than for the purchase of a principal residence, shall be repaid in full within five years of their grant. Loans taken for purchasing the participant's principal residence shall be repaid in full within ten years of their grant. The interest paid on outstanding loan balances, fixed at 1% over the prime rate in effect at the end of the month before the month in which the loan was processed, is credited to the borrower's account.

Rollover Contributions

Participants may transfer to their Plan accounts part or all of an "eligible rollover distribution" received from certain qualified plans or IRAs.

1. Plan Description (continued)

Investments

Bank of America, N.A. is the trustee of the Plan. All investments of the Plan are currently managed and/or invested by Bank of America in participant directed accounts.

Administrative Expenses

A quarterly participant fee of \$50 is being charged to participant accounts with a balance greater than or equal to \$200 to pay for the Plan's administrative expenses, but reduced, where applicable, by certain revenue sharing amounts derived from plan investments. The fees collected pay general Plan expenses that include expenses for recordkeeping, trust services, fiduciary advice services, participant education, providing account statements, as well as certain expenses related to Plan compliance. Other fees (including loan-related fees) were also paid by the Plan and charged to participant accounts.

Plan Termination

Although it has not expressed any intent to do so, ASCAP has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses

and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Contributions

Contributions from employees are recorded in the pay period ASCAP processes payroll deductions from Plan participants. Contributions from ASCAP are accrued by the Plan in the period they become obligations of ASCAP. Amounts contributed by the employer are invested by the trustee in the same funds, as the employees may elect to invest their own contributions.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (or exit price). See Note 4 for further discussion of fair value measurements.

Shares of mutual funds and money market funds are valued based on quoted market prices which represent the net asset value of shares held by the Plan at year-end. The fair value of the participation units in common collective trusts is based on redemption values as quoted by the issuer on the last business day of the Plan's year-end.

The Wells Fargo Stable Value Fund C invests in fully benefit-responsive investment contracts. This fund is recorded at fair value (see Note 4).

Certificates of deposit are valued at cost, which approximates fair value.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Risks and Uncertainties

The Plan provides for investments in various securities. Investments, in general, are exposed to various risks, such as interest rate, credit risk, and market volatility risk. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term. Such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

3. Investments

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, interest income from notes receivable from participants and dividends, interest and other income for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee of the Plan.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based upon the lowest level of input that is significant to the fair value measurement in its entirety.

Notes to Financial Statements (continued)

5. Tax Status

The underlying non-standardized prototype plan that was in force in 2021 received an opinion letter from the IRS dated March 31, 2014, stating that the form of the plan is qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. The plan administrator had determined that it is eligible to and had chosen to rely on that IRS prototype plan opinion letter.

The Plan was restated effective January 1, 2022 in the form of a pre-approved plan document, which was modified by a superseding provisions addendum to the pre-approved plan document. The Plan applied for, and received, a favorable determination letter from the IRS dated September 21, 2022, stating that the plan document (including the superseding provisions addendum) is qualified under Section 401(a) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Subsequent Events

Management evaluated subsequent events for the Plan through October 16, 2023, the date the financial statements were available to be issued.
