Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Pediatric Academic Association, Inc. Defined Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters

Predecessor auditors performed an audit of the 2021 financial statements of Pediatric Academic Association, Inc. Defined Contribution Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 12, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PEDIATRIC ACADEMIC ASSOCIATION, INC. DEFINED CONTRIBUTION PLAN

**Notes to Financial Statements
December 31, 2022 and 2021**

Plan Description

The following description of the Pediatric Academic Association, Inc. (the Association) Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2006 and is a defined contribution money purchase pension plan covering employees of the Association. Employees become eligible to enter the Plan upon the latter of their employment commencement date or when they have attained the age of 21. Employees must complete 1,000 hours of service with the Association on or prior to such employer contribution allocation dates. Employer contribution allocation dates occur on the last payroll period ending in the second, third, and fourth quarters of a given Plan year. The Plan is subject to the provisions of ERISA.

Contributions

On each contribution allocation date, the Association contributes to the Plan, 10% of the total eligible compensation for each participant. If the Association authorizes as such, participants may contribute amounts to the Plan. During 2022 and 2021, no participant contributions were made. The Association met the minimum funding requirements of ERISA for the years ended December 31, 2022 and 2021.

A participant who is also an active employee may contribute to the Plan, as a rollover contribution or a distribution from another qualified retirement plan. During 2022 and 2021, rollover contributions totaled \$0 and \$61,664, respectively.

Participant Accounts

Each participant's account is credited with any of the Association's contribution and allocation of plan earnings. The Plan's earnings are allocated based on the participant account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$7,956 and \$859, respectively. Forfeited accounts will be used to reduce future employer contributions. For the years ended December 31, 2022 and 2021, \$80,000 and \$22,000, respectively, of forfeitures were used to reduce employer contributions.

Plan Description (continued)

Vesting

Participants are immediately vested in any individual voluntary contributions made to the Plan. Amounts contributed by the Association to participants' accounts are vested based on years of credited service. A year of credited service is earned when a participant works 1,000 hours or more in one calendar year. Years of service for vesting purposes will include all years of service with the employer including service prior to the date the Plan was first effective. Effective July 2021, an employee transferred into the Sponsor from another medical practice in a transaction approved by the sponsor shall have years of service with the prior employer recognized as Years of Service under the plan. The Plan utilizes a graded vesting schedule, as follows:

Years of Credited Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5 or more	100%

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions in any of the various investment options that the Plan offers through Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA and CREF). Participants may change their investment options at any time.

Payment of Benefits

At termination of service due to death, disability, or normal retirement, a participant or his or her beneficiary may receive an annuity distribution or lump-sum amount equal to 100% of the participant's account balance. Normal retirement age is 65, with in-service withdrawals allowable at age 70 ½. For termination of service due to other reasons, a participant will receive the value of the vested interest as a lump-sum or an annuity distribution. Benefits are recorded when paid.

Administrative Costs

Costs of plan administration are paid by the Association with the exception of certain plan servicing and withdrawal fees. The Plan also receives plan servicing credits from TIAA and CREF, which are presented as other income on the statements of changes in net assets available for benefits. Additionally, fees associated with investment management services are included as a reduction of the return earned on the applicable funds.

Plan Description (continued)

SECURE Act 2.0

On December 22, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for full benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Teachers Insurance and Annuity Association of America and College Retirement Equity Fund, the Plan's custodian.

	2022	2021
Mutual funds	\$ 104,948,251	\$ 118,777,305
Variable annuity contracts	13,405,953	17,059,124
Pooled separate account	4,915,486	4,580,578
Fixed annuity contracts	12,528,470	11,710,700
Total	\$ 135,798,160	\$ 152,127,707

The custodian also certified to the completeness and accuracy of the following related to the aforementioned investments for the years ended December 31:

	2022	2021
Interest and dividends	\$ 3,744,400	\$ 4,214,267
Net (depreciation) appreciation in investment value	(26,911,510)	15,391,137

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Variable Annuity

Contracts: The accounts invest principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments, including matrix pricing. CREF Money Market holdings are generally valued at amortized cost. Each Account determines its unit value daily.

Pooled Separate

Account: Value at the market value of the underlying real estate holdings or other real estate-related investments using external appraisals, which are estimates of the property values based on a professional's opinion. Any securities held in the pooled separate accounts are valued using amounts obtained from independent pricing sources. For this fund, there are no unfunded commitments and participants can transact daily; however, participant transfers out of this account are limited to one per calendar quarter per participant.

Fixed Annuity

Contracts: Valued at contract value, which approximates fair value, using a guaranteed minimum interest rate between 1% and 3% plus additional interest, if declared.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Mutual funds	\$ 104,948,251	\$ -	\$ -	\$ 104,948,251

Total assets at fair value	\$ 118,777,305	\$ 17,059,124	\$ 7,523,520	\$ 147,940,527

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to the total net assets available for benefits.

Investment in Fully Benefit-Responsive Contract

The Plan holds a benefit-responsive investment contract with TIAA and CREF (TIAA Stable Value). TIAA and CREF maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the financial statements at contract value as reported to the Plan by TIAA and CREF. Contract value is the relevant measure for the fully benefit-responsive investment contract because this is the amount received by the participant if they were to initiate permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

The contract has no stated maturity date. At December 31, 2022 and 2021, the contract value of the investment contract was \$4,683,277 and \$4,187,180, respectively, and there were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. The contract provides a guaranteed minimum rate of interest between 1-3% before deductions for contract fees with the potential for crediting of additional interest above the guaranteed minimum.

PEDIATRIC ACADEMIC ASSOCIATION, INC. DEFINED CONTRIBUTION PLAN

**Notes to Financial Statements
December 31, 2022 and 2021**

Investment in Fully Benefit-Responsive Contract (continued)

The repayment of principal and interest is credited to participants holding the investments is a financial obligation of TIAA-CREF. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable for example, a significant decline in the creditworthiness of TIAA-CREF, the Stable Value investment choice will no longer be considered fully benefit-responsive. The occurrence of an event that limits the ability of the investment to transact at contract value with TIAA-CREF and participants holding the investment is not probable.

Plan Termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, participants will become 100% vested in their accounts.

Party-in-Interest Transactions

Certain plan investments are shares of a pooled separate account, variable annuity contracts and fixed annuity accounts managed by TIAA and CREF. TIAA and CREF is the custodian and recordkeeper as defined by the plan document and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan also (received) paid direct fees, net of plan servicing credits, of \$(13,595) and \$42,534 in 2022 and 2021, respectively, for plan serving (credits) fees and withdrawal fees.

Tax Status

On May 8, 2014, the Plan received a determination letter from the Internal Revenue Service (IRS) which covers the amended and restated plan document with an effective date of January 1, 2013. The determination letter stated that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is tax exempt. Subsequent to the issuance of the determination letter, the Plan was amended; however, the plan administrator believes the Plan, as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

PEDIATRIC ACADEMIC ASSOCIATION, INC. DEFINED CONTRIBUTION PLAN

**Notes to Financial Statements
December 31, 2022 and 2021**

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2022 statement of net assets available for benefits.

Subsequent Events

Subsequent to year-end, the Plan's recordkeeping function will switch from TIAA and CREF to Nationwide Retirement Solutions (Nationwide). All account balances held with TIAA and CREF, with the exception of the TIAA and CREF proprietary assets, will be transitioned to Nationwide.

Subsequent Events – Date of Management Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date that these financial statements were available to be issued.
