INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Scotch and Soda, LLC 401(k) Plan
37 East 18th Street, 10th Floor
New York, New York 10003

Scope and Nature of ERISA Section 103(a)(3)(C)

We have performed audits of the accompanying financial statements of Scotch and Soda, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Scotch and Soda, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment

Goldstein Lieberman & Company LLC has offices located throughout New York and New Jersey

information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Scotch and Soda, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Scotch & Soda, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Scotch and Soda, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Scotch and Soda, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Financial Insight. Business Instinct.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and the Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in

Financial Insight. Business Instinct.

conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SCOTCH AND SODA, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Scotch and Soda, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and was created on August 1, 2015. The Plan was amended and restated effective February 17, 2022 in accordance with Cycle 3 Restatement in order to bring the Plan into compliance with legislative and regulatory changes set forth in IRS Notice 2017-37 and other legal requirements. At the time of inception, all employees of Scotch and Soda, LLC and Scotch and Soda Retail, LLC (the Companies) were grandfathered as eligible to participate in the 401(k) Plan. Employees who join the Companies subsequent to inception are eligible to become participants upon attaining the age of twenty-one years and completing one year of service, which exceeds 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees (Plan Management) oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Employer Matching Contributions

All matching contributions to the Plan are determined and funded at the discretion of the Companies' Board of Directors. The participants direct the investment of their allocated amount of employer contributions into various investments offered by the Plan. The Plan currently offers participants various mutual fund investment options, common collective trusts, pooled separate accounts and a fixed income guarantee option. Effective January 1, 2017, the Plan adopted the "Safe Harbor" option, thereby changing the employer matching contribution to 100% of the first 3% of the participant's salary and 50% thereafter up to 5% of the participant's salary. During 2022, the employer matching contribution was \$108,538.

Employee Contributions

Participants may elect to contribute up to \$20,500 for the year ended December 31, 2022 of their pre-tax annual compensation as defined in the Plan, subject to certain Internal Revenue Service compliance tests. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of \$6,500 for the year ended December 31, 2022. Participants may also contribute amounts representing distributions from other retirement plans and certain IRAs. Participants direct the investment of their contributions into the various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

SCOTCH AND SODA, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Separate individual accounts are established for each participant. Each participant's account is credited with the participant's contribution, the Companies' safe harbor matching contributions and the Plan earnings/(losses) and are charged with an allocation of administration expenses that are paid by the plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts the lesser of 50 percent of their vested individual account balance or \$50,000 reduced by any outstanding loan balance outstanding on the day prior to the new loan. The minimum loan is \$1,000. Participants may be granted only one loan during any one-year period, and only one loan may be outstanding at a time. Transactions are treated as a transfer between the Investment Funds and the Participant Loan Fund. Loan terms cannot exceed five years. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with similar loans from commercial lending institutions. Principal and interest are paid through payroll deductions and interest is reported on an accrual basis.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts was changed January 1, 2017 to comply with the Safe Harbor option which provided for 100% vesting after one year of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant (or beneficiary upon death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly/annual installments. For termination of service due to other reasons, a participant with vested benefits less than \$5,000 will be paid in a single sum. For participants with vested benefits exceeding \$5,000, they have the choice of receiving a single sum payment or a series of either fixed or specific payments paid out on an annual, semi-annual, quarterly or monthly basis. Upon reaching the age of 72, payments in each calendar year will be increased to the extent necessary to satisfy the minimum payment required by law.

SCOTCH AND SODA, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Forfeited amounts will be used to reduce future employer contributions. There were no non-vested accounts as of December 31, 2022 and 2021.

Recent Legislation

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as "SECURE 2.0". These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates starting in 2023 and forward. Since the provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires Plan management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit - responsive investment contract which is at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

SCOTCH AND SODA, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Net appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses when they are incurred. At December 31, 2022 and 2021, notes receivable from participants were \$44,687 and \$49,658, respectively. No allowance for credit losses has been recorded for the years ended December 31, 2022 and 2021. If a participant ceases to make loan repayments for 90 days and Plan management has not made an exception to defer loan payments, the participant shall be treated as having received a deemed distribution.

Contribution Policy

Employee contributions and employer matching contributions are credited to the participant's account at the earliest date after deducting the employee contributions from their earnings.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are therefore excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Date of Management's Review of Subsequent Events

On March 22, 2023 Scotch & Soda was declared bankrupt. On May 10, 2023, the Board of Directors of the Plan approved a resolution to terminate the Plan. See NOTE 7.

Subsequent events were evaluated through October 11, 2023, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 -- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission.

These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a readily determinable estimate of fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled separate accounts: Valued at the net asset value (NAV) or equivalent based on units of the pooled separate accounts. The NAV, as provided by the trustee, is valued at a readily determinable fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. In accordance with the fair value measurement guidance, these investments in pooled separate accounts have been classified in the fair value hierarchy.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Gains and losses (realized and unrealized) included in the Statements of Changes in Net Assets Available for Benefits, for the year ended December 31, 2022, are reported in Net Appreciation in Fair Value of Investments.

NOTE 4 – INVESTMENTS - CERTIFIED BY CUSTODIANS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments (depreciation) and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Pricipal Life Insurace, (the custodians of the Plan).

NOTE 5 - FIXED ANNUITY CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal) totaling \$3,337 and \$1,202 as of December 31, 2022 and 2021, respectively. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer that may range between 1% to 3%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 - FIXED ANNUITY CONTRACT WITH PRINCIPAL LIFE INSURANCE
COMPANY (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employers, Plan Sponsor and certain others. Certain Plan assets are invested in mutual funds, common collective trusts, pooled separate accounts, and the fixed income guaranteed option which are managed by the Principal Trust Company and Principal Life Insurance Company or their affiliates. These transactions as well as notes receivable from participants, qualify as party-in-interest transactions. Wilshire Financial, a party-in-interest as defined by section 406 of ERISA, provides investment advisory services to the Plan. In 2022, the Plan paid administrative services, which were charged directly to individual participant accounts.

The above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 - PLAN TERMINATION

Plan Termination

On May 10, 2023, the Board of Directors of the Company, approved the termination of the Plan in accordance with the Strict Foreclosure Agreement effective on May 10, 2023. The Plan will terminate at the close of business on May 12, 2023 and the participation of any Adopting Employer in the Plan shall, accordingly terminate as of that date. Effective on the termination date, the Company will not make any contributions to the Plan other than contributions attributable to compensation earned by Plan Participants through the termination date or any other contributions required by law. As of May 12, 2023, employees were 100% vested in their account balances.

NOTE 8 - TAX STATUS

The IRS has determined and informed the Companies by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan management and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE 9 - DELINQUENT CONTRIBUTIONS AND EMPLOYEE LOAN REPAYMENTS

The Plan Sponsors have a fiduciary duty to ensure that all employee contributions and employee loan repayments are remitted to the Plan on a timely basis. In November 2021, a clerical error caused the delinquent remittance of employee and employer contributions and loan repayments. In January and February 2022, clerical errors caused the delinquent remittance of employee loan repayments. All delinquencies are reported on the 2022 Schedule of Delinquent Participant Contributions.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
