Center for Strategic and International Studies Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Center for Strategic and International Studies Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Notes to Financial Statements

Note 1. Plan Description and Significant Accounting Policies

The following description of Center for Strategic and International Studies Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, covering substantially all employees of Center for Strategic and International Studies (the Sponsor). The Audit and Compliance Committee of the Sponsor is responsible for the oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is intended to meet the requirements of Section 403(b)(1) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees become eligible to make elective deferrals into the Plan on their first day of employment. Employees become eligible to receive matching contributions and employer contributions in the Plan upon attaining age 21 and after completing two years of eligibility service. Participants are credited with a year of service if they work at least 1,000 hours during the 12-month eligibility measuring period.

Plan amendments: The Plan was amended on July 12, 2022, to adopt the Coronavirus Aid, Relief, and Economic Security (CARES) Act and Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) provisions.

Contributions: Eligible participants may contribute a percentage or flat dollar amount of pretax compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). For each eligible participant, the Sponsor makes a nonelective employer contribution equal to 7% of compensation. If the participant contributes 3% or more of their compensation as a pretax deferral, the Sponsor makes a matching contribution of 3% of compensation. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by Plan management. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions, employer matching contributions and allocations of employer nonelective contributions, the Plan earnings or losses, and charged with allocations of any administrative expenses that are paid by the Plan. Allocations are made pursuant to the Plan's provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and the Sponsor's contributions plus actual earnings thereon.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. A participant may receive a single lump-sum payment from their College Retirement Equities Fund (CREF) annuity accounts, Teachers Insurance and Annuity Association (TIAA) Real Estate account, or TIAA Access annuity accounts and mutual fund investments. For distributions from the TIAA Traditional Annuity Accounts, participants are generally required to have a fixed period annuity, or a life annuity for single participants, or a joint survivor annuity for married participants.

Notes to Financial Statements

Note 1. Plan Description and Significant Accounting Policies (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's account balance or \$50,000, reduced by the highest outstanding loan balance in the 12-month period prior to the new loan. Loan terms range up to five years, or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. The interest rate on loans as of December 31, 2022 ranged from 4.25% to 8.50% and the loans mature through 2031. Principal and interest are paid directly to the issuer by the participant.

Plan loans: Prior to 2020, participants had the ability to borrow from TIAA and CREF using a portion of their Plan account as security for the loan. Plan management has concluded that these loans are not Plan assets and that such arrangements are exempt transactions. Principal and interest are paid ratably through quarterly payments by the participant directly to TIAA and CREF. In the event of default, such loans are reportable to Plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the participant, or the participant becomes eligible to receive a distribution under the terms of the Plan.

The balance for loans originated prior to the discontinuance of the Plan loan program totaled approximately \$69,000 and \$93,000 as of December 31, 2022 and 2021, respectively. The loans bear interest at rates that range from 4.00% to 5.18%, which are commensurate with local prevailing rates as determined periodically by TIAA and CREF. Under the borrowing terms, approximately \$76,000 and \$102,000 of the Plan's assets serve as collateral for these loans as of December 31, 2022 and 2021, respectively. Interest of approximately \$3,400 was paid on these loans to TIAA and CREF for the year ended December 31, 2022. As of December 31, 2022 and 2021, loans in default totaled approximately \$35,000 and \$33,000, respectively. Such amounts include the principal and accumulated interest.

Transfers from TIAA accounts: Participants are permitted to transfer funds between their CREF accounts and into their TIAA Traditional Annuity Account at any time. However, transfers out of the TIAA Traditional Annuity Account into any other account by an active participant can only be made through a Transfer Payout Annuity, which provides for the transfer of funds in substantially equal installments over a period of 10 years.

A summary of the Plan's significant accounting policies follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the issuers of the investments. See Note 3 for discussion of fair value measurements.

Center for Strategic and International Studies Retirement Plan

Notes to Financial Statements

Note 1. Plan Description and Significant Accounting Policies (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants borrowed from participant accounts are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Excess contributions payable: Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Substantially all expenses incurred in the administration of the Plan are paid by the Plan (netted against annuity contract income) from the annuity contracts. Unless paid by the Plan or Sponsor (or prohibited by ERISA or the IRC), the Plan Administrator may direct the participants to pay the administrative expenses associated with his or her specific account. Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2022) through October 16, 2023, the date the financial statements were available to be issued.

Note 2. Information Certified or Provided by TIAA and CREF

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by TIAA and CREF, issuers for certain investments, and as agents for TIAA, FSB, the custodian of the Plan. The Plan Administrator has obtained certifications from TIAA and CREF that information provided to the Plan Administrator by TIAA and CREF related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2022	2021
Investments at fair value:		
Insurance annuity contracts (non-benefit-responsive)	\$ 8,647,483	\$ 8,376,650
Variable annuities	29,403,311	40,158,607
Access annuities	6,313,913	7,701,675
Mutual funds	11,224,972	11,188,407
Pooled separate account	2,305,059	2,283,158
	<u>\$ 57,894,738</u>	<u>\$ 69,708,497</u>
Investments at contract value:		
Insurance annuity contracts (benefit-responsive)	<u>\$ 3,887,156</u>	<u>\$ 3,863,931</u>
Notes receivable from participants	<u>\$ 199,078</u>	<u>\$ 190,525</u>

TIAA and CREF also certified to the completeness and accuracy of \$11,224,277 of net depreciation in fair value of investments, \$759,249 of interest and dividends and \$9,426 of interest income on notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2022.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

Center for Strategic and International Studies Retirement Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Insurance annuity contracts (non-benefit-responsive): The TIAA Traditional Annuity is reported at contract value, which approximates fair value. Each premium allocated to the TIAA Traditional Annuity buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

Access annuities: Access annuities are valued principally from the net asset value (NAV) of the underlying investments. The NAV is not a publicly quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimating fair value.

Variable annuities: All CREF variable annuities are valued at the daily unit value published on NASDAQ. The annuities are not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the funds.

Pooled separate account: The TIAA Real Estate Account is a pooled separate account for which daily unit values are published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the account.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Insurance annuity contracts	\$ -	\$ -	\$ 8,647,483	\$ 8,647,483

	<u>\$ 51,347,014</u>	<u>\$ 2,283,158</u>	<u>\$ 8,376,650</u>	<u>62,006,822</u>
Investments measured at NAV (a)				7,701,675
Investments at fair value				<u>\$ 69,708,497</u>

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes the investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2022 and 2021:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
TIAA Access annuities:					
Fixed income	\$ 265,975	\$ 321,206	None	Immediate	None
International	520,752	639,576	None	Immediate	None
Life cycle	2,678,897	3,293,818	None	Immediate	None
Real estate	319,440	454,786	None	Immediate	None
U.S. equities	2,528,849	2,992,289	None	Immediate	None
Total	<u>\$ 6,313,913</u>	<u>\$ 7,701,675</u>			

TIAA Access products are variable annuities, which are funded through TIAA Separate Account VA-3 (VA-3), a separate investment account of TIAA registered under the Investment Company Act of 1940. VA-3 invests in proprietary and nonproprietary mutual funds through subaccounts. Audited financial statements for VA-3 are available.

Center for Strategic and International Studies Retirement Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

The following presents changes in net assets classified in Level 3 of the fair value hierarchy during the year ended December 31, 2022, attributed to the following:

	Level 3 Investments
Purchases	\$ 114,441
Issues	-
Transfers into Level 3	-
Transfers out of Level 3	-

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2022 and 2021:

Instrument	Fair Value		Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
	2022	2021			
TIAA Traditional Annuity contracts	\$ 8,647,483	\$ 8,376,650	Discounted cash flow	Risk-adjusted discount rate	3.70%

Note 4. Guaranteed Investment Contracts

The Plan has traditional, fully benefit-responsive and nonbenefit-responsive guaranteed investment annuity contracts with TIAA. TIAA maintains the contributions in general accounts. The accounts are credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting. The contracts cannot be terminated before the scheduled maturity date.

As described in Note 1, investment contracts held by the Plan that are fully benefit-responsive are reported at contract value.

The Plan has a nonbenefit-responsive investment contract with TIAA, which contains certain liquidity restrictions on the redemption of accumulations that could impact the value realized upon exiting the contract.

Center for Strategic and International Studies Retirement Plan

Notes to Financial Statements

Note 4. Guaranteed Investment Contracts (Continued)

The Plan has a stable value fixed rate group annuity contract with TIAA. Contributions are deposited into a nonunitized separate account. The contract provides a guaranteed minimum rate of interest of between 1% and 3%. Although the liability to provide contract guarantees and accumulations is backed by the assets in the separate account, any amount to be credited above the minimum guaranteed rate is determined by TIAA. All guarantees are based upon TIAA's claims-paying ability. TIAA stable value fixed rate group annuity is reported at contract value. The contract value of TIAA stable value equals the accumulated cash contributions, interest credited, and transfers, if any, less any withdrawals and transfers, if any.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

For the fully benefit-responsive contracts, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

Center for Strategic and International Studies Retirement Plan

Notes to Financial Statements

Note 5. Related-Party and Party-in-Interest Transactions

TIAA and CREF are the issuers of certain investments of the Plan and agents for TIAA, FSB, custodian of the Plan; therefore, transactions with TIAA and CREF qualify as party-in-interest transactions. Fees paid by the Plan to TIAA totaled \$22,800 for the year ended December 31, 2022, and fees paid by the Plan to other providers totaled \$80,175. The Sponsor also paid certain administrative expenses of the Plan.

Income from a revenue sharing agreement with TIAA and CREF totaled \$44,259 for the year ended December 31, 2022, and is reported as a reduction of administrative fees paid by the Plan in the statement of changes in net assets available for benefits.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Tax Status

Effective January 1, 2020, the Plan adopted a volume submitter plan sponsored by TIAA. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Subsequent Event

On January 17, 2023, the Plan was amended with a retroactively effective date of January 1, 2009, to permit an unlimited number of loans for the Plan years covering 2009 through 2018.
