INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Chaparral Insulation Co. 401(k) Plan
Waco, TX

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Chaparral Insulation Co. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of 401(k) Plan for Employees of Chaparral Insulation Co.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Chaparral Insulation Co. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chaparral Insulation Co. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Chaparral Insulation Co. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chaparral Insulation Co. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held at End of Year for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A - Description of the Plan

The following description of the Chaparral Insulation Co. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2022, as a defined contribution plan for the benefit of eligible employees of Chaparral Insulation Co. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

Mid Atlantic Trust Company has been appointed the custodian of the Plan. PB&H Benefits, LLC has been appointed Third Party Administrator ("TPA") of the Plan. David Akins serves as Trustee of the Plan.

Eligibility

Employees of the Company, who have completed one year of service and attained the age of 21, are generally eligible to participate in the Plan. The entry date of the Plan for eligible participants is on the first day of the month coinciding with or next following the date requirements are met.

The plan excludes from participation union employees, non-resident aliens and leased employees.

Contributions

Each year participants may contribute a percentage of their pre-tax annual compensation not to exceed the limitation ($20,500 and $19,500 in 2022 and 2021 respectively) set forth in Section 402(g) of the Internal Revenue Code ("IRC"). Participants may make after-tax Roth contributions. Participants who are (or will be) age 50 or older by the end of the calendar year may make pre-tax catch-up contributions that exceed the annual elective deferral limit. Participants' total catch-up contributions during 2022 and 2021 cannot exceed $6,500 and $6,500, respectively.

The Company may contribute a discretionary matching contribution. During 2022, the Company made matching contributions in the amount of $46,513.

The Plan also provides for discretionary Company profit sharing contributions. During 2022, the Company made no discretionary employer profit sharing contributions.

Note A - Description of the Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution and an allocation of any non-elective contribution and earnings (losses) on the investments selected by the participant. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their contributions and the Company's contributions into various investments offered by the Plan.

Vesting

Participants are vested immediately in their elective contributions and rollover contributions plus any earnings on such contributions. The vesting of discretionary Company contributions plus any earnings thereon is based on years of continuous service (as defined) accrued by the participant while in covered employment. Participants become 100% vested in discretionary Company contributions on a five-year graded vesting schedule.

Notes Receivable from Participants

Participants may borrow from their accounts on a pro-rata basis from all contribution sources up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loan terms must not exceed five (5) years unless the loan is to be used in the financing of the participant's homestead in which case the loan may be payable in terms of similar length provided by conventional lending institutions. The loans are secured by the vested balance in the participant's account. As of December 31, 2022, interest rates ranged from 4.25 to 6.00 percent. Principal and interest payments are made by means of payroll withholdings according to the terms of the promissory note and the Plan document. The Plan allows participants to have one loan.

Payment of Benefits

Upon termination of employment due to death, disability, attainment of age 59 ½ or retirement, a participant (or his/her designated beneficiary in the event of death) may elect to receive a lump-sum amount. For termination of employment due to other reasons, the vested interest in his or her account may be distributed as rollover to another plan, a lump-sum distribution or it may be left in the Plan if the account balance is greater than $5,000.

Note A - Description of the Plan, continued

Forfeited Accounts

All employer contributions credited to a participant's account, but not vested, are forfeited by the participant upon his/her termination from the Plan. Per the Plan document forfeitures may be used to first reduce the Company's contributions and then to offset future employer contributions. In addition, forfeitures may also be used to pay plan expenses. As of December 31, 2022, there was $0 of forfeitures.

Administrative Expenses

Administrative expenses may be paid by either the Plan Sponsor or the Plan, as provided by the Plan document.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of net assets available for the benefits and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investment options. These investment options are exposed to market risk, which generally means the risk of loss in the value to certain investment securities due to changes in interest rates, commodity prices and general market conditions. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments are stated at fair value, which is determined using quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Investments in money market funds are valued at amortized cost, which approximates fair value. Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments bought and sold

Note B - Summary of Significant Accounting Policies, continued

during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Investments in fully-benefit responsive investment contracts are reported at contract value as discussed in Note C.

Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, the date which the financial statements were available to be issued. No events have occurred subsequent to the date of the statement of net assets available for benefits that would require adjustment to, or disclosure in, the financial statements.

Contributions

Contributions from employees and the Company are recorded in the period in which the Company makes the payroll deductions from participant accounts.

Benefit Payments

Benefits are recorded when paid.

Note C - Guaranteed Investment Contract with TransAmerica Life Insurance Company

At December, 31, 2022, the Plan had a traditional fully benefit-responsive guaranteed investment contract, in the amount of $18,087, with Reliance Trust Company ("RTC"). RTC Stable Value Fund Collective Investment Trust was formed for the purpose of allowing participating plan sponsors, who maintained defined contribution plans qualified under Sections 401(a) and 501(a) of the IRC, to invest in units of MetLife Series 25053 Class 0 issued by Metropolitan Life Insurance Company. Units are issued and redeemed daily at contract value. Contract value represents contributions, plus interest, less participant-initiated withdrawals, or transfers.

The Stable Value Fund is stated at contract value and invests in an actively managed, highly diversified portfolio of fixed and floating rate securities. MetLife, an AA- rated company, guarantees the contract value of the Stable Value Funds and is the sole wrap provider. The fair value of the underlying Contracts is determined by MetLife based on quoted market prices of the underlying investments owned by MetLife.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

Note D - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted process for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical assets or liabilities in inactive markets.
- Inputs other than quoted process that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset of liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use to unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2022 and 2021.

Noninterest bearing cash: The carrying amount reported in the statements of net assets available for noninterest bearing cash investments approximates its fair value.

Mutual Funds: These investments are valued daily at the net asset value of shares or units held by the Plan based on the quoted market value of the underlying assets. All investments in this category can be redeemed daily, have a daily redemption notice period, and have no unfunded commitments. The investments underlying the accounts primarily include domestic and global equities, domestic and global fixed income securities, real estate and cash or cash equivalents.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022.

Note D - Fair Value Measurements, continued

Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual Funds	$695,939			$695,939
Noninterest bearing cash	125			125
Total investments at fair value	$696,064			$696,064

Assets at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual Funds	$172,609			$172,609
Noninterest bearing cash	75			75
Total investments at fair value	$172,684			$172,684

Note E – Information Certified by the Custodian (Unaudited)

At December, 2022 and 2021, the Plan's investments were held by the custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	2022	2021
Mutual Funds	$695,939	$172,609
Noninterest bearing cash	125	75
Stable Value Fund	18,041	189
Total	$714,105	$172,873

Mid Atlantic Trust Company also certified to the completeness and accuracy (including gains and losses on investments bought and sold, as well as held during the year) of $(90,500) of net depreciation in the fair value of investments, $21,795 of dividends and $(10,288) in losses on sales of assets related to the aforementioned Plan assets.

Note F – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note G – Tax Status

The IRS has determined and informed the Company's document provider by an opinion letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan with CODA is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. Although the Plan has not received a determination letter and has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H – Party-in-Interest Transactions

The Plan allows for participant loans which qualify as party-in-interest transactions. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Certain Plan investments are funds managed by the Trustee and the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest transactions.

Note I – Benefit Claims Payable

At December 31, 2022, there were no benefit claims payable for distributions requests made prior to year-end.

Note J – Recent Accounting Pronouncements

Recent accounting pronouncements issued by the FASB did not or are not believed by management to have a material impact on the Plan's present or future financial statements.
