Terminal Supply Co.401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Terminal Supply Co.401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- » the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- » the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- » Exercise professional judgment and maintain professional skepticism throughout the audit.
- » Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- » Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- » Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- » Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, as identified in the accompanying table of contents, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- » the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- » the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on 2021 Financial Statements

The financial statements as of and for the year ended December 31, 2021, were audited by Clayton & McKervery, P.C. which combined practices with Wipfli LLP as of September 1, 2023 and whose report dated October 13, 2022, expressed an opinion in accordance with ERISA Section 103(a)(C) that:

- » The amounts and disclosures in the financial statements, other than those agreed to or derived from the certificated investment information, are presented fairly in all material aspects, in accordance with accounting principles generally accepted in the United States of America.
- » The information in the financial statements related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the info prepared and certified by an institution that management determined meets the requirements of an ERISA Section 103(a)(3)(C).

Terminal Supply Co. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note A: Plan Description

The following description of the Terminal Supply Co. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all domestic, non-union employees of Terminal Supply Co. (the "Company" and "Plan Sponsor"). The Plan contains a 401(k) elective deferral arrangement which covers all employees of the Company meeting the eligibility requirements, as discussed below. The Plan is subject to the Department of Labor's ("DOL") Employee Retirement Income Security Act of 1974 ("ERISA"). Management of the Plan Sponsor is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

Except for nonresident aliens, leased employees and employees covered by a collective bargaining agreement, any employee who has completed one year of service and has reached the age of 21 is eligible to participate in the Plan. Upon meeting these requirements, a participant is eligible to make elective deferral contributions and receive nondiscretionary employer matching contributions and participate in discretionary profit sharing contributions as discussed below. Eligible participants may enter the Plan immediately upon meeting the eligibility requirements. The Plan includes an auto-enrollment provision whereby newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a preselected fund based on their date of birth, until changed by the participant.

Contributions

Contributions to participant accounts are made by employees through tax-deferred and post-tax salary deductions and by the Company through their earnings. Participants may voluntarily contribute up to 100% of their eligible compensation to the Plan, not to exceed the maximum contribution allowed by the Internal Revenue Code ("IRC"). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as defined by the IRC. Participants may elect to change fund elections and transfer investment balances between funds on a daily basis and change contribution percentages each payroll period. Employees may directly "roll over" their assets from a qualified plan and transfer the assets into their Plan account.

The Company contributes a matching contribution to the Plan in an amount equal to 50% of the first 5% of each participant's eligible compensation contributed as an elective deferral. Total match contributions for the year ended December 31, 2022 were approximately \$424,000.

If a participant has completed 500 hours of service in the Plan year, is employed on the last day of the Plan year and has satisfied the general eligibility requirements discussed above, they are eligible to participate in applicable discretionary profit sharing contributions. During the year ended December 31, 2022, the Plan Sponsor did not provide such contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's matching contributions, and an allocation of Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of administrative expenses are based on specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Terminal Supply Co. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note A: Plan Description

Vesting

Participant contributions and earnings thereon are 100% vested at the date of contribution. Upon the attainment of age 59½, termination of employment, death or disability, participants (or their beneficiaries) are entitled to receive the vested balance in their account. A participant is 100% vested in Company matching contributions and discretionary profit-sharing contributions and earnings after two years of credited service or upon other conditions as defined in the Plan Document.

Forfeitures

Forfeitures are used to offset future employer contributions and Plan administrative costs. At December 31, 2022 and 2021, forfeited non-vested accounts were approximately \$0 and \$1,000, respectively. For the year ended December 31, 2022, approximately \$2,000 of forfeitures were used to pay Plan administrative costs.

Notes Receivable from Participants

Participants may borrow from the Plan a minimum of \$1,000, up to a maximum of the lesser of one-half of the total vested account balance reduced by the outstanding balance of all other loans from the Plan on the date of the new loan application, or \$50,000, reduced by the highest loan balance outstanding during the prior 12 months. The loans are secured by the balance in the Participant's account. Loans bear interest at a rate set by the Plan administrator in accordance with local prevailing rates for similar types of loans. Principal and interest payments are made through payroll deductions over a term not to exceed five years, except for home purchase loans, which can be for terms consistent with normal mortgages.

Distributions and Withdrawals

Distributions are allowed upon retirement, attainment of age 59½, disability, death, or termination of employment. Participants or their beneficiaries may receive a lump-sum distribution equal to the value of their vested interest in the account or installment payments as requested by the participant, subject to minimum distribution requirements by the IRC. A participant no longer employed by the Company may be subject to various force-out provisions depending on the participant's account balance upon the date of valuation after termination.

Note B: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosures presented in the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Plan Sponsor determines the Plan's valuation policies utilizing information provided by the Plan Trustee. See Note D for fair value measurements.

Terminal Supply Co. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note B: Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements as described in Note E. Fees related to the administration of notes receivable from participants and termination maintenance are charged directly to the participant's account and are included in administrative expenses. Administrative expenses also include trustee, record keeping and professional fees. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

The Vanguard Group, Inc. provides certain administrative services to the Plan pursuant to a Fee Schedule agreement between the Company and The Vanguard Group, Inc. The Vanguard Group, Inc. receives revenue from mutual fund service providers for services The Vanguard Group, Inc provides to the funds. This revenue is used to offset certain amounts owed for Plan administrative services.

If the revenue received by The Vanguard Group, Inc. from such mutual fund service providers exceeds the amount owed under the Fee Schedule agreement, The Vanguard Group, Inc. remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to The Vanguard Group, Inc. for administrative expenses not covered by revenue sharing.

The Plan did not receive excess revenue sharing credits for the year ended December 31, 2022.

Note C: Certification of Information

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants for the years ended December 31, 2022 and 2021, and investment income (loss) and interest income from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the Company and certified as complete and accurate by Ascensus Trust Company.

Note D: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly or indirectly, as such:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Account: This asset is valued at the NAV of the shares held by the Plan at year end and is determined on the value of the underlying investments of the fund. The money market fund seeks to maintain a \$1.00 NAV.

Self-directed brokerage securities: The fair value is based on the underlying investments, which include common stocks and mutual funds. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the daily closing price as reported by the mutual fund. Mutual funds included in the self-directed brokerage accounts are open-end mutual funds that are registered on the U.S. Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds and common stock held by the Plan are deemed to be actively traded.

Note D: Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,055,513	\$ -	\$ -	\$ 13,055,513
Money market funds	459,468	-	-	459,468
Self-directed brokerage securities	<u>1,474,529</u>	<u>-</u>	<u>-</u>	<u>1,474,529</u>
	<u>\$ 14,989,510</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,989,510</u>

Investments at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,496,006	\$ -	\$ -	\$ 15,496,006
Money market funds	20,994	-	-	20,994
Self-directed brokerage securities	<u>1,799,855</u>	<u>-</u>	<u>-</u>	<u>1,799,855</u>
	<u>\$ 17,316,855</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,316,855</u>

Note E: Party-in-Interest Transactions

Certain expenses, including salaries and services required for Internal Revenue Service ("IRS") reporting related to the administration of the Plan are paid by the Company, as described in Note B. The Company sponsors the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain Plan investments are shares of mutual funds and collective investment funds managed by the Trustee and other shares of mutual funds managed by the investment advisor; therefore, these qualify as party-in-interest transactions.

Note F: Plan Termination

The Company may, by action of its Board of Directors, amend the Plan, discontinue its contributions, or terminate the Plan, subject to the provisions of ERISA, although its expectation is to continue the Plan as a permanent program. If the Plan was terminated, participants would be 100% vested in their accounts and the assets of the Plan would be distributed among participants according to their respective account balances.

Notes to Financial Statements

Note G: Income Tax Status

The Company adopted a prototype volume submitter plan, which received a favorable opinion letter from the IRS stating that the Plan is designed in accordance with the applicable sections of the IRC and is qualified for federal income tax exempt status. This Plan has not individually sought its own determination letter.

Note H: Risks and Uncertainties

The Plan provides for investment in various securities. The investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note I: Subsequent Events

The financial statements were approved and authorized for issue by management on October 16, 2023. All events and transactions through October 16, 2023 were evaluated by management for potential recognition and disclosure in the financial statements.
