INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustee
Medical Services Group - Department of Medicine
Profit Sharing Plan:

Opinion on the 2022 Financial Statements

We have audited the financial statements of Medical Services Group - Department of Medicine Profit Sharing Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022, the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements of the 2022 financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

(Continued)

Responsibilities of Management for the 2022 Financial Statements, Continued

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Auditor's Responsibilities for the Audit of the 2022 Financial Statements, Continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of Medical Services Group - Department of Medicine Profit Sharing Plan were audited by predecessor auditors. Their report dated September 19, 2022 stated the financial statements presented fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United Statements of America.

MEDICAL SERVICES GROUP - DEPARTMENT OF MEDICINE
PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(1) Description of the Plan

The following description of the Medical Services Group - Department of Medicine Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

All Medical Services Group - Department of Medicine (Plan Sponsor) employees are eligible to participate in the Plan when they have completed one month of service and have attained age 21. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee Group is responsible for oversight of the Plan. The Benefits Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Trustee Group.

(b) Contributions

The Plan Sponsor may make discretionary contributions to the Plan. Contributions are subject to limitations determined by the Internal Revenue Service (IRS) and are allocated among the participants as set forth in the Plan document. Discretionary contributions of $4,046,128 and $4,183,257 were recognized by the Plan in 2022 and 2021, respectively.

Upon enrollment in the Plan, participants must direct discretionary contributions among the investment options made available by the Plan. Participants may change their investment options at any time throughout the Plan year.

(c) Participant Accounts

Each participant's account is credited with an allocation of discretionary contributions and Plan earnings and charged with an allocation of Plan losses. The allocation of discretionary contributions is based on a percentage of a participant's compensation. Plan earnings and losses are allocated based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account.

(d) Vesting

Participants are fully vested in their account balances at all times.

(Continued)

(1) Description of the Plan, Continued

(e) Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Terms of the loans require repayment over a period not extending beyond five years from the date of the loan. Loans for the purchase of a residence have a thirty year term.

Loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Participants are permitted to have only one loan outstanding at a time. Principal and interest are paid ratably through payroll deductions.

(f) Payment of Benefits

Upon termination of service due to normal retirement, death, or disability, a participant may elect to receive an amount equal to the participant's account balance in either a lump-sum amount or installments if the participant is subject to lifetime minimum required distributions. If the participant's account balance is $5,000 or less, the account balance may only be distributed in a single lump sum amount. In the event of the termination of a participant's employment for any reason other than normal retirement, death or disability, the participant's vested account balance will become due and payable in a single lump-sum payment. If a participant's account balance exceeds $1,000, they must consent to the distribution before it may be made. If a participant's account balance is $1,000 or less, participant consent to the distribution is not required.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) Summary of Accounting Policies, Continued

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See note 3 for discussion on fair value measurements. Purchases and sales of shares held in registered investment companies are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivables from Participants

Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

No allowance for credit losses has been recorded at December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Administrative Expenses and Other Plan Operating Expenses

Certain operating expenses incurred in maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Expenses related to the administration of receivables--notes from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses and benefits paid to participants, respectively. Investment related expenses which reflect certain fees paid by the various investment funds to their affiliated investment advisors, transfer agents, and others as described in each fund's prospectus or other published documents are included in net appreciation (depreciation) of fair value of shares in registered investment companies in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.

(Continued)

(2) Summary of Accounting Policies, Continued

(g) Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. There were no such events or transactions identified by Plan management.

(3) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

(4) Fair Value Measurements, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the registered investment companies. The registered investment companies are open-ended and are registered with the Securities and Exchange Commission. Registered investment companies are required to publish their daily net asset value and transact at that price. The shares held in registered investment companies are deemed to be actively traded.

Interest-bearing cash: The carrying amount of interest-bearing cash approximates fair value due to the nature of the instrument.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by Level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 64,194,661	-	-	64,194,661
Total investments at fair value	$ 64,194,661	-	-	64,194,661

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 77,815,582	-	-	77,815,582
Interest-bearing cash	34,653	-	-	34,653
Total investments at fair value	$ 77,850,235	-	-	77,850,235

(Continued)

(4) Related Party and Party-in-Interest Transactions

The Plan does not consider discretionary contributions made to the Plan or benefits paid by the Plan to be party in interest transactions. Transactions with Newport Group, the Plan custodian, qualify as party in interest transactions. Recordkeeping, audit and administrative services provided to the Plan are paid directly by the Plan Sponsor.

(5) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(6) Tax Status

The Plan adopted a Volume Submitter Profit Sharing Plan sponsored by Newport Group, Inc. (Newport Group), formerly Verisight, Inc. The Newport Group has received an advisory letter from the IRS dated May 12, 2020, as to the Volume Submitter Profit Sharing Plan's qualified status. The Volume Submitter Profit Sharing Plan advisory letter has been relied upon by this Plan. The Plan has been amended since adopting the Volume Submitter Profit Sharing Plan. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the related trust continues to be tax-exempt at December 31, 2022.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2019.

(7) Risk and Uncertainties

The Plan invests in shares of registered investment companies. The investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
