Report of Independent Auditor

To the Plan Administrator
Association of State and Territorial Health Officials (ASTHO) 403(b) Plan
Arlington, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the accompanying financial statements of Association of State and Territorial Health Officials (ASTHO) 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investments information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**ASSOCIATION OF STATE AND TERRITORIAL HEALTH OFFICIALS
(ASTHO) 403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2022 AND 2021

Note 1—Description of Plan

The Association of State and Territorial Health Officials 403(b) Plan (the “Plan”) was originally named the Association of State & Territorial Health Officials Defined Contribution Retirement Plan (the “Original Plan”) and sponsored by the Association of State & Territorial Health Officials (“ASTHO” or “Plan Sponsor”). Effective December 1, 2017, the Plan Sponsor amended the Teachers Insurance and Annuity Association – College Retirement Equities Fund (“TIAA-CREF”) 403(b) Plan by adopting an amended plan agreement with ADMIN Partners, LLC. As part of the amendment, the Original Plan’s name changed as described above and assets were held in three different accounts, TIAA-CREF employee account, TIAA-CREF employer account, and one account with Mass Mutual Life Insurance Company (“Mass Mutual”).

Effective July 1, 2018, the assets of the ASTHO Tax-Deferred Annuity Plan (the “TDA Plan”) were combined with the Plan. From that date forward, all employee and employer contributions from the Plan Sponsor were remitted to Reliance Trust Company (“Reliance” or “Trustee”). The assets originally held by TIAA-CREF have not been transferred to Reliance. As a result, TIAA-CREF certified those assets and effective July 1, 2018, Reliance became the Trustee and TIAA-CREF and Mass Mutual are the “Custodians” as defined by the Plan. The Plan qualifies under the Internal Revenue Code (“IRC”) as a 403(b) plan.

On October 28, 2022, investments held by Reliance were transferred to Empower Retirement, LLC.

The Plan is a defined contribution plan and covers all eligible employees who have reached the age of 21. The Original Plan was established on January 1, 2000.

The following description of the Plan is provided for general purposes only. Participants should refer to the Plan Agreement, as amended and restated, for a more complete description of the Plan’s provisions.

Employer Contributions – The Plan offers employer contributions, calculated as 5.875% and 11.75% of each eligible participant’s compensation for participants with at least six months and one year of service, respectively, on a bi-weekly basis.

Employee Contributions – Employees may elect to defer an amount of pre-tax compensation up to the annual Internal Revenue Service (“IRS”) deferral limit. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

Investment Options – Contributions to the Plan were invested by TIAA-CREF, Reliance, and Empower according to participant instructions. The Plan administrator provides participants with current copies of the prospectus describing each investment option.

Participant Accounts – Individual accounts are maintained for each participant and include participant’s salary deferral and rollover contributions, plus Plan earnings (losses), and realized and unrealized gains and losses on investments. Each participant’s account is credited with employer contributions and an allocation of the investment earnings and losses. Participant accounts are charged with distributions and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s contract (account).

Payment of Benefits – Participants are entitled to receive a distribution of their account in the Plan upon termination of their employment, retirement, death, or disability, termination of the Plan without the establishment of a successor plan, or in certain hardship situations. A participant may elect to receive a lump sum amount equal to the value of his or her account, or a series of cash payments, in substantially equal installments.

**ASSOCIATION OF STATE AND TERRITORIAL HEALTH OFFICIALS
(ASTHO) 403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2022 AND 2021

Note 1—Description of Plan (continued)

Vesting – Participants are immediately vested in all contributions, plus actual earnings thereon.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account, bear interest at rate of 4.25% to 5.75% which is commensurate with local prevailing rates as determined quarterly by the Plan administrator, with maturities through March 2036. Principal and interest is paid ratably through monthly payroll deductions.

Redemption Restrictions – Certain contracts under the TIAA Traditional Annuity investment have limitations on the ability of the participant to transfer or withdraw from the fund. Transfers from the Retirement Annuity must be paid out in 10 annual installments, or 5 annual installments for withdrawals after termination. Lump-sum transfers from Group Retirement Annuity ("GRA") are only available within 120 days of termination and are subject to a surrender charge. If not transferred within 120 days, transfers from the GRA must be paid out in 10 annual installments, or 5 annual installments for withdrawals after termination. Transfers from the Retirement Choice must be paid out in 84 monthly installments.

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are stated at their fair value, except for fully benefit-responsive investments, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits – Benefits paid to participants are recorded when paid.

**ASSOCIATION OF STATE AND TERRITORIAL HEALTH OFFICIALS
(ASTHO) 403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2022 AND 2021

Note 2—Summary of significant accounting policies (continued)

Administrative Expenses – The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are either paid directly by the Plan, Plan Sponsor, or by the account of the participant.

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These public investment vehicles are valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is classified within Level 1 of the valuation hierarchy based on the underlying assets of the account, which are traded on an active market.

Guaranteed Investment Contract – This investment is a guaranteed fixed income annuity backed by the Custodians' claims paying ability whereby the annuity guarantees principal and a minimum interest rate, plus opportunity for additional amounts in excess of the guaranteed rate. Annuity contracts are not traded and significant other observable inputs are not available. The contract is reported at fair value and is classified within Level 3 of the valuation hierarchy.

Pooled Separate Accounts – These assets are not available in an exchange or an active market; however, the fair value is determined based on NAV of underlying assets as traded in an exchange or active market. The Real Estate Fund is measured at fair value using NAV per share as a practical expedient and has not been classified under the fair value hierarchy.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Information certified by the Trustee and Custodian (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the "Prior Trustee" as of December 31, 2021 and for the period from January 1, 2022 to October 28, 2022 and by Empower Retirement, LLC ("Empower") as of December 31, 2022 and for the period from October 29, 2022 to December 31, 2022, and Teachers Insurance and Annuity Association – College Equities Fund, the "Custodian" as of December 31, 2022 and 2021 and for the year ended December 31, 2022, have certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule. The Prior Trustee, Empower, and the Custodian are the "qualified institutions."

- Investments, at fair value, guaranteed investment contract, at contract value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4—Fair value measurements

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 22,297,234	\$ -	\$ -	\$ 22,297,234

DECEMBER 31, 2022 AND 2021

Note 4—Fair value measurements (continued)

* In accordance with Accounting Standards Codification (“ASC”) Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. The pooled separate account (“fund”) represents investment in an asset mix that seeks to generate favorable long-term returns primarily through rental income and appreciation of real estate and real estate related investments by the fund.

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

2022				
Asset	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate account	\$ 823,411	n/a	Daily	30 days

2021				
Asset	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate account	\$ 649,664	n/a	Daily	30 days

The following table sets forth a summary of changes in the fair value of the Plan’s Level 3 assets for the years ended December 31, 2022 and 2021:

Withdrawals	\$ (35,677)
Transfers in	\$ 40,979
Transfers out	\$ (9,703)

The following table represents the Plan’s Level 3 financial instruments, the valuation technique used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges of values for those inputs as of December 31:

2022				
Asset	Fair Value	Valuation Technique	Unobservable Inputs	Range (Weighted Average)
Guaranteed investment contract	\$ 1,788,839	Discounted cash flow	Risk-adjusted discount rate applied	3.70% - 6.25%

2021				
Asset	Fair Value	Valuation Technique	Unobservable Inputs	Range (Weighted Average)
Guaranteed investment contract	\$ 1,732,067	Discounted cash flow	Risk-adjusted discount rate applied	3.00% - 3.80%

**ASSOCIATION OF STATE AND TERRITORIAL HEALTH OFFICIALS
(ASTHO) 403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2022 AND 2021

Note 5—Guaranteed investment contract

Based on the terms of the contracts, a portion of the TIAA traditional annuity is considered benefit responsive. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2 to the financial statements, because a portion of the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. The fully benefit-responsive portion of the investment contract is included in the financial statements at contract value as reported to the Plan by TIAA-CREF.

Interest is credited on contract balances using a “vintage” approach. Under this methodology, TIAA groups the dollars it receives over defined time periods into vintages and determines an interest crediting rate for the applicable vintage. Interest crediting rates are determined during the accumulation phase of the applicable declaration year. When establishing interest credit rates for this product, TIAA considers many factors, including the net investment earnings rate of the TIAA assets supporting that vintage, administrative expenses during the time period, and required contingency reserves. The minimum crediting rate for the benefit-responsive contracts is generally 3.00%; however, in some recent contracts interest may be between 1% and 3%. The average yield based on actual earnings and the average yield credited to participants at December 31, 2022 was 4.24%.

In 2018, the Plan entered into a fully benefit-responsive guaranteed investment contract with Mass Mutual. Mass Mutual maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. There are no unfunded commitments as of December 31, 2022 or 2021 and the redemption frequency is daily. Average yield earned by the Plan is calculated by dividing the annual interest credited to the Plan during the Plan year by the average annual fair value. The average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract.

Certain events may limit the ability of the Plan to transact at contract value for either contract. Such events include, but may not be limited to, the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff, or the sale or discontinuance of all or any part of the Plan Sponsor’s business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. The Plan Sponsor does not believe any such events are probable of occurring for either contract.

**ASSOCIATION OF STATE AND TERRITORIAL HEALTH OFFICIALS
(ASTHO) 403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2022 AND 2021

Note 6—Party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Reliance and Empower or held by TIAA-CREF. Reliance is the Prior Trustee and Empower is the Trustee and TIAA-CREF and Mass Mutual are Custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Reliance, the Prior Trustee, and Empower, the Trustee, by the Plan amounted to \$1,500 for the year ended December 31, 2022. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Notes receivable from participants qualify as party-in-interest transactions.

Note 7—Plan termination

Although it has not expressed any intentions to do so, ASTHO has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accrued benefits.

Note 8—Tax status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan administrator and the Plan's tax counsel believe the Plan is currently being operated in compliance with the applicable provisions of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions.

Note 9—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through October 16, 2023, the date these financial statements were available to be issued.
