Plan Administrator
Avis Industrial Corporation 401(k) Plan
Upland, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Avis Industrial Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Avis Industrial Corporation 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Avis Industrial Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Avis Industrial Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Avis Industrial Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Avis Industrial Corporation 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1. Plan Description

General

Avis Industrial Corporation 401(k) Plan (the "Plan") is a defined contribution plan covering the employees of Avis Industrial Corporation (the "Company") and its subsidiaries (the "Adopting Employers"). Employees become eligible to participate in the Plan after reaching age 18 and completing six months of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The provisions of the Plan are included in the official Plan document which legally governs the operations of the Plan and is available for more detailed information.

Merger

Effective November 1, 2022, the International Baler Corporation Employee Savings and Profit Sharing Plan and Trust was merged into the Plan. Prior to the merger, the International Baler Corporation Employee Savings and Profit Sharing Plan and Trust covered eligible employees of International Baler Corporation. The transferred net assets have been recognized in the accounts of Avis Industrial Corporation 401(k) Plan as of November 1, 2022, at their balances as previously carried in the accounts of the International Baler Corporation Employee Savings and Profit Sharing Plan and Trust. The changes in net assets, subsequent to the merger on November 1, 2022, of the International Baler Corporation Employee Savings and Profit Sharing Plan and Trust, are included in the accompanying statement of changes in net assets available for benefits. A summary of the transferred net assets are as follows:

Cash	\$ <u><u>522,059</u></u>
------	--------------------------

Contributions

Participants may make pre-tax or Roth contributions, not to exceed the maximum amount permitted under the Internal Revenue Code. Participants may enter the Plan on the first day of each month following completion of the eligibility requirements. At the time of automatic enrollment, each participant has a deferral rate of 3%. Participants may change the amount of their contribution at any time. Catch-up contributions are also permitted by the Plan as are rollover contributions.

The Company may elect to make a discretionary matching contribution to the Plan. For the year ended December 31, 2022, the Company made a matching contribution of \$1,355,943.

Avis Industrial Corporation 401(k) Plan

Notes to Financial Statements (Continued)

December 31, 2022

Note 1. Plan Description (Continued)

Participant Accounts

Each participant's account is credited with participant contributions, Company contributions (if any), and Plan earnings and is charged with an allocation of administrative expenses. Company contributions are allocated to participants' accounts based on the matching formula approved by the Company's Board of Directors. Plan earnings are allocated to participants' accounts on a pro rata basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants have the opportunity of investing in a variety of investment options offered through Securian Trust Company, N.A. All amounts in participant accounts are participant-directed.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. In addition, participants are immediately vested in the Company contribution portion of their accounts, plus actual earnings thereon.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have one loan outstanding at a time. The duration of any loan shall be no more than five years unless such loan is for the purchase of a participant's primary residence, in which case the repayment period may not exceed 15 years. Repayments are made through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with prevailing rates as determined by the Plan Administrator at time of origination (4.25% - 7.25% at December 31, 2022). Loans outstanding at December 31, 2022, mature through 2034.

Payment of Benefits

Normal retirement age under the Plan is 65 years, with the option to withdraw funds at the age of 59 1/2. Minimum distributions are required once the participant reaches 70 1/2. On termination of service or retirement, a participant has the following options regarding his or her value of the vested interest: a) receive a lump-sum payment, annuity or installment payment, b) rollover the balance into another qualified plan, or c) remain in the Plan as an inactive participant. However, if a terminated participant's vested account balance is \$5,000 or less and they have not elected a rollover, they will involuntarily receive a lump-sum distribution. Additionally, hardship withdrawals are allowed by the Plan, to the extent of the participant's immediate and heavy financial need.

Note 1. Plan Description (Continued)

Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 2. Significant Accounting Policies

Basis of Financial Statements

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Additionally, the Plan held an investment in collective investment trusts that is considered to be a fully benefit-responsive investment. Fully benefit-responsive investments held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investments because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. However, these funds qualify for measuring fair value using the net asset value (NAV) practical expedient. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and insurance company. See Note 4 for discussion of fair value measurements.

Avis Industrial Corporation 401(k) Plan

Notes to Financial Statements (Continued)

December 31, 2022

Note 2. Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation of the fair market value of investments consists of the unrealized appreciation or depreciation of investments held during the year and the realized gain or loss on investments sold during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments to participants are recorded when paid.

Subsequent Events

Management of the Company has evaluated events and transactions for possible recognition or disclosure through October 13, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified by the Trustees

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a Trustee, has certified the completeness and accuracy of all investments and the notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021, and Minnesota Life Insurance Company, a Trustee, has certified the completeness and accuracy of all investments and the notes receivable from participants reflected on the accompanying statements of net assets available for benefits and the schedule of assets (held at end of year) as of December 31, 2022. The Trustees have also certified the related investment income and interest income from notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022. We have been informed by the Plan Administrator that Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company held the Plan's investment assets and executed investment transactions until July 1, 2022 and that Minnesota Life Insurance Company held the Plan's investment assets and executed investment transactions thereafter.

Avis Industrial Corporation 401(k) Plan

Notes to Financial Statements (Continued)

Note 4. Fair Value Measurements

Fair value measurements are based upon the exit price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, and are determined by either the principal market or the most advantageous market.

Inputs used in the valuation techniques to derive fair values are classified based on a three-level hierarchy to prioritize the inputs used in the valuation techniques to derive fair values. The basis for fair value measurements for each level within the hierarchy is described below with Level 1 measurements having the highest priority and Level 3 measurements having the lowest priority.

- Level 1: Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.
- Level 2: Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3: Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable.

The asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts ("PSA"): Valued at net asset value ("NAV") at the end of the Plan year. PSA's are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The NAV is based on the value of the underlying assets owned by the PSA, minus any liabilities, and then divided by the number of shares outstanding. The NAV of a PSA is not a publicly quoted price in an active market, therefore, the NAV is used as a practical expedient to estimate fair value. The Plan's PSA investments have a daily redemption frequency, do not require a redemption notice period, and have no unfunded commitments as of December 31, 2022 and 2021, respectively.

Mutual funds: Valued at quoted market prices, which represent the net asset values (NAV) of shares held by the Plan at year end.

Note 4. Fair Value Measurements (Continued)

Collective investment trusts: Valued at the NAV provided by the administrator of the fund. The NAV is based on underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The Plan's collective investment trust investments have a daily redemption frequency, do not require a redemption notice period, and have no unfunded commitments as of December 31, 2022 and 2021, respectively.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022

Note 5. Investment Contract with Insurance Companies

As of July 1, 2022, the Plan holds a traditional investment contract with Minnesota Life Insurance Company. The Plan held a traditional investment contract with Principal Life Insurance Company prior to July 1, 2022. These contracts meet the fully benefit-responsive investment contract criteria and are therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings at guaranteed crediting rates, less participant withdrawals, and administrative expenses.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contract by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. The Plan Administrator believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

Discontinuance of the contract would result in certain surrender charges as defined by the contract. Guaranteed crediting rates are based on a formula agreed upon with the insurance company. Such interest rates are reviewed semi-annually for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Principal and interest are guaranteed; however, there is no stated maturity date.

Note 6. Collective Investment Trusts

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021. There was no participant redemption restrictions for these investments; the redemption notice period was applicable only to the Plan.

<u>December 31,</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
2021	\$ 21,702,836	n/a	Daily	12 months

Note 7. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are shares of an investment contract managed by the Trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participant transactions are also party-in-interest transactions. Certain administrative expenses of the Plan are paid directly by the Company on behalf of the Plan. In addition, certain administrative functions are performed by the employees of the Company at no cost to the Plan.

Note 8. Income Tax Status

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of Section 401(a) of the Internal Revenue Code ("IRC") and therefore not subject to tax. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 9. Risks and Uncertainties

The Plan may invest in various types of investment securities. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
