INDEPENDENT AUDITORS' REPORT

To the Plan Trustees
Cardinal Civil Contracting, LLC 401(k) Plan
Raleigh, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cardinal Civil Contracting, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cardinal Civil Contracting, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cardinal Civil Contracting, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cardinal Civil Contracting, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cardinal Civil Contracting, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cardinal Civil Contracting, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and the Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CARDINAL CIVIL CONTRACTING, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. Description of Plan

The following description of Cardinal Civil Contracting, LLC 401(k) Plan (the "Plan") provides only general information for the Plan sponsored by Cardinal Civil Contracting, LLC. Participants in the Plan should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan became effective on February 1, 2018 as a defined contribution plan. The Plan includes employees of Envision Homes, LLC, Aviator Paving Company, LLC and Civil Transport, LLC. Effective October 1, 2021, the Plan was amended for the inclusion of employees of Harrelson Utility and Repair, LLC in the Plan. Effective November 1, 2022 and December 1, 2022, the plan was amended to include employees of G. Goodwin Enterprises, LLC and Civil Drilling and Blasting, LLC, respectively, in the Plan. All participating employers are collectively referred to as the "Company". The Plan covers all employees of the Company who are at least 21 years of age and who have completed one year of service. The Company is treated as a controlled group whereby all employees of each company shall be treated as employed by a single employer. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute a percentage of their pre-tax or after-tax annual compensation, not to exceed the maximum allowed by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also permits rollover contributions from other qualifying retirement plans. The Company makes Employer Safe Harbor Matching contributions at a rate of 100% of the first 3% of an employee's compensation and 50% of the next 2% of an employee's compensation. The Company may make a discretionary employer match. Each year, the Company may also contribute to the Plan out of its current profits such amount as shall be determined by the Company. There were no discretionary employer matching contributions or profit-sharing contributions in 2022.

Participant Accounts

Employee contributions, employer contributions, and rollover contributions activity are maintained separately in each participant's account. Participants direct the investment of their account balances into various investment options offered by the Plan. Participants may change their investments daily. Each participant's account is credited with the participant's contribution, the Company's contribution, and an allocation of plan earnings and administrative expenses. Allocations are based on participants' compensation or account balances, as defined. A participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in the salary reduction amount and safe harbor matching amount contributed to the Plan. Vesting in the Company's discretionary matching and profit-sharing contributions is based on the years of continuous service. Participants are fully vested after completing six years of credited service.

1. Description of Plan (Continued)

Forfeitures

At December 31, 2022, forfeited accounts totaled \$308. Forfeitures can be used to restore forfeitures, reduce employer contributions, reallocated as employer contributions or to pay reasonable plan expenses.

Payment of Benefits

Generally, a participant becomes eligible to receive benefits on their normal retirement age (65), death, disability, termination of employment, or reasons of proven financial hardship. Participants will receive 100% of their account balance in a lump sum amount. Partial withdrawals or installments are only permitted for participants or beneficiaries who must receive required minimum distributions. Participants are also eligible to take in-service withdrawals once they attain age 59½. If the vested balance is less than \$5,000, a lump sum distribution is made.

Hardship Withdrawals

Upon approval by the plan administrator, a participant may withdraw all or part of their elective deferral contributions for immediate and severe financial need. In accordance with IRS regulations, the participant must exhaust all other assets available prior to obtaining the hardship withdrawal.

Notes Receivable from Participants

Participants may borrow from their fund a minimum of \$500 up to a maximum equal to 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. A participant can only have one loan outstanding at a time. The loans are secured by the balance in the participant's accounts and bear interest at a fixed rate equal to the prime rate plus two percent (9.5% at December 31, 2022) as of the date of the new loan. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants at December 31, 2022 and 2021 were \$41,887 and \$37,935, respectively.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Plan considers all invested cash balances to be cash equivalents.

2. Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based on upon the terms of the plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 6 for a discussion of the valuation of the Plan's investments.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized appreciation and depreciation in value of investments are allocated to the participant accounts based on participant holdings in each fund.

Plan Expenses

Certain plan expenses are paid by the plan sponsor as provided by the plan document. Expenses related to specific participant transactions (notes receivable from participant and distributions) are charged directly to the participant's account.

3. Federal Income Taxes

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing plan document. This document received an opinion letter dated June 30, 2020, in which the IRS stated that the document was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). As allowed by the IRS, the Plan is relying on the opinion letter issued on the plan document for its own qualification. The plan document has been amended for changes required by the IRS since receiving the opinion letter. The plan administrator believes the Plan is designed and currently operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

5. Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the accompanying financial statements and supplemental schedule was obtained or derived from information certified as complete and accurate by American United Life Insurance Company ("OneAmerica"), the custodian of the Plan for the period from June 20, 2022 through December 31, 2022, and Voya Retirement Insurance and Annuity Company ("Voya"), the custodian of the Plan as of December 31, 2021 and for the period from January 1, 2022 through June 19, 2022, and was not subject to audit for the years ended December 31:

6. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

6. Fair Value Measurements (Continued)

This hierarchy consists of three broad levels:

Level 1 Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

Level 2 Inputs are based on significant other observable inputs such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs when market prices are not attainable but other observable inputs are available to arrive at a fair value, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There were no Level 1, 2, or 3 investments in the Plan.

As of December 31, 2022 and 2021, the fair value of the pooled separate accounts and collective investment trust, valued at net asset value ("NAV") as a practical expedient, totaled \$1,558,502 and \$1,406,714, respectively. The fair value of these funds is measured using NAV as a practical expedient and has been excluded from the fair value hierarchy. These funds do not have finite lives, unfunded commitments related to these types of investments, or significant restrictions on redemptions.

Gains and losses (realized and unrealized) are reported in the statement of changes in net assets available for benefits for the year ended December 31, 2022 and included in net change in value of investments.

7. Collective Investment Trust Fund

The AUL Stable Value Fund (the "Fund") is a collective investment trust fund that invests in separate accounts to simulate the performance of a guaranteed investment contract through the guarantee of a specific interest rate. Fund transactions are executed at contract value and are benefit-responsive for all participant-directed transactions. The contract value represents contributions, plus interest, less participant-initiated withdrawals or transfers.

CARDINAL CIVIL CONTRACTING, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

7. Collective Investment Trust Fund (Continued)

The Fund sells new units and repurchases outstanding units on a daily basis. Unit purchases and redemptions are transacted at the NAV per share class determined as of the close of business each day. The NAV per unit is computed by dividing the total assets of the Fund, less its liabilities, by the total number of units outstanding at the time of such computation. The Fund records security transactions on a trade-date basis. Interest income is accrued at the Fund's crediting rate, which is generally based on the fair value, duration, and yield-to-maturity of the Fund. Realized and unrealized gains and losses on the underlying assets are typically amortized, usually over the duration of the underlying investments, through adjustments to the crediting future interest crediting rate, rather than reflected in the net assets of the Fund.

Participant-directed withdrawals, those made by a participant in a participating plan without advice, suggestion, guidance, or direction to do so by the plan sponsor, administrator, fiduciary record keeper or other plan service provider, are paid at the guaranteed value. However, if a withdrawal is made from the Fund as a result of an employer or plan sponsor-initiated event or if a withdrawal is requested due to a complete or partial termination or a participant plan in the Fund before the end of the contract, and the Fund's fair value equals or exceeds the guaranteed value, payment is made in the amount of the participating plan's guaranteed value. If the Fund's fair value is less than the guaranteed value, the amount paid is equal to the guaranteed value reduced by the amount of fair value deficit allocable to the participating plan.

In certain circumstances, all participant withdrawals may be deemed to be Participating Plan-Directed Withdrawals. A withdrawal will be deemed to be a Participating Plan-Directed Withdrawal if 1) the participant withdrawal is based on advice or direction; 2) the participating plan establishes an investment option that creates a competing fund; 3) a participating plan establishes a new plan or amends an existing plan and such plan covers participants in the participating plan and offers participants a competing fund; or 4) the participating plan makes a withdrawal for any reason, except for a participant-directed withdrawal.

8. Party-in-Interest Transactions

Plan investments are managed by OneAmerica and Voya, the custodians, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodians and other parties-in-interest for contract administration, advisory and professional services amounted to \$6,735 for the year ended December 31, 2022. The Plan also holds notes receivable from participants. As a result, these notes receivable and all related transactions were with a party-in-interest. All of these transactions are exempt from being prohibited transactions by ERISA.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

9. Prohibited Transactions

During 2021, the Company failed to deposit \$7,060 of participant deferrals within the required timeframe as stated by the DOL. The DOL considers late deposits to be a prohibited transaction. The Company intends to calculate and deposit lost earnings during 2023 to correct for the failures and will file Form 5330 for applicable excise taxes on the delinquent participant contributions. Excise tax payments will be made from the plan sponsor's assets and not from the assets of the Plan.

10. Risks and Uncertainties

The Plan invests in various investment securities as directed by its participants. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Subsequent Events

The Company has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 16, 2023, which is the date the financial statements were available to be issued.

Effective July 3, 2023, the Plan was amended for the inclusion of employees of Monroe Roadways Contractors, Inc. in the Plan. Years of service with this employer will count toward determining eligibility and vesting.
