Independent Auditors' Report

To the Trustees and Plan Administrator of Franklin Foods, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Franklin Foods, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Franklin Foods, Inc. 401(k) Profit Sharing Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Franklin Foods, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Franklin Foods, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Franklin Foods, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Franklin Foods, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and 2021 and schedules of delinquent participant contributions for the years ended December 31, 2022 and 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Franklin Foods, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

1. Description of Plan

The following brief description of Franklin Foods, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a complete description of the Plan’s provisions.

General

The Plan was established on October 1, 2003 and amended and restated on October 15, 2019. The Plan is a defined contribution plan covering substantially all employees of Franklin Foods, Inc., Franklin Foods West, Inc. and Franklin Foods Holdings, Inc. (collectively the “Company”) who have completed at least six months of service, as defined, and have attained 18 years of age, except employees covered by a collective bargaining agreement and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated effective October 7, 2022.

Eligibility

Eligible employees, which excludes union employees, leased employees, part time employees, temporary employees and seasonal employees, become eligible to participate in the Plan after attainment of 18 years of age. An eligible employee who has satisfied the eligibility requirements can become a participant on the date the requirements are met.

Contributions

Participants may elect to contribute pre-tax and/or Roth deferral contributions, up to the maximum amount permitted by the Internal Revenue Code. Participants may also make rollover contributions from other qualified plans. Participants salary deferral contributions are not to exceed 100% of eligible compensation, as defined, subjected to the limitations of the Internal Revenue Code.

The Company is required to make a safe harbor matching contribution on a pay period basis equal to 100% of a participant’s salary deferral contributions up to 3% of their compensation plus 50% of the participant’s salary deferral contributions that exceed 3% of their compensation not to exceed 5%. The Company may also make a discretionary employer match to participants in accordance with provisions contained in the plan document. Participants must be employed on the last working day of a Plan year and work at least 1,000 hours to be eligible for an allocation of the Company’s other contributions. The Company did not make a discretionary employer match for the years ended December 31, 2022 and 2021. Effective January 1, 2022, the safe harbor matching contribution is calculated on a plan year basis.

Participant Accounts

Each participant’s account is credited with their contributions, employer contributions and the earnings thereon and is charged with an allocation of administrative expenses. Allocations of the Company’s other discretionary contributions are based on a participant’s eligible compensation relative to the total eligible compensation, as defined in the Plan document. Allocations of Plan earnings and administrative expenses are based on a participant’s account balance relative to the total account balances of all participants in the same investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Contributions to the Plan are invested by the trustee as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provision of the Plan.

Vesting

Participants are immediately vested in participant’s deferral contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company’s discretionary matching contributions, plus actual earnings is based on years of service. A participant is 20% vested after one year of credited service, increasing 20% per year with 100% vesting after five years of credited service. Participants become automatically fully vested upon disability, death or normal retirement age while under the employment of the Company.

Franklin Foods, Inc. 401(k) Profit Sharing Plan

Forfeitures

Under the Plan, forfeitures of participants' nonvested accounts are used to reduce future employer contributions and Plan expenses, as defined. Amounts forfeited were \$0 and \$0, respectively, for the years ended December 31, 2022 and 2021. Forfeitures used to reduce expenses were \$0 and \$54, respectively, for the years ended December 31, 2022 and 2021. Forfeitures available to reduce employer contributions and Plan expenses totaled \$0 and \$0, respectively, as of December 31, 2022 and 2021.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum term of a loan is five years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate determined by the plan administrator based on prevailing interest rates at the time of the loan. Notes receivable from participants are repaid through payroll deductions and monitored by the plan administrator. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued interest. As of December 31, 2022 and 2021, the interest rates on notes receivable from participants range from 4.25% to 8.00% and 4.25% to 6.25%, respectively. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Benefits

A participant's vested interest in the Plan's assets is distributable upon termination, disability, retirement or death. A participant may elect to receive a lump-sum distribution to the value of his or her vested account, installments for a specified term or transfer into another qualified plan. Participants may withdraw from their individual accounts pursuant to specific guidelines as set forth in the plan document.

Administrative Expenses

All transaction fees for loans and distribution requests and recordkeeping fees are paid from participants' accounts. Substantially all other expenses are paid by the Plan or through an ERISA expense account (see Note 5), if available, otherwise they are paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, when applicable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as determined by the Plan's Management (see Notes 3 and 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available for issuance.

Franklin Foods, Inc. 401(k) Profit Sharing Plan

3. Information Certified by the Trustee

The following is a summary of the investments and notes receivable from participants for the Plan as of December 31, 2022 and 2021, and for the years then ended, included in the Plan's financial statements and supplemental schedules that was prepared or derived from information provided by Charles Schwab Trust Bank (the "trustee") and furnished to the plan administrator. The plan administrator has obtained the certification from the trustee that such information is complete and accurate.

Information relating to investments and notes receivable from participants held by the trustee at December 31, is as follows:

	2022	2021
Investments at fair value	\$ 5,225,787	\$ 5,918,201
Notes receivable from participants	146,725	107,586
Non-interest bearing cash	2,016	94
	<u>\$ 5,374,528</u>	<u>\$ 6,025,881</u>

The following was also certified by the trustee for the years ended December 31, 2022 and 2021:

	2022	2021
Net depreciation in the fair value of investments	\$ (1,158,004)	\$ (161,158)
Interest and dividend income	\$ 135,513	\$ 791,493
Other income	\$ 182	\$ 275
Interest income on notes receivable from participants	\$ 4,830	\$ 2,529

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the assets or liabilities; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

- Common collective trust: The fair value of the common collective trust is determined by the trustee of the common collective trust based on the underlying assets, which represent the net asset value of units held by the Plan. Participant-directed redemptions can be made on any business day and do not have a redemption notice period and there were no unfunded commitments.
- Mutual funds: Shares held by the Plan at year-end are valued at unadjusted quoted prices in an active market.

Franklin Foods, Inc. 401(k) Profit Sharing Plan

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2022 are as follows:

	Level 1	Level 2	Level 3	Total
Common collective trust (a)	\$ -	\$ -	\$ -	\$ 997
Mutual funds	5,224,790	-	-	5,224,790
Total investments at fair value	<u>\$ 5,224,790</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,225,787</u>

Investments at fair value as of December 31, 2021 are as follows:

	Level 1	Level 2	Level 3	Total
Common collective trust (a)	\$ -	\$ -	\$ -	\$ 10,537
Mutual funds	5,907,664	-	-	5,907,664
Total investments at fair value	<u>\$ 5,907,664</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,918,201</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. Related-Party Transactions

Sentinel Benefits Group is the third-party administrator of the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid to the third party administrators for the years ended December 31, 2022 and 2021 were \$3,834 and \$2,983, respectively. The Plan uses an ERISA recapture account to pay certain administrative expenses of the Plan. For the years ended December 31, 2022 and 2021, the Plan received \$182 and \$275, respectively, which were used to reduce administrative expenses of the Plan.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their account.

7. Income Tax Status

On November 30, 2020, the Internal Revenue Service stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

9. Corrective Contributions

During the years ended December 31, 2022 and 2021, there were late employee contributions and loan repayments of \$85,781 and \$64,637, respectively, all of which were remitted to the Plan in 2022 and 2021, respectively. Any identified correction amount for the late employee contributions and loan repayments will be reflected when computed. The Company believes the Plan continues to be qualified and tax exempt.
