Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Carolina Container Company Hourly Employees Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the statement of accumulated plan benefits as of December 31, 2021, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and reportable transactions as of and for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared

and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Predecessor Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 11, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The Carolina Container Company Hourly Employees Pension Plan (the "Plan") originally effective December 31, 1965, and restated January 1, 2019, is a noncontributory defined benefit plan covering all eligible employees of Carolina Container Company (the "Company") who are hourly employees, completed one year of service and attained the age of 21, excluding highly compensated employees, independent contractors, and certain classes of employees as set forth in the Plan document. Effective January 1, 2016, no new participants may become eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The assets of the Plan are held in a trust by John Hancock Trust Company LLC.

Specific provisions of the Plan are contained in the Plan document and amendments, which governs the legal operations of the Plan.

A. Contributions

The Company has agreed to voluntarily contribute such additional amounts as are necessary to provide assets sufficient to meet benefits to be paid to participants as they come due. Contributions to the Plan are expected to fund each year's normal cost and a portion of the unfunded accrued liability. Based upon the actuarial valuation, no contributions were required for the Plan year ended December 31, 2022.

B. Funding Policy

The Company's funding policy is to make annual contributions to the Plan in amounts sufficient to meet the funding requirements of ERISA. During the year ended December 31, 2022, the Plan met the minimum funding requirements of ERISA. Plan participants may not contribute to the Plan.

C. Vesting

Vesting in the Company's contribution is based on years of continuous service. Participants become fully vested upon attaining five years of credited service or the age of 65.

D. Pension Benefits

The amount of a participant's pension benefit is based on years of credited service and a predetermined factor, as defined in the Plan document. The Plan has provisions for early and late retirement, termination, and death benefits. Participants may elect to receive their pension benefits through various forms of joint and survivor annuities, a single life annuity, or a single lump sum payment.

E. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA.

In the event the Plan terminates, participants will become 100 percent vested in the present value of their accrued benefits, and benefits will be distributed in the following order:

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

E. Plan Termination (Continued)

1. The vested benefits accrued at the date of the Plan termination. The amount is further limited to the lowest benefit that would be payable under the Plan provisions.
2. All other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), up to specified limitations. The PBGC is a government agency established under ERISA.
3. All other vested retirement benefits under the Plan not insured by the PBGC.
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed to the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. The ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the ceiling is actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

F. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the plan's provisions to services rendered by employees up to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries.

G. Administrative Expenses

Administrative expenses are paid from Plan assets.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

C. Investment Valuation and Income Recognition

Accounting guidance on measuring fair value establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy, Level 1 inputs are quoted prices for identical securities in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Level 1 investments consist of mutual funds valued at their quoted market prices. The following tables set forth Plan investments measured at fair value at December 31:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,385,089	$ -	$ -	$ 3,385,089

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,456,049	$ -	$ -	$ 4,456,049

Level 1 investments consist of mutual funds reported at fair value based on quoted market prices. Purchases and sales of securities are recorded on the trade-date basis. Dividend income is recorded on the accrual basis.

D. Risks and Uncertainties

Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 18, 2011, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Information regarding investments held at December 31, 2022 and investment (loss) for the year ended December 31, 2022 that is disclosed in the accompanying financial statements and supplemental schedules was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Trust Company LLC, the trustee of the Plan.

NOTE 5 - ACCUMULATED PLAN BENEFITS

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant assumptions underlying the actuarial computations at December 31, 2021 are as follows:

- Mortality rates – RPH-2014 Blue Collar Headcount-Weighted Mortality with scale MP-2021
- Interest – 6.50%

The foregoing actuarial assumptions are based on continuity of the Plan. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. Assumption changes relate to changes in mortality rate assumptions and segment rates that were prescribed by law, which increased the present value of accumulated plan benefit by $6,666.

NOTE 6 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 9, 2023, the date on which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosures in these financial statements.

Schedule SB, Line 22 - Description of Weighted Average Retirement Age

The retirement assumption is 100% at 65. Therefore, the weighted average retirement age is 65.

APPENDIX II. SUMMARY OF PLAN PROVISIONS

A. Effective Date

The original effective date of the Plan was December 31, 1965. The most recent restatement was effective January 1, 2019.

B. Eligibility

Each employee becomes a participant on the plan entry date on or next following the attainment of age 21 and completion of one year of service.

The plan is frozen to participants hired or rehired on or after January 1, 2016.

C. Normal Retirement Date

A participant's normal retirement date is the first of the month on or next following the later of age 65 or the fifth anniversary of plan participation.

D. Normal Retirement Benefit

The annual Normal Retirement Benefit is equal to $96 multiplied by the number of years of credited service.

E. Early Retirement Date

A participant's early retirement date is the first day of the month following or coinciding with the attainment of age 60 and completion of 15 years of vesting service.

F. Early Retirement Benefit

The benefit is reduced by 1/180 for each of the first 60 months by which the benefit commences prior to Normal Retirement Date.

G. Normal Form of Benefit

Unless an alternate election is made, benefits paid to single participants will be in the form of a life annuity. Benefits paid to married participants will be in the form of a 50% joint & survivor annuity.

H. Vesting

Participants will be 100% vested in their accrued benefit after five years of service.

I. Disability Benefits

If eligible for and receiving disability benefits under the Social Security Act, or permanently disabled due to a job-related injury or disease and receiving Worker's Compensation, the participant is entitled to the accrued benefit payable at Normal Retirement Date.

If the benefit commences early, the amount is reduced by 1/180 for each of the first 60 months and 1/360 for each of the 60 months thereafter.

J. Pre-Retirement Death Benefits

For participants who die after completing 5 years of vesting service at termination of employment: Surviving spouses will receive the benefit required by the Retirement Equity Act, which is the spouse's portion of the 50% joint and survivor annuity that would have been payable had the participant terminated employment on his or her date of death, survived to their earliest possible retirement date and begun receiving benefits as a 50% joint and survivor annuity. This benefit is payable at the earliest date the participant could have retired under the Plan.
