Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of The Thorn Hill, LLC Safe Harbor Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* of the financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Thorn Hill, LLC Safe Harbor Plan

Notes to the Financial Statements

1. Plan Description

The following description of The Thorn Hill, LLC Safe Harbor Plan (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions. Effective July 1, 2023, The Thorn Hill, LLC Safe Harbor Plan was renamed to the Fullsight, LLC Safe Harbor Plan.

General

The Plan is a defined contribution plan available to select employees of Fullsight, LLC (the Company), formerly Thorn Hill, LLC.

An eligible employee is any person employed by the Company that works over 1,000 hours per year and is not considered a leased or temporary employee. Eligible employees can enter the Plan immediately.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may direct contributions to the Plan from 1% up to the applicable legal limit of their annual compensation on a tax-deferred basis. Any participants age 50 years and above may also make catch-up contributions limited to an additional \$6,500 in 2022 and 2021. Participants may make Roth 401(k) contributions, subject to IRC limitations.

The Company provides an employer safe harbor matching contribution on 100% of the first 6% of compensation contributed by the employees.

The Company may also make an additional discretionary contribution to the Plan. During 2022, this discretionary contribution was equal to 4% of annual compensation for all employees and was recorded as a receivable at December 31, 2022.

Participants may direct their contribution and any employer contributions made on their behalf to a variety of investment options provided by the Plan.

Participant Accounts

The plan administrator maintains separate participant accounts for each participant. Each participant's account is credited with their voluntary contributions, Company contributions and plan earnings. Allocations of earnings are based on actual earnings on participant-directed investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Thorn Hill, LLC Safe Harbor Plan

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Vesting

Participants that are employees of the Company as of January 1, 2018 are fully vested at all times. Any previous participants who were not employed by the Company on January 1, 2018, the following vesting rules apply; for employer matching contributions merged from the ABP International Profit Sharing & 401(k) Plan, there is a 5-year graded schedule, for Performance Review Institute (PRI) 401(k) employees hired after January 1, 2012, a 5-year graded vesting schedule applies, and PRI employees hired after January 1, 2010, a 3-year cliff applies to profit sharing contributions.

Benefits

On termination of service due to death, disability, retirement, or for other reasons, a participant may receive payment in a lump sum or in any other payment form available under the provisions of the plan document.

At December 31, 2022 and 2021, there were no significant amounts allocated to accounts of individuals who have withdrawn from the Plan but have not been paid.

Notes Receivable From Participants

Participants may request a loan from the Plan. The maximum amount that participants may borrow is equal to the lesser of \$50,000 or one-half of their vested account balance, reduced by the participant's highest outstanding loan balance during the prior twelve months. The minimum amount that participants may borrow is \$1,000. Loan repayment terms may not exceed 60 months unless the loan is granted for the purpose of acquiring the participants' principal residence, in which case a longer repayment term may be permitted. Interest on loans is charged at 1% above the prime rate on the date the loan is issued and will be fixed for the duration of the loan, as defined by the plan document. The maximum number of loans permitted to a participant at one time is two.

Outstanding loans, which are secured by participants' interest in the Plan, are repaid through payroll deductions, subject to rules permitting prepayment. Repayments of the loan principal are allocated first to the participant's after-tax account, and then to the participant's tax-deferred account. Payments of loan interest are allocated to the participant's after-tax account and to the participant's tax-deferred account in the same proportion that the outstanding principal of the loan was attributable to such accounts at the end of the month preceding the payment. Payments of principal and interest are re-invested in the investment fund(s) in accordance with the participant's investment elections in effect at the time such interest or principal repayment is received.

In the event of default, participants are considered to have received a distribution and are subject to income taxes on the distributed amount.

Forfeitures

Nonvested accounts are forfeited upon participants' terminations. Forfeited amounts shall first be used to pay administrative expenses and then to reduce the Company's match or profit sharing contributions, as applicable.

1. Plan Description (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

The Thorn Hill, LLC Safe Harbor Plan
Notes to the Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments.

Administrative Fees and Expenses

Administrative fees and expenses are paid by the Company or the Plan, as provided by the plan document.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The Plan's management evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 11, 2023, the day the financial statements were approved and authorized for issue.

The Thorn Hill, LLC Safe Harbor Plan

Notes to the Financial Statements (Continued)

3. Investments

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - Observable inputs such as quoted prices in active markets for identical investments that the Plan has the ability to access.

Level 2 - Inputs include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;
- d. Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3 - Unobservable inputs in which there is little or no market activity for the asset or liability, which require the reporting entity to develop its own estimates and assumptions relating to the pricing of the asset or liability including assumptions regarding risk.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual funds are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market and are classified within Level 1 of the fair value hierarchy.

The fixed annuity contract is reported at contract value, which approximates fair value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers (if any) less any withdrawals and transfers (if any). The Plan's fixed annuity contract is not available for sale or transfer on any securities exchange, and transactions for similar investments are not observable. Certain contracts under this annuity contain liquidity restrictions, which could impact the value realized upon exiting the contract. The fixed annuity contract is classified within Level 3 of the fair value hierarchy.

Guaranteed investment contract (Note 4) is a fully benefit-responsive investment that is valued at contract value.

The Thorn Hill, LLC Safe Harbor Plan

Notes to the Financial Statements (Continued)

3. Investments (Continued)

Contract value is the relevant measurement attribute for that portion of the net assets for benefits attributable to fully benefit-responsive investments contracts, because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The pooled separate account (PSA) is privately managed through investment companies and is not publicly quoted. The PSA is comprised primarily of shares of registered investment companies held through sub-accounts of an insurance company. The PSA is valued using NAV as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held through sub-accounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The Plan has concluded that the NAV reported by the investment companies approximates the fair value of the investment. There is currently no redemption restriction or unfunded commitment on this investment.

The Plan's collective investment trusts are valued at NAV of the units held by the custodian at year end. The NAV per unit is computed by dividing the total fair value of the assets of the fund, less liabilities, by the total number of units outstanding. Investment income earned is re-invested in the funds and included in the determination of unit values. Plan participants may exchange units on a daily basis with minimal restrictions. There are currently no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The tables below set forth the fair value of the Plan's assets measured on a recurring basis, by level, as described in Note 2:

<i>As of December 31, 2022</i>	Level 1	Level 3	Total
Collective investment trust measured at NAV*	\$ -	\$ -	\$ 7,336,031
Fixed annuity contract	-	68,195	68,195
Pooled separate account measured at NAV*	-	-	41,474
Mutual funds	54,696,749	-	54,696,749
Investments at Fair Value	\$ 54,696,749	\$ 68,195	\$ 62,142,449

The Thorn Hill, LLC Safe Harbor Plan

3. Investments (Continued)

<i>As of December 31, 2021</i>	Level 1	Level 3	Total
Collective investment trust measured at NAV*	\$ -	\$ -	\$ 11,543,509
Fixed annuity contract	-	66,394	66,394
Pooled separate account measured at NAV*	-	-	48,319
Mutual funds	62,687,577	-	62,687,577
Investments at Fair Value	\$ 62,687,577	\$ 66,394	\$ 74,345,799

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for plan benefits.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31:

	2022	2021
Balance - beginning of year	\$ 66,394	\$ 64,091
Earnings	908	374
Unrealized gain	1,645	1,929
Realized gain	353	-
Distributions	(1,105)	-
Balance - End of Year	\$ 68,195	\$ 66,394

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and ranges of values for those inputs:

Investment	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
2022				
Fixed income	\$ 68,195	Interest accrual	Crediting rate	3.00% - 6.50%
2021				
Fixed income	\$ 66,394	Interest accrual	Crediting rate	2.00% - 3.90%

The Thorn Hill, LLC Safe Harbor Plan

Notes to the Financial Statements (Continued)

4. Guaranteed Investment Contract

In 2019, the Plan invested in the Principal Fixed Income Guaranteed Option (PFIGO), a guaranteed investment contract. The PFIGO is a benefit-responsive contract entered into with Principal Life Insurance Company (Principal Life). Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charges for participant withdrawal and administrative expenses.

PFIGO is valued at contract value for presentation in the Plan's net assets available for plan benefits. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts, because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract has a surrender fee should the Plan discontinue without proper notification as prescribed in the contract. Currently, plan management believes that the occurrence of an event that would cause the Plan to transact at less than contract value is not probable. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. Certification of Financial Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians of the Plan, Principal Trust Company, Principal Life Insurance Company, and the Teachers Insurance and Annuity Association of America, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for plan benefits as of December 31, 2022 and 2021.
- Investment income (loss) and interest income on notes receivable from participants as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2022.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

The Thorn Hill, LLC Safe Harbor Plan

Notes to the Financial Statements (Continued)

6. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party and Party-in-Interest Transactions

Certain plan investments are managed by Principal Trust Company, Principal Life Insurance Company, or the Teachers Insurance and Annuity Association of America, the custodians of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

The Plan has notes receivable from participants subject to specific guidelines as defined in the plan document (Note 1).

Fees paid by the Plan for custodian and recordkeeping services were not significant for the year ended December 31, 2022.

These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.
