Independent Auditors' Report

To the Participants and Plan Administrator of
Vital Management Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Vital Management Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of October 17, 2022, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 through October 17, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of October 17, 2022, and for the period from January 1, 2022 to October 17, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Plan merged into VitalCaring Group 401(k) Plan effective October 17, 2022. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Report on Compiled 2021 Financial Statement

Management is responsible for the accompanying 2021 financial statement of the Plan, which comprises the statement of net assets available for benefits as of December 31, 2021, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed the compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2021 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2021 financial statement.

Vital Management Group 401(k) Plan

Notes to Financial Statements

October 17, 2022 (Audited) and December 31, 2021 (Compiled)

1. Description of the Plan

General

The Vital Management Group 401(k) Plan (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on January 1, 2004, covering substantially all employees of Bayou Management Group, LLC and its affiliates (collectively the Company or Plan Administrator) and its subsidiaries. Fidelity Management Trust Company (Fidelity or Trustee), in conjunction with Fidelity Workplace Services LLC, serve as the Trustee and record-keeper, respectively. The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Effective October 17, 2022, the Plan merged into the VitalCaring Group 401(k) Plan. Accordingly, assets of \$8,846,401 transferred to the VitalCaring Group 401(k) Plan.

Eligibility and Participant Accounts

Employees, except part-time employees, become eligible on the first day of the first, fourth, seventh, and tenth months of each Plan Year coinciding with or following six months of service, provided they are at least 21 years of age, as defined by the plan document. Participants may modify contribution elections on the first day of each calendar quarter of the plan year. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company discretionary contributions and an allocation of plan earnings or losses, and charged with certain administrative expenses.

Contributions

The Plan is funded through participant elective deferrals and Company contributions. A participant may contribute between 1% and 100% of his or her pretax compensation, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC) (\$20,500 for 2022). The Plan also allows for Roth contributions subject to the same IRC limitations. Participants who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$6,500 for 2022). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

The Plan also allows for Company discretionary and nonelective contributions. For the period ended October 17, 2022, the Company did not make any discretionary or nonelective contributions.

Investment Options

The Plan provides for participants to direct both participant contributions and Company contributions into a variety of mutual funds of registered investment companies and a money market fund in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the plan website for additional fund information.

Vesting

Participants are immediately vested in elective deferrals and rollover contributions plus actual earnings thereon. A participant will automatically become fully vested upon occurrence of the participant's retirement, death or disability, as defined by the plan document.

Vesting in the Company's discretionary and nonelective contributions plus actual earnings, thereon, is based on years of continuous service. Participants vest 20% per year beginning after one year of qualified service and are 100% vested after six years of qualified service.

Notes to Financial Statements

October 17, 2022 (Audited) and December 31, 2021 (Compiled)

Vesting in the frozen Qualified Automatic contribution Arrangement (QACA) match plus actual earnings, thereon, is based on years of continuous service. Participants are 100% vested after two years of qualified service.

Employees of Denson Home Health, Inc. hired prior to November 12, 2021, and participants who merged in from the Vital Health Services, Inc. 401(k) Plan, are fully vested in the Company's discretionary matching contributions plus actual earnings.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a certain maximum of the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service (IRS). The notes are secured by the balance in the participant's account and bear interest at a rate of 1% over the Prime interest rate. Terms are generally limited to a maximum of five years, unless otherwise approved. Participants are limited to one outstanding note. Notes receivable from participants as of December 31, 2021, have interest rates ranging from 3.25% to 6.75% and maturities from April 2022 to December 2026.

Benefits Paid to Participants

Participants may withdraw amounts from their account equal to their vested account balance for reasons of disability, retirement, death (withdrawn by participant's estate), or termination. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. For vested account balances greater than \$5,000, participants may elect a distribution in the form of a single lump sum payment. Upon termination, vested account balances less than \$5,000 may be distributed to the applicable terminated participant within a reasonable time after terminating employment or rolled over to an individual retirement account selected by the Plan Administrator.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Revenue Sharing

A plan account is maintained to hold revenue sharing funds the Plan receives from the Trustee pursuant to an agreement between the Trustee and the Plan. These amounts are reported as a component of net assets available for benefits. These revenue sharing funds are available to be allocated to participant accounts on a pro rata basis or to pay reasonable plan expenses. As of October 17, 2022 and December 31, 2021, the amount of revenue sharing funds available total \$0 and \$13,230, respectively. During 2022, no revenue sharing funds were used to pay administrative expenses.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are used to reduce Company contributions or pay plan expenses. These amounts are reported as a component of net assets available for benefits. As of October 17, 2022 and December 31, 2021, there were forfeitures of \$0 and \$25,791 available, respectively. During 2022, no forfeitures were utilized.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes receivable are valued at amortized cost, which approximates fair value. No allowance for credit losses has been recorded as of October 17, 2022 or December 31, 2021.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Vital Management Group 401(k) Plan

Notes to Financial Statements

October 17, 2022 (Audited) and December 31, 2021 (Compiled)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies are valued at the net asset value (NAV) or quoted market prices of shares held by the Plan at year-end.

Money market fund is valued at cost of \$1 per unit, which represents the NAV at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, at fair value as of December 31, 2021 (compiled):

	Assets at Fair Value as of December 31, 2021 (compiled)			
	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	\$ 10,797,705	\$ -	\$ -	\$ 10,797,705
Money market fund	212,314	-	-	212,314
Total investments at fair value	\$ 11,010,019	\$ -	\$ -	\$ 11,010,019

4. Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of October 17, 2022 and December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period January 1, 2022 through October 17, 2022.

5. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, concentration, market, and credit risks. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by the Trustee or an affiliate of the Trustee; therefore, these transactions qualify as party in interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party in interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Tax Status

The Plan is based on a nonstandard pre-approved plan developed by FMR, LLC, which received a favorable advisory letter dated June 30, 2020, from the IRS stating that the nonstandard pre-approved plan constitutes a qualified plan under section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Excess Contributions Payable

The Plan failed nondiscrimination testing for the year ended December 31, 2021. As a result, excess contributions payable of \$50,353 were recorded as a liabilities in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021, and as a reduction to contributions in the accompanying Statement of Changes in Net Assets Available for Benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at October 17, 2022 and December 31, 2021 to the Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ -	\$ 11,033,950
Excess contributions payable	-	50,353
Net assets available for benefits per Form 5500	<u>\$ -</u>	<u>\$ 11,084,303</u>

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to the Form 5500 for the period ended October 17, 2022:

Net decrease in net assets available for benefits per the financial statements	\$ (2,187,549)
Less:	
Prior year excess contributions payable	(50,353)
Rollover into plan classified as transfer-in	<u>(104,305)</u>
Net decrease in net assets available for benefits per Form 5500	<u>\$ (2,342,207)</u>

10. Subsequent Events

In accordance with the Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 855, *Subsequent Events*, the Plan has evaluated events or transactions occurring after December 31, 2022, the Statements of Net Assets Available for Benefits date, through October 16, 2023, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact our financial statements.
