San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Steves & Sons Employees 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Steves & Sons Employees 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Steves & Sons Employees 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Steves & Sons, Inc. (the Employer, Company, Plan Sponsor, or Organization). The Plan is designed to comply with the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the Internal Revenue Code (IRC). The holder of the Plan's assets and recordkeeper is American United Life Insurance Company (AUL).

Eligibility

All employees of the Organization, who have completed at least one year of service and who are age 19 or older are eligible to participate in the Plan.

Participant Contributions

Participants may elect to contribute up to 100% of their annual compensation as defined in the Plan, subject to the maximum dollar amount allowable under the IRC. Additionally, participants are allowed to make rollover contributions from certain tax-qualified retirement plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, not to exceed IRC limits.

Employer Contributions

The Company may make a discretionary matching contribution equal to a percentage of the participant's elective salary deferral contributions to the Plan. The Employer matched 75% of each participant's deferral contribution up to 10% of each participant's annual compensation during the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution, Employer's contributions, and earnings and losses, and may be charged with certain administrative expenses. Plan earnings or losses are applied to a participant's account balance based on the investment experience of the funds held and the number of shares owned in each fund by the participant.

The remainder of this page intentionally left blank.

Steves & Sons Employees 401(k) Profit Sharing Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary contributions, if any, is based on years of service as follows:

Years of Service	Percent Vested (%)
1	-
2	20
3	40
4	60
5	80
6 or more	100

Upon death or disability, the participant (or their beneficiary in case of their death) becomes 100% vested in the Plan. Upon reaching normal retirement age or after six years in the Plan, the participant becomes 100% vested in the Plan.

Forfeitures

Forfeitures of terminated participants' non-vested account balances may be used to reduce Employer contributions or to pay Plan administrative expenses. For the year ended December 31, 2022, forfeited balances used to offset employer contributions were \$38,593. There were no forfeited accounts with balances at December 31, 2022 or 2021.

Payment of Benefits

The benefit to which a participant is entitled equals the value of the participant's vested interest in their account in accordance with provisions specified in the Plan, including the relief provisions under the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). Upon termination of service due to disability, death, or retirement, a participant or beneficiary may elect to receive a lump-sum payment equal to the vested portion of their account. Upon termination other than by retirement, disability, or death, if the participant's vested balance is \$5,000 or less, may be distributed in a lump sum or rolled over to another qualified plan or an individual Retirement Account or Annuity for the benefit of the participant. Account balances less than \$1,000 are distributed as a lump-sum distribution.

Investment Options

Participants direct the investment of their contribution into various investment options offered by the Plan. The Plan currently offers a variety of pooled separate accounts and fixed-income accounts as investment options for participants.

Administrative Expenses

Administrative expenses are generally paid by the Plan Sponsor; however, the Plan may pay transaction fees which are allocated to the specific participants initiating the transactions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by AUL. See Note 3 for discussion of fair value measurements.

Investments in the fixed-income contract are considered fully benefit-responsive investments and, as such, are reported at contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contract, less withdrawals. The fixed-income contract is frozen, which means it no longer accepts contributions, and balances will remain in those investments. See Note 4 discussion on the fixed-income contract.

Investments in the stable value account are considered fully benefit-responsive investments and, as such, are reported at contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contract, less withdrawals. The stable value account is a group fixed annuity. See Note 5 discussion on the stable value fund.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses for investments bought and sold as well as held during the year.

Steves & Sons Employees 401(k) Profit Sharing Plan

Notes to Financial Statements

Payment of Benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

3. Fair Value Measurements

The accounting standards establish a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy places the highest priority on unadjusted quoted marked prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - This level consists of quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2 - This level consists of significant other observable inputs other than Level 1 inputs, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - This level consists of significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair value of its investments:

Pooled Separate Accounts - These accounts consist of the fair value of participation units held in pooled separate accounts and based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (Level 2 inputs). The funds invest in underlying domestic and foreign equity, real asset and alternative investments, and fixed-income funds according to an asset allocation determined by the fund's manager.

The Plan's investments were measured in accordance with Accounting Standards Codification (ASC) Subtopic 820-10, at net asset value per share (or its equivalent) and have not been classified in the fair value hierarchy.

^(b) *Growth and Income* - The objective of these portfolios is to achieve long-term growth of capital and current income.

^(c) *Target Date* - The objective of these portfolios is to seek a high total return under normal market conditions based on the fund's target retirement date.

^(d) *Index* - The objective of this portfolio is to preserve capital and provide current income that meets or exceeds that of S&P indices.

^(e) *Conservative* - The objective of this portfolio is to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

Steves & Sons Employees 401(k) Profit Sharing Plan

Notes to Financial Statements

4. Fixed-Income Contract

The Plan offers a fully benefit responsive guaranteed investment contract with AUL as an investment option to its participants. The balance in the contract was \$1,257,040 and \$1,272,754 at December 31, 2022 and 2021, respectively. AUL maintains the assets in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and was 4.0% at December 31, 2022. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

5. Stable Value Account

In 2022, the Plan entered in a fully benefit-responsive investment contract with AUL and offers this as an investment option to its participants. The balance in the stable value account was \$269,434 at December 31, 2022. AUL maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and was 1.5% at December 31, 2022. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals, and

Steves & Sons Employees 401(k) Profit Sharing Plan

Notes to Financial Statements

administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by AUL.

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

7. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

8. Tax Status of the Plan

The Organization adopted a prototype plan document sponsored by AUL. AUL received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS; therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax provisions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be substantiated by the taxing authorities. The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

9. Related Party and Parties-in-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. As such, transactions conducted by AUL and its affiliates qualify as party-in-interest transactions.

10. Subsequent Events

The Plan Administrator evaluated events or transactions that occurred after December 31, 2022, and through October 16, 2023, the date the financial statements were available to be issued.
