INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Participants
Century Engineering, Inc. 401(k) Plan
Hunt Valley, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Century Engineering, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2022 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Item 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2022, and Schedule H, Item 4j - Schedule of Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (Continued)

Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or are derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of Century Engineering, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by Century Engineering, Inc. (the Company) covering all full-time employees who have attained the age of 18 and completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger: The Plan Sponsor, Century Engineering Inc. was acquired by The Kleinfelder Group, Inc. As of December 31, 2022, all plan assets were liquidated and transferred to The Kleinfelder Group, Inc. 401(k) Plan.

Contributions: Each year, participants may contribute up to 90% of compensation, subject to annual dollar limitations imposed by the Internal Revenue Code. The Plan has an automatic enrollment provision whereby participants will automatically have 6% of their compensation deferred into the Plan, unless they elect otherwise. All participants deferral percentages will increase by 1% each Plan year on the anniversary of the participant's hire date up to a maximum of 20% of compensation, unless otherwise elected. Participants who attain age 50 by the end of the Plan year are eligible to make additional (catch-up) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan also includes a Roth 401(k) deferral option.

The Company may make discretionary matching contributions to the Plan to be determined annually. For 2021, the Company matched 50% up to the first 6% of a participant's salary contributed to the Plan. The Company may also make discretionary profit-sharing contributions. A participant must complete 1,000 hours throughout the year and be employed on the last day of the Plan year to be eligible for the employer's profit-sharing contribution, with the exception of death, permanent disability, retirement or furlough of employment occurring during the plan year. There was no profit-sharing contribution for 2022. Contributions are subject to certain limitations.

Participant Investment Options: Participants direct the investment of contributions into various investment options offered by the Plan. Participants may change their investment allocations at any time.

Participant Accounts: Each participant's account is credited with the participant's contributions, employer matching contributions and allocations of (a) Plan earnings or losses based on the participant's directed investment accounts and (b) charges for administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is fully vested in employer matching contributions after two years of credited service. Participants are 20% vested in profit sharing contributions after two years of service. Vesting increases twenty percent (20%) per year thereafter, until fully vested upon completion of six years of service. Participant accounts become fully vested upon retirement, permanent disability or death.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan (Continued)

Participant Loans: Participants may borrow from their fund accounts a minimum of $500, up to a maximum equal to the lesser of $50,000, minus the difference between the highest outstanding loan balance in the previous 12 months and the current outstanding loan balance, or 50% of their vested account balance. Loan terms range from one to five years or longer for the purchase of primary residence. Interest rates on loans are based on a fixed rate similar to a bank's rate for a comparable personal loan plus 1%. Loans are secured by no more than 50% of the vested balance in a participant's account. Loan repayments must be paid directly to the Plan through payroll withholdings.

Payment of Benefits: Upon termination of service due to death, disability, or normal retirement at age 65, a participant may elect to receive their benefits in a lump sum or defer receiving payments until age 70 ½. In-service distributions are available to participants after reaching the age of 59-1/2. Fully vested employer match and non-elective contributions are available for in-service withdrawal at any time prior to age 59-1/2. Hardship withdrawals are also permitted subject to limitations as to amounts and types of contributions that may be withdrawn.

If the participant's account is less than $5,000, the account balance is paid out in the form of a lump sum distribution. In the event of a mandatory distribution greater than $1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

Forfeited Accounts: Forfeitures represent employer contributions resulting from the termination of participants with less than fully vested benefits under the Plan. Forfeitures are used to pay Plan expenses or reduce employer contributions. Forfeited non-vested accounts totaled $0 and $17,153 at December 31, 2022 and 2021, respectfully. During 2022, forfeitures of $40,930 were used to offset employer matching contributions.

Administrative Expenses: Investment and management fees, as well as certain administrative fees, are paid by the Plan. Audit fees have generally been paid by the Plan Sponsor.

Note 2. Summary of Significant Accounting Policies

Accounting Method: The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the Plan document surrounding defaulted loans.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value (except for a fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid for transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: In preparing these financial statements, the Plan Sponsor has evaluated events and transactions for potential recognition or disclosure through October 12, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified by Trustee and its Affiliate

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to information certified as complete and accurate by Prudential Bank & Trust F.S.B., Trustee of the Plan, and its affiliate, Prudential Retirement Insurance and Annuity Company.

Note 4. Investments and Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with FASB codification *Fair Value Measurement*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that are accessible to the Plan. These generally provide the most reliable evidence and are used to measure fair value whenever available.
Level 2	Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, which are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted prices for similar assets in active markets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Shares of registered investment companies (mutual and money market funds) are valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Units of participation in pooled separate accounts are reported at the accumulated value of units held by the Plan at year-end, as reported to the Plan by the insurance company. The accumulated unit value is determined by Prudential Retirement Insurance and Annuity Company and is based on the net asset value of shares in the underlying fund, the fund's dividends and the contract's separate account charges. Pooled separate accounts are stated at fair value as determined by observable Level 1 inputs. While some pooled separate accounts may have publicly quoted pricing inputs (Level 1), the account values of separate accounts are not publicly quoted and are, therefore, classified as Level 2 investments.

Note 4. Investments and Fair Value Measurements (Continued)

The preceding methods may produce a value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine investments values could result in a different fair value measurement at the reporting date. There were no investments as of December 31, 2022.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets reported at fair value:

Investments at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 63,420,372	$ -	$ -	$ 63,420,372
Pooled separate accounts	-	3,959	-	3,959
Total investments, at fair value	$ 63,420,372	$ 3,959	$ -	$ 63,424,331

NOTES TO FINANCIAL STATEMENTS

Note 5. Investment Contract with Insurance Company

The Plan has invested in a fully benefit-responsive group annuity contract with Prudential Retirement Insurance and Annuity Company (PRIAC) within which participants may direct their contributions into either pooled separate accounts or a guaranteed income fund. The pooled separate accounts consist of multiple investment funds with diverse investment objectives that are designed to provide target date retirement income. The Guaranteed Income Fund provides a guaranteed rate of return that obligates PRIAC to repay the principal and a specified rate of interest to the Plan. Amounts contributed to guaranteed income fund are deposited in PRIAC's general account and payment obligations, as well as the fulfillment of any guarantees specified in the group annuity contract are insurance claims supported by the full faith and credit of PRIAC.

The guaranteed income fund meets the fully benefit responsive investment contract criteria and, therefore, is reported at contract value. Contract value represents contributions made under the contract, plus earnings at the guaranteed crediting interest rate, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of the reference portfolio within the insurer's general account. Such interest rates are reviewed on a semi-annual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer, such as partial or complete termination of the contract, plan termination or merger, changes to the Plan's prohibition on competing investment options, bankruptcy of the Plan Sponsor or other Plan Sponsor events. The Plan Administrator believes that circumstances that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

Note 6. Plan Merger

During 2022, the Plan's assets were liquidated and transferred into The Kleinfelder Group, Inc. 401(k) Plan. Total assets, in the amount of $59,470,639, are reported as transfers of net assets in the Statement of Changes in Net Assets Available for Plan Benefits as of December 31, 2022.

NOTES TO FINANCIAL STATEMENTS

Note 7. Tax Status

The Plan has adopted a non-standardized preapproved profit-sharing plan sponsored by Prudential Insurance Company of America. The preapproved plan has received an opinion letter from the Internal Revenue Service dated December 4, 2020, that the Plan as then designed, was in compliance with the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended subsequently, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risk could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Note 9. Related Party and Party-in-Interest Transactions

Certain Plan investments consist of shares of pooled separate accounts and units of a guaranteed income fund managed by PRIAC and its affiliates. PRIAC has contracted with the Plan to provide certain investment management, recordkeeping and administrative services and, therefore, these transactions qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Participants
Century Engineering, Inc. 401(k) Plan
Hunt Valley, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Century Engineering, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2022 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Item 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2022, and Schedule H, Item 4j - Schedule of Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (Continued)

Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or are derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of Century Engineering, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by Century Engineering, Inc. (the Company) covering all full-time employees who have attained the age of 18 and completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger: The Plan Sponsor, Century Engineering Inc. was acquired by The Kleinfelder Group, Inc. As of December 31, 2022, all plan assets were liquidated and transferred to The Kleinfelder Group, Inc. 401(k) Plan.

Contributions: Each year, participants may contribute up to 90% of compensation, subject to annual dollar limitations imposed by the Internal Revenue Code. The Plan has an automatic enrollment provision whereby participants will automatically have 6% of their compensation deferred into the Plan, unless they elect otherwise. All participants deferral percentages will increase by 1% each Plan year on the anniversary of the participant's hire date up to a maximum of 20% of compensation, unless otherwise elected. Participants who attain age 50 by the end of the Plan year are eligible to make additional (catch-up) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan also includes a Roth 401(k) deferral option.

The Company may make discretionary matching contributions to the Plan to be determined annually. For 2021, the Company matched 50% up to the first 6% of a participant's salary contributed to the Plan. The Company may also make discretionary profit-sharing contributions. A participant must complete 1,000 hours throughout the year and be employed on the last day of the Plan year to be eligible for the employer's profit-sharing contribution, with the exception of death, permanent disability, retirement or furlough of employment occurring during the plan year. There was no profit-sharing contribution for 2022. Contributions are subject to certain limitations.

Participant Investment Options: Participants direct the investment of contributions into various investment options offered by the Plan. Participants may change their investment allocations at any time.

Participant Accounts: Each participant's account is credited with the participant's contributions, employer matching contributions and allocations of (a) Plan earnings or losses based on the participant's directed investment accounts and (b) charges for administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is fully vested in employer matching contributions after two years of credited service. Participants are 20% vested in profit sharing contributions after two years of service. Vesting increases twenty percent (20%) per year thereafter, until fully vested upon completion of six years of service. Participant accounts become fully vested upon retirement, permanent disability or death.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan (Continued)

Participant Loans: Participants may borrow from their fund accounts a minimum of $500, up to a maximum equal to the lesser of $50,000, minus the difference between the highest outstanding loan balance in the previous 12 months and the current outstanding loan balance, or 50% of their vested account balance. Loan terms range from one to five years or longer for the purchase of primary residence. Interest rates on loans are based on a fixed rate similar to a bank's rate for a comparable personal loan plus 1%. Loans are secured by no more than 50% of the vested balance in a participant's account. Loan repayments must be paid directly to the Plan through payroll withholdings.

Payment of Benefits: Upon termination of service due to death, disability, or normal retirement at age 65, a participant may elect to receive their benefits in a lump sum or defer receiving payments until age 70 ½. In-service distributions are available to participants after reaching the age of 59-1/2. Fully vested employer match and non-elective contributions are available for in-service withdrawal at any time prior to age 59-1/2. Hardship withdrawals are also permitted subject to limitations as to amounts and types of contributions that may be withdrawn.

If the participant's account is less than $5,000, the account balance is paid out in the form of a lump sum distribution. In the event of a mandatory distribution greater than $1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

Forfeited Accounts: Forfeitures represent employer contributions resulting from the termination of participants with less than fully vested benefits under the Plan. Forfeitures are used to pay Plan expenses or reduce employer contributions. Forfeited non-vested accounts totaled $0 and $17,153 at December 31, 2022 and 2021, respectfully. During 2022, forfeitures of $40,930 were used to offset employer matching contributions.

Administrative Expenses: Investment and management fees, as well as certain administrative fees, are paid by the Plan. Audit fees have generally been paid by the Plan Sponsor.

Note 2. Summary of Significant Accounting Policies

Accounting Method: The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the Plan document surrounding defaulted loans.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value (except for a fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid for transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: In preparing these financial statements, the Plan Sponsor has evaluated events and transactions for potential recognition or disclosure through October 12, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified by Trustee and its Affiliate

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to information certified as complete and accurate by Prudential Bank & Trust F.S.B., Trustee of the Plan, and its affiliate, Prudential Retirement Insurance and Annuity Company.

Note 4. Investments and Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with FASB codification *Fair Value Measurement*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that are accessible to the Plan. These generally provide the most reliable evidence and are used to measure fair value whenever available.
Level 2	Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, which are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted prices for similar assets in active markets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Shares of registered investment companies (mutual and money market funds) are valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Units of participation in pooled separate accounts are reported at the accumulated value of units held by the Plan at year-end, as reported to the Plan by the insurance company. The accumulated unit value is determined by Prudential Retirement Insurance and Annuity Company and is based on the net asset value of shares in the underlying fund, the fund's dividends and the contract's separate account charges. Pooled separate accounts are stated at fair value as determined by observable Level 1 inputs. While some pooled separate accounts may have publicly quoted pricing inputs (Level 1), the account values of separate accounts are not publicly quoted and are, therefore, classified as Level 2 investments.

Note 4. Investments and Fair Value Measurements (Continued)

The preceding methods may produce a value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine investments values could result in a different fair value measurement at the reporting date. There were no investments as of December 31, 2022.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets reported at fair value:

Investments at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 63,420,372	$ -	$ -	$ 63,420,372
Pooled separate accounts	-	3,959	-	3,959
Total investments, at fair value	$ 63,420,372	$ 3,959	$ -	$ 63,424,331

NOTES TO FINANCIAL STATEMENTS

Note 5. Investment Contract with Insurance Company

The Plan has invested in a fully benefit-responsive group annuity contract with Prudential Retirement Insurance and Annuity Company (PRIAC) within which participants may direct their contributions into either pooled separate accounts or a guaranteed income fund. The pooled separate accounts consist of multiple investment funds with diverse investment objectives that are designed to provide target date retirement income. The Guaranteed Income Fund provides a guaranteed rate of return that obligates PRIAC to repay the principal and a specified rate of interest to the Plan. Amounts contributed to guaranteed income fund are deposited in PRIAC's general account and payment obligations, as well as the fulfillment of any guarantees specified in the group annuity contract are insurance claims supported by the full faith and credit of PRIAC.

The guaranteed income fund meets the fully benefit responsive investment contract criteria and, therefore, is reported at contract value. Contract value represents contributions made under the contract, plus earnings at the guaranteed crediting interest rate, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of the reference portfolio within the insurer's general account. Such interest rates are reviewed on a semi-annual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer, such as partial or complete termination of the contract, plan termination or merger, changes to the Plan's prohibition on competing investment options, bankruptcy of the Plan Sponsor or other Plan Sponsor events. The Plan Administrator believes that circumstances that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

Note 6. Plan Merger

During 2022, the Plan's assets were liquidated and transferred into The Kleinfelder Group, Inc. 401(k) Plan. Total assets, in the amount of $59,470,639, are reported as transfers of net assets in the Statement of Changes in Net Assets Available for Plan Benefits as of December 31, 2022.

NOTES TO FINANCIAL STATEMENTS

Note 7. Tax Status

The Plan has adopted a non-standardized preapproved profit-sharing plan sponsored by Prudential Insurance Company of America. The preapproved plan has received an opinion letter from the Internal Revenue Service dated December 4, 2020, that the Plan as then designed, was in compliance with the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended subsequently, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risk could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Note 9. Related Party and Party-in-Interest Transactions

Certain Plan investments consist of shares of pooled separate accounts and units of a guaranteed income fund managed by PRIAC and its affiliates. PRIAC has contracted with the Plan to provide certain investment management, recordkeeping and administrative services and, therefore, these transactions qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Participants
Century Engineering, Inc. 401(k) Plan
Hunt Valley, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Century Engineering, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2022 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Item 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2022, and Schedule H, Item 4j - Schedule of Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (Continued)

Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or are derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of Century Engineering, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by Century Engineering, Inc. (the Company) covering all full-time employees who have attained the age of 18 and completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger: The Plan Sponsor, Century Engineering Inc. was acquired by The Kleinfelder Group, Inc. As of December 31, 2022, all plan assets were liquidated and transferred to The Kleinfelder Group, Inc. 401(k) Plan.

Contributions: Each year, participants may contribute up to 90% of compensation, subject to annual dollar limitations imposed by the Internal Revenue Code. The Plan has an automatic enrollment provision whereby participants will automatically have 6% of their compensation deferred into the Plan, unless they elect otherwise. All participants deferral percentages will increase by 1% each Plan year on the anniversary of the participant's hire date up to a maximum of 20% of compensation, unless otherwise elected. Participants who attain age 50 by the end of the Plan year are eligible to make additional (catch-up) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan also includes a Roth 401(k) deferral option.

The Company may make discretionary matching contributions to the Plan to be determined annually. For 2021, the Company matched 50% up to the first 6% of a participant's salary contributed to the Plan. The Company may also make discretionary profit-sharing contributions. A participant must complete 1,000 hours throughout the year and be employed on the last day of the Plan year to be eligible for the employer's profit-sharing contribution, with the exception of death, permanent disability, retirement or furlough of employment occurring during the plan year. There was no profit-sharing contribution for 2022. Contributions are subject to certain limitations.

Participant Investment Options: Participants direct the investment of contributions into various investment options offered by the Plan. Participants may change their investment allocations at any time.

Participant Accounts: Each participant's account is credited with the participant's contributions, employer matching contributions and allocations of (a) Plan earnings or losses based on the participant's directed investment accounts and (b) charges for administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is fully vested in employer matching contributions after two years of credited service. Participants are 20% vested in profit sharing contributions after two years of service. Vesting increases twenty percent (20%) per year thereafter, until fully vested upon completion of six years of service. Participant accounts become fully vested upon retirement, permanent disability or death.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan (Continued)

Participant Loans: Participants may borrow from their fund accounts a minimum of $500, up to a maximum equal to the lesser of $50,000, minus the difference between the highest outstanding loan balance in the previous 12 months and the current outstanding loan balance, or 50% of their vested account balance. Loan terms range from one to five years or longer for the purchase of primary residence. Interest rates on loans are based on a fixed rate similar to a bank's rate for a comparable personal loan plus 1%. Loans are secured by no more than 50% of the vested balance in a participant's account. Loan repayments must be paid directly to the Plan through payroll withholdings.

Payment of Benefits: Upon termination of service due to death, disability, or normal retirement at age 65, a participant may elect to receive their benefits in a lump sum or defer receiving payments until age 70 ½. In-service distributions are available to participants after reaching the age of 59-1/2. Fully vested employer match and non-elective contributions are available for in-service withdrawal at any time prior to age 59-1/2. Hardship withdrawals are also permitted subject to limitations as to amounts and types of contributions that may be withdrawn.

If the participant's account is less than $5,000, the account balance is paid out in the form of a lump sum distribution. In the event of a mandatory distribution greater than $1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

Forfeited Accounts: Forfeitures represent employer contributions resulting from the termination of participants with less than fully vested benefits under the Plan. Forfeitures are used to pay Plan expenses or reduce employer contributions. Forfeited non-vested accounts totaled $0 and $17,153 at December 31, 2022 and 2021, respectfully. During 2022, forfeitures of $40,930 were used to offset employer matching contributions.

Administrative Expenses: Investment and management fees, as well as certain administrative fees, are paid by the Plan. Audit fees have generally been paid by the Plan Sponsor.

Note 2. Summary of Significant Accounting Policies

Accounting Method: The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the Plan document surrounding defaulted loans.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value (except for a fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid for transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: In preparing these financial statements, the Plan Sponsor has evaluated events and transactions for potential recognition or disclosure through October 12, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified by Trustee and its Affiliate

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to information certified as complete and accurate by Prudential Bank & Trust F.S.B., Trustee of the Plan, and its affiliate, Prudential Retirement Insurance and Annuity Company.

Note 4. Investments and Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with FASB codification *Fair Value Measurement*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that are accessible to the Plan. These generally provide the most reliable evidence and are used to measure fair value whenever available.
Level 2	Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, which are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted prices for similar assets in active markets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Shares of registered investment companies (mutual and money market funds) are valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Units of participation in pooled separate accounts are reported at the accumulated value of units held by the Plan at year-end, as reported to the Plan by the insurance company. The accumulated unit value is determined by Prudential Retirement Insurance and Annuity Company and is based on the net asset value of shares in the underlying fund, the fund's dividends and the contract's separate account charges. Pooled separate accounts are stated at fair value as determined by observable Level 1 inputs. While some pooled separate accounts may have publicly quoted pricing inputs (Level 1), the account values of separate accounts are not publicly quoted and are, therefore, classified as Level 2 investments.

Note 4. Investments and Fair Value Measurements (Continued)

The preceding methods may produce a value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine investments values could result in a different fair value measurement at the reporting date. There were no investments as of December 31, 2022.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets reported at fair value:

Investments at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 63,420,372	$ -	$ -	$ 63,420,372
Pooled separate accounts	-	3,959	-	3,959
Total investments, at fair value	$ 63,420,372	$ 3,959	$ -	$ 63,424,331

NOTES TO FINANCIAL STATEMENTS

Note 5. Investment Contract with Insurance Company

The Plan has invested in a fully benefit-responsive group annuity contract with Prudential Retirement Insurance and Annuity Company (PRIAC) within which participants may direct their contributions into either pooled separate accounts or a guaranteed income fund. The pooled separate accounts consist of multiple investment funds with diverse investment objectives that are designed to provide target date retirement income. The Guaranteed Income Fund provides a guaranteed rate of return that obligates PRIAC to repay the principal and a specified rate of interest to the Plan. Amounts contributed to guaranteed income fund are deposited in PRIAC's general account and payment obligations, as well as the fulfillment of any guarantees specified in the group annuity contract are insurance claims supported by the full faith and credit of PRIAC.

The guaranteed income fund meets the fully benefit responsive investment contract criteria and, therefore, is reported at contract value. Contract value represents contributions made under the contract, plus earnings at the guaranteed crediting interest rate, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of the reference portfolio within the insurer's general account. Such interest rates are reviewed on a semi-annual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer, such as partial or complete termination of the contract, plan termination or merger, changes to the Plan's prohibition on competing investment options, bankruptcy of the Plan Sponsor or other Plan Sponsor events. The Plan Administrator believes that circumstances that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

Note 6. Plan Merger

During 2022, the Plan's assets were liquidated and transferred into The Kleinfelder Group, Inc. 401(k) Plan. Total assets, in the amount of $59,470,639, are reported as transfers of net assets in the Statement of Changes in Net Assets Available for Plan Benefits as of December 31, 2022.

NOTES TO FINANCIAL STATEMENTS

Note 7. Tax Status

The Plan has adopted a non-standardized preapproved profit-sharing plan sponsored by Prudential Insurance Company of America. The preapproved plan has received an opinion letter from the Internal Revenue Service dated December 4, 2020, that the Plan as then designed, was in compliance with the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended subsequently, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risk could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Note 9. Related Party and Party-in-Interest Transactions

Certain Plan investments consist of shares of pooled separate accounts and units of a guaranteed income fund managed by PRIAC and its affiliates. PRIAC has contracted with the Plan to provide certain investment management, recordkeeping and administrative services and, therefore, these transactions qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Participants
Century Engineering, Inc. 401(k) Plan
Hunt Valley, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Century Engineering, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2022 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Item 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2022, and Schedule H, Item 4j - Schedule of Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (Continued)

Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or are derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of Century Engineering, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by Century Engineering, Inc. (the Company) covering all full-time employees who have attained the age of 18 and completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger: The Plan Sponsor, Century Engineering Inc. was acquired by The Kleinfelder Group, Inc. As of December 31, 2022, all plan assets were liquidated and transferred to The Kleinfelder Group, Inc. 401(k) Plan.

Contributions: Each year, participants may contribute up to 90% of compensation, subject to annual dollar limitations imposed by the Internal Revenue Code. The Plan has an automatic enrollment provision whereby participants will automatically have 6% of their compensation deferred into the Plan, unless they elect otherwise. All participants deferral percentages will increase by 1% each Plan year on the anniversary of the participant's hire date up to a maximum of 20% of compensation, unless otherwise elected. Participants who attain age 50 by the end of the Plan year are eligible to make additional (catch-up) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan also includes a Roth 401(k) deferral option.

The Company may make discretionary matching contributions to the Plan to be determined annually. For 2021, the Company matched 50% up to the first 6% of a participant's salary contributed to the Plan. The Company may also make discretionary profit-sharing contributions. A participant must complete 1,000 hours throughout the year and be employed on the last day of the Plan year to be eligible for the employer's profit-sharing contribution, with the exception of death, permanent disability, retirement or furlough of employment occurring during the plan year. There was no profit-sharing contribution for 2022. Contributions are subject to certain limitations.

Participant Investment Options: Participants direct the investment of contributions into various investment options offered by the Plan. Participants may change their investment allocations at any time.

Participant Accounts: Each participant's account is credited with the participant's contributions, employer matching contributions and allocations of (a) Plan earnings or losses based on the participant's directed investment accounts and (b) charges for administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is fully vested in employer matching contributions after two years of credited service. Participants are 20% vested in profit sharing contributions after two years of service. Vesting increases twenty percent (20%) per year thereafter, until fully vested upon completion of six years of service. Participant accounts become fully vested upon retirement, permanent disability or death.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan (Continued)

Participant Loans: Participants may borrow from their fund accounts a minimum of $500, up to a maximum equal to the lesser of $50,000, minus the difference between the highest outstanding loan balance in the previous 12 months and the current outstanding loan balance, or 50% of their vested account balance. Loan terms range from one to five years or longer for the purchase of primary residence. Interest rates on loans are based on a fixed rate similar to a bank's rate for a comparable personal loan plus 1%. Loans are secured by no more than 50% of the vested balance in a participant's account. Loan repayments must be paid directly to the Plan through payroll withholdings.

Payment of Benefits: Upon termination of service due to death, disability, or normal retirement at age 65, a participant may elect to receive their benefits in a lump sum or defer receiving payments until age 70 ½. In-service distributions are available to participants after reaching the age of 59-1/2. Fully vested employer match and non-elective contributions are available for in-service withdrawal at any time prior to age 59-1/2. Hardship withdrawals are also permitted subject to limitations as to amounts and types of contributions that may be withdrawn.

If the participant's account is less than $5,000, the account balance is paid out in the form of a lump sum distribution. In the event of a mandatory distribution greater than $1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

Forfeited Accounts: Forfeitures represent employer contributions resulting from the termination of participants with less than fully vested benefits under the Plan. Forfeitures are used to pay Plan expenses or reduce employer contributions. Forfeited non-vested accounts totaled $0 and $17,153 at December 31, 2022 and 2021, respectfully. During 2022, forfeitures of $40,930 were used to offset employer matching contributions.

Administrative Expenses: Investment and management fees, as well as certain administrative fees, are paid by the Plan. Audit fees have generally been paid by the Plan Sponsor.

Note 2. Summary of Significant Accounting Policies

Accounting Method: The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the Plan document surrounding defaulted loans.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value (except for a fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid for transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: In preparing these financial statements, the Plan Sponsor has evaluated events and transactions for potential recognition or disclosure through October 12, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified by Trustee and its Affiliate

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to information certified as complete and accurate by Prudential Bank & Trust F.S.B., Trustee of the Plan, and its affiliate, Prudential Retirement Insurance and Annuity Company.

Note 4. Investments and Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with FASB codification *Fair Value Measurement*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that are accessible to the Plan. These generally provide the most reliable evidence and are used to measure fair value whenever available.
Level 2	Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, which are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted prices for similar assets in active markets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Shares of registered investment companies (mutual and money market funds) are valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Units of participation in pooled separate accounts are reported at the accumulated value of units held by the Plan at year-end, as reported to the Plan by the insurance company. The accumulated unit value is determined by Prudential Retirement Insurance and Annuity Company and is based on the net asset value of shares in the underlying fund, the fund's dividends and the contract's separate account charges. Pooled separate accounts are stated at fair value as determined by observable Level 1 inputs. While some pooled separate accounts may have publicly quoted pricing inputs (Level 1), the account values of separate accounts are not publicly quoted and are, therefore, classified as Level 2 investments.

Note 4. Investments and Fair Value Measurements (Continued)

The preceding methods may produce a value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine investments values could result in a different fair value measurement at the reporting date. There were no investments as of December 31, 2022.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets reported at fair value:

Investments at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 63,420,372	$ -	$ -	$ 63,420,372
Pooled separate accounts	-	3,959	-	3,959
Total investments, at fair value	$ 63,420,372	$ 3,959	$ -	$ 63,424,331

NOTES TO FINANCIAL STATEMENTS

Note 5. Investment Contract with Insurance Company

The Plan has invested in a fully benefit-responsive group annuity contract with Prudential Retirement Insurance and Annuity Company (PRIAC) within which participants may direct their contributions into either pooled separate accounts or a guaranteed income fund. The pooled separate accounts consist of multiple investment funds with diverse investment objectives that are designed to provide target date retirement income. The Guaranteed Income Fund provides a guaranteed rate of return that obligates PRIAC to repay the principal and a specified rate of interest to the Plan. Amounts contributed to guaranteed income fund are deposited in PRIAC's general account and payment obligations, as well as the fulfillment of any guarantees specified in the group annuity contract are insurance claims supported by the full faith and credit of PRIAC.

The guaranteed income fund meets the fully benefit responsive investment contract criteria and, therefore, is reported at contract value. Contract value represents contributions made under the contract, plus earnings at the guaranteed crediting interest rate, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of the reference portfolio within the insurer's general account. Such interest rates are reviewed on a semi-annual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer, such as partial or complete termination of the contract, plan termination or merger, changes to the Plan's prohibition on competing investment options, bankruptcy of the Plan Sponsor or other Plan Sponsor events. The Plan Administrator believes that circumstances that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

Note 6. Plan Merger

During 2022, the Plan's assets were liquidated and transferred into The Kleinfelder Group, Inc. 401(k) Plan. Total assets, in the amount of $59,470,639, are reported as transfers of net assets in the Statement of Changes in Net Assets Available for Plan Benefits as of December 31, 2022.

NOTES TO FINANCIAL STATEMENTS

Note 7. Tax Status

The Plan has adopted a non-standardized preapproved profit-sharing plan sponsored by Prudential Insurance Company of America. The preapproved plan has received an opinion letter from the Internal Revenue Service dated December 4, 2020, that the Plan as then designed, was in compliance with the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended subsequently, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risk could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Note 9. Related Party and Party-in-Interest Transactions

Certain Plan investments consist of shares of pooled separate accounts and units of a guaranteed income fund managed by PRIAC and its affiliates. PRIAC has contracted with the Plan to provide certain investment management, recordkeeping and administrative services and, therefore, these transactions qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS
