Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the accompanying financial statements of Nilan Johnson Lewis PA 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Nilan Johnson Lewis PA 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Nilan Johnson Lewis PA 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Nilan Johnson Lewis PA 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Nilan Johnson Lewis PA 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Nilan Johnson Lewis PA 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held (At End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Nilan Johnson Lewis P.A. 401(k) Savings Plan

Notes to the Financial Statements

December 31, 2022 and 2021

1. Description of Plan

The following brief description of the Nilan Johnson Lewis PA 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Internal Revenue Code ("IRC"). The Plan sponsor, administrator, and employer is Nilan Johnson Lewis PA (the "Company", "Employer", and "Administrator").

Eligibility

Employees will be eligible to enter the Plan as a participant when they reach age 21. However, potential participants will not be able to participate in the Plan if (1) their employment is governed by a union contract; (2) they are a non-resident alien who does not receive any United States income from the Employer; or (3) if they are a leased employee.

Participants will be eligible to participate in the employer match and profit sharing elements under the Plan if they reach age 21 and complete one year of service. To be credited with a year of service, the employee must be credited with at least 900 hours of service during an eligibility computation period, which is a 12-consecutive-month measuring period. The employee must also be an employee on the last day of the Plan year.

Potential participants enter the Plan as a participant on January 1, April 1, July 1, or October 1, whichever coincides with or next follows the date on which they satisfy the eligibility requirements. Upon becoming a participant, the Administrator will establish an account to receive the participant's share of any employer and participant contributions and related investment earnings and losses.

Contributions

The Plan's 401(k) feature allows participants to contribute a portion of their compensation to the Plan on a pretax basis. Participants can make a salary deferral election authorizing the Company to withhold up to 75% of the participant's pretax annual compensation, subject to certain limitations set forth by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible participants also may transfer (roll over) to this Plan any distributions received from a previous qualified employer's plan.

In any Plan year, a matching contribution equal to a discretionary percentage of salary deferrals may be made to participants' accounts by the Company. This percentage, if any, will be determined by the Company each year. The Company approved 5% of eligible compensation for the match during the year ended December 31, 2022.

Under the Plan's profit sharing feature, the Company may also make other discretionary contributions to the Plan. A discretionary profit sharing contribution may be made during a Plan year, with the amount, if any, to be determined by the Company. The profit sharing contribution will be allocated to participants' accounts in the same proportion that their eligible compensation bears to the total eligible compensation of all eligible participants. To be eligible to receive the profit sharing contribution, participants must be actively employed on the last day of the year and have completed 900 hours of service during the plan year. Employer contributions are subject to certain limitations set forth by the IRC. Profit sharing contributions of \$1,000,627 were contributed to the Plan for the year ended December 31, 2022. The contribution which was accrued at December 31, 2022 was remitted to the Plan on October 12, 2023.

Corrective Contribution

The Plan Sponsor made a contribution of approximately \$55,000 on October 12, 2023 in order to pass annual top heavy annual compliance testing.

1. Description of Plan (Continued)

Participant Accounts and Investment Options

Each participant's account is credited with the participant's elective deferrals, rollover contributions, Company matching contributions and allocations of profit sharing contributions, administrative expenses, and Plan earnings, as set forth in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants direct the investment of their accounts. Plan participants can choose to form self-directed accounts or may choose from investment alternatives approved by the trustee. The trustee of the Plan maintains the right to limit choices of investment vehicles and firms. All earnings and losses on directed investments will be credited to the respective participant account. Participants may switch between investment alternatives as often as permitted under the investment vehicles they choose.

Vesting

Participants' vested interest in all elective deferrals and rollover contributions will be 100% at all times. Participants are vested in all matching contributions and profit sharing contributions based on years of service scheduled in the Plan document and become fully vested after three years. Participants will also have a 100% vested interest in their account when they reach normal retirement age prior to termination of employment, or upon death or disability prior to that date.

Forfeited Accounts

If a participant terminates employment before becoming fully vested in their account balance, the forfeited portion of the account balance is used to reduce future employer contributions to the Plan. No forfeitures were used to reduce the employer's non-elective deferral contribution to the Plan during 2022. The forfeiture balance at December 31, 2022 and 2021 was approximately \$23,000 and \$2,000, respectively.

Notes Receivable From Participants

Participants are permitted to borrow up to 50 percent of their vested account balance with a maximum loan amount of \$50,000. Notes receivable must be repaid in equal payments through payroll deduction. Interest on notes receivable is established at one percent over the prime rate in place at the inception date. Notes receivable cannot exceed five years unless the note receivable is used to acquire a principal residence, in which case it is to be repaid over a reasonable period of time. The interest paid will be credited directly to the participant's account. Notes receivable are collateralized by the underlying participant account balance. Participant notes receivable are valued at their unpaid principal balance plus accrued interest. A participant cannot have more than one loan outstanding at one time.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant's vested benefit is distributed as soon as administratively feasible following the date on which a distribution is requested or otherwise payable in a single lump-sum payment. The distribution will be in the form of a lump-sum payment if the participant's vested benefit is \$5,000 or less, unless the participant timely elects a direct rollover of the vested account balance. Pre-retirement distributions are allowed under the Plan after attaining the age of 59 1/2. No hardship distributions are allowed under the Plan. Benefit payments are recorded when paid.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's losses on investments purchased and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Plan administration expenses that have not been paid by the Company can be paid by the participants of the Plan on a pro-rata basis or from the forfeiture account, based on account balances or the number of participants.

Other fees charged for participant loan activity and for transactions in the self-directed accounts are paid by the participant or charged directly to the participant's account. These fees are included in the net appreciation or depreciation in the fair value of investments.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities. The most significant estimate relates to the fair valuation of investments. Actual results could differ from those estimates, and the difference can be significant.

Notes to the Financial Statements

December 31, 2022 and 2021

2. Summary of Significant Accounting Policies (Continued)

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Valued at quoted market prices of shares held by the Plan at year end. Mutual funds traded in active markets are classified within Level 1 of the fair value hierarchy.

Collective Investment Trust

Valued at net asset value (NAV) per unit as determined by the collective trust as of the valuation date. The unit values are determined based upon the fair value of the underlying assets. The NAV, as provided by the Trustee, is used as practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Self-Directed Brokerage Accounts

The self-directed brokerage holdings consist of common stocks and mutual funds. These investments are valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Certification of Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022.

At the direction of the Plan Administrator, the Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The following tables provide information on those assets that are measured at fair value on a recurring basis:

		Fair Value Measurement Using

Notes to the Financial Statements

December 31, 2022 and 2021

4. Fair Value Measurements (Continued)

The collective investment trust is calculated using the NAV per share. The trust has no unfunded commitments. The redemption notice period of 12 months is when the entire trust is redeemed. The collective investment trust has a daily redemption frequency.

5. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements at December 31, 2022 and 2021 to Form 5500.

	2022	2021
Net assets available for benefits per the financial statements	\$ 45,884,910	\$ 53,946,364
Add: Cash surrender value of life insurance	93,124	93,124
Net assets available for benefits per Form 5500	\$ 45,978,034	\$ 54,039,488

6. Plan Termination

Although the Plan has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their Employer contributions, and the Plan assets will be distributed according to the provisions of the Plan documents.

7. Tax Status

The Plan adopted the OneAmerica volume submitter Plan. The prototype plan received its latest opinion letter on November 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Secure 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2020 CARES Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

Nilan Johnson Lewis P.A. 401(k) Savings Plan

Notes to the Financial Statements

December 31, 2022 and 2021

9. Party-In-Interest Transactions

Certain Plan investments are shares of a collective investment fund and self-directed brokerage accounts managed by an affiliate of the Trustees. Matrix Trust Company is the Trustee as defined by the Plan; therefore, these are party-in-interest transactions. Fees paid by the Plan for investment management services amounted to approximately \$99,000 for the year ended December 31, 2022.

10. Risks and Uncertainties

The Plan invests in various investment securities. The Plan's investments are exposed to various risk factors, such as interest rates, market conditions, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risk factors in the near term could materially affect the amounts reported in the financial statements.

11. Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through October 16, 2023, the date which the financial statements were available to be issued.
