Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Jackson Orlando 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Jackson Orlando 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Jackson Orlando 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Jackson Orlando 401(K) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a

material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Jackson Orlando 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Jackson Orlando 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters--Supplemental Schedules Required by ERISA

The supplemental schedules H, line 4a--schedule of delinquent participant contributions and H, line 4i--schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility

of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

JACKSON ORLANDO 401(K) PLAN

December 31, 2022

NOTE A--DESCRIPTION OF PLAN

The following description of the Jackson Orlando 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all non-internal employees of Jackson Pharmacy Professionals, LLC, Jackson Therapy Partners, LLC, JTP Local, LLC, Jackson Nurse Professionals, LLC, and JNP Local, LLC ("the Employer" and "Plan Administrator"). All non-internal employees are eligible to participate on the first of the month following their date of hire, or on their date of hire if that is the first of the month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions: The Plan provides for employee elective pre-tax and/or after-tax contributions, not to exceed the Federal statutory maximum, with an Employer discretionary matching provision. During the year ended December 31, 2022, the Employer elected to match 25% of the participant's elective deferrals up to 4% of the participant's compensation for employees who have completed a half-year of service.

The Plan provides for a discretionary, non-elective employer profit sharing contribution for all Plan participants who achieved at least 1,000 hours of service during the Plan year and are employed at the end of the Plan year. Allocation of the annual contribution is made based on the ratio that each participant's compensation bears to the total annual compensation for all participants. No discretionary contribution was made for the year ended December 31, 2022.

Participant Accounts: Each participant's account is credited with their contributions, the Employer's matching contributions, their account's earnings or losses, and an allocation of any Employer discretionary profit sharing contribution, less an allocation of certain administrative expenses that are paid by the Plan. All investments are participant directed. Participants may change their investment options daily.

Investments: Participants can allocate their contributions and employer contributions among a selection of equity and fixed income mutual funds, pooled separate accounts and collective investment trusts.

Vesting: Participants are immediately vested in their voluntary contributions, and allocated earnings thereon. Employer matching and discretionary contributions and earnings thereon vest at the rate of 25% per year of credited service. A participant is 100% vested after four years of credited service, or in the event of death, disability or normal retirement. Forfeited amounts can be used to pay administrative expenses of the Plan and to reduce future Employer contributions to the Plan.

NOTES TO FINANCIAL STATEMENTS--Continued

JACKSON ORLANDO 401(K) PLAN

NOTE A--DESCRIPTION OF PLAN--Continued

Administration: The Plan is administered by the Employer. The funds of the Plan are held by the following service providers (collectively "Principal") in their capacity as trustee or custodian for the Plan: Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, Principal Global Investors Trust Company, and State Street Corporation on behalf of Principal Life Insurance Company. These entities hold the Plan's assets and invest participants' account balances as directed by the participants.

Withdrawals: A participant may withdraw his tax deferred contribution plus earnings thereon in the case of a financial hardship. Withdrawals are taxable in the year received by the participant and may be subject to a penalty tax. Additionally, after reaching the age of 59½, a participant may request an in-service distribution from vested accounts.

Payment of Benefits: Upon a participant's termination of employment with the Company, or after reaching the age of 65, the participant is entitled to receive a distribution of their vested account balance. The participant may elect to receive a distribution at any time in the form of a lump sum payment. If the participant dies or is totally and permanently disabled prior to receiving their entire vested account balance, the balance will be paid to the participant's beneficiary or estate.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Plan follows the Financial Accounting Standards Board Accounting Standards Codification as its sole source of authoritative guidance.

The financial statements for the Plan are prepared using the accrual basis of accounting.

The Plan's investments are stated at fair value, as further described in Note C. Investment securities, in general, are exposed to various risks, including credit, interest and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is possible that changes in values of investment securities will occur and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Realized gains and losses on the sale of investments are calculated based on the difference between the selling price and cost on an average

NOTES TO FINANCIAL STATEMENTS--Continued

JACKSON ORLANDO 401(K) PLAN

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

cost basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as the change in unrealized gains/losses for securities held at the end of the year.

Contributions are recorded on the accrual basis, which recognizes participants' contributions and the related Employer matching contributions at the time the participants' contributions are withheld from their wages. Employer discretionary profit sharing contributions are recorded in the period recognized in the Employer's financial statements.

Benefits are recorded when paid, with the exception of amounts refundable by the Plan to Participants for contributions made in excess of amounts allowed by the Internal Revenue Service. At December 31, 2022 and 2021, there were no such excess contributions refundable to participants.

The Plan is responsible for the payment of administrative expenses. Certain administration and custodial expenses are paid by the Employer.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Subsequent events have been evaluated through September 26, 2023, which is the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

Current accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs into valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTES TO FINANCIAL STATEMENTS--Continued

JACKSON ORLANDO 401(K) PLAN

NOTE C--FAIR VALUE MEASUREMENTS--Continued

The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual funds: Valued at the quoted market price, which represents the net asset value of shares held by the Plan at year end.

Pooled separate accounts: Valued based on quoted market prices of the securities underlying the pooled separate accounts.

Collective investment trusts: Valued based on quoted market prices of the securities underlying the collective investment trusts.

NOTES TO FINANCIAL STATEMENTS--Continued

JACKSON ORLANDO 401(K) PLAN

NOTE C--FAIR VALUE MEASUREMENTS--Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,105,598	\$ -0-	\$ -0-	\$ 1,105,598

Total assets at fair value	<u>\$ 1,105,598</u>	<u>\$ 5,075,036</u>	<u>\$ -0-</u>	<u>\$ 6,180,634</u>

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,058,527	\$ -0-	\$ -0-	\$ 1,058,527

Total assets at fair value	<u>\$ 1,058,527</u>	<u>\$ 4,112,480</u>	<u>\$ -0-</u>	<u>\$ 5,171,007</u>

NOTE D--TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan has an agreement with Principal to maintain the investments of the Plan and to provide administrative and participant recordkeeping services for the Plan. For the year ended December 31, 2022, contributions to the Plan of \$3,259,455 were deposited with Principal for investment, and participants in the Plan received distributions of \$1,130,000 from funds held by Principal. At December 31, 2022 and 2021, the Plan had \$6,180,635 and \$5,171,007, respectively, of assets held by Principal.

NOTES TO FINANCIAL STATEMENTS--Continued

JACKSON ORLANDO 401(K) PLAN

NOTE E--TAX STATUS

The Plan is intended to satisfy the tax qualification requirements under Section 401(a) of the Internal Revenue Code; therefore, the trust funds of the Plan are intended to be exempt from Federal income taxes. The amended Plan has not requested a favorable determination letter from the IRS since the prototype on which the Plan is based has been determined to be qualified under Section 401(a) of the Internal Revenue Code.

NOTE F--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the years ended December 31, 2022 and 2021, there were no significant differences between the financial statements and Internal Revenue Service Form 5500.

NOTE G--FORFEITED NON-VESTED ACCOUNTS

At December 31, 2022 and 2021, investments included \$601 and \$0 respectively, in unused forfeitures which were available to pay for administrative expenses or reduce future Employer contributions. During the year ended December 31, 2022, the forfeiture account was utilized to pay administrative expenses totaling \$9,201 and Employer matching contributions of \$21,125.

NOTE H--PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

NOTE I--SUMMARY OF INFORMATION CERTIFIED BY QUALIFIED INSTITUTIONS

The total fair value of the Plan's net assets was \$6,204,901 and \$5,171,007 at December 31, 2022 and 2021, respectively. With the exception of contributions receivable, qualified institutions (Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company) have supplied the Plan Administrator with certifications as to the completeness and accuracy of all information presented in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and in the statement of changes in net assets available for benefits for the year ended December 31, 2022, in regards to investment activity.
