Report of Independent Auditor

To the Plan Administrator
Ardurra Retirement Plan
Tampa, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ardurra Retirement Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investments information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARDURRA RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of the Plan

The following description of the Ardurra Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan’s provisions.

The Plan was established on January 1, 1993 as a defined-contribution plan covering all full-time permanent employees of Ardurra Group, Inc., including its wholly-owned subsidiaries Ardurra Group Holdings LLC, AndersonPenna Partners Inc., Henry Van Oesen & Associates, Inc., a North Carolina Corporation, d/b/a Criser Troutman Tanner Consulting Engineers, Design South Professionals, LLC, as well as CG-3PL Engineering D.P.C., which is a variable interest entity in which Ardurra Group, Inc. is the primary beneficiary (collectively, the “Company”, “Employer”, or “Sponsor”). The Plan is subject to the provisions of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”). There are no age or service requirements to become a participant in the Plan.

Transfers – The Plan was amended during 2022 to include the merge and transfer of Infrastructure Engineering Corporation Retirement Plan, Fulghum MacIndoe & Associates, Inc. 401(k) Plan, and Ritoch-Powell & Associates, Inc. Retirement Savings Plan. Assets totaling \$14,614,902 were transferred to the Plan.

Administration of Plan Assets – The Plan is administered by the Company. The Plan’s assets are held and managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company, the “qualified institutions” of the Plan. The participants direct the investment of their account balance and may select from various investment options maintained by the qualified institutions.

Contributions – Subject to certain limitations, under Internal Revenue Code (“IRC”) Section 401(k), participants are permitted to contribute up to 100% of their compensation, subject to annual limits of \$20,500, and an additional \$6,500 for catch-up contributions for participants who are age 50 or older. In addition, unless the participant elects otherwise, the Plan automatically enrolls eligible employees into the Plan at a 3% of compensation default contribution rate, with a 1% annual automatic increase up to a maximum of 10% of compensation default contribution rate. The Plan also allows for Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified plans.

The Company has the option of making discretionary matching contributions, qualified nonelective contributions and profit sharing contributions. The Employer made a discretionary matching contribution of approximately \$1,483,622 for the year ended December 31, 2022. No other discretionary contributions were made by the Employer during the Plan year.

Participant Investment Account Options – Upon enrollment in the Plan, a participant may direct contributions into any of various investment options held by the qualified institutions. Participants may change their investment options at their discretion.

Participant Accounts – Each participant’s account is credited with the participant’s contribution, Employer contribution, if any, and Plan earnings. Participant accounts are charged with withdrawals, an allocation of Plan losses and investment expenses. Contract investments are self-directed by the participants and Plan earnings are credited to the participants’ respective accounts. Discretionary contributions made by the Company are allocated to participants based on an integrated formula, as defined in the Plan document.

ARDURRA RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of the Plan (continued)

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions plus earnings is based on years of service. A participant is 100% vested after three years of credited service based upon the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	33%
2	66%
3	100%

Payments of Benefits – Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account, or annual installments over a period not exceeding the life expectancy of the participant or the life expectancy of the participant and a designated beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in the form of a direct transfer to an individual-retirement account or any qualified plan described in Section 401(a) of the IRC. On termination of service due to death or disability, as defined by the Plan, a participant shall become 100% vested in the Plan. The Plan also provides for certain hardship withdrawals and non-emergency withdrawals.

Notes Receivable from Participants – Participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance and may have no more than two loans outstanding. The notes are secured by the vested portion of the participant's account balance. Each note shall be repaid within a specified period of time, in accordance with the Plan document. The notes bear interest at a rate ranging from 4.25% to 9.25% commensurate with local prevailing rates as determined annually by the Plan administrator at the time the note is approved. Principal and interest are collected ratably through payroll deductions.

Forfeitures – Forfeitures occur when a participant terminates employment and is not vested in a portion of the Employer discretionary contribution amounts. Excess forfeitures will first be used to offset Plan administration expenses and then to reduce employer contributions. As of December 31, 2022 and 2021, the Plan had approximately \$46,000 and \$48,000, respectively, in forfeitures available for future use. During the year ended December 31, 2022, forfeitures totaling approximately \$70 and \$99,000 were used by the Plan to pay administrative expenses and to reduce Employer contributions, respectively.

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements of the Plan have been prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Administrative Expenses – As provided by the Plan Agreement, administrative expenses related to Plan investments and administration are paid by the Plan, and other administrative expenses are paid by the Plan Sponsor.

ARDURRA RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 2—Summary of significant accounting policies (continued)

Notes Receivable from Participants – Notes receivable from participants is measured at their principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowances for credit losses have been recorded as of December 31, 2022 and 2021. Loans are considered to be in default and uncollectible by the Plan if any scheduled loan repayments are not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due.

Investments, Investment Valuation, and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Capital gains are recorded when realized.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements – Fair value determinations, other than when using net asset value as a practical expedient, are made based upon a hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Three levels of inputs may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy, if applicable. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds – Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are opened mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These investments are classified within Level 1 of the fair value hierarchy.

Pooled Separate Accounts and Common Collective Trusts – These investments are investment vehicles valued using NAV provided by the administrator of the fund, as a practical expedient. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is excluded from the valuation hierarchy consistent with U.S. GAAP.

ARDURRA RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 2—Summary of significant accounting policies (continued)

Self-Directed Brokerage Account – These investments are valued at current value based on published market quotations from individual investments composing the brokerage accounts. Such assets are classified as Level 1 of the valuation hierarchy.

Guaranteed Interest Account – These investments are made by the Plan in a group annuity contract issued by Principal Life Insurance Company, which guarantees a fixed interest rate. The fair value of these accounts is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. Guaranteed interest accounts are classified within Level 3 of the valuation hierarchy.

Limited Partnership Interests – These partnerships invest in undeveloped land, and the fair value of these partnership interests are based upon the fair value of the underlying land times the Plan's percentage ownership interest in the respective partnerships. Fair value for the land is defined as the most probable price for which a property will sell in a competitive market under all conditions requisite to a fair sale. Determination of this fair value involves significant judgment and, for this reason, these investments are classified within Level 3 of the valuation hierarchy. The unobservable inputs used in valuing the underlying land are based on property appraisals prepared by the Citrus County, Florida Property Appraiser in assessing the real estate taxes associated with the undeveloped land. The assessed values are based on property sales from the previous year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits – Benefits are recorded by the Plan when processed and paid.

Note 3—Investments certified by the qualified institutions (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the qualified institutions of the Plan have certified the following data included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, dividends and capital gains, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Pooled separate accounts measured at NAV (a)				<u>4,074,495</u>
Investments, at fair value				<u>\$ 55,057,882</u>

- (a) Certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amount presented in the statements of the net assets available for benefits. There are no unfunded commitments, redemption frequency is allowed daily, and there is no redemption notice period.

Net gains (realized and unrealized) of approximately \$6,000 in the Plan's Level 3 investments for the year ended December 31, 2022 are reported within net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

ARDURRA RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 5—Investment contracts with insurance company

The Plan invests in guaranteed interest accounts, common collective trusts, and pooled separate accounts with Principal Life Insurance Company ("Principal") and common collective trust with Putnam Investment Management Co. Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution and Plan earnings, and is charged for Plan withdrawals. Former participants are charged with administration fees related to maintenance of their accounts as charged by Principal.

The guaranteed interest accounts provide a guaranteed interest rate for a specified period of time. The crediting interest rates ranged from 1.21% to 1.25% for the year ended December 31, 2022. The fair market value of the account is the value paid when funds are withdrawn prior to their maturity.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7—Income tax status

On June 30, 2020, the Internal Revenue Service stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401 of the IRC. The prototype plan has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan itself. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, we believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Party-in-interest transactions

Certain Plan investments are guaranteed interest accounts, common collective trusts, and pooled separate accounts managed by Principal, an affiliate of Principal Trust Company and Principal Life Insurance Company, the qualified institutions as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services. While these transactions qualify as party-in-interest activity, they are expressly exempted from the prohibited transaction rules (ERISA, Title I, Section 408(b)).

ARDURRA RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 9—Risks and uncertainties

The Plan provides for various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 10—Subsequent events

Management has evaluated subsequent events through October 16, 2023, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued. During January 2023, the Plan received a transfer of approximately \$26,000,000 due to a merger with four affiliated plans.
