Independent Auditor's Report

To The Board of Trustees
Savings Plan for the Employees of

The Amalgamated Life Insurance Company

White Plains, NY

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Savings Plan for the Employees of the Amalgamated Life Insurance Company (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial

statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter —Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i – Schedule of Assets (Held at End of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

SAVINGS PLAN FOR THE EMPLOYEES OF THE AMALGAMATED LIFE INSURANCE COMPANY

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

(1) Description of the Plan

The following brief description of the Savings Plan for the Employees of The Amalgamated Life Insurance Company (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for complete information.

(a) General

The Plan was formed to provide eligible employees with benefits upon their retirement. The Plan is a defined contribution plan covering substantially all employees of the Amalgamated Life Insurance Company (“ALICO”) and its affiliates. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The plan was amended effective October 11, 2021 to incorporate certain legislative and regulatory requirements.

(b) Contributions

Each year, participants may contribute to the Plan the lesser of up to 60% of pretax annual compensation or the Internal Revenue Code (“IRC”) 402(g) limit (\$20,500 for 2022 and \$19,500 for 2021). Additionally, \$6,500 for 2022 and 2021 in catch-up contributions is allowed if the participant is age 50 or older by the end of the calendar year. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Compensation is defined as the taxable compensation reported by ALICO on the participant’s Internal Revenue Service (“IRS”) Form W-2 for the Plan year. Contributions to the Plan are deducted by ALICO from participant compensation.

Effective January 1, 2018, the Plan was amended to allow participants to make Roth contributions to the Plan.

During 2022 and 2021, ALICO contributed a 50% match on employee contributions up to 3% of eligible compensation of \$376,572 and \$412,051, respectively.

(c) Participant Accounts

Each participant’s account is credited with the participant’s contributions, their respective matching ALICO contributions and allocations of the Plan’s investment income earnings. Participant accounts are charged with withdrawals, allocations of Plan losses, and administrative expenses related to participant-directed transactions. Allocations are based on participant account balances, earnings, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

(d) Vesting

Participant contributions and related earnings thereon are always 100% vested. The ALICO matching contributions, and related earnings thereon, are vested for each year of service, as follows: 20% after one year, 40% after 2 years, 60% after 3 years, 80% after 4 years, and 100% after 5 years and thereafter.

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

(e) Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce future ALICO contributions and/or offset Plan administration fees. Forfeited nonvested accounts, at December 31, 2022 and 2021 amounted to \$2,644 and \$19,956, respectively. During 2022 and 2021, \$26,707 and \$13,057 was used to reduce ALICO contributions in 2022 and 2021, respectively.

(f) Distributions

Prior to termination of service, a portion of a participant's contributions may be withdrawn under financial hardship upon written notice in such form as prescribed by the Plan provisions. Upon withdrawing from the Plan, participants generally receive a full disbursement of their vested account balances. Any participant who has not attained the age of 59½ may be subject to a 10% penalty and applicable income taxes.

Upon the attainment of age 59½, a distribution may be made in either a lump sum or as a direct rollover to a qualified Individual Retirement Account ("IRA"). Upon termination of employment, participants may request to receive a payout in either a cash distribution or as a rollover to a qualified IRA account or new employer's retirement plan. Upon the death of an employee, the designated beneficiary will be entitled to receive the vested account balance. If the participant is an employee at the time of their death, all ALICO matching contributions become fully vested regardless of years of service.

(g) Notes Receivable from Participants

Employees must have at least \$2,000 vested in their account before they are eligible for a loan. The minimum loan is \$1,000. The maximum loan is the lesser of one-half of the participant's vested account balance or \$50,000 reduced by the highest outstanding loan balance during the prior twelve-month period. Installment payments are made through payroll deductions. A participant may have only 2 outstanding loans at a time. A participant with the maximum number of existing loans may not apply for another loan until one of the existing loans is paid in full. Also, a participant may not refinance an existing loan or apply for an additional loan for the purpose of paying off an existing loan.

All loans must be repaid within a five-year period unless it is for the purchase of a principal residence; then the loan may be repaid over a ten-year period. All loans have an interest rate of prime plus 1% at the time the loan is entered into, which remains fixed for the life of the loan.

For the loans outstanding at December 31, 2022 and 2021, the interest rate range was 4.25% to 8.50% and 4.25% to 6.50%, respectively.

(h) Other Income

Other income represents proceeds from a revenue sharing agreement with Fidelity Management Trust Company ("Fidelity"). Effective as of November 1, 2016, there is a new pricing with the new agreement. Fidelity provides a quarterly revenue credit to participant accounts on a pro rata basis based on the revenue generated from the investments. During the years ended December 31, 2022 and 2021, the Plan allocated \$47,743 and \$49,940 respectively, to eligible participants. At December 31, 2022 and 2021, the Fee Credits account totaled \$47,146 and \$50,133, respectively.

(i) *Administrative Expenses*

Participant maintenance fees and expenses related to participant-directed transactions, such as loan processing fees, are deducted from the respective participant accounts. Other administrative expenses incurred in connection with the operation of the Plan are paid by ALICO and are excluded from these financial statements.

(2) Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and contingencies and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Valuation of Investments and Income Recognition*

Financial instruments are carried at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in a principal or most advantageous market. Fair value is a market-based measurement that is determined based on inputs, which refer broadly to assumptions that market participants use in pricing assets or liabilities. These inputs can be readily observable, market corroborated, or unobservable. The framework for measuring fair value provides a fair value hierarchy that, prioritizes the inputs to valuation techniques used to measure fair value. Assets and liabilities are classified in their entirety based on the level of input that is significant to the fair value measurement. Assessing the significance of a particular input may require judgment considering factors specific to the asset or liability, and may affect the valuation of the asset or liability and its placement within the fair value hierarchy. The Plan classifies fair value balances based on the fair value hierarchy as follows:

Level 1—Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis. Valuation adjustments and block discounts are not applied to Level 1 instruments.

Level 2—Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

SAVINGS PLAN FOR THE EMPLOYEES OF THE AMALGAMATED LIFE INSURANCE COMPANY

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investment income is recognized when earned and consists of net appreciation (depreciation) in fair value of investments, interest and dividends. Dividends are recorded on the ex-dividend date. Purchases and sales are recorded on a trade-date basis. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions and included within benefits paid to participants and beneficiaries in the statements of changes in net assets available for benefits based upon the terms of the Plan document.

(e) Payment of Benefits

Benefit payments are recorded when paid.

(3) Risks and Uncertainties

The Plan invests in a variety of investment funds. The investment funds are primarily invested in U.S. equities and fixed income securities. Investment funds, like other investment securities, in general are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(4) Certified Investments

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants as shown in the statements available for benefits at December 31, 2022 and 2021.
- Net appreciation in fair value of investments, dividend income, and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Investment information included in the Schedule H (Form 5500), Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment

information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

(5) Fair Value Measurements

The Plan's assets recorded at fair value have been categorized based upon a fair value hierarchy. See Note 2 for a discussion of the Plan's policies regarding this hierarchy.

A description of the valuation techniques applied to the Plan's major categories of assets measured at fair value is as follows:

Mutual Funds

Mutual funds are valued at the unadjusted quoted price, which represents the net asset value ("NAV") published on a daily basis. Mutual funds that are actively traded on national securities exchanges are classified as Level 1.

Common Collective Trust

The common collective trust ("CCT") is valued based on the NAV of the CCT. The NAV is used as a practical expedient to estimate fair value, and NAV is based on the fair value of the CCT's underlying investments less liabilities. The CCT primarily invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities and money market funds. The Plan's investment in the CCT can be redeemed immediately at the current NAV per share. There were no unfunded commitments as of December 31, 2022 and 2021.

There have been no changes in the valuation methodology used at December 31, 2022 and 2021.

The following tables present the level within the fair value hierarchy at which the Plan's financial assets are measured on a recurring basis at December 31, 2022 and 2021:

	Balance at December 31, 2022	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Assets:				
Mutual funds	\$ 52,297,081	\$ 52,297,081	\$ —	\$ —
Common collective trust*	6,252,099	—	—	—
Investments at fair value	<u>\$ 58,549,180</u>	<u>\$ 52,297,081</u>	<u>\$ —</u>	<u>\$ —</u>

SAVINGS PLAN FOR THE EMPLOYEES OF THE AMALGAMATED LIFE INSURANCE COMPANY

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

	Balance at December 31, 2021	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Assets:				
Mutual funds	\$ 63,668,792	\$ 63,668,792	\$ —	\$ —
Common collective trust*	6,949,841	—	—	—
Investments at fair value	\$ 70,618,633	\$ 63,668,792	\$ —	\$ —

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient are not required to be and have not been classified in the fair value hierarchy table. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy table to the amounts presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measured on a non-recurring basis during the years ended December 31, 2022 and 2021.

(6) Excess Employee Contribution Payable

During 2022, the Plan failed the Actual Deferral Percentage (“ADP”) test, which measures the contributions of the highly compensated employees (“HCES”) and the non-highly compensated employees (“non-HCES”). The amount contributed by HCES cannot exceed a certain limit based on the amount contributed by non-HCES. HCES contributed \$7,591 over the ADP limit during 2022. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with a corresponding reduction to contributions. On January 26, 2023, \$7,591 was reimbursed to the affected participants.

(7) Plan Termination

While it has not expressed any intention to do so, the Plan may be terminated or partially terminated, or contributions under the Plan may be partially or completely terminated at any time by the Board of Directors of ALICO. In the event of such termination of the Plan, the participants affected would become 100% vested and the assets remaining would be distributed to participants, former participants and beneficiaries in proportion to their respective account balances at the date of termination.

(8) Tax Status

The Plan sponsor had adopted a prototype non-standardized retirement plan, which received a favorable opinion letter from the IRS on March 31, 2014, which stated that the prototype Plan and related trust were designed in accordance with applicable sections of the IRC. The Plan adopted a non-standardized pre-approved profit sharing plan, effective October 11, 2021, which received a letter from the IRS dated June 30, 2020 which stated the pre-approved plan is acceptable for use by employers under the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there is currently no audit for any tax period in progress.

(9) Transactions with Related Parties and Parties-in-Interest

The recordkeeping and custody functions for the underlying investments held by the Plan are performed by Fidelity. The Plan has a revenue sharing agreement with Fidelity and certain investments of the Plan are shares of mutual funds and a common collective trust whose advisors are affiliated with Fidelity Management Trust Company and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan maintains a banking relationship with Amalgamated Bank (the “Bank”). The Bank is a party-in-interest to the Plan and a member of the Board of Directors of the Bank serves on the Board of Trustees of the Plan.

(10) Subsequent Events

The Plan’s management has evaluated subsequent events through October 16, 2023, which is the date the financial statements were available to be issued, and there were no subsequent events requiring adjustment to the financial statements or disclosures as stated herein, other than noted below.
