INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Participants of
Asembia, LLC 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Asembia, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Asembia, LLC 401(k) Profit Sharing Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Asembia, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Asembia, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Asembia, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Asembia, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

General

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Asembia, LLC 401(k) Profit Sharing Plan (the "Plan") is administered by Asembia, LLC (the "Company", "Sponsor", or "Plan Administrator"). The following description of the Plan is provided for general information purposes only.

The Plan is a voluntary, participant-directed, defined-contribution 401(k) plan as defined under the Internal Revenue Code ("IRC"), which became effective January 1, 2006 for the benefit of all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Company is the Plan administrator and is responsible for the operations of the Plan. AdvisorTrust, Inc. is the Trustee for the Plan.

Eligibility

Employees of the Company who have completed three months of continuous employment and attained age 18 are eligible to participate in the Plan. The following classes of employees are not eligible to participate in the Plan: employees whose employment is governed by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining; employees who are nonresident aliens who do not receive earned income from the Company that constitutes U.S. source income; individuals classified by the Company as independent contractors who are subsequently determined by an administrative or judicial body to be employees; and employees who are leased employees.

Contributions

Eligible employees may contribute to the Plan an amount equal to a stated dollar value or percentage of their annual pretax compensation, subject to limitations under the IRC (\$20,500 in 2022). Further, catch-up contributions, as defined, are permitted based on the IRC limit of \$6,500 in 2022. Participants may also transfer balances from another qualified plan, a government 457(b) plan, a traditional pretax IRA or a 403(b) annuity plan.

The Company may, at its discretion, elect to contribute on behalf of each eligible participant, an employer-matching contribution. For the year ended December 31, 2022, the Company made an employer-matching contribution of 50% of the first 6% of employees' base compensation while the participant is actively participating. The Company made employer-matching contributions of \$543,061 for the year ended December 31, 2022.

The Company may also make a discretionary profit-sharing contribution to all eligible participants who are enrolled in the Plan during the payroll period. Discretionary contributions, if made, are determined by the Company using a formula, based on either the participant's contributions to the Plan or the participant's eligible compensation for that payroll period. Eligibility is determined during the period the contribution is made. For Plan year 2022, there were no discretionary, profit-sharing contributions.

The Company may also make a discretionary qualified nonelective contribution ("QNEC") to all eligible participants for the Plan year. QNEC contributions, if made, are based on a dollar amount or a percentage of a participant's compensation for the Plan year. For the Plan year 2022, there were no discretionary QNEC contributions to the Plan.

Asembia, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

Participants direct the investment of their contributions and any Company contributions into the various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with their contributions, the Company's contributions, if any, and investment earnings, and is reduced for investment losses, distributions, if any, and fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. In the event that a participant terminates employment with the Company, unvested account balances are forfeited and remain in the Plan to reduce future Company contributions.

Vesting of Benefits

Participants are immediately vested in their elected contributions, rollover contributions, and qualified nonelective contributions, plus actual earnings thereon. A participant's vesting in the Company's profit-sharing contributions and employer matching contributions, plus actual earnings thereon, is based on years of service. Participants who attain the normal retirement age (defined as 65), or become disabled, are automatically 100% vested in their accounts. Vesting in the Company's contributions for all employees is subject to a six-year, graded vesting schedule based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
At least 6	100%

Notes Receivable from Participants

Participants may borrow from their vested account balances. Loan balances are limited to the lesser of 50% of their vested account balances or \$50,000, with a minimum of \$500. Participants may have up to two loans outstanding at any given time. Interest rates on new loans bear interest at prime plus 1%. Loans are repaid in installments for terms up to five years. However, a loan used to acquire a principal residence for a participant may be repaid over a period not to exceed thirty (30) years. If a participant defaults on any outstanding loan, the unpaid balance, and any interest due thereon, shall become due and payable in accordance with the terms of the underlying promissory note. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Benefit Payments

A participant may receive distributions from their vested interest upon attainment of the earlier of age 65 or reaching the normal retirement age while still employed, the participant's death, or termination. A participant may defer the receipt of benefits until the latter of (a) attainment of the earlier of age 65 or reaching the normal retirement age; (b) the tenth (10th) anniversary of the year in which the participant commenced participation in the Plan; or (c) termination. Participants may elect to receive their distributions in a lump-sum payment in cash or property, or installment payments. If a participant is terminated prior to retirement, they may roll over their account balance into another qualified retirement plan or request a lump-sum distribution from the Plan. Upon death, benefit payments will be paid to the surviving spouse or other designated beneficiary.

Asembia, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

The participant's vested interest in their balance from employee contributions is always fully vested. The participant's vested interest in their account resulting from employer contributions is determined under the applicable vesting schedule. The Plan document contains special rules for cash-out payments under a certain limit to be directly rolled over to an individual retirement account ("IRA") chosen by the Plan Administrator.

Forfeitures

Forfeited nonvested accounts are available to reduce future employer contributions and used to reduce Plan expenses. Accounts not used to pay Plan expenses may be reallocated among remaining participant accounts as an additional employer matching or profit-sharing contribution. There were \$44,993 of forfeitures used to reduce the employer match contributions and \$41,157 of forfeitures used to reduce Plan expenses during the 2022 Plan year. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$10 and \$8,678, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Plan uses the accrual basis of accounting for the presentation of financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Loans are considered delinquent after a grace period of nonpayment on the last day of the calendar quarter following the calendar quarter in which the scheduled loan payment was due. Notes receivable maturities range from 2023 to 2028 with interest rates ranging from 4.25% to 8.50%. Plan participants may withdraw monies on a hardship basis provided it meets the criteria established by the IRC.

Benefit Payments

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed in order to maintain compliance with non-discrimination rules per the IRS are recorded as a liability with a corresponding reduction to participant contributions. The Plan timely distributed the 2022 and 2021 excess contributions to the applicable participants in 2023 and 2022, respectively.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the Plan document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan, are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Certain expenses that are paid by the Company and reimbursed from the Plan are recorded as accrued expenses by the Plan. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. TAX STATUS

The Plan has adopted a volume submitter profit sharing plan. The IRS has informed the provider of the volume submitter plan by a letter dated June 30, 2020, that the volume submitter plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the letter was received, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. There are no tax related penalties or interest reflected in these financial statements.

4. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, AdvisorTrust, Inc. (the "Trustee") of the Plan, has certified to the completeness and accuracy of all investments, notes receivable and interest from notes receivables, and related investment activity, in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the schedule of assets (held at end of year) as of December 31, 2022.

No auditing procedures were performed by the independent auditor with respect to information certified as complete and accurate by the Trustee of the Plan, except for comparing such information with the information reported in the financial statements.

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There were no transfers between Levels 1, 2, and 3 during the years ended December 31, 2022 and 2021.

Money Market Funds: Investments are valued based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within Level 1 of the fair value hierarchy.

Registered Investment Companies: Valued at the closing price reported on the active market on which the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, by class of asset, as of December 31:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Money market account	\$ 409,448	\$ -	\$ -	\$ 409,448
Registered investment companies	10,888,692	-	-	10,888,692
Total assets at fair value	<u>\$ 11,298,140</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,298,140</u>

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Money market account	\$ 406,883	\$ -	\$ -	\$ 406,883
Registered investment companies	11,288,040	-	-	11,288,040
Total assets at fair value	<u>\$ 11,694,923</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,694,923</u>

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

6. RISKS AND UNCERTAINTIES

The assets of the Plan are primarily financial instruments that are monetary in nature. As a result, interest rates have a more significant impact on the Plan's performance than the effects of general levels of inflation. Interest rates do not necessarily move in the same direction or in the same magnitude as the prices of goods and services as measured by the consumer price index. Investments in funds are subject to risk conditions of the individual fund objectives, stock market fluctuations, interest rates, economic conditions and world affairs.

7. PARTIES-IN-INTEREST TRANSACTIONS

The Plan's investments include investments managed by AdvisorTrust, Inc., the Trustee, as defined by the Plan, and, therefore, those transactions are considered as party-in-interest transactions. Additionally, administrative expenses are paid to the Trustee who acts as the recordkeeper of the Plan. These transactions with the Trustee qualify as party-in-interest transactions. Notes receivable from Plan participants qualify as party-in-interest transactions.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after December 31, 2022 through October 16, 2023, the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that would require adjustment to or disclosure in the financial statements.
