INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Management of the
Blue Mountain Construction Services 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Blue Mountain Construction Services 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made based on these financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we: (a) exercise professional judgment and maintain professional skepticism throughout the audit, (b) identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements, (c) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed, (d) evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, and (e) conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BLUE MOUNTAIN CONSTRUCTION SERVICES 401(k) PLAN

Notes to Financial Statements

December 31, 2022

Note 1 - Description of plan:

The following description of the Blue Mountain Construction Services 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. Blue Mountain Construction Services, Inc., formerly Blue Mountain Air, Inc., is the Plan Sponsor.

The Plan also covers employees of participating affiliates including:

- Blue Mountain Homes, LLC
- Blue Mountain Realty, Inc.
- National Home Investors, LLC
- Portentous Properties, LLC

General - The Plan is a defined contribution plan established on January 1, 2005, amended and restated with an effective date of May 1, 2016, and July 21, 2021, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan provides benefits for all eligible employees of the Plan Sponsor and participating affiliates, collectively the “Company”.

The Plan Sponsor is the Plan administrator and the trustee. The Plan Sponsor retains the services of a third party to assist in the administration of the Plan. Through December 31, 2022, the Plan’s custodian was Minnesota Life Insurance Company (“Minnesota Life”), and the Plan’s third party administrator was Securian Retirement Services’ Participant Recordkeeping, the parent of Minnesota Life Insurance Company.

Subsequent to year end and effective January 1, 2023, the Plan was amended to increase initial auto enrollment deferral percentages to 3% with auto-escalation of 1% annually up to 5%. Additionally, upon meeting eligibility requirements participants may enter on the first day of the following month. All other provisions remained substantially the same.

Eligibility - All employees of the Company are eligible to participate upon attaining the age of 18 and completing three months of service except for certain members of a collective bargaining agreement, non-resident aliens, leased employees, and temporary or seasonal employees. Upon meeting eligibility requirement, participants may enter the plan on the first day of the following Plan quarter.

BLUE MOUNTAIN CONSTRUCTION SERVICES 401(k) PLAN

Notes to Financial Statements

December 31, 2022

Note 1 - Description of plan (continued):

Employee contributions - Participants are eligible to contribute up to 100% of pre-tax annual compensation, as defined by the Plan and subject to the maximum allowed under section 401(k) of the Internal Revenue Code ("IRC"). Participants are also permitted to deposit into the Plan distributions received from other qualified plans (rollovers). Participants direct the investment of their account balances into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an automatic enrollment provision whereby all existing employees without affirmative elections to participate in the Plan and newly hired employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set initially at 2% of eligible compensation and their contributions are invested in a balanced fund until changed by the participant. Additionally, the Plan has an escalation clause that increases the automatically enrolled participants deferral rate annually by 1% until a deferral rate of 6% is reached unless they affirmatively elect not to. A participant may elect to increase or decrease the percentage contribution, each pay period. Employees may elect not to participate in the Plan.

Employer contributions, net of forfeitures - The Company may at its sole discretion, make employer matching contributions equal to a uniform percentage of each tier of participants' elective deferrals at the option of the Company's Board of Directors, subject to limitations imposed by applicable provisions of the IRC. The Company made employer matching contributions for the year ended December 31, 2022 of approximately \$469,000, net of forfeitures. Participants that have completed one year of service and are employed at year end are eligible to receive discretionary profit sharing contributions. There were no discretionary profit sharing contributions during 2022.

Participant accounts - Each participant's account is credited with the participant's contribution, allocation of employer contributions, and allocations of Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the custodian. Participant investment options include a variety of pooled separate accounts and a guaranteed investment contract. Participants may change their elections at any time.

BLUE MOUNTAIN CONSTRUCTION SERVICES 401(k) PLAN

Notes to Financial Statements

December 31, 2022

Note 1 - Description of plan (continued):

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Employer contributions vest based upon completed years of service ratably over a four year period. Participants terminated prior to May 1, 2016 and after February 1, 2014, were subject to a three year vesting schedule where upon completion of three or more years of service the employer contributions became 100% vested. Participants separated from service prior to February 1, 2014 remain on the six year graded vesting effective during that time period.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The loans are secured by the balance in the participant's account and bear interest at market financing rates. Loan terms range from one to five years, but may not exceed five years, except for loans used for a purchase of a primary residence, which may be repaid over a longer period. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. In-service distributions of a participant's vested account balance are permitted providing the participant has attained the age of 59 ½. Upon termination, the participant may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. Unless otherwise instructed by the participant, participants with vested account balances of \$1,000 or less upon separation will receive a lump sum cash payout and participants with vested account balances ranging from \$1,000 to \$5,000 will automatically be rolled over to an individual retirement account ("IRA").

Forfeited accounts - Forfeitures are used to reduce employer contributions and to pay for Plan expenses. Forfeitures used to reduce Plan expenses were approximately \$13,200 for the year ended December 31, 2022. Approximately \$1,500 of forfeitures were used to reduce employer contributions for the year ended December 31, 2022. At December 31, 2022 and 2021, forfeited non-vested accounts totaled approximately \$124,600 and \$36,700, respectively.

BLUE MOUNTAIN CONSTRUCTION SERVICES 401(k) PLAN

Notes to Financial Statements

December 31, 2022

Note 1 - Description of plan (continued):

Investment management fees and operating expenses - The Company pays the cost of administering the Plan such as recordkeeping, accounting, legal and trustee services. Investment fees are generally assessed as a percentage of assets invested, and are deducted directly from investment returns. Transaction-based fees that are associated with optional services offered under the Plan are charged directly to the account of the participant, who takes advantage of such a feature, like a participant note.

Administrative expenses - Substantially all administrative expenses of the Plan are paid by the Plan. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

Note 2 - Summary of significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition - The Plan's pooled separate accounts and guaranteed investment contract are stated at their fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The trustee has concluded that the guaranteed investment contract is not fully benefit responsive and therefore should be reported at fair value. Additionally, the trustee has determined the fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

BLUE MOUNTAIN CONSTRUCTION SERVICES 401(k) PLAN

Notes to Financial Statements

December 31, 2022

Note 2 - Summary of significant accounting policies (continued):

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan’s investments.

Net depreciation in fair value of investments - The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net depreciation in fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements are available to be issued which is the date of the independent auditors' report.

Note 3 - Fair value measurements:

The Plan performs fair value measurement in accordance with ASC 820, *Fair Value Measurements and Disclosures*. ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy are described below:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair value measurements (continued):

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2022 (Level 1, 2, and 3 inputs are defined above):

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 7,953,623	\$ -	\$ 7,953,623
Guaranteed investment contract	-	-	652,429	652,429
Total investments measured at fair value	<u>\$ -</u>	<u>\$ 7,953,623</u>	<u>\$ 652,429</u>	<u>\$ 8,606,052</u>

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2021 (Level 1, 2, and 3 inputs are defined above):

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 9,569,478	\$ -	\$ 9,569,478
Guaranteed investment contract	-	-	371,360	371,360
Total investments measured at fair value	<u>\$ -</u>	<u>\$ 9,569,478</u>	<u>\$ 371,360</u>	<u>\$ 9,940,838</u>

Pooled separate accounts are carried at the fair value of the underlying net assets of the funds. Deposits in the guaranteed investment contract are stated at cost plus accrued interest, which represents fair value. These assets principally consist of fixed maturity securities, commercial mortgage loans and equity securities.

Ending balance as of December 31	<u><u>\$ 652,429</u></u>	<u><u>\$ 371,360</u></u>

Note 4 - Investments:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Minnesota Life Insurance Company, the custodian of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's custodian as complete and accurate:

- Pooled separate accounts and guaranteed investment contract as shown in the Statement of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Investment loss and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year presented.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022.

BLUE MOUNTAIN CONSTRUCTION SERVICES 401(k) PLAN

Notes to Financial Statements

December 31, 2022

Note 5 - Investment contract with insurance company:

In 2016, the Plan entered into a non-benefit-responsive investment contract with Minnesota Life. Minnesota Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, the guaranteed investment contract is not fully benefit responsive, and is therefore reported at fair value. Fair value as reported to the Plan by Minnesota Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Transfers, at the Plan level are restricted in any 12 month period from movements out of the guaranteed investment contract of the greater of \$2,000 or 20% of the guaranteed investment contract assets.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. During 2022, the average yield and crediting interest rate was approximately 1.68%.

Note 6 - Party-in-interest transactions:

At December 31, 2022 and 2021, the Plan held investments available for benefits of approximately \$8,606,000 and \$9,941,000, respectively, in Minnesota Life funds. Minnesota Life is the Plan's investment broker and has custodial responsibility for investments held in Minnesota Life accounts.

Note 7 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 - Income tax status:

The prototype plan adopted by the Plan Sponsor obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent to receiving this opinion letter, the prototype plan was amended. The Plan administrator believes that the amended prototype plan, as adopted by the Company, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for incomes taxes has been included in the Plan's financial statements.

BLUE MOUNTAIN CONSTRUCTION SERVICES 401(k) PLAN

Notes to Financial Statements

December 31, 2022

Note 9 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
