INDEPENDENT AUDITORS' REPORT

Plan Trustees
NWGE 401(k) Plan
Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of NWGE 401(k) Employee Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) .The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of NWGE 401(k) Employee Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NWGE 401(k) Employee Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NWGE 401(k) Employee Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NWGE 401(k) Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NWGE 401(k) Employee Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at year end) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A: DESCRIPTION OF THE PLAN

The following description of Northwest General Engineering 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan covering all employees after one year of service and are at least 21 years old. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is sponsored by Northwest General Engineering, a California Corporation (the Sponsor).

2. Contributions: Each year participants may contribute up to 100 percent of pretax annual compensation up to a maximum of $20,500 and $19,500 in 2022 and 2021, respectively as defined in the Plan and by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,500 for 2022 and 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor has agreed to make a matching contribution to each participant based on his or her elective deferrals of 100 percent up to 4.0 percent of the participant's included compensation.

3. Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's matching contribution, and (b) Plan earnings. Forfeitures of terminated participants' non-vested accounts are reallocated to active participant accounts and reduce the Company's matching contribution. Each account is also charged with an allocation of administrative expenses. Earnings of assets held by the Plan are allocated to each participant based on each participant's balance in the respective funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investment options are participant directed.

4. Vesting: Participants are vested in their accounts based on years of service. A participant is 100 percent vested after six years of credited service according to the following schedule:

Years of Service	Percentage Vested
0 to 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

5. Participant Notes Receivable: Participants may borrow from their fund accounts up to $50,000 or 50 percent of their vested account balance. No loans are issued for less than $1,000. Loan terms range from one to five years. However, if loan was for the purpose of the purchase of primary residence it may extend more than five years but no more than 30 years. The loans are secured by the balance of the participant's account and bear interest at the prime rate plus 2%. Principal and interest is paid ratably through payroll withholdings, except to the extent the plan administrator determines payroll withholdings is not practical given the level of wages, frequency, or circumstances.

6. Payment of Benefits: On termination of service due to death or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant who terminates employment with a vested account balance of $1,000 or less will receive an Involuntary Cash-Out Distribution.

7. Forfeited Accounts: Forfeited accounts are used to reduce employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled $0.

8. Administrative Expenses: Certain administrative expenses are paid by the Plan sponsor.

9. Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the plan is terminated, participants will become 100% vested in their accounts.

10. Investment Valuation: The Plan's investments are stated at fair value, using quoted market prices. Participant notes receivable are valued at cost, which approximates fair value. Transactions are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on a cash basis.

11. Fair Value Measurements: FASB Accounting Standards Codification 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820 are described below:

    Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

    Level 2 Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Investment assets are valued as described in Note A(10), Investment Valuation. Fair values produced by this method may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There are no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate accounts – Valued at the observable net asset value of the underlying investments as reported by the insurance company.

Stable Value Option – In accordance with FAS 107 (#12) and SOP 94-4-1, the Stable Value Option investment is considered a deposit liability with no defined maturities and is fairly valued at contract value. That is, the contract value listed is also the fair value. Since contract value is fair value according to FASB standards, the average yield earned by the plan is equal to the average yield earned by the plan adjusted to reflect the actual interest rate credited to plan participants.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE B: SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting: The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to employee benefit plans and in accordance with the Plan agreement. The accounting records of the Plan are maintained on the accrual basis of accounting.

   During 2020, the Plan's Form 5500 was prepared on a modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). As a result, the employer contribution for the year ending December 31, 2020, was recorded as a contribution in 2021.

2. Investment Income Recognition: Net appreciation or depreciation caused by fluctuations in the market value of investments is reflected in the statement of changes in net assets available for plan benefits. Amounts invested earn interest, capital gains or losses, and dividends, which in turn are reinvested.

3. Payment of benefits: Benefits are recorded when paid.

4. Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

5. Participant notes receivable: Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

6. Income Taxes: The Plan is qualified with the Internal Revenue Service as a tax-exempt plan and as a qualified employee benefit plan under ERISA. The Plan obtained its most recent determination letter dated February 21, 2019, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the requirements of the Internal Revenue Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE F: EVALUATION OF SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 12, 2023, which is the date the financial statements were available to be issued.

NOTE G: RELATED PARTY TRANSACTIONS

The Plan's sponsor, Northwest General Engineering, a California Corporation, absorbs significant costs of plan administration. All amounts contributed to the plan are held by Transamerica Retirement Solutions, LLC, the plan Trustee in a qualified trust.

NOTE H: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.
