Independent Auditor's Report

To the Administrative Committee and the Investment Committee of the
A&B Retirement Plan for Salaried Employees of
Alexander & Baldwin, LLC:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the A&B Retirement Plan for Salaried Employees of Alexander & Baldwin, LLC (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 (Liquidation Basis), the related statement of changes in net assets available for benefits for the year ended December 31, 2022 (Liquidation Basis), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of their knowledge and ability.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinions.

Emphasis of Matter – Plan Termination and Liquidation Basis

As discussed in Note 6 to the financial statements, the Board of Directors of Alexander & Baldwin, Inc., the ultimate parent company of Alexander & Baldwin, LLC, Series T, the Plan's sponsor, voted on February 23, 2021 to terminate the Plan. As a result, the liquidation basis of accounting was used in presenting the 2022 and 2021 financial statements and all assets were liquidated as of December 31, 2022. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

A&B Retirement Plan for Salaried Employees of Alexander & Baldwin, LLC

Notes to Financial Statements
December 31, 2022 and 2021 (Liquidation Basis)

1. Plan Description

The following brief description of the A&B Retirement Plan for Salaried Employees of Alexander & Baldwin, LLC (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

a. General

The Plan is a defined benefit pension plan covering all salaried employees of Alexander & Baldwin, LLC, Series T and affiliates (the Companies). The Administrative Committee of the Board of Directors of the Companies controls and manages the operation and administration of the Plan. The assets of the Plan are held in the Alexander & Baldwin Retirement and Pension Trust (Master Trust). First Hawaiian Bank (the Trustee) serves as the trustee of the Plan, and together with the investment consultant, manages the Plan's investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2015, the Plan was amended to exclude Kukui'ula Development Company, Inc. and McBryde Resources, Inc. There was no impact to the Plan due to this amendment.

During 2017, Alexander and Baldwin, Inc. completed a conversion process with the requirements to be treated as a real estate investment trust commencing within the year ended December 31, 2017.

On February 23, 2021, the Board of Directors of Alexander & Baldwin, Inc., the ultimate parent company of the Companies adopted a resolution to terminate the Plan effective May 31, 2021 (the Termination Date). The Companies applied for and received approval for the termination from the Internal Revenue Service during 2021. As a result, management determined liquidation was imminent as of December 31, 2021. All participants became fully vested in their accumulated benefits as of the Termination Date. Management expects to complete liquidation of the Plan assets by December 31, 2022 (see Note 6 regarding Plan Termination).

1. Plan Description (continued)

b. Pension Benefits

Employees become eligible to participate in the Plan after one year of service. Effective January 1, 1968, the Plan became noncontributory. Normal retirement age is 65. There are provisions for early and postponed retirement with relative adjustments in benefits. Normal retirement benefits are based on years of service and compensation with various maximum and minimum levels.

Employees hired on or after January 1, 2008, accrue benefits under the cash balance benefit pension formula. An account is maintained for each participant in which contributions are credited for the benefit of the individual.

Employees hired prior to January 1, 2008, accrued benefits under the traditional defined benefit pension formula (traditional formula). On December 31, 2011, all accrued benefits were frozen under the traditional formula and replaced with the cash balance formula.

Employees become fully vested after five years of service under the traditional formula or three years of service if any portion or the entire portion of accrued benefit under the Plan is a cash balance account benefit. If employees terminate before they are fully vested, they forfeit the right to receive the portion of their accumulated plan benefits.

Retirement benefits under the cash balance pension formula were based on a fixed percentage (5 percent) of employee eligible compensation, plus interest. The Plan's interest credit rate will vary from year to year based on the 10-year U.S. Treasury rate. Upon termination of employment, the vested account balance can be paid out in the form of a lump sum or as a monthly annuity.

Employee contributions made before the Plan became noncontributory are being credited annually with 5 percent interest since that date.

In December 2019, the Plan was amended and frozen effective January 1, 2020. All pay credits, benefit accruals, and new participation ceased as of January 1, 2020.

1. Plan Description (continued)

b. Pension Benefits (continued)

In connection with the Plan termination, except for retirees currently receiving payments under the Plan, participants will have the choice of receiving a single lump sum payment or an annuity from a highly-rated insurance company that will pay and administer future benefit payments. The amount of any lump sum payment will equal the actuarial-equivalent present value of the participant's accrued benefit under the applicable pension plan as of the distribution date. Annuity payments to current retirees will continue under their current elections, but will be administered by the selected insurance company.

In June 2022, a single premium paid-up group annuity contract (Contract) was purchased from Plan assets from the Prudential Insurance Company of America (Prudential) for approximately $41.1 million (see Note 6).

Retirees and beneficiaries receiving pension benefits when the Contract was purchased now have such benefits paid by Prudential under the Contract. Benefit payments by Prudential began as of September 1, 2022. The Contract provides that Prudential has the obligation to pay all benefits under the Contract without the change, and in accordance with the elections that were made at the time benefit payments began.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

Due to the decision to terminate the Plan during 2021, management determined that liquidation of the Plan is imminent and the financial statements for 2022 and 2021 have been prepared using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

b. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

c. Risks and Uncertainties

The Plan's interest in the Master Trust utilizes various investment securities, including common collective trusts, money market mutual funds, and insurance contracts. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

d. Investment Valuation and Income Recognition

There were no investments remaining at December 31, 2022.

The Plan's interest in the Master Trust on the 2021 statement of net assets available for benefits is reported at liquidation value. For the Plan's interest in the Master Trust, fair value approximates the amount the Plan expects to collect at liquidation. See Note 4 for description of valuation methods.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment loss includes the Plan's gains and losses on investment bought and sold, as well as held during the year.

e. Administrative Expenses

Administrative expenses of the Plan are paid by the Master Trust, as provided in the Plan document.

f. Payment of Benefits

Benefit payments to participants are recorded upon distribution.

2. Summary of Significant Accounting Policies (continued)

g. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 9, 2023, the date on which the financial statements were available to be issued, and it was determined that all subsequent events have been properly accounted for.

3. Investment in Master Trust and Information Certified by Trustee

Investment in Master Trust
The Plan's investment assets are held in a trust account by the Trustee and consist of an undivided interest in an investment account of the Master Trust, a master trust established by the Companies and administered by the Trustee. Use of the Master Trust permits the commingling of trust assets with the assets of the Companies' various pension plans for investment and administrative purposes. Although assets of multiple plans are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income or loss of the investment assets is allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

At December 31, 2022 and 2021, the Master Trust consisted of assets of the following plans:

- A&B Retirement Plan for Salaried Employees of Alexander & Baldwin, LLC
- Pension Plan for Employees of A&B Agricultural Companies

3. Investment in Master Trust and Information Certified by Trustee (continued)

Information Certified by Trustee

The following is a summary of the Plan's assets as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements, obtained by management and agreed to or derived from information certified by the Trustee of the Plan. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate to the best of their knowledge and ability. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements related to the following assets:

	Plan's Interest in Master Trust		Total Master Trust Assets	
	2022 (Liquidation Value)	2021 (Liquidation Value)	2022 (Liquidation Value)	2021 (Liquidation Value)
Investments:				
Common collective trusts	$ -	$ 63,122,294	$ -	$ 181,752,673
Money market mutual funds	-	1,614,741	-	4,649,441
Insurance contract	-	56,308	-	162,131
Investments in Master Trust	-	64,793,343	-	186,564,245
Receivables - securities sold and accrued income	-	22	-	63
Total investments of the Master Trust	$ -	$ 64,793,365	$ -	$ 186,564,308

The Trustee also certified the net investment loss of the Master Trust of ($27,075,811) for the year ended December 31, 2022.

3. Investment in Master Trust and Information Certified by Trustee (continued)

The changes in net assets of the Master Trust for the year ended December 31, 2022, is summarized below (Liquidation Basis):

Net depreciation in fair value of investments	$ (27,075,811)
Investment loss of Master Trust	(27,075,811)
Administrative expenses	(2,410,649)
Net decrease	(29,486,460)
Net transfers - distributions net of contributions	(157,077,848)
Master Trust assets:	
Beginning of year	186,564,308
End of year	$ -
Plan interest in Master Trust net investment loss	$ (8,451,213)

The Plan's interest in the Master Trust represents approximately 35 percent of the Master Trust's investments at December 31, 2021. The Plan's investment loss from the Master Trust amounted to ($8,451,213), representing approximately 31 percent of the Master Trust's investment loss.

4. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under U.S. GAAP are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

4. Fair Value Measurements (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; and inputs that are derived principally from or can be corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money Market Mutual Funds - Valued based on quoted market prices of each fund, which represent the net asset value of shares held by the Plan at year end.

Insurance Contract – The insurance contract is invested in group annuity contracts, which are valued based on the present value of expected future payments.

Common Collective Trusts – Common collective trusts are valued at net asset value (NAV). The NAV is based on the fair value of the underlying assets owned by the fund and is determined by the investment manager or custodian of the fund.

4. Fair Value Measurements (continued)

The following table set forth by level within the fair value hierarchy a summary of the Master Trust's investments measured at liquidation value at December 31, 2021.

	December 31, 2021 (Liquidation Value)			
	Level 1	Level 2	Level 3	Total
Money market mutual funds	$ 4,649,441	$ -	$ -	$ 4,649,441
Insurance contract	-	-	162,131	162,131
Total assets in the fair value hierarchy	$ 4,649,441	$ -	$ 162,131	4,811,572
Common collective trusts (a)				181,752,673
Total Investments				$ 186,564,245

(a) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that are measured at liquidation and fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefit.

Transfers between Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the year ended December 31, 2021, there were no significant transfers in and out of Levels 1, 2, and 3.

4. Fair Value Measurements (continued)

Liquidation and Fair Value of Investments that Calculate Net Asset Value - Below is a summary of the Plan's Master Trust investments at December 31, 2021 where liquidation value is estimated based on the net asset value:

	Estimated Using Net Asset Value Per Share 12/31/2021 (Liquidation Value)			
Investment	Liquidation Value	Unfunded Commitment	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Mercer Long Duration Investment Grade Fixed Income Portfolio (a)	$ 63,553,112	$ -	Each business day	Each business day
Mercer U.S. Passive Fixed Income (b)	107,285,829	-	Each business day	Each business day
State Street Intermediate U.S. Government Bond NL A (c)	10,913,732	-	Each business day	Each business day
Total common collective trusts	$ 181,752,673	$ -		

(a) The Mercer Long Duration Investment Grade Fixed Income Portfolio invested in the State Street U.S. Long Credit Bond Index Non-Lending Series Fund and the State Street U.S. Long Treasury Index Non-Lending Series Fund. These funds seek to maximize long-term total return through investments in debt securities.

(b) The Mercer U.S. Passive Fixed Income Portfolio invested in the State Street U.S. Bond Index Non-Lending Series Fund, Class A. This investment seeks to match the total return of the Bloomberg Barclays Capital U.S. Aggregate Bond Index.

(c) The State Street U.S. Long Government Bond Index Non-Lending Series Fund – Class A and the State Street Intermediate U.S. Government Bond Non-Lending Series Fund – Class A invests in U.S. Government Agency obligations and U.S. Treasury obligations.

5. Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their last five years (under the traditional formula) or 5 percent of employees' eligible compensation plus interest based on a 3-month average of the 10-year Treasury Constant Maturities rate (under the cash balance formula). The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

In conjunction with the Plan's termination effective May 31, 2021, and management's determination that liquidation was imminent, the actuary calculated the actuarial present value of accumulated plan benefits, under a liquidation assumption at December 31, 2022 and 2021.

The actuarial present value of accumulated plan benefits as of December 31, 2022 and 2021 are as follows:

	2022 (Liquidation Basis)	2021 (Liquidation Basis)
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving payments	$ -	$ 40,381,614
Other participants	-	28,173,829
Total vested benefits	-	68,555,443
Nonvested benefits	-	-
Total actuarial present value of accumulated plan benefits	$ -	$ 68,555,443

5. Accumulated Plan Benefits (continued)

The changes in accumulated plan benefits for the year ended December 31, 2022 are as follows:

	2022 (Liquidation Basis)
Actuarial present value of accumulated plan benefits - beginning of year	$ 68,555,443
Increase (decrease) during the year attributable to:	
Increase for interest due to the decrease in the discount period	855,836
Benefits paid and purchase of annuity contract	(68,119,501)
Present value of benefits accumulated	(1,291,778)
Actuarial assumption changes	-
Actuarial present value of accumulated plan benefits - end of year	$ -

The significant actuarial method and assumptions used in the December 31, 2021 valuations were as follows:

- Actuarial coat method: valued discounted insurer premiums and payments to participants made in 2022, two remaining months of annuity payments (July and August 2022), PBGC missed participant premiums due and outstanding late retirement retroactive payments.
- Settlement rate: 2.80 percent

6. Plan Termination

The Companies have the right under the Plan, in certain circumstances, to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document, as amended.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

As discussed in Note 1, The Board of Directors of Alexander & Baldwin, Inc., the ultimate parent company of the Companies, at their February 23, 2021 meeting resolved that the Plan be terminated effective May 31, 2021.

On March 30, 2021, a Notice of Interested Parties advising that an application was to be filed was distributed to Plan participants and subsequently, the application for approval of the Plan’s termination was filed with the IRS. In addition, on November 23, 2021, a Notice of Plan Benefits was distributed to Plan participants and subsequently a Standard Termination Notice was filed with the PBGC. The Notice of Plan Benefits is a statement of a participant’s accrued benefit under the Plan, including an estimate of the amount of a single cash payment to which the participant would be entitled following the receipt of Plan termination approval. As a result of the resolution to terminate the Plan, each employee with deferred benefit under the Plan had the following choices to have the present value of his accrued benefit: (a) used to purchase an annuity under the Contract or (b) distributed in a single cash payment.

6. Plan Termination (continued)

In accordance with the liquidation basis of accounting, the 2021 financial statements include approximately $635,000 of accrued administrative costs related to 2022 expenses the Plan expects to incur through the final liquidation. For the year ended December 31, 2022, actual administrative expenses were in excess of the estimated amount accrued for in 2021 by approximately $417,000. This amount is reflected in the statement of changes in net assets available for benefits.

The 2021 financial statements include approximately $14.3 million of contributions receivable that the Plan collected from the Companies in May 2022 to settle the Plan's obligations.

As discussed in Note 1, in June 2022, a single premium annuity contract was purchased from Plan assets from Prudential for approximately $41.1 million. Amendments and other adjustments were made, resulting in a change of approximately $1.3 million to the initial contract premium purchase price. The final amount of the contract premium was approximately $39.8 million.

After purchasing an annuity contract with approximately $39.8 million of Plan assets and making cash payments to Plan participants from Plan assets totaling approximately $28.3 million, the Plan still held assets totaling approximately $1.3 million. This amount was included in excess contributions reverted back to Plan Sponsor in the statement of changes in net assets available for benefits. These reversionary Plan assets were distributed by year-end and returned to the Plan Sponsor.

7. Exempt Party-in-Interest Transactions

Certain investments in the Master Trust are invested in securities managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included as a reduction of the return on each fund.

8. Federal Income Tax Status

The Plan received a favorable tax determination letter on July 9, 2021, recognizing that the termination effective May 31, 2021 does not affect the Plan's qualification for federal tax purposes. The Plan Administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. Federal Income Tax Status (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management is not aware of any uncertain tax positions that would require the Plan to recognize a tax liability (or asset).

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

On August 11, 2021, the Plan Administrator submitted an application under the Voluntary Compliance Program, a component program of the IRS' Employee Plans Compliance Resolution System, to obtain a compliance statement regarding correction of a tax-qualification defect attributable to failure to follow the Plan's terms regarding the provision of actuarial benefit increases for late retirement and late commencement of benefits. The Plan corrected this operational matter by providing Affected Participants with lump-sum corrective benefit payments and revised monthly annuity payments to make Affected Participants whole for the actuarial increases in benefits owed to them on January 1, 2022.
