INDEPENDENT AUDITORS' REPORT

To the Participants, Administrative Committee, and Plan Administrator of the
Coastal Villages Region Fund Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Coast Villages Region Fund Retirement Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITORS' REPORT - CONTINUED

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT – CONTINUED

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COASTAL VILLAGES REGION FUND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of the Plan

The following description of the Coastal Villages Region Fund Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

- A. **General** – The Plan, which commenced on January 1, 2001, is a defined contribution plan covering all eligible employees of Coastal Villages Region Fund and subsidiaries (the "Company" or "Plan sponsor"), as defined in the Plan document. The Plan is designed to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (the "IRC") as amended and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Administrative Committee is responsible for oversight of the Plan. The Administrative Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan has arranged for John Hancock Life Insurance Company ("John Hancock" or "Custodian") to serve as Custodian and to provide record keeping services for the Plan (the "recordkeeper"). On April 1, 2022, Securian became the Custodian and Recordkeeper for the Plan moving forward.

The Plan was amended on January 1, 2021 to adopt various changes to the Plan's adoption agreement. Among these changes, the amendment defined affiliated employers and redefined eligibility requirements.

- B. **Contributions** – Beginning January 1, 2022, eligible employees may participate in the Plan upon initial hire. Prior to January 1, 2022, eligible employees may participate in the Plan upon completing three consecutive months of service. If any employee does not complete three consecutive months of service from date of hire, the employee is subject to a one year service requirement. Eligible employees may elect to contribute up to 100% of their annual eligible earnings on a pre-tax basis or Roth contributions, plus catch-up contributions, subject to the maximum amount allowable by the Internal Revenue Service ("IRS") (\$20,500 for participants to age 50 and \$27,000 for participants over 50 years of age for the year ended December 31, 2022).

The Company makes safe harbor nonelective employer contributions equal to 5% of the participant's eligible compensation, to all participants of the plan. Participants are default-enrolled in the Plan, if not previously enrolled, in order to receive the safe harbor contributions that are deposited in the Plan's default investment option, which is the applicable retirement choices fund based on the employee's birth date. Participants could then make an election to change their investment option.

- C. **Participant investment account options** - The Plan currently offers various pooled separate accounts and guaranteed interest accounts as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time. Upon enrollment in the Plan, a participant may direct their contributions in any of the investments listed in the accompanying supplemental schedule of assets.
- D. **Participant accounts** – Each participant's account is credited with the participant's contributions, an allocation of the Company's matching contributions, and the Plan's earnings and losses, which include administrative expenses. Allocations are based on participants' earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- E. **Vesting** – Participants are immediately vested in their voluntary contributions, earnings thereon, and rollover contributions. Participants also immediately vest in the Company's safe harbor contributions and discretionary contributions.

(1) Description of the Plan (continued)

- F. **Payment of benefits** – Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Partial withdrawals are provided that the minimum withdrawal is \$1,000. For termination of service for other reasons, a participant may receive a lump-sum distribution or roll over the amount into a qualified plan equal to the value of the vested interest in his or her account.

Under certain conditions classified as hardships, participants, while still employed, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include unreimbursed medical expenses, the purchase of a principal residence, the payment of postsecondary education tuition, the payment of burial or funeral expenses, for repair of damage to employee's principal residence that would qualify for a casualty deduction, or to prevent eviction or foreclosure on a principal residence. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of the hardship withdrawal.

(2) Summary of significant accounting policies

Basis of accounting – The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Expenses related to investment advisory services, management fees, maintenance of participant accounts, Plan audits, and Plan administration are primarily paid by the Company prior to 2022. As of April 1, 2022, the Plan began paying fees for the maintenance of participant accounts. Investment related expenses are included in net depreciation in fair value of investments.

(3) Information prepared and certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Retirement have certified the following data included in the accompanying financial statements and schedule of assets (held as of April 1, 2022), and Minnesota Life Insurance Company have certified the following data included in the accompanying financial statements and schedule of assets (held at end of year) with regards to the Plan's guaranteed interest account, and Minnesota Life has certified the following data accompanying financial statements and supplemental schedule of assets (held at year end of year) with regards to the Plan's pooled separate account, and is complete and accurate with respect to investments as of December 31, 2022 and for the year ended December 31, 2022:

- Investments at fair value
- Interest and dividend income
- Net depreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Pooled separate account: Valued at the net asset value ("NAV") of units of the separate account. The NAV, as provided by the Custodian, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Guaranteed interest account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations offered by the issuer. This method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date. As of April 1, 2022, the Plan exited the above noted guaranteed interest account and invested in a guaranteed interest account with Minnesota Life. Please see note 5 for additional information.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

Total investments at fair value				\$ 21,145,381

*The fair value of the investments in the pooled separate account has been measured using the NAV per share (or its equivalent) practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. The pooled separate account listed in the above tables is redeemed on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments.

Investments measured using the net asset value per share practical expedient – The following tables summarize investments for which fair value is based on NAV per share as of December 31, 2022, and 2021:

	Fair Value December 31, 2022	Fair Value December 31, 2021
Pooled Separate Account	\$ 17,312,402	\$ 20,846,447
Total	\$ 17,312,402	\$ 20,846,447

The pooled separate account listed above is redeemed on a daily basis and do not have any redemptions restrictions. Additionally, there are no unfunded commitments.

(5) Guaranteed interest account

The Plan has a fully benefit-responsive guaranteed interest contract with Minnesota Life Guaranteed ("Minnesota Life") in the form of a fixed annuity. Minnesota Life maintains the contributions in a general account. Contract value, as reported to the Plan by Minnesota Life, represents contributions made under the account, plus earnings, less participant withdrawals, and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuer but may not be less than 0% annually. The crediting interest rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the contract issuer to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value, as reported by the Plan by Minnesota Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The average interest crediting rate for the year ended December 31, 2022 was 1.94%.

COASTAL VILLAGES REGION FUND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(5) Guaranteed interest account (continued)

The Plan's ability to receive amounts due are dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic or regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

(6) Party-in-interest transactions

Certain investments of the Plan are managed by John Hancock. John Hancock is the Plan's Custodian and recordkeeper, and therefore, the transactions are considered exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than direct payment. As described in Note 2, certain other administrative expenses are primarily paid for by the Company and not the Plan. Administrative expenses totaled \$32,229 for the year ended December 31, 2022.

(7) Plan termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, assets of the Plan will be allocated to the participants after all expenses of the Plan have first been paid, in accordance with the order of priorities set forth by the Plan's provisions. Participants are 100% vested in all contributions.

(8) Tax status

The IRS has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the Custodian of such in a letter dated July 7, 2014. Although the Plan has been amended since receiving the opinion letter, the Administrative Committee believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administer has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**COASTAL VILLAGES REGION FUND
RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

(9) Risks and uncertainties (continued)

At December 31, 2022 approximately 33% of the Plan's investments were invested in two investment options which individually represented greater than 15% of the Plan's Investments. At December 31, 2021, approximately 18% of the Plan's investments were invested in one investment option, which individually represented greater than 15% of the Plan's investments.

(10) Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During the year ended December 31, 2021, employee contributions totaling \$1,574 were not remitted to the Plan until after the required time period. Lost earnings were remitted to the plan in October 2022. During the year ended December 31, 2022, employee contributions totaling \$252,856 were not remitted to the Plan until after the required time period. Lost earnings are to be remitted to the plan by the end of October 2023.

(11) Subsequent events

In May 2023 the Plan was notified by the IRS that a Voluntary Fiduciary Correction Program that was filed by the Plan had been accepted by the IRS stating they agreed with the corrective actions and changes to administrative procedures proposed by the Plan. The amendments and operational changes described in this filing have already been implemented by the Plan and are appropriately disclosed in the financial statements.

The Plan has evaluated subsequent events through the date of independent auditors' report, which is the date the financial statements were available to be issued.
