INDEPENDENT AUDITOR'S REPORT

October 16, 2023

To the Plan Management, Plan Administrator, Plan Committee and Participants of the Edward Rose Building Enterprise 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Edward Rose Building Enterprise 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Edward Rose Building Enterprise 401(k) Plan
Notes to the Financial Statements
December 31, 2022 and 2021**

A. Description of the Plan

The following description of the Edward Rose Building Enterprise 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document and amendments for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Personnel Management, Inc. and its affiliates (collectively, the Company) aged 21 years or older, with at least 6 months of service. Interns, seasonal, temporary and consultant employees must also be at least 21 years old and complete at least 1,000 hours of service in their anniversary year to be eligible to participate. Leased employees and employees covered by a collective bargaining agreement are not eligible to participate. Eligibility rules are identical for the non-discretionary employer matching contributions. Participants may enter the Plan immediately upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan, not to exceed limits established by the Internal Revenue Code (IRC). Participants who have attained age 50 or older before the end of the plan year are eligible to make catch-up contributions up to 100% of pretax annual compensation, as defined in the Plan, not to exceed limits established by the IRC. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby substantially all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a target-date fund based on each participant's date of birth, until elected otherwise by the participant. This deferral rate will increase by 1%, annually, until a contribution rate of 10% is reached, unless elected otherwise. The automatic increase of the deferral rate occurs on either January 1 or March 1 depending on a participant's entry date.

A. Description of the Plan – Continued

Employer Contributions

The Company contributes a non-discretionary matching contribution equal to 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Employer contributions are allocated into the various investment options of the Plan as directed by the participant. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings on their contributions. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 6 years of credited service. Participants are credited with a year of service for vesting purposes when a year of employment has elapsed; hours of service is not a factor.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years; however, notes used for the purchase of a primary residence may be repaid over 20 years. The notes are secured by the balance in the participant's account and bear reasonable rates of interest. Principal and interest are paid ratably through payroll deductions over the term of the loan.

Payment of Benefits

Upon retirement, death, disability or termination of employment, the vested balance of the participant's account may be distributed to the participant or the participant's beneficiaries. A participant can also receive in-service distributions from their vested account balance if they reach the age of 59 ½, or if they meet certain conditions defined by the Plan for a financial hardship distribution from the employee deferral portion of their account. Distributions from the Plan are made in lump sum payments.

A. Description of the Plan – Continued

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$174,177 and \$256,181, respectively. These accounts will be used to pay certain administrative expenses of the Plan and to reduce future employer contributions made to the Plan. Forfeitures applied during the year ended December 31, 2022, to reduce employer contributions and to pay administrative expenses were \$161,168 and \$202,278, respectively.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

B. Summary of Accounting Policies – Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant does not make note repayments and the plan administrator considers the participant note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, certain benefit payments, and self-directed brokerage account maintenance are charged directly to the respective participants' accounts and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**Edward Rose Building Enterprise 401(k) Plan
Notes to the Financial Statements
December 31, 2022 and 2021**

C. Fair Value Measurements – Continued

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of common stocks that are valued on the basis of readily determinable market prices, and mutual funds that are valued at NAV which are deemed to be activity traded.

Common/collective trust funds: Valued at the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Notes to the Financial Statements
December 31, 2022 and 2021**

C. Fair Value Measurements – Continued

Stable value collective investment trust: This fund invests in stable value investment contracts, and fixed income instruments which underlie stable value investment contracts, as well as money market instruments. Under a stable value investment contract, the issuer of the contract agrees, subject to contract conditions, to make payments representing redemptions from the fund for participant-initiated benefit payments at “contract value.” This “benefit responsiveness” is designed to allow the fund to maintain participant balances at book value (except under certain circumstances set forth within the stable value investment contracts) while the impact of market fluctuations on investor account balances is potentially smoothed via periodic adjustments to the daily rate of return credited to investors. While Stable Value Contracts generally provide for Plan participant transfers and withdrawals to be paid at full contract value, certain withdrawals from the fund (e.g., complete withdrawals by an eligible plan) generally will be subject to 12 months’ advance notice. As a practical expedient, the fair value of the fund is reported based on the NAV of the fund units since such units are not actively traded on a public market.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022

The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

D. Related-Party Transactions and Party-in-Interest Transactions

Certain plan assets are managed by Fidelity Investments; Fidelity Management Trust Company is the trustee and Fidelity Workplace Services, LLC is the recordkeeper (collectively referred to as "Fidelity") for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to an agreement between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed to Fidelity, Fidelity remits the excess to the Plan's trust on a quarterly basis. This revenue is used to offset certain amounts owed to Fidelity for administrative services they provide to the Plan, or allocated to the accounts of the participants. During the year ended December 31, 2022, revenue sharing received by Fidelity from such mutual fund service providers that was remitted to the Plan was \$136,054, which was used to offset plan expenses. The Plan or the Company make payments to Fidelity for administrative expenses not covered by revenue sharing.

Graystone Consulting is the investment advisor for the Plan, and Metzler Locricchio Serra & Company, P.C. is the auditor of the Plan's financial statements. Therefore, these transactions qualify as party-in-interest transactions.

Administrative expenses net of revenue sharing totaled \$215,667 for the year ended December 31, 2022, which includes expenses paid to Fidelity for certain participant activity through charges directly to the respective participants' accounts.

E. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

F. Tax Status

Effective May 26, 2021, the Plan was restated and adopted a non-standardized pre-approved plan, which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, indicating that the volume submitter plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving this determination letter. The plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

H. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

I. Reconciliation of Financial Statements to Schedule H of Form 5500

J. Delinquent Contributions and Contingencies

As disclosed in the schedule of delinquent participant contributions as of December 31, 2022, contributions including participant loan repayments totaling \$129,903 and \$108,134, relating to 2022 and 2021, respectively, were not remitted to the Plan in a timely manner. The Company is in the process of calculating and remitting the interest related to lost earnings and the related excise tax on these delinquent contributions. The Company and/or Plan may incur penalties or fines as a result of these delinquent contributions. An estimate of such penalties and fines has not been determined by plan management. On delinquent contributions including participant loan repayments totaling \$51,541, relating to 2020, the Company calculated and remitted the interest related to lost earnings and the related excise tax during the year ended December 31, 2022.

K. Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

Effective January 1, 2023, the Plan adopted an amendment that changed the employer to Edward Rose Building Enterprise, LLC. The previous employer, Personnel Management, Inc., and its affiliates continue to be participating employers of the Plan. Under the same amendment, a participant is 100% vested in the Company's matching contribution portion of their accounts after 5 years of credited service.
