INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
The Montpelier Foundation TDA Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of The Montpelier Foundation TDA Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on these supplemental schedules.

THE MONTPELIER FOUNDATION TDA PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of The Montpelier Foundation (Foundation) TDA Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of the Foundation upon date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective January 1, 2019. The Plan is intended to satisfy all requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar tax laws.

Contributions: Participants may contribute up to the elective deferral limit, which is set by law, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also elect to designate their salary deferrals as Roth deferrals. The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The Plan also provides for an increase in deferral rate for any existing Plan participants who are not deferring an amount that is at least equal to the auto-enrollment deferral rate. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate is increased 1% annually, not to exceed 10%.

The Plan provides for an employer safe harbor matching contribution. For the Plan years ended December 31, 2022 and 2021, the Foundation made a safe harbor matching contribution equal to 100% of the employee's salary deferral up to a maximum of 4% of the participant's eligible compensation. The Foundation may also make additional matching contributions and/or nonelective discretionary contributions. For the years ended December 31, 2022 and 2021, the Foundation made a non-elective discretionary contribution of 2% of the participant's eligible compensation. Contributions are subject to certain Internal Revenue Service limitations.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a period of not more than the participant's or beneficiary's assumed life expectancy, or the purchase of annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Participant accounts: Each participant's account is credited with the participant's contributions, the Foundation's safe harbor matching contribution, any additional matching contributions, and the non-elective discretionary contribution, as well as an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participants' earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are 100% vested in all contributions plus actual earnings thereon.

THE MONTPELIER FOUNDATION TDA PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participant loans are made by the Plan. The loan proceeds are funded by Plan assets and are included as notes receivable in the Plan's financial statements. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the excess, if any, of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan will be made, over the outstanding balance of loans from the Plan on the date such loan will be made, or 50% of the present value of the participant's vested account balance. The loans are secured by the balance in the participant's account. The Plan administrator establishes a reasonable rate of interest commensurate with local prevailing rates. Principal and interest is paid ratably through bi-weekly payroll deductions. Notwithstanding the above, the loan terms were temporarily modified pursuant to the terms of the Coronavirus Aid, Relief, and Economic Security (CARES) Act.

Participant investment options: Participants direct the investment of both employee and employer contributions into various investment options offered by the Plan. Participants may change their investment options periodically.

Forfeited accounts: At December 31, 2022 and 2021, there were no forfeited nonvested accounts. Forfeitures may be used to reduce employer contributions and pay administrative expenses. During 2022, no forfeited nonvested accounts were used to reduce employer contributions or pay administrative expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

THE MONTPELIER FOUNDATION TDA PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Foundation. Expenses that are paid by the Foundation are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events: The Plan management has evaluated subsequent events through October 16, 2023, the date these financial statements were available to be issued.

Note 3. Information Prepared and Certified by the Custodians

The following information, included in the accompanying financial statements as of December 31, 2022 and 2021, and for the year ended December 31, 2022, is included throughout the Plan's financial statements and supplemental schedules, prepared by or derived from information provided by the Custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA-CREF) and American United Life Insurance Company (AUL) (the Custodians) that information provided to the Plan Administrator by the Custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information appearing throughout the financial statements and supplemental schedules.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies (mutual funds): Registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Pooled separate accounts are certified by AUL and TIAA-CREF (the Plan's custodians). Investments in pooled separate accounts represent ownership of units of participation, rather than ownership of specific assets. The net asset value, as provided by the Custodians, is used as a practical expedient to estimate fair value.

Note 4. Fair Value Measurements (Continued)

Guaranteed investment contracts (non-benefit-responsive): Discounted cash flows are used to determine the fair value of the TIAA Traditional Non Benefit Responsive as it is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable. While transactions involving the purchase/sales of individual TIAA Traditional contracts are not observable in a public marketplace, contract value may provide a good approximation of fair value.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2022 and 2021.

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 275,953	\$ -	\$ -	\$ 275,953
Guaranteed Insurance Contract	-	-	166,874	166,874

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 399,312	\$ -	\$ -	\$ 399,312
Guaranteed insurance contract	-	-	162,110	162,110
Total assets in the fair value hierarchy	<u>\$ 399,312</u>	<u>\$ -</u>	<u>\$ 162,110</u>	<u>561,422</u>
Investments measured at NAV (a)				<u>5,591,057</u>
Investments, at fair value				<u>\$ 6,152,479</u>

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table presents changes in assets classified in Level 3 of the fair value hierarchy during the year ended December 31, 2022, attributed to the following:

	Level 3 Assets Year Ended December 31, 2022 Guaranteed Insurance Contract
Balance, beginning of year	\$ 162,110
Earning	6,844
Distributions	(2,080)
Balance, end of year	<u>\$ 166,874</u>

Transfers in of Level 3 assets include situations where observable inputs have changed.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements: The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, the significant unobservable inputs, and the ranges of values for those inputs.

Instrument	2022 Fair value	2021 Fair Value	Principal Valuation Techniques	Unobservable Inputs	Range of Significant Input Value
December 31, 2022 TIAA Guaranteed Contract	\$ 166,874	\$ 162,110	Discounted cash flow	Risk-adjusted discount rate applied	3.00%-4.40%

TIAA Traditional Annuity account balances are reported at contract value. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually-established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period.

Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate, which correlates closely with TIAA Traditional Annuity's historical crediting rates.

Fair Value of Investments that Calculate Net Asset Value: The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021.

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
December 31, 2022				
Pooled separate accounts	\$ 4,639,630	NA	Daily	NA
December 31, 2021				
Pooled separate accounts	5,591,057	NA	Daily	NA

Note 5. Group Annuity Contract and Guaranteed Investment Contract with Insurance Companies

The Plan entered into investment contracts with TIAA and AUL. The group fixed annuity contract with AUL is fully benefit-responsive and totals \$160,917 and \$144,099 at December 31, 2022 and 2021, respectively. The guaranteed investment contract with TIAA-CREF holds both fully benefit-responsive and non-benefit-responsive funds. The amount of fully benefit-responsive funds held in the TIAA-CREF contracts was \$97,841 and \$97,056 at December 31, 2022 and 2021, respectively. Both TIAA-CREF and AUL maintain the contributions in a general account. The accounts are credited with earnings on the underlying investments and are charged for Plan withdrawals. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

If the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contracts. Contract value, as reported to the Plan by TIAA-CREF and AUL, represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest credited includes a guaranteed rate plus additional amounts that are established on a year-to-year basis.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes, or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event that would limit the Plan's ability to transact at contract value with participants is probable.

NOTES TO FINANCIAL STATEMENTS

Note 6. Related Party Transactions and Party-in-Interest Transactions

Plan investments are managed by TIAA-CREF and AUL, which are the Custodians as defined by the Plan, and, therefore, these transactions qualify as party in interest transactions. Fees incurred and paid directly by the Plan for investment management services were \$462 for the year ended December 31, 2022.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8. Tax Status

The Plan has adopted a 403(b) volume submitter plan sponsored by OneAmerica Financial Partners, Inc. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.
