### **To the Trustee, ESOP Committee and Participants Epi Breads Employee Stock Ownership Plan**

We have audited the accompanying financial statements of the Epi Breads Employee Stock Ownership Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2019, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

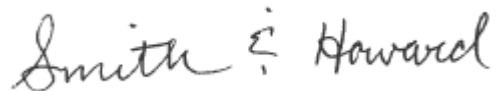

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Epi Breads Employee Stock Ownership Plan as of December 31, 2019 and 2018, and the changes in net assets available for plan benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

## Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2019 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**NOTE 1 - PLAN DESCRIPTION**

The following description of the Epi Breads Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by Lavoie Corporation and Subsidiaries d/b/a Epi Breads (the "Company") effective as of July 1, 2012 and was amended and restated effective January 1, 2017. The Plan operates as a non-leveraged employee stock ownership plan, and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code ("IRC") of 1986, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Nicholas Mulliez is the Trustee of the Plan.

During 2019, the Plan purchased 6,310 shares of Company stock for \$461,387. These shares were paid for in full by the Plan, not requiring any outside financing.

Stock Dividends

During 2019, the Company declared stock dividends of 265 shares.

Eligibility

The Plan is an employee stock ownership plan covering substantially all non-collectively bargained full-time employees of the Company. Each of which shall become eligible to participate in the Plan retroactively to the first day of the Plan Year during which the Employee has completed six months of service.

Contributions

The Company makes discretionary contributions as approved by the Trustee and Plan Committee. During 2019, the Company approved contributions in stock of \$159,006 and cash of \$135,512 to the Plan. At December 31, 2018, the Plan had an employer contribution receivable totaling \$461,387 which was received during 2019.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2019 AND 2018**

**NOTE 1 - PLAN DESCRIPTION (Continued)**

Participant Accounts

Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock from forfeitures of terminated participants' nonvested accounts or an allocation of shares of stock that were purchased during the year. With limited exceptions, only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total compensation.

Payment of Benefits

As provided in the Plan agreement, on termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account or substantially equal annual installments over a period of five years.

Under the provisions of the Plan, the Company or Plan is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or the shares are subject to trading limitations. Participant shares will be repurchased at their fair market value based on the appraised fair market value as determined by an independent appraiser.

Vesting

Participants' accounts vest in accordance with the vesting schedule as follows:

<b>Years of Service</b>	<b>Vesting Percentages</b>
Less than 2	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6 or more	100 %

A year of service is a Plan year during which a participant has completed twelve consecutive months of employment and been credited with 750 hours of service.

DECEMBER 31, 2019 AND 2018**

**NOTE 1 - PLAN DESCRIPTION (Continued)**

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents forfeiture. Forfeitures are allocated among active participants' accounts at the end of each Plan year. During 2019, there were 1,107 shares of stock forfeited and reallocated to participants within the Plan.

Voting Rights

The Employee Stock Ownership Trust is administered by a committee appointed by the Board of Directors of the Company. The Trustee receives his instructions from the committee, and all Company Common Stock held by the Trust is voted by the Trustee in accordance with instructions from the committee. Each participant shall be entitled to direct the voting of any voting shares of Company Common Stock allocated to his Company Common Stock account with respect to any vote required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all the assets of a trade or business.

Administrative Fees

The Plan's administrative expenses are paid by the Plan, or paid by the Company if the Company elects to do so. During 2019, substantially all expenses were paid by the Company.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

Use of Accounting Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2019 AND 2018**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Investment Valuation and Loss Recognition

The investment of the Plan, discussed further in Notes 4 and 5, is the Company's Common Stock and is reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the "exit price"). Fair value is determined by an annual independent valuation.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risks and Uncertainties

The Plan's investment in the Company's Common Stock is exposed to various risks such as market and credit risks. Due to the level of risk associated with this investment security and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Put Option

Under federal income tax regulations, the Company's Common Stock that is held by the Plan and its participants is not readily tradable on an established market, or is subject to trading limitations, and includes a put option. The put option is a right to demand that the Company buy any shares of stock, subject to plan restrictions, distributed to participants for which there is no market. The put price is the fair value of the Company's Common Stock as of the most recent valuation date. The Company can pay for the purchase in a lump sum or over a period. The purpose of the put option is to ensure that the participants have the ability to ultimately obtain cash.

**EPI BREADS EMPLOYEE STOCK OWNERSHIP PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2019 AND 2018**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in the Company's Common Stock into investments which are more diversified. In accordance with the Plan document, participants who are at least 55 years of age with more than 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of their account. In the sixth year in which the diversification option is available, a participant may receive a distribution of a cumulative amount up to 50% of their account.

Payment of Benefits

Benefits are recognized when paid.

Subsequent Events

Management has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued.

**NOTE 3 - ADMINISTRATION OF PLAN ASSETS**

The Plan's investment in the Company's Common Stock is held by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which invests cash received, interest and dividend income and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such officer receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

**NOTE 4 - INVESTMENT IN COMPANY COMMON STOCK**

The Plan's investment in the Company's Common Stock is as follows as of December 31:

	<u>2019</u>	<u>2018</u>
Number of shares	37,349	30,774
Cost	\$2,842,438	\$2,361,673
Fair value	\$1,911,522	\$2,250,195

All shares purchased by the Plan have been allocated to Plan participants.

**EPI BREADS EMPLOYEE STOCK OWNERSHIP PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2019 AND 2018**

**NOTE 5 - FAIR VALUE MEASUREMENTS**

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements).

The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

*Level 1* - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

*Level 2* - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

*Level 3* - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The following tables set forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value as of December 31, 2019 and 2018. All Plan assets were contributions receivable which is recorded at its realizable value. As required by GAAP, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The investment in Company Common Stock is a level three input as a number of the inputs to the valuation methodology are unobservable. The Company engaged a third party valuation specialist to value the Company using market and income approaches.

The tables below represent fair value measurement hierarchy of the Plan investment assets at fair value as of December 31:

	<b><u>2019</u></b>			
	<b><u>Level 1</u></b>	<b><u>Level 2</u></b>	<b><u>Level 3</u></b>	<b><u>Total</u></b>
Company Common Stock	\$ -	\$ -	\$ 1,911,522	\$ 1,911,522

	<b><u>2018</u></b>			
	<b><u>Level 1</u></b>	<b><u>Level 2</u></b>	<b><u>Level 3</u></b>	<b><u>Total</u></b>
Company Common Stock	\$ -	\$ -	\$ 2,250,195	\$ 2,250,195

**NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)**

The tables below set forth a summary of changes in the fair value of the Plan's Level 3 investment assets for the year ended December 31, 2019:

Balance, beginning of year	\$ 2,250,195
Purchase of Lavoι Corporation Common Stock	461,387
Dividends	19,377
Depreciation in fair value of investment	<u>(819,437)</u>
Balance, end of year	<u>\$ 1,911,522</u>

**NOTE 6 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, participants will become 100% percent vested in their accounts which then become non-forfeitable and accrue investment earnings until benefits are paid in accordance with the terms of the Plan.

**NOTE 7 - TAX STATUS**

The Company was informed by letter from the Internal Revenue Service ("IRS") on April 7, 2014, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter, however, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

**NOTE 8 - RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS**

The Plan's investment in the Company's Common Stock qualifies as a party-in-interest transaction.

**EPI BREADS EMPLOYEE STOCK OWNERSHIP PLAN**

**DECEMBER 31, 2019 AND 2018**

**NOTE 9 - SUBSEQUENT EVENTS**

The Company has experienced a disruption of normal business operations caused by the COVID-19 outbreak since December 31, 2019. The Company is presently evaluating the potential economic impact to its operations and by extension to the Plan. While the overall economic impact cannot be determined through the date of this report, it is reasonably possible that changes in risks in the near term could occur which in turn could impact Plan contributions and operations in 2020.

Effective subsequent to December 31, 2019, the Company had a reduction of workforce, which resulted in a partial plan termination. All participants are now 100% vested.
