INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Curtis School Defined Contribution & Tax Deferred Annuity Plan
Los Angeles, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Curtis School Defined Contribution & Tax Deferred Annuity Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Curtis School Defined Contribution & Tax Deferred Annuity Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Curtis School Defined Contribution & Tax Deferred Annuity Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Curtis School Defined Contribution & Tax Deferred Annuity Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Curtis School Defined Contribution & Tax Deferred Annuity Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Curtis School Defined Contribution & Tax Deferred Annuity Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2022, and of assets (held at end of year) as of December 31, 2022, (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following brief description of the Curtis School Defined Contribution and Tax-Deferred Annuity Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan documents for more complete information on the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by the Curtis School Foundation (the "Plan Sponsor", "School", or "Employer"), pursuant to Section 403(b) and related provisions of the Internal Revenue Code (IRC), was established effective July 1, 1984, and is comprised of two sub plans, Defined Contribution Plan (the "Retirement Plan") and Tax-Deferred Annuity Plan (the "Supplemental Plan"). The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, active military call-up, or termination of employment. The Plan covers substantially all employees of the School. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent laws, and the IRC.

On January 1, 2020, the Plan was amended and restated by adopting TIAA ERISA 403(b) Volume Submitter Plan (the Volume Submitter Plan). As allowed by the IRC, the effective date of the restatement is January 1, 2010.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, related to participant loans and distributions. The Employer has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan was amended effective July 21, 2022, to formally adopt these provisions.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first Plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The School is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The School has delegated certain responsibilities for the operation and administration of the Plan. TIAA and CREF (collectively known as the "Custodians"), serve as the Plan's asset custodians and are responsible for the custody and management of the Plan's assets. An affiliate of the Custodians is responsible for maintaining participant accounts and transactions related to participant initiated activity.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

Employees become eligible to participate in the Plan after the first day of employment, and become eligible for Employer contributions after completing two years of service. All employees of the School are eligible to participate in the Plan except employees who normally work less than 20 hours per week and substitute teachers. To participate in the Plans matching contributions, employees must be at least 21 years of age and elect to defer at least 5% of their eligible compensation.

Contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual compensation, as defined by the Plan on a tax-deferred basis, subject to certain IRC limitations. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions subject to the IRC limit. Participants may also contribute rollovers representing distributions from other qualified plans or an individual retirement account.

The School matches employee deferrals under the Plan as follows if the participant contributes a minimum of 5% (as a percentage of employee's eligible compensation):

<u>Years of Service</u>	<u>Percentage</u>
≥ 2 but < 5	5 %
≥ 5 but < 10	7 %
≥ 10	10 %

Participants direct the investment of their contributions and their share of Employer contributions into various investment options offered by the Plan and may change their investment elections anytime.

Participant accounts

Each participant's account is credited with the participant's contributions and adjusted for allocations of (a) Employer contributions from the School and (b) Plan earnings and charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The balance in each participant's account is fully vested at all times and is not subject to forfeiture for any reason.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Generally, loans must be repaid in monthly installments of principal and interest within a maximum of 60 months. However, a longer repayment term may be permitted for the purchase of a principal residence. The notes receivable are secured by the remaining balance in the participant's account and accrue interest at the prime lending rate plus 1%. The interest rate range for loans is 4.25% to 8.50% as of December 31, 2022. Notes receivable from participants mature at various dates through November 15, 2027.

Plan loans

Plan loans, no longer offered as of September 25, 2020, were available to participants through TIAA, subject to certain limitations. Plan loans were issued directly from the funds owned by TIAA and CREF and loan proceeds were not removed from a participant's account balance. However, a portion of a participant's TIAA Traditional Annuity account balance was reserved, or held as collateral, to cover the outstanding loan amount for the period of time the loan was outstanding. Plan loans may not exceed the present value of the participant's contributions, and there is no limit to the amount of Plan loans a participant may have outstanding at any time. For active loans, investments equal to 110% of the outstanding loan amounts are reflected in the statements of net assets available for benefits and serve as collateral for the loan. For loans having collateral held in a Group Supplemental Retirement Annuity contract, principal repayments increase the amount of TIAA Traditional Annuity funds available for the participant's use. For Retirement Loan contracts, principal repayments are transferred to the CREF Money Market investment option in the participant's Retirement Annuity or Group Retirement Annuity contract. The determination between which investment the principal payments increase was determined by the participant's investment selections at the time of the loan and the collateral was established.

Loan interest is paid directly to the Custodians. Loans are not considered part of the Plan's assets. At December 31, 2022 and 2021, participants had outstanding grandfathered loan balances due to TIAA and CREF of \$28,576 and \$58,168, respectively. Loan interest rates ranged from 4.65% - 4.67% for the year ended December 31, 2022.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Distributions and withdrawals are payable to participants upon retirement, termination, financial hardship, disability or death. If a participant's account balance is less than \$5,000 upon termination, the balance is distributed immediately, without the participant's consent, in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. For balances of \$5,000 or more, upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or may postpone payment until a later date and remain in the Plan. In-service withdrawals from a participant's account are permitted to participants who are 59 ½ or older. With approval of the School, early withdrawals may be paid by the Plan to those participants experiencing a financial hardship, as defined in the plan documents.

Administrative expenses

The School pays certain expenses associated with the administration of the Plan, including audit fees and costs of communication with participants. The Plan is not required to reimburse the School for expenses paid on its behalf. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan and impact Plan earnings.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments in variable annuities, pooled separate accounts and insurance company investment contracts are stated at fair value, except for the Plan's investment in a fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4). Contract value represents contributions made under a contract, plus interest, less participant withdrawals and administrative expenses (Note 5).

Curtis School Defined Contribution & Tax Deferred Annuity Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022.

Contributions and contribution receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Contributions from the Employer are recorded in the year earned to coincide with the year which the Employer records the contributions in its financial statements. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Plan.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative expenses

Administrative expenses are paid by the plan and recorded when incurred.

Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent events

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Custodians, determined to be qualified institutions by the Plan administrator, as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule. The Custodians have certified that the following data included in the financial statements is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net depreciation in net assets, interest and dividends, interest and other income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022; and,
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2022.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of fair value hierarchy are as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2* - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;

Curtis School Defined Contribution & Tax Deferred Annuity Plan
Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENTS (continued)

- inputs other than quoted prices that are observable for the asset or liability; and,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Transfers between levels within the fair value hierarchy are recognized when there is a change in the investments within a level or a change in inputs used to value those investments. There were no transfers between levels within the fair value hierarchy during the year ended December 31, 2022.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Pooled separate account: The investment in a pooled separate account consists of real estate properties and real estate-related investments. Investments are valued using market quotations or prices obtained from independent pricing services. The pooled separate account held by the Plan is deemed to have a readily determinable fair value and is classified within level 1 of the fair value hierarchy.

CREF Variable Annuities: CREF Accounts consist of eight investment portfolios: the Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation Linked Bond, Social Choice and Money Market accounts. The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF Accounts are deemed actively traded, and thus are classified within level 1 of the fair value hierarchy. Data for values are available daily to plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources.

Curtis School Defined Contribution & Tax Deferred Annuity Plan
Notes to Financial Statements
December 31, 2022 and 2021

4. FAIR VALUE MEASUREMENTS (continued)

TIAA Access Variable Annuities - The fair values of subaccount units held by the Plan in TIAA Access Accounts are calculated daily by the issuer and the underlying investments are generally valued using market quotations obtained from independent pricing sources. Data for values are available daily to Plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. The underlying holdings include proprietary and nonproprietary mutual funds through various subaccounts. The net asset value is calculated by the issuer on a daily basis, thus are classified within Level 1 of the fair value hierarchy.

Fixed Annuity Contracts - TIAA Traditional Annuities: The Plan's investments in the TIAA Traditional Annuities are reported by TIAA at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. TIAA Traditional Annuities are segregated into non-fully benefit-responsive and fully benefit-responsive categories. The Plan's investments in the non-fully benefit-responsive contracts are presented as level 3 fair value investments in the fair value hierarchy. The fully benefit-responsive contracts are not categorized within the fair value hierarchy, see Note 5 as they are measured at contract value. The Plan purchased and sold investments in non-fully benefit-responsive contracts of \$53,706 and \$246,768, respectively during the year ended December 31, 2022. Transfers of non-fully benefit-responsive contracts totaled \$76,780 during the year ended December 31, 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's investments within the fair value hierarchy, by type, at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Variable annuities	\$ 22,208,242	\$ -	\$ -	\$ 22,208,242

5. GUARANTEED ANNUITY CONTRACTS WITH TIAA

The TIAA Traditional Annuity is a guaranteed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including the Retirement Annuity (RA), Group Supplemental Retirement Annuity (GSRA) and Supplemental Retirement Annuity (SRA). The RA is considered a non-fully benefit-responsive guaranteed annuity contract, and the GSRA and the SRA are considered fully benefit-responsive guaranteed annuity contracts.

For the GSRA and SRA, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed annuity contract. These contracts are included in the financial statements at contract value, as reported by TIAA. TIAA indicated that contract value approximates fair value for this investment at December 31, 2022 and 2021. Contract value represents accumulated cash contributions made under the contract, plus interest credited to the contract, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a minimum specified rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. The crediting interest rates of both the SRA and GSRA contracts were 3.00% as of December 31, 2022 and 2021. See Note 4 for crediting interest rates for the contracts that are non-benefit responsive.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

There are no events that are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

There are no known events that permit TIAA, the issuer, to terminate the contracts with the Plan and settle at an amount different from contract value.

Curtis School Defined Contribution & Tax Deferred Annuity Plan
Notes to Financial Statements
December 31, 2022 and 2021

6. PLAN TERMINATION

Although the School has not expressed any intent to do so, the School has the right under the plan documents to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similar to a related party under financial accounting standards, except that ERISA's definition is broader and includes all entries and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. The Plan Sponsor did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

Some fees and expenses of the Plan relating to legal, accounting and other administrative services are paid by the School. The Plan is not required to repay expenses paid by the School on its behalf.

The Custodians retain, as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are owned and managed by the Custodians; therefore, these investment transactions qualify as exempt party-in-interest transactions.

8. TAX STATUS

The Plan has adopted TIAA's ERISA 403(b) Volume Submitter Basic Plan Document #20. The Internal Revenue Service informed TIAA by a letter dated August 7, 2017, that its volume submitter plan was designed in accordance with applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
