Independent Auditor's Report

To the Participants and Benefits Committee of the
LYMI, Inc. 401(k) Profit Sharing Plan and Trust
Vernon, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of LYMI, Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2022 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplementary Information Required by ERISA

The supplementary information listed in the table of contents as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary information, other than the information in the supplementary information that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of LYMI, Inc. 401(k) Profit Sharing Plan and Trust. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 14, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Notes To Financial Statements

Note 1. Description of the Plan

The following description of the LYMI, Inc. (the "Plan Sponsor") 401(k) Profit Sharing Plan and Trust (the "Plan") provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a controlled group of corporations and partnerships (the "Companies") with a defined contribution plan covering all employees of the Plan Sponsor who have three consecutive months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA"). Effective date of this Plan is January 1, 2019.

The Plan's controlled group consists of the following Companies:

- LYMI, Inc
- Big Lady, LLC
- Hey Bui, LLC
- Reformation Madison, LLC
- Unicorn Kiss, LLC

Contributions

Each year, participants may contribute up to a certain percent of their pre-tax annual compensation, subject to Internal Revenue Code dollar limits, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute (rollover) amounts representing pre-tax distributions from other qualified defined benefit or defined contribution plans. All contributions to the plan, including any matching funds by the Plan Sponsor, are invested at the direction of the participants. The Plan Sponsor's matching contribution is 100 percent of up to 1 percent of the participant's pre-tax contributions of the participant's eligible compensation, and 50 percent of the participants' pre-tax contributions between 1 percent and 6 percent. The Plan Sponsor may also contribute a discretionary amount to each qualified participant's account. The Plan Sponsor's matching contribution for the years ended December 31, 2022 and 2021 was \$888,045 and \$903,653, respectively. No discretionary contributions were made for the years ended December 31, 2022 and 2021.

Eligible employees are automatically enrolled in the Plan if a salary agreement is not returned in a reasonable amount of time. The deferral amount of the automatic enrolled is 3 percent and followed by 1 percent escalating percentage to change each year until the participant contribution percentage reach 6 percent. The automatic deferral increase policy applies to all enrolled participants who were deferring less than 6 percent.

Investment Elections and Transfers

The Plan allows participants to make daily transfers of their account balances among the funds, subject to the Plan's investment transfer policy. The amount of the transfer may be all or any portion of the participant's account balance.

The Plan has an investment transfer policy that places waiting periods on transfers and reallocations into and out of all of the investment funds. If a participant makes a transfer or fund reallocation out of a fund, the participant cannot transfer money into that same fund for up to twenty calendar days.

Notes To Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or account activity. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions adjusted by investment earnings or losses thereon. Plan Sponsor contributions are vested based on years of credited service. A participant is 100 percent vested after 2 years of credited service. Upon retirement age, death, disablement or termination of the Plan by the Plan Sponsor, a participant becomes fully vested.

Notes Receivable from Participants

Participants may borrow from their account balances, provided that the note receivable does not exceed the lesser of 50 percent of their vested account balance or \$50,000 reduced by the highest outstanding note receivable balance during the preceding 12 months. The notes receivable are secured by the vested balance in the participant's account and bear interest at a rate commensurate with the prevailing rate charged by commercial lenders for a note receivable of similar duration, repayment terms and security, as determined by the Plan administrator. Borrowers repay principal and interest over five years or less via regular payroll deductions.

Payments of Benefits

On termination of service due to death, permanent disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments, or partial payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allows in-service hardship withdrawals before retirement age for qualifying circumstances.

Pursuant to the CARES Act, the Plan was permitted to allow participants to request up to \$100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request these distributions ceased as of December 30, 2020.

Forfeitures

Forfeitures are based on the nonvested portion of the Plan Sponsor's contribution upon employee termination. During the years ended December 31, 2022 and 2021, forfeitures used to offset Plan expenses were \$51,168 and \$16,227 in 2022 and 2021, respectively and \$33,011 and \$10,759, respectively, of forfeitures was used to reduce employer contributions. The balance of unallocated forfeitures available to offset future Plan expenses, or fund employer matches, amounted to \$19,721 and \$18,157 at December 31, 2022 and 2021, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires the plan management to make estimates and assumptions that affect reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's participants directed investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. (See Note 4)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Distributions to the participants of the Plan are recorded when paid.

Administrative Expenses

Investment transaction expenses are offset against the related investment income. Other administrative and non-investment expenses of the Plan are either paid by the Plan Sponsor or through the Plan expense account. Expenses paid by the Plan Sponsor, which are not reflected in the accompanying financial statements, constitute exempt party-in-interest transactions under ERISA. Expenses paid through the Plan expense account are included in administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through October 14, 2023, the date the financial statements were available to be issued.

Notes To Financial Statements

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Mid Atlantic Trust Company, the trustee of the Plan.

Note 4. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be valued at the number of shares of the underlying fund multiplied by the closing NAV.

LYMI, Inc. 401(k) Profit Sharing Plan & Trust

Notes To Financial Statements

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Fair value of assets measured on a recurring basis at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 6,407,199	\$ -	\$ -	\$ 6,407,199
	<u>\$ 6,407,199</u>	<u>\$ -</u>	<u>\$ -</u>	6,407,199
Collective trusts (1)				114,053
				<u>\$ 6,521,252</u>

Fair value of assets measured on a recurring basis at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 4,887,261	\$ -	\$ -	\$ 4,887,261
	<u>\$ 4,887,261</u>	<u>\$ -</u>	<u>\$ -</u>	4,887,261
Collective trusts (1)				72,318
				<u>\$ 4,959,579</u>

(1) The fair value of each common/collective trust fund has been estimated using the net asset value of the investment as a practical expedient and does not fall within the fair value hierarchy.

As of December 31, 2022 and 2021, the Plan had no assets measured at fair value on a non-recurring basis and no liabilities measured at fair value on a recurring or non-recurring basis.

Fair Value of Investments that Calculate NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively.

	2022	2021
Pooled separate accounts		
Fair value	\$ 114,053	\$ 72,318
Unfunded commitment	None	None
Redemption frequency	Immediate	Immediate
Other redemption restrictions	None	None
Redemption notice period	None	None

Note 5. Related Party Transactions and Party In Interest Transactions

The Plan may invest in shares of mutual funds, collective trust funds or a stable value fund provided through Mid Atlantic Trust Company. Mid Atlantic Trust Company is the trustee for the Plan and, therefore, these transactions qualify as party in interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Note 6. Plan Amendments

In 2021, the Company had a significant amendment to the plan. The Company amended and restated their plan for the timing and frequency of employer contributions. The Company changed the frequency from annual to periodic. There were not significant amendments to the Plan in 2022.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

Note 8. Tax Status

Paychex, Inc. received its latest Determination Letter and related Adoption Agreements on August 31, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Sponsor and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

LYMI, Inc. 401(k) Profit Sharing Plan & Trust

Notes To Financial Statements

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Department of Labor.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the changes in net assets available for benefits at December 31, 2022 and 2021.

Note 10. Concentration Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk principally consist of cash and cash equivalents. At times, such investments may be in excess of federally insured limits.

Note 11. Prohibited Transactions

During 2021, the plan sponsor became aware that they inadvertently failed to deposit \$596, representing contributions, within the required time frame as stated by ERISA. These deferrals were deposited beyond the earliest expected date on which the assets could be segregated from the employer's assets. The Department of Labor (DOL) considers late deposits to be prohibited transactions. The plan sponsor is required to file form 5330 and then pay the excise tax relating to the prohibited transactions from the plan sponsor's assets and not from the assets of the Plan, in addition to calculating the lost earnings on these deferrals. The 2021 contributions have been corrected by the Plan.

Note 12. Subsequent Events

Management concluded that no material subsequent events have occurred since December 31, 2022, that require recognition or disclosure in these financial statements. (See Note 2 – Plan Management's Review of Subsequent Events)
