To the Plan Administrator, Participants, and Beneficiaries
Saville, Dodgen & Company 401k Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Saville, Dodgen & Company 401k Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedule of assets held (at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAVILLE, DODGEN & COMPANY 401K PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

1. Description of plan

The following description of the **Saville, Dodgen & Company 401k Plan** (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Saville, Dodgen & Company, PLLC and affiliates (the "Company") covering substantially all employees of the Company excluding union employees and non-resident aliens. Employees are eligible to participate in the Plan following attainment of age 21 and completion of the earlier of six months of full-time service or one year with 1,000 hours. Eligible participants can enter the Plan January 1st or July 1st following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and originally began May 3, 1988.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) was enacted and was effective beginning on January 1, 2020. The SECURE Act provisions included, among other things, an increase in the age limit for required minimum distributions from age 70 ½ to 72. The Plan is in the process of operationally being amended to implement certain changes related to the SECURE Act. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Effective November 30, 2021, the Plan was amended to convert the plan documents and adoption agreement to Fidelity Management's volume submitter non-standardized pre-approved profit-sharing plan. There were no changes to the overall Plan at that time.

Contributions

Each year, participants may contribute a percentage or dollar amount of their eligible compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes a safe harbor matching contribution equal to 100 percent of the first 3 percent of total eligible compensation contributed and 50 percent of the next 2 percent of total eligible compensation contributed, which totaled \$459,998 and \$369,859, respectively for the years ended December 31, 2022 and 2021. The safe harbor matching contribution is 100 percent vested. The Company may also make profit-sharing contributions, at its discretion, for employees age 21 or older who have met one year of eligibility service and are employed on the last day of the Plan year and completed at least 1,000 hours of service during the Plan year. The company elected not to make a profit-sharing contribution during 2022 and 2021.

Contributions are subject to certain limitations established by the Internal Revenue Service (IRS). Excess contributions above IRS limitations must be refunded. The amount to be returned to the respective employees and Company may be impacted by investment earnings and losses. There were no excess contributions during the Plan years ended December 31, 2022 and 2021.

SAVILLE, DODGEN & COMPANY 401K PLAN

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, if any, (b) the Company's profit-sharing contribution, if any, (c) earnings or losses, and (d) charged allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their individual contributions, plus actual earnings thereon. Participants are also immediately vested in the employer safe harbor matching contributions. Vesting in the Company's discretionary employer matching contributions, non-elective contributions, and related investment earnings thereon, is based on years of continuous service. A participant is 100 percent vested in their employer discretionary match contribution after six years of credited service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to 50 percent of their vested account, or \$50,000, if less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Participants can have two active loans at one time. Loan terms may not exceed 60 months unless for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate determined by the Plan Administrator. Interest rates range from 4.25 to 8.00 percent during 2022 and 2021. Principal and interest are paid ratably through payroll deductions. Any loan origination fees will be described in the loan application form and will be paid from the participant's vested account balance in the Plan. Loan prepayments are allowed without penalty.

Payments of benefits

Distributions are generally made in the event of retirement, death, disability, resignation, or dismissal. Vested account balances can be distributed by transferring the balance to a different trustee (i.e., rollover) or lump-sum distribution. Vested account balances that do not exceed \$5,000 are subject to automatic distribution without participants' consent. Rollover contributions are included in determining the \$5,000 threshold. All other accounts must receive participant consent before a distribution to the participant can occur.

In-service withdrawals of all or a portion of a participants vested account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

SAVILLE, DODGEN & COMPANY 401K PLAN

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Forfeited accounts

A non-vested amount remaining in a participant account of a terminated employee after the earlier of (a) the distribution of his or her vested account balance or (b) five consecutive one-year breaks in service is defined as a forfeiture. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$9,436 and \$7,088, respectively. These accounts will be used to reduce future employer contributions. In 2022 and 2021, no forfeitures were used to fund employer contributions.

2. Summary of significant accounting policies

This summary of significant accounting policies is presented to assist in understanding the Plan Administrator's financial statements. The financial statements and notes are representations of the Plan Administrator's management, which is responsible for their integrity and objectivity. In preparing financial statements, the Plan Administrator makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of accounting

The Plan's financial statements are presented on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participant

Notes receivable from plan participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant does not make loan repayments and the Plan Administrator

SAVILLE, DODGEN & COMPANY 401K PLAN

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits

Benefit payments to participants are recorded when paid.

Administrative expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Advisory fees amounted \$10,951 and \$69,264, respectively for the years ended December 31, 2022 and 2021, and are included in administrative expenses reported within these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

3. Fair value measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Observable inputs other than Level 1 process, such as quoted prices for similar assets or liabilities; quoted prices for identical or similar assets in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

SAVILLE, DODGEN & COMPANY 401K PLAN

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market funds: valued based on the short-term cash component as of the measurement date.

Registered investment companies: valued at the daily closing price as reported by the fund. The Plan holds funds such as stocks, options, exchange traded funds, and fixed income securities that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-directed brokerage: consist of shares of registered investment companies that are valued at closing price reported on the active market on which the individual securities are traded.

Partnerships: consist of units of participation in privately held partnerships that are valued at market value determined by valuations.

Real Estate: valued at its appraised value to determine its market value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

5. Summary of certified information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained a certification from Fidelity Management Trust Company for the years ended December 31, 2022 and 2021, that the portion of the investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021 with Fidelity Management Trust Company, and net change in fair value of investments and interest income for the years ended December 31, 2022 and 2021, only for investments held with Fidelity Management Trust Company, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Plan's trustee.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their discretionary employer matching contributions.

7. Tax status

Effective January 1, 2016, the Plan was designed under a prototype plan developed by Dataair Employee Benefit Systems, Inc. which received a favorable opinion letter dated March 31, 2014, in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and that the related trust is tax-exempt.

Effective November 30, 2021, the Plan was designed under a prototype plan developed by Fidelity which received a favorable opinion letter dated June 30, 2020, in accordance with applicable sections of the Internal Revenue Code (IRC).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Related-party transactions and party-in-interest transactions

The Plan assets were held and managed by the custodians who invest cash received, interest, and dividend income as directed by participants of the Plan. Fees paid by the Plan for investment management services are included on the financial statements and showing within administrative fees noted herein. The Plan also permits loans to participants. Certain administrative functions are performed by officers and employees of the Company for which the officers or employees receive no compensation from the Plan nor is the Plan charged by the company for these services. These transactions qualify as party-in-interest transactions under ERISA, which are exempt from the prohibited transaction rules.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
