INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
TMC Technologies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of TMC Technologies 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of TMC Technologies 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

TMC Technologies 401(k) Plan

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TMC Technologies 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TMC Technologies 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

TMC Technologies 401(k) Plan

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TMC Technologies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TMC Technologies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

TMC Technologies 401(k) Plan

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) (modified cash basis) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TMC Technologies 401(k) Plan

Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying financial statement of TMC Technologies 401(k) Plan, which comprises the statement of net assets available for benefits (modified cash basis) as of December 31, 2021. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statements of TMC Technologies 401(k) Plan as of and for the year ended December 31, 2021.

TMC TECHNOLOGIES 401(K) PLAN NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of TMC Technologies 401(k) Plan (the "Plan"), sponsored by TMC Technologies of West Virginia, Inc. (the "Company"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. General.** The Plan is a defined contribution plan effectively covering all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was established effective January 1, 2012. The Plan was adopted under the provisions of Internal Revenue Code (IRC) Section 401(a), with a cash or deferred arrangement qualified under IRC Section 401(k) and was restated effective January 1, 2021.
- B. Automatic Enrollment.** Elective deferrals are automatically deducted from eligible employees who have not made an elective deferral election. The initial amount of the automatic enrollment is two percent of employee eligible compensation. This is unless the employee makes an election not to contribute or to contribute a different amount.
- C. Contributions.** Participants may elect to contribute any amount of pre-tax or after-tax compensation up to the maximum allowable dollar limit provided by the Internal Revenue Code (IRC). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contributions plans.

Beginning, January 1, 2021, the Plan was amended to qualify as a "Safe Harbor 401(k) Plan." Accordingly, the Company provides a safe harbor match of 100% of participant salary deferrals to the Plan up to 4% of their eligible compensation. Additionally, at its sole discretion, the Company may choose to make additional employer contributions subject to certain limitations.

- D. Participant Accounts.** In addition to a participant's contributions and employer contribution, each participant's account is credited with an allocation of the participant's account earnings and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

See independent auditor's report.

TMC TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONT'D)

- E. Vesting.** Participants are immediately vested in their contributions and their safe harbor contributions, plus actual earnings thereupon. Vesting in other employer contributions is based upon years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 or more, but less than 2	20%
2 or more, but less than 3	40%
3 or more, but less than 4	60%
4 or more, but less than 5	80%
5 years or more	100%

- F. Participant Loans.** Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate. Principal and interest is paid ratably through periodic payroll deductions. Participant loans are treated as notes receivable to the Plan.
- G. Payment of Benefits.** On termination of service due to death, disability, or retirement, the participant and/or a beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account as soon as administratively feasible, if the account balance does not exceed \$5,000. For account balances exceeding \$5,000, the participant and/or a beneficiary must consent to the distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.
- H. Forfeited Accounts.** Forfeited nonvested accounts can be used to reduce employer contributions or pay certain plan expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$51,095 and \$47,924, respectively.

See independent auditor's report.

TMC TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONT'D)

2. Summary of Significant Accounting Policies

- A. Basis of Accounting.** The accounting records of the Plan are maintained on the modified cash basis of accounting, an accounting method permitted by the Department of Labor. This method includes recording of Plan assets at fair market value but excludes the recording of receivables for participant and employer contributions, interest and dividends receivable on investments, interest receivable on notes receivable from participants, and accrued expenses. The effect of these items has not been determined. This practice differs in some respects from accounting principles generally accepted in the United States of America which require that the financial statements be prepared on an accrual basis. Accordingly, the accompanying financial statements are not intended to present the financial position and changes in net assets available for benefits in conformity with accounting principles generally accepted in the United States of America.
- B. Use of Estimates.** The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.
- C. Investment Valuation and Income Recognition.** Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The fair value of pooled separate accounts is determined using the observable net asset value (NAV) of the underlying investment. See note 4 for a discussion of fair value measurements.

Contract value is the relevant measurement for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. See note 5 for a discussion of investments measured at contract value.

Net (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

See independent auditor's report.

TMC TECHNOLOGIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONT'D)

- D. Notes Receivable from Participants.** Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance. Interest income on notes receivable is recorded when cash is received. The notes receivable have maturities through year 2026 and are secured by the vested account balances of the borrowing participants. No allowance for credit losses was recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, a distribution to the participant is recorded and the loan balance is reduced.
- E. Payment of Benefits.** Benefits are recorded when paid.
- F. Administrative Expenses.** Administrative expenses, including trustee, legal, auditing, and other fees, are paid by the Company and, as such, are not expenses of the Plan. The amount reported as administrative expenses of the Plan are transactional fees charged to participant accounts.

3. Information Prepared and Certified by the Custodian

On December 31, 2020, Empower Retirement LLC (“Empower”) acquired the retirement business of Massachusetts Mutual Life Insurance Company (“MassMutual”). The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Great-West Life & Annuity Insurance Company, the custodian of the plan and an affiliate of Empower, with respect to Empower’s role as the administrator of contracts issued by MassMutual:

- a. Total investments of \$8,767,543 and notes receivable from participants of \$29,470, as shown in the accompanying statement of net assets available for benefits (modified cash basis) as of December 31, 2022.
- b. Investment income (loss) of (\$1,716,158) and interest earned on participant loans of \$1,483 as shown on the accompanying statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022.
- c. All investment and notes receivable from participants information in the accompanying supplemental schedule (modified cash basis) as of and for the year ended December 31, 2022.

See independent auditor's report.

TMC TECHNOLOGIES 401(K) PLAN NOTES TO FINANCIAL STATEMENTS (CONT'D)

4. Investments at Fair Value

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

See independent auditor's report.

TMC TECHNOLOGIES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONT'D)

The following is a description of the valuation methodologies used for assets measured at fair value basis. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts: The fair value of pooled separate accounts is calculated daily based on the observable NAV of the underlying investments. The separate accounts invest in publicly quoted mutual funds in a structure similar to a mutual fund. Therefore, they do not meet the standard of NAV as a practical expedient and are reported at the appropriate level in the fair value hierarchy.

Assets at Fair Values as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Investments at fair value				
Pooled separate accounts	\$ -	\$ 8,714,675	\$ -	\$ 8,714,675
 Total assets at fair value	<u>\$ -</u>	<u>\$ 8,714,675</u>	<u>\$ -</u>	<u>\$ 8,714,675</u>

Assets at Fair Values as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Investments at fair value				
Pooled separate accounts	\$ -	\$ 9,293,101	\$ -	\$ 9,293,101
 Total assets at fair value	<u>\$ -</u>	<u>\$ 9,293,101</u>	<u>\$ -</u>	<u>\$ 9,293,101</u>

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See independent auditor's report.

TMC TECHNOLOGIES 401(K) PLAN NOTES TO FINANCIAL STATEMENTS (CONT'D)

5. Investments at Contract Value

Guaranteed investment contract: The Fixed Account is a benefit-responsive group annuity contract issued by Massachusetts Mutual Life Insurance Company. The contract is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of the issuer and not on the value of the securities within the insurer's general account. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Contract value represents deposits made to the contract, plus earnings at guaranteed net crediting rates, less withdrawals. Contract value is the relevant measurement attribute for Plan's investment in the contract, because contract value is the amount participants would receive if they were to initiate permitted transactions. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. The contract value of the account at December 31, 2022 and 2021 was \$52,869 and \$107,850, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. Parties-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts issued by MassMutual and managed by Empower. Fees paid by the Plan for contract administrative and investment management services to Empower amounted to \$24,295 for the year ended December 31, 2022. These transactions qualify as party-in interest transactions.

See independent auditor's report.

TMC TECHNOLOGIES 401(K) PLAN NOTES TO FINANCIAL STATEMENTS (CONT'D)

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

8. Tax Status

On November 14, 2022, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under the Internal Revenue Code (IRC) Section 401. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

All required federal returns for the Plan have been filed up to, and including the tax year ended December 31, 2021. The Plan's federal returns for 2021, 2020, and 2019 remain subject to examination by the Internal Revenue Service.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits (modified cash basis).

10. Subsequent Events

Management evaluated events for the Plan through October 12, 2023, the date the financial statements were available to be issued.

See independent auditor's report.
