Independent Auditor's Report

The Plan Administrator
Messner Reeves LLP Retirement Savings Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Messner Reeves LLP Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not required parts of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves,

and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Messner Reeves LLP Retirement Savings Plan

Notes to Financial Statements

1. Plan Description

The following description of the Messner Reeves LLP Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted by Messner Reeves LLP (the Company or Employer) effective January 1, 1998 and has been amended and restated most recently effective January 1, 2021. The Plan is a defined contribution plan covering eligible employees of the Company. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Issuer, Trustee, and Administration of the Plan

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company is the trustee of the mutual funds and the guaranteed investment option, and is the recordkeeper of the Plan; Principal Life Insurance Company (Principal Life) is the issuer of the pooled separate accounts; and Principal Global Investors Trust Company is trustee of the collective investment trusts (collectively, Principal or Trustee) in accordance with the provisions of the service provider agreements with the Company.

The administrator of the Plan is the Company. The Company determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees are eligible to become a participant in the Plan on the first day of the month coinciding with or following attainment of age 18 and completion of six consecutive months of service. Union employees, interns, and non-resident aliens are not eligible to participate in the Plan.

Contributions

Participants may contribute up to 100% of their eligible annual compensation on a pre-tax or after-tax Roth basis, subject to certain IRC limitations. The Plan also allows catch-up contributions for participants aged 50 or older, subject to certain IRC limitations.

The Plan allows for discretionary employer matching contributions and discretionary employer non-elective contributions. Employees are eligible for these contributions on the first of the month after completion of one year of service with 1,000 hours. The discretionary employer non-elective contributions are pro-rata based on the eligible compensation of all eligible employees. Additionally, the Plan allows for employer safe harbor contributions. Employees are eligible for the safe harbor contribution on the first day of the month after completion of six consecutive months of service. During 2022, a discretionary employer matching contribution was made in the amount of 25% of participant contributions up to 4% of eligible compensation. There were no safe harbor or discretionary non-elective contributions for the year ended December 31, 2022.

Messner Reeves LLP Retirement Savings Plan

Notes to Financial Statements

Rollover contributions from other qualified plans or an Individual Retirement Account (IRA) may also be made to the Plan if certain criteria are met.

Participants' Accounts

Participants' accounts are credited with participant pre-tax, after-tax Roth, rollover, discretionary employer matching, employer safe harbor, and discretionary employer non-elective matching, as well as an allocation of Plan earnings or losses. Participants are charged with certain administrative fees that are paid by the Plan. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participant accounts are also credited or debited with participant-initiated transactions. Participants may direct the investment of their account balances into various investments offered by the Plan. The benefit to which participants are entitled is the vested portion of their accounts.

Notes Receivable from Participants

An employee may, with the consent of the Plan administrator, borrow a minimum of \$1,000 up to the lesser of \$50,000 reduced by the excess of the participant's highest outstanding loan balance during the previous 12 months, or $\frac{1}{2}$ of their vested account balance. Participants may not have more than one loan outstanding at any time. The maximum term of the borrowing is five years, unless for the purchase of a principal residence where the loan can be up to 30 years. A participant's loan shall immediately become due and payable if such participant terminates employment for any reason or fails to make a principal and/or interest payment as provided in the loan agreement. The loans are secured by the balance in the participant's account and bear interest at *The Wall Street Journal* posted prime rate plus 2% and are fixed for the duration of the loan. The interest rate on outstanding loans at December 31, 2022 ranged from 5.25% to 8.25%. Principal and interest are repaid through payroll deductions.

Vesting

Participants are immediately vested in their pre-tax, after-tax Roth, rollover, catch-up, safe harbor contributions, and actual earnings thereon. Participants vest 20% per year after two years of service, and an additional 20% per year, becoming fully vested after six years of service in their discretionary employer matching and non-elective matching contributions. Participants who attain normal retirement age (age 65) or terminate employment due to death or disability, as defined, or upon termination of the Plan, are fully vested.

Forfeitures

Forfeited amounts may be used to reduce future employer contributions or pay administrative expenses. At December 31, 2022 and 2021, forfeited accounts were \$7,057 and \$8,151, respectively. During the year ended December 31, 2022, no forfeitures were used to reduce employer contributions or to reinstate former employee accounts and \$1,010 of forfeitures were used to pay administrative expenses.

Benefit Payments

Upon termination of service due to death, disability, separation of service, or attainment of normal retirement age (65), a participant may elect to receive his/her benefit payment in the form of a

Messner Reeves LLP Retirement Savings Plan

Notes to Financial Statements

lump-sum amount, or installment payments; remain in the Plan; or may roll over the amount to another qualified retirement plan or IRA. Immediate lump-sum distributions are to be made to terminated participants if the participant's vested account balance is \$1,000 or less. If the account balance is greater than \$1,000 but less than or equal to \$5,000, the balance is rolled into an IRA for the benefit of the participant. These mandatory distributions are only made if the participant has not affirmatively elected to receive their distribution in another form. In-service withdrawals at age 59 ½ are also allowed by the Plan if certain criteria are met.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan document to terminate the Plan, subject to the provisions of ERISA. Participants would become fully vested upon termination.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, as detailed in the accompanying supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year), are stated at fair value, as further discussed in Note 4 (except the fully benefit-responsive investment contract). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and Principal.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income and capital gains are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses (in the form of an expense ratio) charged to the Plan for investments are deducted from income earned on a daily basis and reflected as a reduction of investment return for such investments.

Messner Reeves LLP Retirement Savings Plan

Notes to Financial Statements

Accounting for Investment Contracts with Insurance Companies

On January 1, 2020, the Plan entered into a fully benefit-responsive investment contract, the Fixed Income Guaranteed Option, with Principal Life. Principal Life maintains the contributions in a custodial account. These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. There are no reserves against the contract value for credit risk of the contract issuer. The crediting interest rate is based on a formula agreed upon with Principal Life but may not be less than 0%. Interest rates are reset semiannually. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with Principal Life. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Employer does not believe any of these events are probable of occurring.

Contributions

Participant contributions and discretionary or safe harbor employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Any discretionary employer non-elective contributions would be recognized in the period during which the related compensation was paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued, but unpaid interest was de minimis at December 31, 2022 and 2021. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Expenses of the Plan

During the year ended December 31, 2022, administrative expenses totaling \$42,637 were paid by the Plan consisting of expenses paid by participants for distribution processing, recordkeeping, and loan administration. Certain other fees and expenses may be charged within the investments (as an expense ratio) and are reflected in the net depreciation in fair value of investments. The Company, on behalf of the Plan, paid all other administrative expenses of the Plan, and those expenses are excluded from these financial statements.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Principal, qualified institutions, have certified the following information, which is included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments, as reported in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment loss, as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment amounts in the notes to the financial statements.
- Investment information included in the notes to the financial statements and in the supplemental schedule, Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule and reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements and Disclosures

Accounting Standards Codification (ASC) 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Notes to Financial Statements

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Insurance Company Pooled Separate Accounts (PSAs) - PSAs are valued at fair value using NAV as a practical expedient. NAV is determined by the issuer based on the fair value of the underlying investments. The practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the NAV. These investments are direct-filing entities with the Department of Labor.

Collective Investment Trusts (CITs) - CITs are valued at fair value using NAV as a practical expedient. NAV is determined by the issuer based on the fair value of the underlying investments. The practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the NAV. These investments are direct-filing entities with the Department of Labor.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies as of December 31, 2022 or 2021.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,365,284	\$ -	\$ -	\$ 4,365,284
Investments measured at NAV ^(a)				3,415,650
Total Investments, at fair value				\$ 7,780,934

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,131,670	\$ -	\$ -	\$ 7,131,670
Investments measured NAV ^(a)				2,198,122
Total Investments, at fair value				\$ 9,329,792

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; and the redemption notice period, if any, is applicable only to the Plan.

December 31, 2022

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
PSAs	\$ 2,599,840	None	Daily	Up to 30 days
CITs	815,810	None	Daily	None

December 31, 2021

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
PSAs	\$ 1,478,762	None	Daily	Up to 30 days
CITs	719,360	None	Daily	None

5. Related Party and Party-in-Interest Transactions

During 2022, the Plan invests certain investments managed by Principal. Participant loan and distribution processing fees are paid to Principal by participants. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. Certain other fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Tax Status

The Plan was restated by adopting a Non-Standardized Pre-Approved Plan Document effective January 1, 2021, sponsored by Creative Retirement Plan Consulting, LLC, which obtained an advisory letter from the Internal Revenue Service (IRS) dated June 30, 2020, indicating that the Non-Standardized Pre-Approved Plan is designed in accordance with the applicable sections of the

Notes to Financial Statements

IRC and, therefore, the related trust is tax-exempt. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC, thus no provision for income taxes has been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

7. Concentrations, Risks, and Uncertainties

The Plan provides for various investments in mutual funds, PSAs, CITs, and a fixed-income investment contract. Investments, in general, are exposed to various risks, such as interest rate, overall market volatility, and credit risks. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' account balances.

There are two investments that individually represent more than 10% of investments held at December 31, 2022 and three investments that individually represents more than 10% of investments held at December 31, 2021. See the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2022.

8. Delinquent Participant Contributions

During the years ended December 31, 2022, 2021, 2020, 2019, 2015, and 2014, the Company failed to timely remit certain employee contributions and loan repayments to the Plan as reported in the supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions.

9. Subsequent Events

The Plan has performed an evaluation of subsequent events through October 16, 2023, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.
