INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants
Genz-Ryan Plumbing & Heating Company
401(k) Profit Sharing Plan
Burnsville, Minnesota

SCOPE AND NATURE OF THE *ERISA* SECTION 103(A)(3)(C) AUDIT

We have performed audits of the accompanying financial statements of Genz-Ryan Plumbing & Heating Company 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (*ERISA*), as permitted by *ERISA* Section 103(a)(3)(C) [*ERISA* Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with *ERISA* Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) *Rules and Regulations for Reporting and Disclosure Under ERISA*. As permitted by *ERISA* Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA* (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

OPINION

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of *ERISA* Section 103(a)(3)(C).

(continued)

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our *ERISA* Section 103(a)(3)(C) audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the *ERISA* Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Except as described in the Scope and Nature of the *ERISA* Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an *ERISA* Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

SUPPLEMENTAL SCHEDULES REQUIRED BY *ERISA*

The supplemental Schedule H – Line 4(i) – Schedule of Assets (Held End of Year) as of December 31, 2022 on page 16, and the supplemental Schedule H – Part IV – Line 4(a) – Schedule of Delinquent Participant Contributions for Year Ended December 31, 2022 on page 17 (collectively, the Supplemental Schedules), are presented for purposes of additional analysis and are not required parts of the financial statements, but are supplementary information required by the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the Supplemental Schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the Supplemental Schedules that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the Supplemental Schedules, we evaluated whether the Supplemental Schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA*.

(continued)

In our opinion –

- The form and content of the Supplemental Schedules, other than the information in the Supplemental Schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA*.
- The information in the Supplemental Schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of *ERISA* Section 103(a)(3)(C).

NOTE 1 – SUMMARY DESCRIPTION OF PLAN

The following description of Genz-Ryan Plumbing & Heating Company 401(k) Profit Sharing Plan (the Plan) provides only general information. For a more complete description of the Plan's provisions, refer to the agreement governing the Plan.

A. General

The Plan is a defined contribution 401(k) and profit sharing plan under § 401(k) of the Internal Revenue Code (IRC) established by Genz-Ryan Plumbing & Heating Company, Inc. (the Company or the Plan Sponsor) on November 1, 1982 to provide retirement benefits for eligible employees of the Company. Eligible employees of the Company include all nonexcluded employees, as defined by the Plan, who have completed 60 days of service following their date of hire or 1,000 hours of service, and are age 18 or older. The Plan is subject to the provisions of the Department of Labor's (DOL) *Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974 (ERISA)*, as amended.

B. Contributions

Employees meeting eligibility requirements may enroll in the Plan. Participants may contribute up to 100.0 percent of compensation on a pretax basis, as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Employees become eligible for company safe harbor matching contributions upon one year of service, which includes the completion of 1,000 hours, attaining the age of 21, and reaching the applicable entry date, which is the first date of either the first or the seventh month of the year following the employee's initial anniversary date. Safe harbor matching contributions only occur if deferral contributions are made. The Company may make annual discretionary matching, profit sharing, and qualified nonelective contributions to participating employees in an amount to be determined by the Board of Directors of the Company for each plan year.

Participants direct the investment of their contributions and company safe harbor matching, profit sharing, and discretionary contributions into various investment options offered by the Plan.

For the year ended December 31, 2022, the Company's safe harbor matching contribution payable to the Plan was equal to 100 percent of the first 3 percent deferred, plus 50 percent of any deferred compensation between 3 percent and 5 percent, up to a maximum of 4 percent of eligible compensation. No discretionary matching or profit sharing contributions were made for the year ended December 31, 2022.

NOTE 1 – SUMMARY DESCRIPTION OF PLAN (CONTINUED)

C. Participant Accounts

Each participant's account is credited with the participant's contribution; the Company's safe harbor, annual discretionary matching, profit sharing, and qualified nonelective contributions; an allocation of plan earnings; and is charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Notes Receivable – Participants

Participants are not allowed to borrow from their accounts as loans are not permitted from the Plan.

E. Vesting

Participants are vested immediately in their 401(k) salary deferral contributions, rollover contributions, qualified nonelective contributions, discretionary matching and safe harbor matching contributions, plus actual earnings thereon.

Profit sharing, plus actual earnings thereon, are subject to the following vesting schedule, except upon reaching normal retirement age (or age 62 if later), death, or disability, at which time profit sharing contributions are 100 percent vested:

Years of Service	Vested Percentage
Less Than 2	– %
2	20
3	40
4	60
5	80
6	100

F. Payments of Benefits

In the case of normal retirement, termination due to permanent disability or death, or termination of employment, a participant may elect to receive the value of their accumulated plan benefits, in accordance with the provisions of the Plan, in a lump sum distribution or in an alternative manner mutually agreed upon by the participant and the Plan Administrator. Certain mandatory distribution provisions apply to participant account balances of \$5,000 or less. The Plan allows for in-service distributions in certain instances as defined by the Plan, or if the participant has attained the age of 59-1/2.

NOTE 1 – SUMMARY DESCRIPTION OF PLAN (CONTINUED)

G. Forfeitures

Forfeitures represent the portion of a participant's account that is not vested at the time of distribution or on the last day of the Plan year in which the participant incurs five consecutive one-year breaks in service.

Any forfeitures occurring during the Plan year generally are applied to reduce contributions of the Company. Additional forfeitures retained by the Plan may be used to pay administrative expenses if so directed by the Company. Any remaining forfeiture amounts may be used to reduce future company contributions payable under the Plan.

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$559 and \$0, respectively. During the year ended December 31, 2022, no current or prior year forfeitures were utilized to pay administrative expenses or reduce contributions of the Company.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value – see Note 6), as reported by Lincoln National Life Insurance Company (Lincoln), the Directed Custodian of the Plan, as of December 31, 2022 and 2021. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies (see Note 4 for a discussion of fair value measurements).

The Plan's investment in guaranteed interest accounts consists of an investment in a Lincoln National Life Guaranteed Stable Value Account. This fund is designed to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit responsive payments.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Dividends are recorded on the ex-dividend date. Investment income is recorded on the accrual basis. Net appreciation (or depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Payment of Benefits

Benefits are recorded when paid, with the exception of corrective distributions, which are recorded annually at year-end.

E. Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and, therefore, are excluded from these financial statements. Certain investment-related expenses are included in the net appreciation or depreciation in fair value of investments. Other investment-related and administrative expenses may be paid out of the Plan's trust unless paid by the Company. Audit-related administrative expenses are paid by the Company (see Note 7).

F. Uncertain Tax Positions

The Plan follows recognition requirements for uncertain income tax positions as required by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740-10. Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more-likely-than-not be sustained upon examination by taxing authorities. The Plan has analyzed tax positions taken for filing with the IRS, the DOL's Employee Benefits Security Administration, and the state jurisdiction where it operates. The Plan believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Plan's financial condition or results of operations. Accordingly, the Plan has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions at December 31, 2022.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any open tax periods.

G. Subsequent Events

Subsequent events have been evaluated by management through October 16, 2023, which is the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA* for 2022 and 2021. Accordingly, Lincoln has certified to the completeness and accuracy of all investments reported at fair value in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the supplemental Schedule H–Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022.

NOTE 4 – FAIR VALUE MEASUREMENTS

The FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest level of priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820-10 are as described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the assets or liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts – Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year-end. Unit values of participation units in the pooled separate accounts are estimated by Lincoln based on the value of the underlying assets owned by the fund, minus the fund's liabilities, divided by the participation units outstanding. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions. This value is also commonly referred to as the net asset value (NAV) and is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3
	Total		
Pooled separate accounts (a)	\$ —	\$ —	\$ —
	\$ 6,011,772		
Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3
	Total		
Pooled separate accounts (a)	\$ —	\$ —	\$ —
	\$ 7,328,320		

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the Statements of Net Assets Available for Benefits.

NOTE 5 – INVESTMENTS STATED AT NET ASSET VALUE (NAV)

The following table summarizes investments for which value is measured using NAV per share practical expedient as of December 31, 2022 and 2021, respectively:

	2022			
	Net Asset Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	<u>\$ 6,011,772</u>	<u>\$ –</u>	Daily	12 months advanced notice
	2021			
	Net Asset Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	<u>\$ 7,328,320</u>	<u>\$ –</u>	Daily	12 months advanced notice

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 6 – GROUP ANNUITY CONTRACT WITH NATIONAL INSURANCE COMPANY

At December 31, 2022 and 2021, the Plan held a traditional fully benefit-responsive guaranteed investment contract with Lincoln, which totaled \$19,302 and \$25,245, respectively. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed at least annually for resetting, but may be changed at Lincoln's discretion. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial and/or contractual obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

**NOTE 6 – GROUP ANNUITY CONTRACT WITH NATIONAL INSURANCE COMPANY
(CONTINUED)**

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under *ERISA*, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; and/or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of pooled separate accounts or a group investment contract managed by Lincoln, with investment advisory services provided by Lincoln Financial Advisors, an independent investment advisory firm. Lincoln is the Custodian defined by the Plan for the certified assets, therefore, these transactions qualify as party-in-interest transactions. Fees for investment advisory services totaled \$55,975 for the year ended December 31, 2022.

The Company pays for contract administration services provided by FuturePlan by Ascensus (FuturePlan) the third party administrator of the Plan. Fees for contract administration services totaled \$22,197 for the year ended December 31, 2022. Certain fees incurred by the Plan for investment management services are included in the net appreciation or depreciation in fair value of the investment, as they are paid through revenue sharing, rather than direct payment. Other investment advisory services and recordkeeping services are recorded in administrative expenses. The Company provides certain accounting and administrative services to the Plan for which no fees are charged. The Company pays for audit services performed by an unrelated independent public accounting firm.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of *ERISA*.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of *ERISA*. In the event of plan termination, participants would become 100.0 percent vested in their profit sharing contributions.

Notes to Financial Statements (continued)

NOTE 9 – TAX STATUS

The Plan relies on the prototype nonstandardized profit sharing plan established by FuturePlan, which the IRS determined and informed FuturePlan by a letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 10 – RISKS, UNCERTAINTIES, AND CONCENTRATIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

At December 31, 2022, the Plan had investments totaling \$3,762,387 that were concentrated in three funds. At December 31, 2021, the Plan had investments totaling \$4,661,923 that were concentrated in three funds.

INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants
Genz-Ryan Plumbing & Heating Company
401(k) Profit Sharing Plan
Burnsville, Minnesota

SCOPE AND NATURE OF THE *ERISA* SECTION 103(A)(3)(C) AUDIT

We have performed audits of the accompanying financial statements of Genz-Ryan Plumbing & Heating Company 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (*ERISA*), as permitted by *ERISA* Section 103(a)(3)(C) [*ERISA* Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with *ERISA* Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) *Rules and Regulations for Reporting and Disclosure Under ERISA*. As permitted by *ERISA* Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA* (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

OPINION

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of *ERISA* Section 103(a)(3)(C).

(continued)

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our *ERISA* Section 103(a)(3)(C) audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the *ERISA* Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Except as described in the Scope and Nature of the *ERISA* Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an *ERISA* Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

SUPPLEMENTAL SCHEDULES REQUIRED BY *ERISA*

The supplemental Schedule H – Line 4(i) – Schedule of Assets (Held End of Year) as of December 31, 2022 on page 16, and the supplemental Schedule H – Part IV – Line 4(a) – Schedule of Delinquent Participant Contributions for Year Ended December 31, 2022 on page 17 (collectively, the Supplemental Schedules), are presented for purposes of additional analysis and are not required parts of the financial statements, but are supplementary information required by the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the Supplemental Schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the Supplemental Schedules that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the Supplemental Schedules, we evaluated whether the Supplemental Schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA*.

(continued)

In our opinion –

- The form and content of the Supplemental Schedules, other than the information in the Supplemental Schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA*.
- The information in the Supplemental Schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of *ERISA* Section 103(a)(3)(C).

NOTE 1 – SUMMARY DESCRIPTION OF PLAN

The following description of Genz-Ryan Plumbing & Heating Company 401(k) Profit Sharing Plan (the Plan) provides only general information. For a more complete description of the Plan's provisions, refer to the agreement governing the Plan.

A. General

The Plan is a defined contribution 401(k) and profit sharing plan under § 401(k) of the Internal Revenue Code (IRC) established by Genz-Ryan Plumbing & Heating Company, Inc. (the Company or the Plan Sponsor) on November 1, 1982 to provide retirement benefits for eligible employees of the Company. Eligible employees of the Company include all nonexcluded employees, as defined by the Plan, who have completed 60 days of service following their date of hire or 1,000 hours of service, and are age 18 or older. The Plan is subject to the provisions of the Department of Labor's (DOL) *Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974 (ERISA)*, as amended.

B. Contributions

Employees meeting eligibility requirements may enroll in the Plan. Participants may contribute up to 100.0 percent of compensation on a pretax basis, as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Employees become eligible for company safe harbor matching contributions upon one year of service, which includes the completion of 1,000 hours, attaining the age of 21, and reaching the applicable entry date, which is the first date of either the first or the seventh month of the year following the employee's initial anniversary date. Safe harbor matching contributions only occur if deferral contributions are made. The Company may make annual discretionary matching, profit sharing, and qualified nonelective contributions to participating employees in an amount to be determined by the Board of Directors of the Company for each plan year.

Participants direct the investment of their contributions and company safe harbor matching, profit sharing, and discretionary contributions into various investment options offered by the Plan.

For the year ended December 31, 2022, the Company's safe harbor matching contribution payable to the Plan was equal to 100 percent of the first 3 percent deferred, plus 50 percent of any deferred compensation between 3 percent and 5 percent, up to a maximum of 4 percent of eligible compensation. No discretionary matching or profit sharing contributions were made for the year ended December 31, 2022.

NOTE 1 – SUMMARY DESCRIPTION OF PLAN (CONTINUED)

C. Participant Accounts

Each participant's account is credited with the participant's contribution; the Company's safe harbor, annual discretionary matching, profit sharing, and qualified nonelective contributions; an allocation of plan earnings; and is charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Notes Receivable – Participants

Participants are not allowed to borrow from their accounts as loans are not permitted from the Plan.

E. Vesting

Participants are vested immediately in their 401(k) salary deferral contributions, rollover contributions, qualified nonelective contributions, discretionary matching and safe harbor matching contributions, plus actual earnings thereon.

Profit sharing, plus actual earnings thereon, are subject to the following vesting schedule, except upon reaching normal retirement age (or age 62 if later), death, or disability, at which time profit sharing contributions are 100 percent vested:

Years of Service	Vested Percentage
Less Than 2	– %
2	20
3	40
4	60
5	80
6	100

F. Payments of Benefits

In the case of normal retirement, termination due to permanent disability or death, or termination of employment, a participant may elect to receive the value of their accumulated plan benefits, in accordance with the provisions of the Plan, in a lump sum distribution or in an alternative manner mutually agreed upon by the participant and the Plan Administrator. Certain mandatory distribution provisions apply to participant account balances of \$5,000 or less. The Plan allows for in-service distributions in certain instances as defined by the Plan, or if the participant has attained the age of 59-1/2.

NOTE 1 – SUMMARY DESCRIPTION OF PLAN (CONTINUED)

G. Forfeitures

Forfeitures represent the portion of a participant's account that is not vested at the time of distribution or on the last day of the Plan year in which the participant incurs five consecutive one-year breaks in service.

Any forfeitures occurring during the Plan year generally are applied to reduce contributions of the Company. Additional forfeitures retained by the Plan may be used to pay administrative expenses if so directed by the Company. Any remaining forfeiture amounts may be used to reduce future company contributions payable under the Plan.

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$559 and \$0, respectively. During the year ended December 31, 2022, no current or prior year forfeitures were utilized to pay administrative expenses or reduce contributions of the Company.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value – see Note 6), as reported by Lincoln National Life Insurance Company (Lincoln), the Directed Custodian of the Plan, as of December 31, 2022 and 2021. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies (see Note 4 for a discussion of fair value measurements).

The Plan's investment in guaranteed interest accounts consists of an investment in a Lincoln National Life Guaranteed Stable Value Account. This fund is designed to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit responsive payments.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Dividends are recorded on the ex-dividend date. Investment income is recorded on the accrual basis. Net appreciation (or depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

401(k) PROFIT SHARING PLAN

Notes to Financial Statements (continued)
December 31, 2022 and 2021

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Payment of Benefits

Benefits are recorded when paid, with the exception of corrective distributions, which are recorded annually at year-end.

E. Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and, therefore, are excluded from these financial statements. Certain investment-related expenses are included in the net appreciation or depreciation in fair value of investments. Other investment-related and administrative expenses may be paid out of the Plan's trust unless paid by the Company. Audit-related administrative expenses are paid by the Company (see Note 7).

F. Uncertain Tax Positions

The Plan follows recognition requirements for uncertain income tax positions as required by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740-10. Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more-likely-than-not be sustained upon examination by taxing authorities. The Plan has analyzed tax positions taken for filing with the IRS, the DOL's Employee Benefits Security Administration, and the state jurisdiction where it operates. The Plan believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Plan's financial condition or results of operations. Accordingly, the Plan has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions at December 31, 2022.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any open tax periods.

G. Subsequent Events

Subsequent events have been evaluated by management through October 16, 2023, which is the date the financial statements were available to be issued.

401(k) PROFIT SHARING PLAN

Notes to Financial Statements (continued)
December 31, 2022 and 2021

NOTE 3 – INFORMATION CERTIFIED BY PLAN CUSTODIAN

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's *Rules and Regulations for Reporting and Disclosure Under ERISA* for 2022 and 2021. Accordingly, Lincoln has certified to the completeness and accuracy of all investments reported at fair value in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the supplemental Schedule H–Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022.

NOTE 4 – FAIR VALUE MEASUREMENTS

The FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest level of priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820-10 are as described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the assets or liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts – Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year-end. Unit values of participation units in the pooled separate accounts are estimated by Lincoln based on the value of the underlying assets owned by the fund, minus the fund's liabilities, divided by the participation units outstanding. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions. This value is also commonly referred to as the net asset value (NAV) and is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3
	Total		
Pooled separate accounts (a)	\$ —	\$ —	\$ —
	\$ 6,011,772		
Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3
	Total		
Pooled separate accounts (a)	\$ —	\$ —	\$ —
	\$ 7,328,320		

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the Statements of Net Assets Available for Benefits.

Notes to Financial Statements (continued)
December 31, 2022 and 2021

NOTE 5 – INVESTMENTS STATED AT NET ASSET VALUE (NAV)

The following table summarizes investments for which value is measured using NAV per share practical expedient as of December 31, 2022 and 2021, respectively:

	2022			
	Net Asset Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	<u>\$ 6,011,772</u>	<u>\$ –</u>	Daily	12 months advanced notice
	2021			
	Net Asset Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	<u>\$ 7,328,320</u>	<u>\$ –</u>	Daily	12 months advanced notice

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 6 – GROUP ANNUITY CONTRACT WITH NATIONAL INSURANCE COMPANY

At December 31, 2022 and 2021, the Plan held a traditional fully benefit-responsive guaranteed investment contract with Lincoln, which totaled \$19,302 and \$25,245, respectively. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed at least annually for resetting, but may be changed at Lincoln's discretion. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial and/or contractual obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

**NOTE 6 – GROUP ANNUITY CONTRACT WITH NATIONAL INSURANCE COMPANY
(CONTINUED)**

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under *ERISA*, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; and/or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of pooled separate accounts or a group investment contract managed by Lincoln, with investment advisory services provided by Lincoln Financial Advisors, an independent investment advisory firm. Lincoln is the Custodian defined by the Plan for the certified assets, therefore, these transactions qualify as party-in-interest transactions. Fees for investment advisory services totaled \$55,975 for the year ended December 31, 2022.

The Company pays for contract administration services provided by FuturePlan by Ascensus (FuturePlan) the third party administrator of the Plan. Fees for contract administration services totaled \$22,197 for the year ended December 31, 2022. Certain fees incurred by the Plan for investment management services are included in the net appreciation or depreciation in fair value of the investment, as they are paid through revenue sharing, rather than direct payment. Other investment advisory services and recordkeeping services are recorded in administrative expenses. The Company provides certain accounting and administrative services to the Plan for which no fees are charged. The Company pays for audit services performed by an unrelated independent public accounting firm.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of *ERISA*.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of *ERISA*. In the event of plan termination, participants would become 100.0 percent vested in their profit sharing contributions.

NOTE 9 – TAX STATUS

The Plan relies on the prototype nonstandardized profit sharing plan established by FuturePlan, which the IRS determined and informed FuturePlan by a letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 10 – RISKS, UNCERTAINTIES, AND CONCENTRATIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

At December 31, 2022, the Plan had investments totaling \$3,762,387 that were concentrated in three funds. At December 31, 2021, the Plan had investments totaling \$4,661,923 that were concentrated in three funds.
