24 Seven, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of 24 Seven, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

24 SEVEN, LLC 401(K) PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the 24 Seven, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan covering all full-time employees of the following companies (collectively, the "Company"):

24 Seven, LLC, the Plan sponsor
24 Seven Staffing, LLC
24 Seven Talent of California, LLC
24 Seven Recruiting, LLC
Sage Consulting Associates, LLC
Creatis, Inc.
Antenna, LLC
Simplicity Consulting, LLC

On January 1, 2019, 24 Seven Staffing, LLC, 24 Seven Talent of California, LLC and 24 Seven Recruiting, LLC merged into 24 Seven, LLC to form a single company. The Plan was not amended to reflect this merger as there was no effect on the Plan and 24 Seven, LLC remains the Plan sponsor. The Plan is administered by the Company and Voya Retirement Insurance and Annuity Company ("VRIAC"), the insurance company and recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On December 30, 2020, Sage Consulting Associates, Inc. 401K Plan & Trust ("Sage"), an affiliated plan, was merged into the Plan. On September 13, 2023, the Plan was amended to evidence the retroactive adoption of the Plan for the mergers into this Plan by the participating employers of Creatis, Inc. (effective June 2, 2022), Antenna, LLC (effective December 21, 2022) and Simplicity Consulting, LLC (effective December 31, 2022), as well as retroactively adding an eligibility waiver to allow the eligible employees to enter the Plan in order to match the actual operations of the Plan.

Employees who have completed 500 hours of service within the first six months and are age 21 or older are eligible to participate in the Plan. Participants may enter the Plan each January 1 and July 1 after meeting the eligibility requirements.

[2] Contributions:

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may contribute up to 100% of after-tax compensation, as defined by the Plan. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company makes safe harbor matching contributions to the account of each eligible participant in an amount equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation.

[3] Participant accounts:

Upon enrollment in the Plan, participants may direct salary deferral contributions, and employer contributions to selected investments as made available and determined by the Plan administrators. Participants may change their investment options any time via direct telephone or internet access on the VRIAC website.

24 SEVEN, LLC 401(K) PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[3] Participant accounts: (continued):

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings (losses), and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[4] Vesting:

Participants are immediately vested in their contributions, safe harbor contributions, plus actual earnings thereon.

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%, as determined by the Plan administrator. Interest rates on outstanding loan balances range from 5.25% to 8.0% at December 31, 2022 and 2021. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

[6] Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or leave all or part of his or her vested account in the Plan and defer receipt of his or her benefits, unless the account balance does not exceed \$5,000. If the account balance does not exceed \$5,000, the entire vested balance will be paid to the participant in a single lump-sum distribution as soon as practical without regard to the consent of the participant.

A participant can select a hardship distribution of his or her pre-tax salary deferrals and Roth deferrals provided certain criteria is met, as defined by the Plan document.

A participant over the age 59 ½ years may request an in-service distribution.

[7] Forfeitures:

Forfeitures relate to an overpayment from a prior year. Forfeited nonvested accounts may be used to reduce future Company contributions or pay Plan expenses. For both of the years ended December 31, 2022 and 2021, there were no forfeitures used to reduce employer contributions and there were no forfeitures used to pay Plan expenses. Forfeited nonvested accounts available at December 31, 2022 and 2021 were \$20,982 and \$5,820, respectively. The Plan expects to use the forfeitures during 2023.

24 SEVEN, LLC 401(K) PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

[2] Investment valuation and income recognition:

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[3] Payment of benefits:

Benefits are recorded when paid.

[4] Plan expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net depreciation of the fair value of investments.

[5] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrators to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Voya Retirement Insurance and Annuity Company, the insurance company of the Plan, as of December 31, 2022 and 2021 and for the year ended December 31, 2022 and Transamerica Life Insurance Company as of December 31, 2022, have certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

24 SEVEN, LLC 401(K) PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Pooled separate accounts – Valued at net asset value ("NAV"), as a practical expedient, based on the market value of the underlying investments. The NAV is not a publicly-quoted price in an active market. The pooled separate accounts are comprised of a wide variety of underlying investments such as mutual fund portfolios. There are no redemption fees, restrictions or unfunded commitments.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

24 SEVEN, LLC 401(K) PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021:

Investment Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts measured at NAV (A)	\$ -	\$ -	\$ -	\$ 21,052,820
Mutual funds	<u>8,576,528</u>	<u>-</u>	<u>-</u>	<u>8,576,528</u>
Investments at fair value	<u>\$ 8,576,528</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 29,629,348</u>

Investment Assets at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts measured at NAV (A)	\$ -	\$ -	\$ -	\$ 19,247,220
Investments at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,247,220</u>

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

NOTE E - GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan entered into a fully benefit-responsive guaranteed investment contract with VRIAC. VRIAC maintains the contributions in a general account. The contract is reported at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan entered into a fully benefit-responsive investment contract with Transamerica Life Insurance Company ("Transamerica") through the Transamerica Stable Value Focus Option ("Stable Value Investment"). Transamerica maintains the contributions in their general account. Assets in the general account are supported by the financial stability of Transamerica. While Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, any guarantees are subject to the claims paying ability of Transamerica.

24 SEVEN, LLC 401(K) PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE E - GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (CONTINUED)

The contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value, as reported to the Plan by Transamerica, represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value with no conditions, limits, or restrictions. If the Company wishes to remove the Stable Value Investment as an investment choice from the Plan, Transamerica may impose a hold for up to a 270-day period if certain conditions are met depending on the contract held. Additionally, under certain limited circumstances, Transamerica may impose up to a 12-month delay period on all withdrawal requests from all plan sponsors at the plan level. Transamerica and the Plan's management are not aware of events that would limit the ability of participants to transact at contract value.

Prior to January 1st and July 1st of each year, the effective annual rate of interest is established for the corresponding six-month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate for the Stable Value Investment.

	<u>2022</u>	<u>2021</u>
Voya Fixed Account	\$ 666,737	\$ 653,389
Transamerica Stable Value Focus Option	<u>313,468</u>	<u>-</u>
Total	<u>\$ 980,205</u>	<u>\$ 653,389</u>

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on an annual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; or
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

24 SEVEN, LLC 401(K) PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE E - GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (CONTINUED)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; or
4. A material amendment to the agreements without the consent of the issuer.

NOTE F - TAX STATUS

On January 1, 2021, the Plan adopted a Non-Standardized Pre-Approved Profit Sharing/Money Purchase/ Cash or Deferred Arrangement ("CODA") sponsored by FIS Business Systems LLC. On June 30, 2020, the Internal Revenue Service ("IRS") stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with all applicable requirements of the IRC and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the tax determination letter. However, the Plan administrators believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrators believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrators have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by VRIAC. VRIAC is the Plan's insurance company and, therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan were \$11,283 for the year ended December 31, 2022.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks, as well as risks related to the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

24 SEVEN, LLC 401(K) PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE J - TRANSFER FROM RELATED PLANS

During 2022, the Plan sponsor merged three 401(k) plans into the 24 Seven, LLC 401(k) Plan. The plans that were merged were the Creatis Inc. 401(k) Plan & Trust, the Antenna Retirement Plan and the Simplicity Consulting, LLC 401(k) Plan. The total of these plans' assets that were transferred into the Plan was \$11,615,453 and are included in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

NOTE K - SUBSEQUENT EVENTS
