Independent Auditor's Report

Retirement Plan Committee and Participants
Ely-Bloomenson Community Hospital Tax Deferred Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the Ely-Bloomenson Community Hospital Tax Deferred Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 10 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matters—Supplemental Schedule Required by ERISA

The supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Ely-Bloomenson Community Hospital Tax Deferred Annuity Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Ely-Bloomenson Community Hospital Tax Deferred Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Ely-Bloomenson Community Hospital (the Plan Sponsor and Plan Administrator). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Administrator is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Administrator. The Plan's custodian is American United Life Insurance Company (AUL).

Contributions: Participants have the option to participate in the Plan through pretax salary reduction contributions, subject to limitations set forth by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan Sponsor makes matching contributions to participants who are members of the Minnesota Nurses' Association pursuant to the terms of their collective bargaining agreement and may also make discretionary matching contributions to all other eligible employees. Employees who have attained age 21 and who have elected to contribute at least 2% of eligible compensation, as defined, through salary reduction contributions are eligible to receive matching contributions. For the year ended December 31, 2022, the Plan Sponsor contributed 3.25% of participant's eligible compensation to the Plan who are members of the Minnesota Nurses' Association, and 3% for all other eligible employees.

Participant accounts: Each participant's account is credited/charged with the participant's contributions, employer contributions, if any, and an allocation of investment results and administrative expenses that are paid by the Plan. Allocations are based on participant account balances, earnings or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants' investment options: Participants direct their salary deferral contributions to selected investments as made available under the Plan. The Plan is funded with a group annuity contract issued by AUL. Participants may change their investment options any time throughout the year via direct phone or Internet access to AUL.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested in the Plan Sponsor's contribution portion of their accounts plus actual earnings based upon years of continuous service. Participants will be 100% vested upon attaining two years of service, death or total disability during the term of employment, or upon attainment of normal retirement age (age 65).

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Note terms range from one to five years or longer for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a market rate. Principal and interest are paid ratably each month through payroll deductions.

Ely-Bloomenson Community Hospital Tax Deferred Annuity Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Upon termination of employment or normal or early retirement, a participant receives the benefit in an annuity, installments or in a lump sum. The Plan purchases annuities from insurance companies. If the vested benefit to which the participant is entitled is less than \$5,000, it will be paid in a lump sum upon termination. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½.

Forfeited accounts: At December 31, 2022, forfeited nonvested accounts totaled \$0. In 2022, employer contributions were reduced by \$4,435 from forfeited nonvested accounts. At December 31, 2021, there was \$1,285 in the forfeited nonvested accounts.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and other third parties. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded at December 31, 2022 or 2021. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year).

Payments of benefits: Benefits are recorded when paid.

Ely-Bloomenson Community Hospital Tax Deferred Annuity Plan

Notes to Financial Statements

Note 2. Summary of Accounting Policies (Continued)

Administrative expenses: Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Plan Sponsor and excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are charged against the Plan's investment results.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Custodian

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was derived from information prepared or provided by AUL, the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule relating to the following assets:

	2022	2021
Investments:		
Variable investment options, at fair value	\$ 6,127,899	\$ 7,345,522
Group annuity contract, at contract value	1,694,523	1,675,979
	<u>\$ 7,822,422</u>	<u>\$ 9,021,501</u>
Notes receivable from participants	<u>\$ 44,513</u>	<u>\$ 62,504</u>

AUL also certified to the completeness and accuracy of \$(1,547,467) of net depreciation in fair value of investments, \$66,620 of interest related to the aforementioned investments, and \$3,098 of interest on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Ely-Bloomenson Community Hospital Tax Deferred Annuity Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Variable investment options: Variable investment options are separate accounts that invest in single underlying mutual funds. Variable investment options are valued at net asset value (NAV) of the shares held by the Plan at year-end, net of contract fees, which are deducted prior to setting the daily unit value. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

In accordance with Financial Accounting Standards Board Accounting Standards Codification Subtopic 820-10, the variable investment options held by the Plan are not classified in the fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value because they are measured at NAV per share used as a practical expedient.

Investments measured using the NAV per share practical expedient: The following table summarizes investments for which fair value is measured using the NAV per share practical expedient at December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Variable investment options:					
Bond funds (a)	\$ 299,013	\$ 291,572	\$ -	Immediate	7 days
Balanced funds (b)	7,666	2,664	-	Immediate	7 days
Large equity funds (c)	1,202,020	1,658,758	-	Immediate	7 days
Small/mid equity funds (d)	280,616	310,449	-	Immediate	7 days
Target date allocation funds (e)	4,223,429	4,942,366	-	Immediate	7 days
International equity funds (f)	115,155	139,713	-	Immediate	7 days
	<u>\$ 6,127,899</u>	<u>\$ 7,345,522</u>			

- (a) The variable investment options in this category seek maximum total return by investing in a diversified portfolio of fixed income instruments of varying maturities such as derivative instruments, mortgage or asset-backed securities or in higher yielding and lower quality debt securities. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets.
- (b) The variable investment options in this category seek long-term growth and regular income. This category invests in a mix of equities, bonds and cash equivalents. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets.
- (c) The variable investment options in this category seek long-term growth by primarily investing in both growth and value equities of U.S. companies. Selected funds within this category may invest in stocks of foreign companies, futures, and options. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets.
- (d) The variable investment options in this category seek capital appreciation and long-term growth of capital by primarily investing in U.S. equity securities of companies with small-, mid- or micro-size market capitalization. Selected funds within this category may invest in stocks of foreign companies as well as debt securities. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets.

Note 4. Fair Value Measurements (Continued)

- (e) The variable investment options in this category seek long-term growth and regular income. This category invests in a mix of equities, bonds and cash equivalents to reach a targeted retirement date. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets.
- (f) The variable investment options in this category seek long-term growth of capital and reasonable income by investing primarily in common stocks of well-established foreign companies. Selected funds within this category may invest in stocks of U.S. companies as well as cash or money market instruments. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets.

Note 5. Investment Contract With Insurance Company

The Plan has a group annuity contract (fixed interest accounts and stable value account) with AUL. AUL maintains the contributions made under the contract in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate for the fixed interest accounts is based on a formula agreed upon with the issuer but may not be less than 3.0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting interest rate for the stable value account is set annually based on market conditions, and was 1.5% for the year ended December 31, 2022.

The group annuity contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by AUL, represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan held \$1,694,523 and \$1,675,979 of traditional investment contracts at contract value at December 31, 2022 and 2021, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligations under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Ely-Bloomenson Community Hospital Tax Deferred Annuity Plan

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Plan Sponsor contributions.

Note 7. Tax Status

The Plan has adopted a volume submitter plan sponsored by OneAmerica Financial Partners, Inc. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's compliance with IRC section 403(b). The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are fixed interest accounts and variable investment options managed by AUL. AUL is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 9. Risks, Uncertainties and Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2022 statement of net assets available for benefits.

Approximately 22% and 19% of the Plan's investments were held in fixed interest accounts with AUL at December 31, 2022 and 2021, respectively. This is considered to be a concentration of credit risk. The fixed interest accounts have been reported in the financial statements at contract value.

Note 10. Excluded Contracts

The Plan Administrator has elected to exclude from investments certain annuity and custodial accounts that may have been issued to current and former employees without the Plan Administrator's knowledge prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the statement of changes in net assets available for benefits. U.S. GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan Administrator is not able to reasonably determine the amount of these excluded annuity and custodial accounts and the related income and distributions because records relating to these accounts are not available or do not exist.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
