Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Meetings & Incentives Worldwide, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Meetings & Incentives Worldwide, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Meetings & Incentives Worldwide, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Meetings & Incentives Worldwide, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Meetings & Incentives Worldwide, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Meetings & Incentives Worldwide, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at the End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following brief description of the Meetings & Incentives Worldwide, Inc. (Company) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering all full-time employees of the Company who are twenty-one years-old or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Newly hired employees are automatically enrolled in the plan with a contribution rate of 8% if the employee does not opt out within 30 days of initial satisfaction of the eligibility requirements. Participants may also rollover balances into the Plan from other qualified accounts. The Company, at the discretion of the Company's Board of Directors, may make matching and/or non-elective contribution. Non-elective contributions are allocated on an integrated basis to eligible participants. Matching contributions are based on a discretionary percentage applied to participant contributions. Contributions are also subject to certain Internal Revenue Code (IRC) limitations.

c. Participant's Accounts

Each participant's account is credited with the participant's contribution, employer contribution (if any), and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately fully vested in their own and qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's matching contributions and earnings thereon is based on years of continuous service and a participant is 100% vested after two years of credited service, attainment of normal retirement age, death or disability while an employee. Vesting in the Company's non-elective contributions and earnings thereon is based on years of continuous service at a rate of 20% per year beginning in year two and a participant is 100% vested after six years of credited service, attainment of normal retirement age, death, or disability while an employee.

e. Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at an interest rate based on rates currently being charged on similar commercial loans by persons in the business of lending money, as determined by the Plan Administrator. Any loan must be repaid within a five-year period, except if the loan is made for the purpose of purchase or construction of the primary residence of the participant, then such loan may be repaid over a period not

exceeding fifteen years. Principal and interest are paid ratably through payroll deduction. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan documents.

f. Forfeited Accounts

As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$23,909 and \$9,592, respectively. Forfeitures may be used to reduce the employer contributions for the year, restore forfeitures, or pay reasonable Plan expenses per the Plan document.

g. Investment Options

Upon enrollment in the Plan, a participant is required to complete an investment designation stating the percentage of contributions made on behalf of the participant to the available investment options. Participants may change their election with respect to future contributions and current invested balances through completion of a subsequent investment designation form.

h. Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or participant's beneficiary may elect to receive either a lump-sum amount equal to 100% value in his or her account, or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution as soon as administratively feasible.

For participants whose vested interest in his or her account does not exceed \$5,000, the vested account balance will be distributed directly to the participant as soon as administratively feasible. The participant will have the option to choose to receive the distributions directly or to roll over the distribution into an individual retirement account or the qualified plan of a new employer.

In-service withdrawals are allowed from a participant's account for the following purposes:

- From a participant's rollover contribution account—A participant may receive a distribution from his or her rollover contribution account at any time;
- To a participant's Roth account—A participant may roll over an account balance from a non-Roth account to a Roth account. The account must be fully vested to qualify;
- Upon certification of disability—A participant may receive distributions from his or her elective deferral contribution account and qualified non-elective contribution account if a severe disability has occurred;
- Once a participant has reached normal retirement age (59½);
- For active military service—A participant who is called to active duty may receive a distribution from his or her vested account balance; and

- For hardship purposes—A participant may receive a distribution from his or her account if the Plan Administrator finds that the participant has an immediate and heavy financial need.

i. Plan Expenses

Administrative costs are shared between all the Plan participants based on the ratio of the account balance to the total account balance of all participants. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses.

j. Changes to the Plan

Effective January 1, 2022, the Plan executed a restated adoption agreement to incorporate standard changes to the prototype plan and removed the discretionary profit-sharing contribution. Effective July 1, 2022, the Plan executed an amendment to adopt a discretionary employer matching contribution.

Note 2. Summary of Significant Accounting Policies

a. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for Plan benefits and changes in those assets.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Significant estimates used in preparing these financial statements include those assumed in the valuing of investments at fair value. An estimate regarding a possible loss on these investments cannot be made due to the fluctuating nature of market conditions. It is at least reasonably possible that the estimates will change within the next year depending on market conditions.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and Trustee. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Signification Accounting Policies (Continued)

d. Payment of Benefits

Benefits are recorded when paid.

e. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Trust Company, LLC (the trustee of the Plan).

During 2022, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year appreciated (depreciated) in value as follows:

	2022
Mutual Funds	\$ (2,639,637)
Common/Collective Trust	<u>8,322</u>
Net Depreciation in Fair Value of Investments	<u>\$ (2,631,315)</u>

Note 4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 5. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor and Internal

Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 6. Related-Party and Party-in-Interest Transactions

The Plan contracts with John Hancock Trust Company LLC for recordkeeping and custodial services and the fees paid of \$44,386 during the year ended December 31, 2022 qualify as a party-in-interest transaction. The Plan contracts with LPL Financial LLC for investment advisory services and the fees paid of \$54,419 during the year ended December 31, 2022 qualify as a party-in-interest transaction. The Plan contracts with PPG Retirement Plan Services for plan administrative services and the fees paid of \$6,639 during the year ended December 31, 2022 qualify as a party-in-interest transaction. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Note 7. Fair Value Measurements (Continued)

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust - The Plan's investment in the MetLife Stable Value Fund ("Stable Value Fund"), holds investment contracts that are deemed to be fully benefit responsive investment contracts ("FBRIC"), however, this is considered to be an indirect FBRIC investment, and it is reflected at NAV as a practical expedient which is considered fair value. The NAV is equal to contract value of the underlying investment and is equal to the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals or transfers. The Stable Value Fund is not available for sale or transfer on any securities exchange. The contract value is a relevant measurement attribute because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The existence of certain conditions can limit the Stable Value Fund's ability to transact at contract value. Specifically, any event outside the normal operation of the Stable Value Fund that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the Stable Value Fund or a unitholder, tax disqualification of the Stable Value Fund or a unitholder, and certain Stable Value Fund amendments if issuers' consent is not obtained. As of December 31, 2022, the occurrence of an event outside the normal operation of the Stable Value Fund that would cause a withdrawal from an investment contract is not considered to be probable. To the extent a unitholder suffers a tax disqualification or legal termination event, under normal circumstances it is anticipated that liquid assets would be available to satisfy the redemption of such unitholder's interest in the Stable Value Fund without the need to access investment contracts.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 12,936,083	\$ --	\$ --	\$ 12,936,083
Common/Collective Trusts				380,456
Investments at fair value	<u>\$ 12,936,083</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 13,316,539</u>

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 14,441,083	\$ --	\$ --	\$ 14,441,083
Common/Collective Trusts				236,479
Investments at fair value	<u>\$ 14,441,083</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 14,677,562</u>

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

Note 9. Bonding

ERISA Section 412 (a)(2)(D) requires the Plan to be bonded in the amount of 10% of Plan assets, up to \$500,000. Bond coverage as of December 31, 2022 and 2021 was \$500,000 and \$500,000, respectively, and does meet the minimum requirements set by ERISA in 2022 and 2021.
