Independent Auditor's Report

The Plan Administrators and Participants
Exyte Americas Holdings, Inc. 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the accompanying financial statements of the Exyte Americas Holdings, Inc. 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2 to the financial statements.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting for the Financial Statements

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Exyte Americas Holdings, Inc. 401(k) Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Exyte Americas Holdings, Inc. 401(k) Retirement Savings Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Exyte Americas Holdings, Inc. and participating employers (the "Company") under the provisions of Section 401(a) of the United States Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan was adopted to enable eligible employees to defer compensation and share in employer contributions and to save and invest funds for retirement.

All employees of the Company are eligible to participate in the Plan, provided they are at least 18 years of age, except for employees covered by a collective bargaining agreement, unless the agreement requires the employees to be included in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Plan is administered by a committee (the "Plan Administrator") appointed by the Board of Directors of the Company. The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and keep accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities.

Fidelity Management Trust Company (the "Trustee") holds all of the Plan's assets and investments and is responsible for executing and recording transactions for the various funds. The Trustee also serves as third-party administrator and recordkeeper for the Plan and is responsible for the daily operations of the Plan.

Contributions

Each year, participants may contribute up to 100% of eligible compensation as defined in the Plan, subject to the dollar limitation of the IRC. The Plan permits both pre-tax and after-tax ("Roth") deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an automatic enrollment feature whereby newly eligible employees will be automatically enrolled into the Plan with 3% of pre-tax compensation being automatically deducted and contributed to the Plan. The automatic enrollment deferral percentage increases by 1% on an annual basis up to a maximum of 10%, increased to 15% effective January 1, 2022. Participants can elect to stop or change the automatic contribution at any time.

The Company may make a discretionary matching contribution to the Plan. The Company approved a dollar for dollar match of 50%, up to the first 6% of an employee's eligible compensation for the years ending December 31, 2022 and 2021.

The discretionary matching contribution does not include a match on employee catch-up contributions. The Company may also make a discretionary profit sharing contribution to the Plan each year at the sole discretion of the Company, within the limits of the United States Internal Revenue Service ("IRS") regulations. There was no profit sharing contribution made for the years ending December 31, 2022 and 2021.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and other contributions, as well as the participant's share of investment income, appreciation (depreciation), administrative expenses, and any related distributions. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Exyte Americas Holdings, Inc. 401(k) Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their elective contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service. A participant is 100 percent vested after three years of credited service. Full and immediate vesting will also occur upon attainment of normal retirement age (age 65), early retirement age (age 55 with 6 years of vesting service), death, or disability. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 reduced by the excess (if any) of the highest outstanding balance of Plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of Plan loans on the date the loan is made, or (b) 50% of the present value of the participant's vested interest in his account balance. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus 1%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Loans may not exceed a term of five years, unless the loan is for the purchase of the participant's principal residence. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution or a direct transfer to another qualified retirement plan, subject to certain conditions, equal to the participant's vested account balance. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan, including in-service and hardship distributions. Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$413,964 and \$425,251, respectively. Forfeitures may be used to reduce employer matching contributions or pay Plan administrative expenses. For the years ended December 31, 2022 and 2021, \$166,841 and \$103,781, respectively, of forfeitures were used to reduce employer matching contributions. For the years ended December 31, 2022 and 2021, \$55,283 and \$87,825, respectively, of forfeitures were used to pay Plan administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is as follows:

Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting. Under this basis, revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with accounting principles generally accepted in the United States of America.

Exyte Americas Holdings, Inc. 401(k) Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

In preparing financial statements in conformity with the modified cash basis of accounting, management is required to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. The Plan is under no obligation to reimburse the Company for expenses paid on its behalf. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value are reflected in operations. Interest bearing cash (money market funds), mutual funds, and the common / collective trust represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in interest bearing cash and mutual funds are traded on national securities exchanges and are valued at the net asset value ("NAV") at year end. Units held in the common / collective trust are valued at the unit value as reported by the investment managers at year end. Interest and other income is recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end. Brokerage fees, if any, are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

At December 31, 2022 and 2021, the Plan invests in a common / collective trust, Federated Investors Trust Company Federated Hermes Capital Preservation Fund (the "Preservation Fund"). The Preservation Fund is a collective investment fund which seeks to provide investors stability of principal and high current income. The Preservation Fund attempts to maintain a stable price per unit of \$10.00. The Preservation Fund invests in guaranteed investment contracts ("GIC's") and synthetic GIC's. GIC's represent deposits which are guaranteed at a stated interest rate for the term of the contract. Synthetic GIC's are portfolios of securities owned by the Preservation Fund. Each of the synthetic GIC's has a wrap contract that provides a minimum guaranteed rate of return for the term of the respective contracts. The underlying securities can be comprised of, primarily, over-the-counter market securities and open-end mutual funds.

The interest rate of the Preservation Fund (also known as the crediting rate) is initially based on the yield of the underlying securities and changes based on the experience of the cash flow and market value of the underlying fixed-income securities. The key factors that influence future interest crediting rates for the Preservation Fund's synthetic GIC's include the level of market interest rates; the amount and timing of participant contributions, transfers, and withdrawals into and out of the GIC; the investment returns generated by the fixed-income securities underlying the GIC; and the duration of the fixed-income securities underlying the GIC. Interest credit rates are typically reset on a monthly or quarterly basis according to each GIC. All synthetic GIC's in the Preservation Fund provide for a minimum interest crediting rate of zero percent, which is intended to protect the participants' principal and accrued interest. The Preservation Fund's weighted average gross crediting interest rate was 3.49% and 1.98% at December 31, 2022 and 2021, respectively. At December 31, 2022 and 2021, the ratio of year end market value yield to investments was 1.99% and 1.77%, respectively, and the ratio of year end crediting rate to investments was 2.69% and 1.69% at December 31, 2022 and 2021, respectively.

Redemptions are generally permitted daily. Individual participant redemptions for benefit payments and redemptions by participants to reinvest in options that do not compete with the Preservation Fund are generally permitted without restriction. Were the Plan to initiate a full redemption of the Preservation Fund, a twelve-month advance written notice is required.

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

BrokerageLink is a self-directed brokerage account intended for sophisticated investors who are willing to take on additional risk and are prepared to assume the responsibility of more closely monitoring their portfolio. The self-directed funds balance consists of interest-bearing cash, common stocks, exchange traded funds, and mutual funds.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. For the years ended December 31, 2022 and 2021, interest income from participant loans was \$38,937 and \$38,666, respectively, and is included in interest and dividends on the accompanying statements of changes in net assets available for benefits. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Notes receivable from participants have interest rates ranging from 4.25% to 8.00% and are due at various dates through July 2046.

Risks and Uncertainties

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Exyte Americas Holdings, Inc. 401(k) Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2022 and 2021, there were no significant transfers in or out of levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022.

Interest bearing cash: Valued at the NAV of shares held by the Plan at year end, as provided by the Trustee.

Mutual funds: Valued at the NAV of shares held by the Plan at year-end, as provided by the Trustee. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be traded in active markets.

Common / collective trust: Valued at the NAV of units held by the Plan at year end, as provided by the Trustee and publicly available audited financial statements. There are no significant unfunded commitments.

Self-directed funds: Valued at the NAV of shares held by the Plan at year-end, as provided by the Trustee. The self-directed funds consist of investments in interest-bearing cash, common stocks, exchange traded funds, and mutual funds. The underlying funds are required to publish their daily NAV and to transact at that price. The underlying funds making up the self-directed funds are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 6,193	\$ -	\$ -	\$ 6,193

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

	<u>2022</u>	<u>2021</u>
Investments, at fair value:		
Interest bearing cash	\$ 6,193	\$ 6,139

Net appreciation (depreciation) in fair value	<u>(15,909,732)</u>	<u>6,426,215</u>
Total investment income (loss)	<u>\$ (13,629,854)</u>	<u>\$ 10,520,115</u>

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2022 and 2021, there were no reportable transactions, loans in default or uncollectible, investment assets both acquired and disposed of within the Plan year, or non-exempt transactions with parties-in-interest which would require supplemental presentation under DOL regulations.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee, and therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these investments are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants will become 100 percent vested in their accounts.

8. TAX STATUS

Effective October 1, 2016, the Plan adopted the Fidelity Management & Research Company ("FMR") Volume Submitter Defined Contribution Plan – Fidelity Basic Plan Document No. 17 with the related adoption agreement. The IRS has issued an opinion letter dated March 31, 2014 stating that the plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Exyte Americas Holdings, Inc. 401(k) Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS

8. TAX STATUS (Continued)

Effective July 21, 2021, the Plan adopted the amended and restated FMR LLC Pre-Approved Defined Contribution Plan – Fidelity Basic Plan Document No. 17 with the related adoption agreement. The IRS has issued an opinion letter dated June 30, 2020 stating that the plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2017-41) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Plan management evaluates tax positions taken by the Plan and determines if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. CHANGES IN PLAN OPERATIONS

Effective January 1, 2020, certain administrative defaults for the Plan were updated to be in accordance with final regulations of the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act of 2019. These changes included altering the age at which required minimum distributions must begin for participants. If a participant reached the age of 70 ½ prior to 2020, then the prior rule of age 70 ½ applies. If a participant reaches the age of 70 ½ during 2020 or later, that participant must now take his or her first required minimum distribution after reaching the age of 72. Formal amendments to the Plan document to reflect these operational changes will be executed prior to the deadline set forth by the SECURE Act. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of the SECURE Act. The extended deadline under this notice is December 31, 2025.

In April 2020, Plan management elected the following provisions of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act: (1) coronavirus-related distributions for qualifying individuals up to \$100,000; (2) increased loan limits for qualifying individuals to the lesser of (i) \$100,000 or (ii) 100% of the participant’s vested account balance; (3) deferral of the period for loan repayments, if applicable, up to one year (at which point the loan will be re-amortized); and (4) waiver of required minimum distributions otherwise payable during calendar year 2020. Formal amendments to the Plan document to reflect these changes in Plan operations will be executed prior to the deadline set forth by the CARES Act. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2203 of the CARES Act, which includes a temporary waiver of required minimum distributions for certain retirement plans and accounts. The extended deadline under this notice is December 31, 2025 for calendar year-end plans. On September 26, 2022, the IRS announced in Notice 2022-45 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2202 of the CARES Act, which includes coronavirus-related distributions and changes in loan limits and repayment requirements. The extended deadline under this notice is also December 31, 2025 for calendar year-end plans.

10. PLAN AMENDMENTS

Effective July 21, 2021, the Plan adopted the amended and restated FMR LLC Pre-Approved Defined Contribution Plan – Fidelity Basic Plan Document No. 17 with the related adoption agreement, which included a formal amendment to incorporate the provisions of the BBA with regard to hardship distributions (see Note 9). In addition, the amended and restated adoption agreement amended the Plan document to allow for in-Plan Roth conversions and, with regard to participating employers, amended the Plan such that if the common control relationship of any participating employer changes in such a way that the participating employer is no longer a related employer of the Company, such employer shall continue to be a participating employer in the Plan and the Plan shall become a multiple employer plan. However, there were no changes in the common control relationship between the participating employers of the Plan for the years ended December 31, 2022 and 2021.

Exyte Americas Holdings, Inc. 401(k) Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS

10. PLAN AMENDMENTS (Continued)

Effective January 1, 2022, the Plan was amended as follows: (1) to allow employer matching contributions on employee catch-up contributions; (2) to amend the definition of compensation to exclude certain allowances, per diems, and other reimbursements; (3) to increase the maximum auto-escalation rate from 10% to 15%, which will apply to participants who have elected a deferral rate greater than zero and to participants who were automatically enrolled and have a deferral rate below the updated maximum of 15%, but not to participants who have opted out of the auto-escalation program; and (4) to amend the Plan such that auto-escalation increases will apply as a pre-tax deferral rate, unless all of the participant's deferral is a Roth deferral, in which case the auto-escalation increase will apply as a Roth deferral rate.

Effective October 1, 2022, the Plan added another participating employer. Employees of the newly added employer were immediately eligible to participate in the Plan if they otherwise met the conditions of eligibility.

11. PLAN OPERATIONS

Plan management has identified certain operational failures concerning the application of the Plan's definition of compensation as it applies to calculating employee elective deferrals and related employer matching contributions. Although Plan amendments have been executed effective January 1, 2022 to correct such calculations on a prospective basis (see Note 10), Plan management is currently evaluating whether any corrective contributions are owed to participants for years prior to the amendment. Corrective action will be taken by Plan management as soon as administratively feasible.

12. PROHIBITED TRANSACTIONS

During the year ended December 31, 2022, the Company inadvertently failed to deposit \$193 of participant deferrals within the required time frame as stated by the DOL. The DOL considers late remittances to be prohibited transactions reportable on the schedule of delinquent participant contributions, which is included in the supplementary information to these financial statements for the year ended December 31, 2022. In accordance with DOL requirements, late deposits will be corrected by the Company as soon as administratively feasible.

13. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

Effective January 1, 2023, the Plan added another participating employer. Between February 1, 2023, and March 10, 2023, participants from the newly added participating employer had assets totaling \$24,514,717 transferred into the Plan.
