INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor
Mace North America, LTD 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Mace North America, LTD 401(k) Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules referred to in the index are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MACE NORTH AMERICA, LTD 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

1. Description of Plan:

The following description of the Mace North America, LTD 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a voluntary defined contribution plan covering all employees of Mace North America, LTD, and Mace Macro the Americas, LTD (collectively, the "Plan Sponsor"), who are not union employees, nonresident aliens, and leased employees. Employees are eligible to become participants immediately after the date of eligibility, as defined by the plan agreement. The Plan has a Safe Harbor plan design, as permitted by the Internal Revenue Service ("IRS"), which exempts the Plan from certain compliance requirements, primarily associated with non-discrimination testing requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's Sponsor oversees governance of the Plan and determines the appropriateness of the Plan's investments, monitors investment performance, and reports to the Plan's Trustees.

Contributions

Participant Contributions: Each year, participants in the Plan may defer a portion of their pre-tax annual compensation, as defined, subject to certain statutory limitations. Participants may also elect to make Roth 401(k) contributions, which are subject to federal income taxes in the year of deferral. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions: The Plan Sponsor makes a safe harbor matching contribution to each eligible participant's account equal to 100% of salary deferrals that does not exceed 5% of compensation, as defined, that a participant contributes to the Plan for the plan year.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's pre-tax and Roth 401(k) contributions, the Plan Sponsor's safe harbor matching contribution, plan earnings and losses, and an allocation of administrative expenses allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting

Participant Contributions: Participants are immediately vested in their voluntary contributions, rollover contributions, and earnings and losses thereon.

Employer Contributions: Participants are immediately vested in the safe harbor matching contributions plus actual earnings and losses thereon.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

1. Description of Plan (continued):

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 reduced by the excess, if any, of participant's highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over the current outstanding balance of loans of the date of the new loan or half of the participant's vested interest in the Plan attributable only to those accounts from which loans may be taken. Loans from the Plan are subject to a minimum of \$1,000. The maximum number of plan loans a participant may have outstanding at any one time is two. The notes receivable are secured by the vested balance in the participants' account and bear interest at a commercially reasonable rate. Principal and interest are paid ratably either through bi-weekly payroll deductions, payment by automated clearing house system for electronic funds transfer, or payment by check for prepayments only.

Benefits paid to Participants

Upon termination of service, distributions under the Plan may be made in lump-sums. Partial withdrawals or installments are only permitted for participants or beneficiaries who must receive required minimum distributions. Participants may withdraw all or a portion of their pre-tax and after-tax, elective deferral accounts and related earnings and losses, in accordance with the hardship provisions of the Plan.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$0 and \$1,620, respectively. These accounts may be used to reduce administrative expenses and employer contributions. During the years ended December 31, 2022 and 2021, administrative expenses were reduced by \$770 and \$400, respectively, from forfeited non-vested accounts. During the years ended December 31, 2022 and 2021, employer contributions were reduced by \$858 and \$0, respectively, from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for discussion of contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

MACE NORTH AMERICA, LTD 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

2. Summary of Significant Accounting Policies (continued):

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022, and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Sponsor considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan agreement.

Benefits Paid to Participants

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net (depreciation) appreciation in fair value of investments. Fees for the administration of the Plan, primarily related to the administration of benefit payments and notes receivable from participants, are included in administrative expenses and charged directly to the participant's account.

3. Information Certified by Transamerica Financial Life Insurance Company, Inc. and Reliance Trust Company:

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan (the "trustee"), and Transamerica Financial Life Insurance Company, Inc. ("Transamerica"), the Plan's predecessor custodian, have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate. Transamerica certified the Plan's investments and notes receivable through October 2022. In October 2022, Reliance Trust Company became the trustee of the Plan's assets (the "trustee"). Transamerica has an agreement with the trustee whereby Transamerica administers all ministerial duties regarding fund and plan administration. Therefore, Transamerica acts and signs on behalf of the trustee. While Transamerica owns the contract, Reliance Trust Company is the trustee under this arrangement and thus can certify the investments.

	2022	2021

4. Fair Value Measurements:

Fair value measurement guidance under GAAP defines fair value, establishes a consistent framework to measure fair value, and establishes a fair value hierarchy that is based on the observability of inputs used to measure fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of fair value hierarchy under are described as follows:

- Level 1 Unadjusted quoted market prices in active markets for identical unrestricted assets or liabilities that the Plan has the ability to access at the measurement date. There are no plan assets requiring the use of Level 1 inputs for the periods presented.
- Level 2 Other significant observable inputs, including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, and others. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. There are no plan assets requiring the use of Level 2 inputs for the periods presented.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no significant changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Net asset values ("NAV") are generally obtained from The National Securities Clearing Corporation, directly from the fund house, and/or a secondary processing source.

Pooled Separate Accounts: The fair value of these investments is estimated using the NAV, as provided by the Transamerica, as a practical expedient. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce air value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

<i>Assets at Fair Value as of December 31, 2022</i>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total assets at fair value	\$ <u>10,437,649</u>	\$ <u> -</u>	\$ <u> -</u>	\$ <u>10,437,649</u>

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>

5. Guaranteed Investment Contract with Insurance Company:

The Plan has a fully benefit-responsive guaranteed investment contract, the Stable Value Core Account, with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2022 and 2021 was \$227,108 and \$132,101, respectively. Prior to January 1st and July 1st, the effective annual rate of interest is established for the corresponding six-month period. There is no minimum guaranteed interest rate under this contract. The guaranteed rate of interest is not subject to change during the six-month period for which it is effective. Interest is credited to the Stable Value Core Account daily, based on its beginning daily balance, at a rate of interest, which is the daily equivalent of the applicable effective annual rate of interest established. The guaranteed rate of interest at December 31, 2022 and 2021 was 0.90% and 0.75%, respectively.

The investment is a stable value investment designed to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment option is a non-tradeable obligation of Transamerica. The investment's contract or proceeds cannot nor will not be assigned or sold to any other party without the consent of Transamerica.

MACE NORTH AMERICA, LTD 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

5. Guaranteed Investment Contract with Insurance Company (continued):

The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, such as significant decline in creditworthiness of Transamerica, the investment choice may no longer be considered fully benefit-responsive. The terms of Transamerica's Group Annuity Contract require all permitted participants-initiated transactions involving the investment to occur at contract value with no conditions, limits, or restrictions. Permitted participant-initiated transactions are those allowed by the Plan such as withdrawals for benefits or transfers to other investment choices within the Plan. Since the Stable Value Core Account is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable. The Stable Value Core Account allows a participant reasonable access to their assets.

The Transamerica Stable Value Core Account is backed by the general account of Transamerica. While Transamerica declares rates periodically and backs the principal and interest of this investment, any guarantees are subject to the claims paying ability of the insurance company. The investment is not guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although Plan participants generally may withdraw assets from the Stable Value Core Account option without restrictions, Transamerica may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

6. Tax Status:

The IRS has determined and informed Ascensus, LLC by a letter dated June 30, 2020 that the prototype plan, on which the Plan is based and the related trust, as then designed, was in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS and the U.S. Department of Labor. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

7. Plan Termination:

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

MACE NORTH AMERICA, LTD 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

8. Related-Party and Party-in-Interest Transactions:

Certain plan investments are either mutual funds or a fully benefit-responsive guaranteed investment contract managed by Transamerica Retirement Solutions, LLC ("TRS"). TRS is the third-party administrator, as defined in the Plan, and therefore, these transactions qualify as party-in-interest transactions. TRS administers the Plan and receives fees paid by the Plan for these services. FuturePlan by Ascensus is the Plan's recordkeeper and receives fees paid by the Plan for these services. EC Barrett, LLC is the Plan's auditor, and these fees are not charged to the Plan. The Plan Sponsor's employees provide administrative services to the Plan for which no fees are charged to the Plan.

The Plan has notes receivable from participants at December 31, 2022 and 2021. As a result, these notes and all transactions relating to these notes qualify as party-in-interest transactions.

The Plan's Pension Service Agreement ("PSA") with TRS provides revenue credits to the Plan on a monthly basis. Revenue credits are variable and are accrued daily based on participants' account balances in each of the investment options. During the years ended December 31, 2022 and 2021, the Plan offset certain amounts owed to TRS for its administrative services provided to the Plan pursuant to its PSA. If the revenue received by TRS from investment fund accounts service providers exceed the amount owed under the PSA, TRS remitted the excess to the Plan's trust on a quarterly basis. These amounts could have been applied to pay administrative expenses or allocated to accounts of participants. The Plan or the Plan Sponsor also could have made a payment to TRS for administrative expenses not covered by excess revenue credits.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9. Risk and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Assets Allocated to Terminated Participants:

Net assets available for benefits include amounts allocated to the accounts of participants who were terminated prior to year-end but had not yet received payment. As of December 31, 2022 and 2021, the vested account balances of terminated participants were \$4,839,605 and \$2,961,236, respectively.

11. Subsequent Events:

Subsequent events have been evaluated through October __, 2023, which is the date the financial statements were available to be issued.
