Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Golden State Dermatology Management, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

The Participants and Benefits Committee of the
Golden State Dermatology Management, LLC 401(k) Plan

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplementary Information Required by ERISA

The supplementary information listed in the table of contents as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary information, other than the information in the supplementary information that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Participants and Benefits Committee of the
Golden State Dermatology Management, LLC 401(k) Plan

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Golden State Dermatology Management, LLC 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 17, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Golden State Dermatology Management, LLC 401(K) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Golden State Dermatology Management, LLC (the "Employer") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to Company employees other than those who are part of a collective bargaining agreement, a leased employee, or a nonresident alien. Eligible employees are eligible to participate in the Plan the first day of the month following attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. American United Life Insurance Company, a OneAmerica company ("OneAmerica") was the appointed trustee for the Plan in 2022 and 2021, and acted at the discretion of the Plan's administrator.

Contributions

Each year, participants can contribute up to 100 percent of their pre-tax annual compensation, subject to Internal Revenue Code ("IRC") dollar limits, as defined in the Plan. Participants who had attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants can also contribute (rollover) amounts representing pre-tax distributions from other qualified defined benefit or defined contribution plans. All contributions to the plan are invested at the direction of the participants. Additionally, the Plan provides for "Safe Harbor" contributions in accordance with IRC provisions. To maintain Safe Harbor status, the Company makes mandatory contributions equal to 100% of the first three percent, and 50% of amounts that exceed three percent, of each participant's annual compensation, up to a maximum of 5% of compensation, as defined. The Company's contributions for the years ended December 31, 2022 and 2021 was \$721,510, and \$594,660, respectively. The Company may also contribute a discretionary amount to each qualified participant's account. The Company did not make any discretionary contributions for the years ended December 31, 2022 and 2021.

Investment Elections and Transfers

The Plan allows participants to make daily transfers of their account balances among the funds, subject to the Plan's investment transfer policy. The amount of the transfer may be all or any portion of the participant's account balance.

The Plan has an investment transfer policy that places waiting periods on transfers and reallocations into and out of all of the investment funds. If a participant makes a transfer or fund reallocation out of a fund, the participant cannot transfer money into that same fund for up to twenty calendar days.

Golden State Dermatology Management, LLC 401(K) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or account activity. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested immediately in all contributions adjusted by actual earnings thereon, credited to their account.

Notes Receivable from Participants

Participants may borrow from their account balances, provided that the note receivable does not exceed the lesser of 50% of their vested account balance of \$50,000 reduced by the highest outstanding note receivable balance during the preceding 12 months. The notes receivable are secured by the vested balance in the participant's account and bear interest at a rate commensurate with the prevailing rate charged by commercial lenders for a note receivable of similar duration, repayment terms and security, as determined by the Plan administrator. Interest rates on the notes outstanding at December 31, 2022 were 4.05% to 8.00%. Borrowers repay principal and interest over five years or less via regular payroll deductions.

Withdrawals

The Internal Revenue Service (IRS) places certain restrictions on withdrawals in order to retain the special tax-saving benefits associated with the Plan. The Plan allows withdrawals at retirement, disability, and separation of service or upon death, as defined by the Plan. Other withdrawals are available only in cases of immediate and heavy financial hardship subject to IRS regulations.

Payment of Benefits

Upon termination of employment, a participant may withdraw his or her accumulated balances in the Plan. If a participant has reached the age of 59 1/2, distributions may be made, at the participant's election, from any account which are 100% vested without requiring the participant to terminate employment. Only lump sum cash distributions are permitted. Hardship withdrawals are allowed from the participant's elective account only, consistent with ERISA requirements.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect reported amounts. Actual results could differ from those estimates.

Golden State Dermatology Management, LLC 401(K) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's participants directed investments are reported at fair value or net asset value as determined by OneAmerica (the Trustee) based on factors such as quoted market prices in active markets and prevailing interest rates. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Executive Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Investment contracts are valued at contract value. (See Note 8)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on ex-dividend date.

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation and depreciation in the fair value of its investments, which consists of the realized and unrealized gains on those investments.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021 and Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Distributions to the participants of the Plan are recorded when paid.

Administrative Expenses

Investment transaction expenses are offset against the related investment income. Other administrative and non-investment expenses of the Plan are either paid by the Plan Sponsor, which is a party-in-interest, or through the Plan expense account. Expenses paid by the Plan Sponsor, which are not reflected in the accompanying financial statements, constitute exempt party-in-interest transactions under ERISA. Expenses paid through the Plan expense account are included in administrative expenses in the Statement of Changes in Net Assets Available for Benefits. For the years ended December 31, 2022 and 2021, the administrative expenses paid by the Plan were \$12,089 and \$1,721, respectively.

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.

Golden State Dermatology Management, LLC 401(K) Plan

Notes to Financial Statements

Note 3. Information Prepared and Certified by the Trustee (Unaudited)

American United Life Insurance Company (the Trustee) has certified that the following information included in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the information in the Statement of Changes in Net Assets Available for Benefits, the notes and supplemental schedule to the financial statements as of and for the years ended December 31, 2022 and 2021 is complete and accurate:

	2022	2021
Investments, at fair value		
Registered investment companies	\$ 10,000,335	\$ 10,291,125
Investments, at contract value		
Guaranteed investment contract	183,700	58,285
Notes receivable from participants	116,949	60,209
Investment income (loss)	(1,716,860)	1,052,856
Interest income on notes receivable from participants	3,489	1,970

Note 4. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Plan Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Inputs to the valuation methodology are observable other than level 1 prices, such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 - Inputs to the valuation measurement are unobservable, supported by the little or no market data, and are significant to the fair value of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Golden State Dermatology Management, LLC 401(K) Plan

Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies and money market mutual funds: Valued at the number of shares of the underlying fund multiplied by the closing net asset value (NAV) per share quoted by that fund. These shares are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Consists of mutual funds which are value as described above; common stock and exchange traded funds valued at the closing price reported on the active market on which the individual securities are traded; interest-bearing cash valued at cost which represents fair value; and also certificates of deposit valued at approximate fair value, based on the principal amount plus accrued interest.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value of assets measured on a recurring basis at December 31, 2022:

	Level I	Level II	Level III	Total
Registered investment companies	\$ 10,000,335	\$ -	\$ -	\$ 10,000,335
Self-directed brokerage account	8,802,171	174,891	-	8,977,062
	<u>\$ 18,802,506</u>	<u>\$ 174,891</u>	<u>\$ -</u>	<u>\$ 18,977,397</u>

Fair value of assets measured on a recurring basis at December 31, 2021:

	Level I	Level II	Level III	Total
Registered investment companies	\$ 10,291,125	\$ -	\$ -	\$ 10,291,125
Self-directed brokerage account	5,428,325	65,008	-	5,493,333
	<u>\$ 15,719,450</u>	<u>\$ 65,008</u>	<u>\$ -</u>	<u>\$ 15,784,458</u>

As of December 31, 2022 and 2021, the plan had no assets measured at fair value on a non-recurring basis and no liabilities measured at fair value on a recurring or non-recurring basis.

Golden State Dermatology Management, LLC 401(K) Plan

Notes to Financial Statements

Note 5. Related Party Transactions and Party in Interest Transactions

The Plan, through its participation in the Master Trusts, may invest in shares of mutual funds, collective trust funds or a stable value fund provided through American United Life Insurance Company. American United Life Insurance Company Trust Company is the trustee for the Plan and, therefore, these transactions qualify as party in interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 7. Plan Amendment

The Plan document underwent a restatement in 2022, which took effect on January 1, 2022. No discretionary modifications were made to the plan document as part of this Cycle 3 restatement.

Note 8. Investments at Contract Value

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with American United Life Insurance Company ("AUL"), a OneAmerica Company ("OneAmerica") totaling \$183,700 and \$58,285 as of December 31, 2022 and 2021, respectively. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and cannot be less than 0%. The crediting rate is declared at least 35 days prior to January 1 for the subsequent calendar year.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Golden State Dermatology Management, LLC 401(K) Plan

Notes to Financial Statements

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. As of December 31, 2022, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) the Plan rejects a proposed modification to the contract, (2) the issuer has ceased issuing new contracts of this type and intent to terminate substantially all contracts similar in nature to this contract, (3) after the first 3 Contract Years have elapsed, the aggregate account value under the contract totals less than \$100,000, (4) the Plan continues to be operated or administered in a manner that the issuer determines would disqualify the Plan, is unlawful, violates ERISA or the Internal Revenue Code, or exposes the issuer to potential liability, after the issuer has provided the Plan with at least 30 days' notice of their concern, or (5) the Plan Sponsor files for protection under federal bankruptcy law, is deemed insolvent, dissolves, closes, shuts down its business, or ceases operations.

Note 9. Tax Status

The Plan uses a volume submitter plan document sponsored by Pension Dynamics Company LLC, who received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received an opinion letter from the IRS.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Department of Labor.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Concentration Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk principally consist of cash and cash equivalents. At times, such investments may be in excess of federally insured limits.

**Golden State Dermatology
Management, LLC 401(K) Plan**
Notes to Financial Statements

Note 11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the changes in net assets available for benefits at December 31, 2022 and 2021.
