INDEPENDENT AUDITOR'S REPORT

To the Plan Committee of the
Limoneira Company Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Limoneira Company Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits in liquidation as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits in liquidation for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information regarding assets so held is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of Financial Statements* section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Plan was frozen effective July 1, 2004. As further discussed in Note 9 to the financial statements, on September 28, 2021, Limoneira Company, the plan sponsor, authorized the termination of the Plan effective December 31, 2021, and management determined liquidation is imminent. In accordance with GAAP, the Plan's financial statements have been prepared on the liquidation basis. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information and to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that were identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements

or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LIMONEIRA COMPANY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

1. PLAN DESCRIPTION

The following description of the Limoneira Company Retirement Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan originally was part of the Sunkist Retirement Plan, as adopted January 1, 1960 and subsequently amended. The Sunkist Retirement Plan was split into four separate pension plans, including the Sunkist Retirement Plan L, in order to comply with certain requirements of the Tax Reform Act of 1986. Effective January 1, 2005, Limoneira Company (the "Company" and the "Plan Sponsor") became the Plan Sponsor of the Sunkist Retirement Plan L, and the Sunkist Retirement Plan L was renamed the Limoneira Company Retirement Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Company has the overall responsibility for the operations and administration of the Plan and determines the Plan's investments. Principal Bank serves as the trustee of the Plan and manages the Plan's investments. Mercer Human Resource Consulting LLC ("Mercer") is the actuary for the Plan.

Plan Frozen and Termination - Effective July 1, 2004, the Plan was frozen. There are no new participants on or after the effective date and existing participants will no longer accrue benefits under the pension portion of the Plan. In addition, on September 28, 2021, the Company authorized the termination of the Plan effective December 31, 2021. See Note 9.

Pension Benefits - Participants with five years of continuous service at the freeze date of July 1, 2004, as defined by the Plan, are entitled to pension benefits beginning at normal retirement age (65). Pension benefits are provided to participants under several types of retirement options based upon years of continuous service and age.

If participants have accumulated benefits of less than \$5,000 at the time of termination or retirement, the benefits will automatically be paid in a lump-sum. If no timely election is made, then their account balance will be (1) distributed as a lump-sum payment if \$1,000 or less or (2) automatically paid as a lump sum distribution if more than \$1,000 and not greater than \$5,000 and will be transferred to the Pension Benefit Guarantee Corporation ("PBGC") if the participant or surviving spouse does not elect whether to take in cash or as direct rollover.

Death and Disability Benefits - Active married participants with five or more years of service and terminated vested married participants have an automatic surviving spouse death benefit. The death benefit is a life annuity equal to the amount of a 50 percent joint and survivor annuity that would have been payable on the day following the participant's death or active retirement date, whichever is earlier, had the participant not died. If a participant is not married on the date of death, all rights to the retirement benefits are forfeited. If a participant becomes disabled, he or she will be paid as defined by the Plan.

LIMONEIRA COMPANY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America. This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable, and the net realized value of assets are reasonably determinable.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. The net appreciation (depreciation) of investments includes realized gains and losses on investments sold during the year and unrealized gains and losses on investments held.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, may be paid by the Plan, unless otherwise paid by the Company. Administrative expenses paid by the Company are excluded from these financial statements.

Benefit Payments - Benefit payments are recorded when paid.

Subsequent Events - The Company has evaluated subsequent events through October 16, 2023, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.

3. FAIR VALUE

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

LIMONEIRA COMPANY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money Market Account – The money market account is at par and valued at fair value and therefore classified as Level 1 within the valuation hierarchy.

Collective Trusts ("CT") – The CT are valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the funds' trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The CT do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Redemptions can be made on any business day and do not have a redemption notice period.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Money market account	\$ 22,562	\$ -	\$ -	\$ 22,562
Investments at fair value			\$	22,562

4. FINANCIAL DATA CERTIFIED BY THE TRUSTEES

As plan administrator, the Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by Principal Bank and Wells Fargo, N.A. (collectively, the "Trustees") and was not subjected to any auditing procedures performed by the independent public accountants:

LIMONEIRA COMPANY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

- a. Money market account and accrued interest income as shown in the accompanying statements of net assets available for benefits in liquidation as of December 31, 2022. Noninterest-bearing cash and investments, at fair value as shown in the accompanying statements of net assets available for benefits in liquidation as of December 31, 2021.
- b. Net depreciation of investments and interest income on investments as shown in the accompanying statements of changes in net assets available for benefits in liquidation for the year ended December 31, 2022. Net appreciation of investments and interest and dividend income on investments as shown in the accompanying statements of changes in net assets available for benefits in liquidation for the year ended December 31, 2021.
- c. Money market account as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.
- d. Investment activity as reflected in the accompanying Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2022.

5. FUNDING POLICY

The Company is solely responsible for the funding of the Plan. The Company's policy is to contribute at least the minimum funding required by ERISA as calculated by the Plan's actuary. The Company met the minimum funding requirements of ERISA as calculated by Mercer for the years ended December 31, 2022 and 2021.

6. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by Mercer and is that amount which results from applying actuarial assumptions to adjust the accumulated benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2021, in liquidation, is as follows:

As of December 31,	2021
Vested benefits:	
Participants currently receiving benefits	\$ 12,362,939
Other participants	7,186,425
	19,549,364
Nonvested benefits	-
Total actuarial present value of accumulated plan benefits (in liquidation)	\$ 19,549,364

LIMONEIRA COMPANY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

The changes in actuarial present value of accumulated plan benefits in liquidation for the year ended December 31, 2021 are as follows:

Actuarial present value of accumulated plan benefits, beginning of year (ongoing)	\$ 17,715,089
Increase (decrease) during the year attributable to:	
Benefits accumulated and other changes	(568,861)
Increase for interest due to decrease in the discount period	861,951
Benefits paid to participants	(1,194,008)
Change in actuarial assumptions	2,735,193
Actuarial present value of accumulated plan benefits, end of year (in liquidation)	\$ 19,549,364

The significant actuarial assumptions used in the December 31, 2021 valuation was:

- Mortality: PRI-2012 using projection scale MP-2021 for the year ended December 31, 2021.
- Retirement age: Based on retirement probability for various age ranges and Sunkist Growers experience during 1986-90 and all vested terminations are assumed to retire at age 65.
- Investment return: 2.67 percent per annum for the year ended December 31, 2021.

The foregoing actuarial assumptions are based on the presumption that the Plan will terminate. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2022. Had the valuations been performed as of December 31, there would be no material differences.

7. TAX STATUS

The IRS has determined and informed the Company by a letter dated February 2, 2009, that the Plan is designed in accordance with the applicable regulations of the IRC. The Plan has been subsequently amended and the Company and Plan management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. The Company received a favorable determination letter dated June 30, 2022, in which the IRS stated that the termination of the Plan does not adversely affect the Plan's qualifications for federal tax purposes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

LIMONEIRA COMPANY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan contributions and the actuarial present value of accumulated plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

9. TERMINATION OF THE PLAN

The Company froze the Plan as of July 1, 2004. Effective September 28, 2021, the Company authorized the termination of the Plan effective December 31, 2021. The plan administrator filed with the PBGC under the rules of a "standard termination." In a "standard termination" all benefit liabilities under the Plan will be provided to participants and their beneficiaries. The liquidation of the Plan began during 2022 after the required PBGC filings were submitted and approved, and the majority of the Plan's assets were distributed by December 31, 2022.

The following is a summary of how distributions will be satisfied during the liquidation process. Any participant or beneficiary or alternate payee under a qualified domestic relations order ("QDRO") who is already receiving monthly payments from the Plan as of the distribution date, shall have a nontransferable annuity contract purchased on his or her behalf from an insurance company selected by the Company to provide for the continued payment of such benefits. Any participant, surviving spouse or alternate payee under a QDRO who is not already receiving monthly payments from the Plan as of the distribution date, and whose lump sum amount does not exceed \$5,000, shall receive a lump sum distribution. If the participant, surviving spouse or alternate payee does not complete the election materials provided by the Company permitting for a choice between a direct rollover or a cash distribution, the lump sum amount will be transferred to the PBGC. Any participant, surviving spouse or alternate payee under a QDRO who is not already receiving payments from the Plan as of the distribution date and whose lump sum amount exceeds \$5,000 shall be given a choice of either, (A) a lump sum option, (B) a nontransferable immediate annuity contract purchased by the Plan from an insurance company selected by the Company, or (C) a nontransferable deferred annuity contract purchased by the Plan from an insurance company selected by the Company.

DECEMBER 31, 2022 AND 2021

10. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Plan investments are held by the Trustees. Transactions with the Trustees qualify as party in interest transactions for which an exemption exists. During 2022, the Plan paid Trustees fees of \$57,970, actuarial and administrative expenses of \$791,456, attorney fees of \$59,667, audit expenses of \$21,500 and language fees of \$5,992, of which \$653,684 was accrued as administrative expenses through liquidation as of December 31, 2021. During 2021, the Plan paid Trustees fees of \$74,464, actuarial and administrative expenses of \$133,181, attorney fees of \$5,750, and audit expenses of \$8,030.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:
