Independent Auditors' Report

Plan Administrator
Johnson Lambert LLP 401(k) Plan
Raleigh, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Johnson Lambert LLP 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Johnson Lambert LLP 401(k) Plan

Notes to the Financial Statements

Years Ended December 31, 2022 and 2021

Note A - Description of Plan

The following description of the Johnson Lambert LLP 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan with a 401(k) deferral feature covering all employees of Johnson Lambert LLP (the "Plan administrator" and "Plan sponsor") who meet certain age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Fidelity Management Trust Company ("Fidelity" and "Trustee") is the named trustee as defined by the Plan.

Contributions

The Plan provides for employee 401(k) deferral contributions up to a maximum of 90% of annual compensation subject to maximum tax deferred limitations established by the Internal Revenue Code ("IRC"). Participants who meet the eligibility requirements and who do not affirmatively opt out are automatically enrolled in the Plan at 5% pre-tax deferrals. Participants are allowed to make voluntary after-tax and Roth 401(k) contributions, which are also subject to IRC limitations. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

By way of safe harbor match, the Plan sponsor contributes 100% of the first 3% of compensation that a participant contributes to the Plan and an additional 50% on deferrals between 3%-5% of compensation to the Plan. Additional employer discretionary contributions may be made at the option of the Plan sponsor. There were no discretionary contributions made to the Plan in 2022 or 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan sponsor's matching contribution and discretionary match and/or profit sharing contributions (if any), (b) the Plan's earnings and charged with the participant's distributions and an allocation of any administrative expenses not paid by the Plan sponsor. Allocations are based on participants' earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to the Financial Statements (Continued)

Years Ended December 31, 2022 and 2021

Note A - Description of Plan (Continued)

Vesting

Participants are immediately vested in their 401(k) deferrals, rollover contributions, safe harbor matching contributions, non-elective employer contributions, and actual earnings thereon, subject to investment losses. Effective January 1, 2021, participants are immediately vested in the Plan sponsor's profit sharing contribution portion of their accounts plus actual earnings thereon. Prior to January 1, 2021, participants vested in the Plan sponsor's profit sharing contribution portion of their accounts plus actual earnings thereon based on years of continuous service. Employees with two through five years of service are partially vested in their accounts as follows: two years 20%, three years 40%, four years 60%, and five years 80%. Full vesting occurs upon completion of six years of service.

Forfeited Accounts

Forfeited accounts on non-vested accounts of terminated participants are used to reduce the Plan sponsor's contribution. For the year ended December 31, 2021, forfeitures totaling \$344, were used to reduce Plan sponsor contributions. No forfeitures were used during the year ended December 31, 2022. At December 31, 2022 and 2021, forfeitures of \$2,466 and \$1,308, respectively, were available to offset future contributions.

Investment Options

Participants direct the investment of employee and employer contributions in 1% increments into various investment options offered by the Plan. Participants may change their investment options daily.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments.

Hardship Withdrawals

Participants may request that all or a portion of their vested account be distributed in the case of severe financial hardship, as defined in the Plan document.

Participant Notes Receivable

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates (prime rate plus 1%) at the time the loan is issued. Principal and interest are paid through scheduled payroll deductions. Loan terms may not exceed five years for personal loans and 30 years for the purchase of a principal residence.

Years Ended December 31, 2022 and 2021

Note A - Description of Plan (Concluded)

Plan Termination

While they have not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan document and ERISA. In the event of termination, participants will become 100% vested in their accounts.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

Investment Income Recognition and Fair Value Measurement

The Plan's investments are stated at fair value, based on quoted market prices. Dividend income is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a decrease of net appreciation or depreciation in fair value of investments.

Johnson Lambert LLP 401(k) Plan

Notes to the Financial Statements (Continued)

Years Ended December 31, 2022 and 2021

Note B - Summary of Significant Accounting Policies (Continued)

GAAP establishes a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the hierarchy are as follows:

Level 1 - Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs that include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

Level 3 - Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

Investment Income Recognition and Fair Value Measurement (continued)

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The following is a description of the valuation methodologies used for financial instruments measured at fair value, including the general classification of such instruments to the valuation hierarchy.

Mutual Funds - These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the fair value hierarchy.

Collective Trust - This investment is a public investment vehicle valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The fund invests principally in equity securities of large, United States companies in a wide range of sectors and industries. In accordance with GAAP, investments valued using NAV as a practical expedient are not classified within the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note B - Summary of Significant Accounting Policies (Concluded)

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued but unpaid interest. Interest is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan sponsor pays certain administrative expenses on behalf of the Plan. Loan fees are charged directly to the respective participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation/depreciation in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan has performed an evaluation of subsequent events through the report date, which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements.

Note C - Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation/depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained from information certified as complete and accurate by Fidelity.

Note D - Fair Value Measurement

The following tables present the fair value hierarchy for investments in the Plan measured at fair value on a recurring basis as of December 31:

Assets Measured at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 31,872,556	\$ -	\$ -	\$31,872,556

Investments at fair value	<u>\$ 36,486,527</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$36,622,729</u>

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively.

As of December 31, 2022				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice
Collective trust	\$ 144,104	N/A	Daily	12 Months
As of December 31, 2021				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice
Collective trust	\$ 136,202	N/A	Daily	12 Months

^(a) Asset value per share (or its equivalent) as a practical expedient has not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Johnson Lambert LLP 401(k) Plan

Notes to the Financial Statements (Continued)

Years Ended December 31, 2022 and 2021

Note E - Collective Trust

The Plan invests in the Goldman Sachs Stable Value Collective Trust ("Stable Value Collective Trust"). The Stable Value Collective Trust is a collective trust fund with investments in contracts at fair value of the underlying investments, and then adjusted by the issuer to NAV. The fund may invest in stable value contracts, separate account contracts, guaranteed investment contracts, various high-quality, short-term, fixed-income securities, and in investment funds that invest primarily in such high-quality, short-term, fixed-income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at NAV. Requests by individual participants in participating trusts which allow participants to direct their own investments, expect that exchanges into investment options that are considered to be competing investment, must first be transferred to a non-competing investment option for a period of 90 days. NAV represents contributions made to the fund, plus earnings, less participant withdrawals. The risk of the collective trust and its net realizable value are dependent upon the financial stability of the issuing entity and its ability to fulfill the terms of the contract. There were no reserves established against contract value for credit risk at December 31, 2022 and 2021.

Note F - Tax Status

The Plan, as adopted, is a volume submitter plan of Fidelity Management & Research Company, which does not require an application for a determination letter from the Internal Revenue Service ("IRS"). The volume submitter plan has received a favorable notification letter from the IRS dated June 30, 2020. The Plan has not individually sought its own determination letter. The Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan sponsor is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements as of December 31, 2022 and 2021, in accordance with GAAP.

Note G - Transactions with Parties-in-Interest

Certain Plan investments are shares of mutual funds managed by Fidelity Investments, Inc., which is related to Fidelity. Fidelity is the Plan trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. Fees incurred by the Plan for investment management and recordkeeping services amounted to \$18,243 and \$11,204 for the years ended December 31, 2022 and 2021, respectively. The Plan sponsor pays certain administrative expenses on behalf of the Plan.

Johnson Lambert LLP 401(k) Plan

Notes to the Financial Statements (Continued)

Years Ended December 31, 2022 and 2021

Note H - Concentrations

Plan investments held in various Fidelity Funds approximated 87% and 83% of total investments as of December 31, 2022 and 2021, respectively.

Note I - Contingency

For the plan year ended December 31, 2022, the Plan's recordkeeper has not completed certain tests to determine if the Plan is in compliance with IRS regulations. Since the results of these tests are unknown, it is at least reasonably possible that the Plan could be liable for excess contributions made by participants during the 2022 plan year. Management does not believe that there would be a material impact to the financial statements.
