## Independent Auditor's Report

Plan Administrative Committee  
MJO Industries Employee Stock Ownership Plan  
Huber Heights, Ohio

### ***Opinion***

We have audited the accompanying financial statements of the MJO Industries Employee Stock Ownership Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the MJO Industries Employee Stock Ownership Plan as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the MJO Industries Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the MJO Industries Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the MJO Industries Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE A DESCRIPTION OF THE PLAN

#### General

The following description of the MJO Industries Employee Stock Ownership Plan ("Plan") provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

MJO Industries, Inc. D/B/A Hughes-Peters (Company) established the Plan effective as of January 1, 2021. As of January 1, 2021, the Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code), and is subject to the applicable provisions of the *Employee Retirement Income Security Act of 1974*, as amended (ERISA). The Plan is administered by the Plan Administrative Committee. Miguel Paredes serves as the Trustee of the Plan. Pacific Premier Bank serves as a Plan custodian.

On December 3, 2021, the Plan purchased 490,000 shares of the Company's common stock with a loan of \$14,137,724 and holds the common stock in a trust established under the Plan. The stock was purchased at a price of \$28.85 per share, for an aggregate purchase price of \$14,137,724.

#### Unallocated and Allocated Shares

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2022 and 2021, and for the years then ended, present separately the assets and liabilities and changes therein pertaining to:

- (A) The accounts of employees with vested rights in allocated common stock (Allocated), and
- (B) Common stock not yet allocated to employees (Unallocated)

#### Eligibility

Employees of the Company are generally eligible to participate in the Plan if they are age 21 or older and after one year of service, providing they worked at least 1,000 hours during such Plan year. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

#### Employer Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan.

### NOTES TO FINANCIAL STATEMENTS

#### Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Employer contributions are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

#### Vesting

Participants vest in the Company's contributions and earnings thereon. A participant is fully vested after six years of continuous service. Participants terminating due to normal retirement, death or disability will be 100% vested.

#### Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradeable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure the participant has the ability to ultimately obtain cash.

#### Payment of Benefits

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to the participant's beneficiary or, if none, his or her legal representatives) or otherwise terminates employment with the Company. Vested account balances less than \$10,000 will be distributed as a single lump sum. Distributions for other separations from service commence in the fifth Plan year following the separation from service and are made in five annual installments. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash.

At December 31, 2022 and 2021, Plan assets include \$136,859 and \$0, respectively, allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. During 2022, the Plan distributed and the Company repurchased from participants 0 shares at the current appraised value.

#### *Voting Rights*

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which a participant has not given instructions. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

#### *Diversification*

Diversification is offered to participants close to retirement, so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution, unless eligible for floor price protection, in which case, shares are distributed.

#### *Forfeitures*

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants during the years ended December 31, 2022 and 2021, totaled \$23,277 and \$0, respectively. Forfeited nonvested accounts to be allocated to participant accounts in future years as of December 31, 2022 and 2021, were \$0 and \$0, respectively.

#### *Plan Termination*

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or the participant's beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Employee Benefits Administration Committee shall direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan.

## **NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### *Basis of Accounting*

The accompanying financial statements are prepared on the accrual basis of accounting.

# MJO INDUSTRIES EMPLOYEE STOCK OWNERSHIP PLAN

## NOTES TO FINANCIAL STATEMENTS

---

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

The common shares of the Company are valued at estimated fair value. Fair value is determined by annual independent appraisals.

Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Payment of Benefits

Benefit payments to participants are recorded upon distribution.

### Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to: (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

### Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. The Company has historically paid the operating expenses of the Plan.

## **NOTE C ADMINISTRATION OF PLAN ASSETS**

The Trustee of the Plan holds the Plan's assets, which consist principally of Company common shares.

Company contributions are held and managed by the Trustee, which invests cash received, interest and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the Trustee through contributions as determined by the Company.

### NOTE F DISCLOSURES ABOUT FAIR VALUE OF PLAN ASSETS AND LIABILITIES

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2022 and 2021. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

### *Investments*

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

The valuation process involves plan management's selection of an independent appraiser under contract. Plan management accumulates the data for the appraiser from the reviewed financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP trustee, reviews in detail, discusses and approves.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### Uncertainty of Fair Value Measurements

The following is a description of the sensitivity of significant unobservable inputs, the interrelationships between those inputs and other unobservable inputs used in recurring fair value measurement and how those inputs might magnify or mitigate the effect of changes in the unobservable inputs on the fair value measurement.

### ***Hughes-Peters Common Shares***

The significant unobservable inputs used in the fair value measurement of the Company common shares are the weighted average cost of capital, long-term revenue growth rate, discount for lack of marketability and the discount for lack of control. Isolated significant increases (decreases) in the weighted average cost of capital or the discount for lack of marketability would result in a significantly lower (higher) fair value measurement while significant increases (decreases) in any of the other inputs in isolation would result in a significantly higher (lower) fair value measurement.

### **NOTE G LOAN PAYABLE**

In 2021, the Plan entered into a \$14,137,724 term loan agreement with a bank. The proceeds of the loan were used to purchase Company's common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 116,627.6871 shares being released and allocated for the Plan year ended December 31, 2022, and 16,870.3027 shares for the Plan year ended December 31, 2021.

The agreement provides for the loan to be repaid over 20 years. The fair value of the note payable as of December 31, 2022 and 2021, was approximately \$10,095,820 and \$13,632,034, respectively, determined by using interest rates currently available for issuance of debt with similar terms, maturity dates and nonperformance risk. The loan bears interest at a per annum rate equal to the applicable Federal rate of interest and reset each year on November 1; provided that the interest shall not exceed the maximum rate of 7 percent. For 2022 and 2021, the loan interest rate averaged 1.90 percent.

The scheduled amortization of the loan for the next five years and thereafter is as follows:

|            |                      |
|------------|----------------------|
| 2023       | \$ 651,045           |

| 2025       | 690,953              |
| 2026       | 704,081              |
| 2027       | 717,458              |

### **NOTE J RISKS AND UNCERTAINTIES**

The Plan primarily invests in Hughes-Peters common stock, which is exposed to various risks, such as interest rate, market and credit risks as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with such investment securities and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risk in the near term could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

### **NOTE K SUBSEQUENT EVENTS**
