NOTE A – DESCRIPTION OF PLAN

The following description of the Vital Imaging Diagnostic Centers (the employer / Sponsor / Administrator") 401K Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a Defined Contribution Plan adopted on January 1, 2022 for the purpose of providing retirement, disability, death and employment termination benefits for eligible employees and their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees become eligible to participate in the Plan without employer's matching contribution upon completing six months of service. Eligibility with employer's match is upon reaching three years of service. The minimum age requirement is twenty-one.

Contributions

Employee

For 2022, participants may contribute between 1% and 90% of their pretax annual compensation, not to exceed $20,500 as promulgated by the Internal Revenue Service ("IRS"). Participants who attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,500. Participants may also contribute amounts representing distributions from other qualified defined benefits or contribution plans.

Employer

The Company makes matching contributions equal to a uniform percentage of the participant's elective deferral not to exceed 1% of the participants' compensation.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. As of December 31, 2022, all vesting requirements were met in accordance with the vesting schedule provided in this footnote.

The value of employer match contributions to the Plan, and any earnings they generate are vested as follows:

Years of Service	Vested Percentage of Employer Contributions
0-1 Year(s)	0%
1-2 Year(s)	0%
3-Years and over	100%

NOTE A – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts
Each participant's account is credited with (a) the participant's contribution, (b) allocation of the Employer's contribution, and (c) allocation of the Plan earnings. Each participant's account is charged with an allocation for investment expenses (such as commissions) related to each investment fund.

Investment Options
As of December 31, 2022 the participants had twenty six investment options. During 2022, one new fund was added to the Plan and none were removed. The employees were able to transfer to the new investment option in ac-cordance to the Plan.

As of December 31, 2022, participants could allocate their contributions in any combination of their choice among the following investment options:

NOTE A – DESCRIPTION OF THE PLAN (Continued)

Participants may change their investment choices and/or transfer their current fund balances among the various investments at any time by contacting the Plan Administrator or making the changes on-line.

Termination Benefits
A participant's account balance maintained from employee-derived contributions is 100% vested and non-forfeitable at all times. Upon termination of service due to death, disability or retirement, a participant shall be entitled to a portion of his account balance derived from Employer Discretionary and Matching contributions in accordance with the vesting schedule. All participants are eligible to retire with their full retirement benefit on the attainment of age sixty five.

Loans to Participants
Participants are eligible for loans. The minimum loan is $500. The maximum repayment period is generally 5 years unless for the purchase of a primary residence. Interest on loans from the plan will be equal to the prime rate at the time the loan is issued plus 2%. Principal and interest payments are deducted from the employee's payroll and must paid in full within 5 years, with the exception of loans used for the purchase of a principal residence. If the participant leaves the company, the loan must be repaid within approximately 30 days.

Hardship Withdrawals
A hardship distribution may only be made on account of an immediate and heavy financial need of the Participant. An immediate and heavy financial need includes, but is not limited to, a distribution for one of the following:

- Expenses for (or necessary to obtain) medical care (as defined in Code §213(d));
- Costs directly related to the purchase (excluding mortgage payments) of a principal residence for the participant;
- Payments for burial or funeral expenses for the Participant's deceased parent, Spouse, children or dependents (as defined in Code §152, and without regard to Code §152(d)(1)(B));
- Payment of tuition, related educational fees, and room and board expenses, for up to the next twelve (12) months of post-secondary education for the Participant, the Participant's Spouse, children, or dependents (as defined in Code §152, and without regard to Code §§152(b)(1), (b)(2), and (d)(1)(B));
- Payments necessary to prevent the eviction of the Participant from the Participant's principal residence or foreclosure on the mortgage on that residence; or
- Expenses for the repair of damage to the Participant's principal residence that would qualify for t e casualty deduction under Code §165 (determined without regard to whether the loss exceeds 10% of adjusted gross income).

Forfeited Accounts
Forfeited accounts are used to reduce employer contributions. During 2022 no account balane was forfeited.

NOTE B –SUMMARY OF ACCOUNTING POLICIES

Trustee of the Plan
The Reliance Trust Company is the designated third-party trustee to the Plan. In addition, an internal Administrative Committee has been designated for the purpose of making determinations about the Plan.

Basis of Accounting
These financial statements are prepared on the accrual basis of accounting.

Estimates
The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent asset and liabilities at the date of the financial statements and the reported amounts of net assets available for benefits during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value, as reported to ADP, Inc, the plan's record keeper. Shares of mutual funds are valued at the net asset value of shares held by the Plan at Year-end. Participant loans are valued at their outstanding balances, which approximates fair value. Purchase and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits
Benefits are recorded when paid.

Income Taxes
The Plan is exempt from federal income taxes pursuant to Section 501 (a) of the Internal Revenue Code.

NOTE C – PLAN TERMINATION
The Employer/Sponsor/Administrator has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

NOTE D – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE
The investment and related income and loss information included in the accompanying financial statements as of and for the years ended December 31, 2022 was obtained from data prepared and certified to as complete and accurate by the trustee.

NOTE E – FAIR VALUE MEASUREMENT
FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:
Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE E – FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include:
Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual Funds
Share prices/net asset values (NAVs) reported on the Plan Summary Reports for NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

Fixed Annuities
The reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

Participant Loans
The stated value of participant loans represents the outstanding principal balance of the loan, taking into account the applicable interest rate, amortization schedule and repayments made for each loan. Loans are notes receivable from the participants.

Collective Trust fund
Share Prices/NAV's reported on the Plan Summary Reports for Collective Trust Funds are generally obtained directly from the fund house or other investment provider

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E – FAIR VALUE MEASUREMENT (Continued)

The following table sets forth by level, within fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 96,940	$ -	$ -	$ 96,940
Loans	$ 1,019	$ -	$ -	$ 1,019
	$ 97,959	$ -	$ -	$ 97,959

NOTE F – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2022
Net assets available for benefits per the financial statements	$ 97,959
Plus: forfeiture	-
Net assets available for benefits per From 5500	$ 97,959

NOTE G – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
