The Gem Group, Inc. Retirement Plan
Lawrence, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of The Gem Group, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE GEM GROUP, INC. RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of The Gem Group, Inc. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established for the benefit of the employees of The Gem Group, Inc. (the “Employer”). All employees, except non-resident aliens and leased employees, become eligible to participate in the Plan on the 1st, 4th, 7th and 10th month of the Plan year upon the completion of three months of service (effective March 1, 2022, the months of services requirement was changed from six months to three months) and the attainment of age twenty-one (the “Participants”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially all investments are participant directed.

On December 31, 2020, Empower Retirement, LLC (“Empower Retirement”) acquired the retirement business of MassMutual. An affiliate of Empower Retirement, Great-West Life & Annuity Insurance Company, was granted power of attorney over the group annuity contract originally issued by MassMutual through October 28, 2022. Since that date, Empower Annuity Insurance Company of America now holds the power of attorney.

The Plan used Massachusetts Mutual Life Insurance Company (“MassMutual”) for recordkeeping and custodian services of its group annuity contract. MassMutual had a trust arrangement with Reliance Trust Company (“Reliance”) to act as trustee for the period January 1, 2022 through March 1, 2022. For the period from March 2, 2022 through October 28, 2022, Great-West Trust Company, LLC (“Great-West”) was the trustee, and since that date, Empower Annuity Insurance Company of America is the trustee. Empower Retirement prepared statements and documents on behalf of Great-West and Reliance as of December 31, 2022 and 2021, respectively.

Contributions

Participant Contributions

Participants may defer up to 100% of their compensation for a Plan year, subject to dollar limits set by federal law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“Rollovers”).

Employer Matching Contributions

The Employer may make a matching contribution equal to a discretionary percentage of base compensation that a participant contributes to the Plan. For the Plan year ended December 31, 2022, the Employer elected to contribute 50% of the first 6% of participant’s eligible compensation.

THE GEM GROUP, INC. RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the Participant's contributions and Employer matching contributions, as well as an allocation of Plan earnings/losses and expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account balances.

Vesting

Participants are immediately vested in their pre-tax contributions and rollover accounts, plus actual earnings thereon. Vesting in the Employer's matching contribution is based on years of continuous service. A participant is 100% vested after two years of credited service. Upon death, disability, or attainment of normal retirement age, a participant is fully vested in all of their accounts.

Forfeitures

In the event of termination, a participant's non-vested portion of their account is forfeited and remains with the Plan to reduce future Employer matching contributions or to pay Plan expenses. At December 31, 2022 and 2021, the Plan had \$3,686 and \$1,163, respectively, in forfeitures available to reduce future Employer contributions or pay Plan expenses. During 2022, approximately \$26,500 in forfeitures were used to pay Plan expenses.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount or partial payments equal to the vested balance of his or her account. For termination of service due to other reasons, a participant must receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also be entitled to receive in-service withdrawals upon reaching age 59½. Hardship withdrawals are available from the Participant's vested interest in his or her account.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one loan outstanding at a time. Loan terms are for up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the Participant's account and bear interest at the prime rate plus 1% established at the time of the loan. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. The majority of expenses incurred in the administration of the Plan are paid by the Plan, unless paid by the Employer.

THE GEM GROUP, INC. RETIREMENT PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value was the amount Participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefits Paid

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Subsequent Events

The Employer has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

THE GEM GROUP, INC. RETIREMENT PLAN

Notes to Financial Statements

Note 3 - Information Certified by the Trustee and Custodian

At December 31, 2022 and 2021, the mutual funds are held by the Plan's Trustees and Custodians, Empower Life & Annuity Insurance Company of New York and Empower Annuity Insurance Company of America ("Empower") and Reliance Trust Company ("Reliance"), respectively. During 2022, the guaranteed interest account was held by both the Plan's Custodians, Empower (October 28, 2022 through December 31, 2022) and Great-West Life & Annuity Insurance Company of New York and Great-West Life & Annuity Insurance Company ("Great-West Life") (January 1, 2022 through October 28, 2022) pursuant to a power of attorney from Massachusetts Mutual Life Insurance Company ("MassMutual"). The fair value and contract values of investments as of December 31, 2022 and all investment transactions, including interest and dividend income and net depreciation, are reported to the Plan and certified as complete and accurate by Empower (for the period October 29, 2022 through December 31, 2022) and Great-West Life (for the period March 2, 2022 through October 28, 2022). The fair and contract values of investments as of December 31, 2021 and all investment transactions, including interest and dividend income and net depreciation, for the period January 1, 2022 through March 1, 2022 are reported to the Plan and certified as completed and accurate by Reliance. Information included in the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), and notes receivable from participants, have also been derived from information certified by Empower and Great-West Life.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of relevant observable inputs and minimize the use of the unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

THE GEM GROUP, INC. RETIREMENT PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The mutual fund investments at fair value held by the Plan as of December 31, 2022 and 2021 are \$21,659,271 and \$25,489,058, respectively. Based on the fair value hierarchy, the mutual funds are all Level I for the years ended December 31, 2022 and 2021.

Note 5 - Fully Benefit-Responsive Investment Contract

Following is a description of the investments and valuation methodologies for fully benefit-responsive investment contracts:

Fixed Interest Fund

The Plan has a fully benefit-responsive group annuity contract with Empower. Empower maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawal and fees. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The contract value of the Plan's fully benefit-responsive fixed interest fund contract at December 31, 2022 and 2021 was \$1,758,757 and \$2,303,058, respectively.

THE GEM GROUP, INC. RETIREMENT PLAN

Notes to Financial Statements

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 7 - Related-Party Transactions and Party-in-Interest Transactions

Plan investments include a guaranteed interest account managed by affiliates of Empower. Empower is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. For the Plan year ended December 31, 2022, administrative fees of \$107,514 were paid to Empower. Notes receivable from participants also qualify as exempt party-in-interest transactions, as defined by ERISA.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 9 - Tax Status

The Plan and related trust have been determined by the Internal Revenue Service (the "IRS") to be tax-exempt under Internal Revenue Code Section 401(a). The most recent favorable opinion letter from the Internal Revenue Service was received by the Plan, dated November 14, 2022. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

THE GEM GROUP, INC. RETIREMENT PLAN

Notes to Financial Statements

Note 10 - Excess Contributions

At December 31, 2022 and 2021, the Plan was obligated to return excess contributions of \$65,926 and \$24,228, respectively, in order to satisfy the relevant nondiscrimination provisions for the Plan year. All amounts were refunded to participants prior to March 15th of the following year.

Note 11 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 23,656,986	\$ 28,032,118

Net assets available for benefits per Form 5500	<u>\$ 23,722,912</u>	<u>\$ 28,056,346</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to net loss per Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per the financial statements	\$ (4,375,132)
Excess contributions reported on the financial statements in 2021 not on Form 5500	(24,228)
Excess contributions reported on the financial statements in 2022 not on Form 5500	<u>65,926</u>
Net loss per Form 5500	<u>\$ (4,333,434)</u>

The accompanying Statements of Net Assets Available for Benefits, Statement of Changes in Net Assets Available for Benefits and the supplemental information have been prepared in accordance with accounting principles generally accepted in the United States of America. The information listed on Schedule H of Form 5500 has been prepared in accordance with procedures established by the third party administrator.
