Report of Independent Auditor

To the Administrator and Participants
Warren Wilson College 403(b) DC Plan
Swannanoa, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Warren Wilson College 403(b) DC Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating the certified investments information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Contributions - Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2022 and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of Plan

The following description of the Warren Wilson College 403(b) DC Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan and was established by Warren Wilson College (the "College", "Employer", or "Plan Sponsor") on January 1, 1977, and was amended and restated effective September 1, 2016. All employees, except those who are excluded according to the Plan's provisions, are eligible to participate in the Plan for purposes of making salary deferral (pre-tax) contributions to the Plan. An excluded employee is an employee who normally works less than 20 hours per week, or an employee who is a student performing services described in the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration – The Plan is administered by the College, which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The College has outsourced the recordkeeping function of the Plan to the "qualified institution", Teachers Insurance and Annuity Association ("TIAA") and College Retirement Equities Fund ("CREF").

Contributions – For the year ended December 31, 2022, participants may contribute pre-tax annual compensation not to exceed the annual limit established by the IRC (\$20,500 for 2022). Once eligible, participants may also contribute amounts representing distributions from other qualified retirement plans, 403(b) tax sheltered annuity plans, government 457(b) plans, and traditional individual retirement accounts. Employer contributions are calculated on a monthly basis for all participants. If a participant is eligible to make deferrals and turns 50 before the end of the calendar year, the participant may defer an additional \$6,500 into the Plan as a pre-tax contribution subject to certain IRC limitations. Catch-up contributions are eligible for matching contributions made by the Employer. The College may elect to make discretionary matching or other employer contributions. For the year ended December 31, 2022, the College approved a 1% employer contribution for all qualifying employees. The employer made an discretionary nonelective employer contributions of \$122,789. The employer did not make any discretionary matching contributions for the year ended December 31, 2022.

Plan to Plan Transfers – Participants with amounts held by TIAA through a Plan Sponsor other than the College may transfer such amounts into the Plan through a plan-to-plan transfer.

Participant Accounts – Each participant's account is credited with the participant's contributions, related College matching contributions or other employer contributions, and an allocation of Plan earnings or losses and charged with participant distributions and an allocation of administrative expenses, if not paid by the College. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in deferral contributions plus actual earnings thereon. Participants will become vested in matching contributions and other discretionary employer contributions plus actual earnings thereon after three years of service. No partial vesting occurs prior to three years of service.

Investment Options – Upon enrollment in the Plan, a participant may direct contributions into various investment options offered by the Plan. Participants may change their investment options at any time. All investments are participant directed.

WARREN WILSON COLLEGE
403(b) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of Plan (continued)

Benefits Paid to Participants – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount, equal to the value of the participant's vested interest in his or her account, a lifetime annuity, or various other annuities that are dependent on time of death and payout schedule elected. For termination of service for other reasons, distribution of the value of the participant's vested interest in his or her account will begin as soon as possible after the participant's request. Certain income tax penalties may apply to withdrawals or distributions prior to the age of 59½. In addition, certain payments are made directly to the holders of annuity contracts for payments to participants. These distributions are shown as benefits paid to insurance carriers for the provision of benefits within the statement of changes in net assets available for benefits.

Hardship Withdrawals – The Plan allows participants to make hardship withdrawals to satisfy certain immediate and heavy financial needs. A participant may request a hardship withdrawal for certain qualifying expenses as defined by the Plan document. The hardship withdrawal is subject to certain conditions: 1) the distribution is not in excess of the amount of any immediate and heavy financial need and 2) the participant has exhausted all other distribution types.

Forfeitures – Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. These forfeited amounts are used to either reduce the Employer's contributions to the Plan or to make additional contributions to the Plan. Forfeitures generated in 2022 totaled \$24,006, including \$178 of earnings. Unallocated forfeitures at year-end 2022 totaled \$24,006 and \$-0- in 2021.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000. The maximum note receivable allowed under the Plan is equal to 50% of their vested account balance under the Plan or \$50,000, reduced by the excess of the other outstanding balances of notes from the Plan. The notes are permitted for specific purposes as stated in the Plan document and terms range from one to five years unless such loan is used to acquire a dwelling unit which will be used as the principal residence of the participant. The notes are secured by the vested interest in the participant's account. As of December 31, 2022, the rates varied from 4.25% to 8.00% with maturities through October 15, 2027. Principal and interest is paid ratably through payroll deductions each payroll period. Notes receivable from participants outstanding amounted to \$78,924 and \$39,762 as of December 31, 2022 and 2021, respectively.

Plan Loans – Participants may borrow directly from TIAA a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account. Principal and interest is paid through an automatic draft of the participant's checking account or billed to the participant by the Trustee. Loans are held directly by TIAA and are not assets of the Plan. Loans outstanding under the Plan totaled \$-0- and \$298 as of December 31, 2022 and 2021, respectively.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted ("U.S. GAAP") in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses – Personnel within the College perform many administrative duties of the Plan, including maintenance of personnel files and reconciliation of payroll records, at no charge to the Plan. Other administrative costs, such as professional fees, are charged to the individual participants' accounts. Any costs not paid by the Plan may be paid by the College. Plan administration expenses are generally paid by the College.

WARREN WILSON COLLEGE
403(b) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 2—Summary of significant accounting policies (continued)

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value, except for direct fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to direct fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As described in Note 5, one of the investment contracts is fully benefit-responsive and four of the investment contracts are non-fully benefit-responsive.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis. Consequently, management fees and operating expenses are reflected as a reduction of investment returns.

Contributions – Participants may contribute to the Plan. Participant contributions are recorded each payroll period. Employer contributions are recorded when paid by the College.

Payment of Benefits – Benefits paid to participants are recorded when paid.

Risks and Uncertainties – Investments, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment (distributed loan) is recorded.

Note 3—Information certified by the Plan's qualified institution (unaudited)

The Plan Sponsor has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. TIAA and CREF, the qualified institution, have certified to the completeness and accuracy of the following data included in the accompanying financial statements.

- Investments, at fair value, guaranteed investment contracts, at contract value, and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022.

WARREN WILSON COLLEGE
403(b) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 3— Information certified by the Plan’s qualified institution (unaudited) (continued)

The Plan’s independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4—Fair value measurements

The Plan follows the *Fair Value Measurements and Disclosures* topic of the FASB ASC 820 which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Pooled Separate Account (“Real Estate Fund”) – These assets are not available in an exchange or an active market; however, the fair value is determined based on NAV of the underlying assets as traded in an exchange or active market. The Real Estate Fund generally invests in real estate properties and real estate-related investments. The value of the fund is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional’s opinion. The fund sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day. Although the underlying assets of the Real Estate Fund cannot be quickly sold and converted to liquid assets, TIAA provides the Real Estate Fund with a liquidity guarantee to ensure funds are available to meet participant redemption, transfer, or cash withdrawal requests executed at quoted unit value. Based on this liquidity guarantee, the Real Estate Fund is classified within Level 1 of the valuation hierarchy.

403(b) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 4—Fair value measurements (continued)

Guaranteed Investment Contract (Non-Fully Benefit-Responsive Contract) – This investment is a guaranteed fixed income annuity backed by TIAA's claims paying ability whereby the annuity guarantees principal and a minimum interest rate, plus opportunity for additional amounts in excess of the guaranteed rate. Annuity contracts are not traded and significant other observable inputs are not available. The contract is reported at fair value and is classified within Level 3 of the valuation hierarchy.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels as of December 31, 2022:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 25,372,750	\$ -	\$ -	\$ 25,372,750
Pooled separate account	1,132,981	-	-	1,132,981
Guaranteed investment contract (non-fully benefit-responsive)	-	-	10,104,654	10,104,654
Total assets in fair value hierarchy	<u>\$ 26,505,731</u>	<u>\$ -</u>	<u>\$ 10,104,654</u>	<u>\$ 36,610,385</u>

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels as of December 31, 2021:

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,010,144	\$ -	\$ -	\$ 32,010,144
Pooled separate account	1,159,699	-	-	1,159,699
Guaranteed investment contract (non-fully benefit-responsive)	-	-	9,932,141	9,932,141
Total assets in fair value hierarchy	<u>\$ 33,169,843</u>	<u>\$ -</u>	<u>\$ 9,932,141</u>	<u>\$ 43,101,984</u>

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. There were no transfers between levels for the years ended December 31, 2022 and 2021.

The following table shows transactions for the Plan's Level 3 investments for the year ended December 31, 2022:

Beginning fair value	\$ 9,932,141
Purchases	648,930
Sales	(476,417)
Ending fair value	<u>\$ 10,104,654</u>

DECEMBER 31, 2022 AND 2021

Note 4—Fair value measurements (continued)

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges of values for those inputs as of December 31:

2022				
Assets	Fair Value	Valuation Technique	Unobservable Inputs	Range (Weighted Average)
Guaranteed investment contract (non-fully benefit-responsive)	\$ 10,104,654	Discounted cash flow	**	3.70% to 6.25%
2021				
Assets	Fair Value	Valuation Technique	Unobservable Inputs	Range (Weighted Average)
Guaranteed investment contract (non-fully benefit-responsive)	\$ 9,932,141	Discounted cash flow	**	3.00% to 3.80%

** The significant unobservable inputs used in the fair value measurement of the Plan's guaranteed investment contract are prepayment rates, probability of default, and loss severity in the event of default. Significant increases (decreases) in any of those inputs in isolation would result in a significantly lower (higher) fair value measurement. Generally, a change in the assumption used for the probability of default is accompanied by a directionally similar change in the assumption used for the loss severity and a directionally opposite change in the assumption used for prepayment rates.

Note 5—Investment contracts with insurance company

The Plan invests in guaranteed investment contracts with TIAA. The fully benefit-responsive annuity contract is the TIAA Traditional Benefit-Responsive account. The non-fully benefit-responsive annuity contracts includes the TIAA Traditional Non Benefit-Responsive account, TIAA Traditional Non Benefit-Responsive 2 account, Plan Loan Default Fund account, and TIAA Stable Value account. TIAA maintains the contributions in the TIAA General Account. TIAA groups the premium dollars it receives over defined time periods into vintages, typically composed of one or more contiguous calendar months, for the purpose of determining the crediting rate to participant's accounts. The crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at their stated value.

As described in Note 2 to the financial statements, because a portion of the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The contract value of the fully benefit-responsive portion of the investment contracts as of December 31, 2022 and 2021 were \$1,658,373 and \$1,721,594, respectively. The unallocated contract is included in the financial statements at contract value as reported to the Plan by TIAA. The fair value of the non-fully benefit-responsive portion of the contracts as of December 31, 2022 and 2021 were \$10,104,654 and \$9,932,141, respectively.

The guaranteed investment contracts' issuer is contractually obligated to repay the principal and a specified interest rate, generally 3.00%, that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 3.00% for the fully benefit-responsive annuity account and 1.00% for the non-fully benefit-responsive annuity accounts.

WARREN WILSON COLLEGE
403(b) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 5—Investment contracts with insurance company (continued)

The TIAA Board of Trustees may declare additional amounts on a year-by-year basis. These additional amounts, when declared, remain in effect for the 12-month declaration year that begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities; they are not guaranteed for future years.

Certain events limit the Plan's ability to transact at fair value with TIAA. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events that would limit the Plan's ability to transact at fair value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6—Party-in-interest transactions

Certain Plan investments are annuity contracts, registered investment companies or shares of pooled separate accounts managed by TIAA and CREF. TIAA and CREF is the certifying entity of the Plan's investments; therefore, transactions with TIAA and CREF qualify as party-in-interest transactions.

The College provides the Plan with certain accounting and administrative services for which no fees are charged. The College also pays for some audit and administrative expenses for the Plan for which no reimbursement is received from the Plan. Notes receivable from participants also qualify as party-in-interest transactions. Fees paid by the Plan amounted to \$50,866 for the year ended December 31, 2022.

Note 7—Tax status

The Plan adopted a Volume Submitter 403(b) Plan which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2017, which stated that the Plan is designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself. However, the Plan Sponsor believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan qualifies under Section 403(b) and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 8—Plan termination

The College believes the Plan will continue without interruption but reserves the right to discontinue the Plan. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. Distribution of participant account balances will occur as soon as administratively feasible upon termination of the Plan. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 9—Prohibited transactions

During 2022 and 2021, participant contributions totaling \$43,236 and \$290,148, respectively, were not remitted to the Plan in accordance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA regarding timely remittances on multiple occasions. Plan management is currently in the process of calculating the lost earnings on these deferrals so as to correct the late remittances through DOL's Voluntary Fiduciary Correction Program. The lost earnings are not significant to the financial statements.

Note 10—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through October 12, 2023 the date these financial statements were available to be issued.
