Report of Independent Auditors

The Trustees
Westminster College Defined Contribution Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Westminster College Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Westminster College Defined Contribution Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Westminster College Defined Contribution Retirement Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Westminster College Defined Contribution Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Westminster College Defined Contribution Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Westminster College Defined Contribution Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Westminster College Defined Contribution Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022, and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules.

Westminster College Defined Contribution Retirement Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Westminster College Defined Contribution Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of plan provisions.

General – The Plan is a defined contribution plan established to provide deferred compensation benefits to all eligible employees of Westminster College (the “College” or “Sponsor”). All employees are eligible to participate in the Plan and make employee elective deferrals if the employee works in excess of 1,000 hours per annum. Participant accounts are held with the following insurance companies:

- Transamerica Life Insurance Company (“Transamerica”)
- Teachers Insurance Annuity Association (“TIAA”), an insurance company, and College Retirement Equities Fund (“CREF”), an investment company (together, “TIAA-CREF”)
- Variable Annuity Life Insurance Company (“VALIC”)

Effective October 23, 2017, the Plan was amended to establish Transamerica as the Plan’s primary custodian, to which all employer and employee contributions would be directed.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions – Each year, participants may contribute up to the lesser of 90% of compensation or an amount as defined by the Internal Revenue Service (IRS) regulations. Participants who have attained age 50 before the end of the plan year are eligible to make additional catch-up contributions of up to \$6,500 per year. Participants may also contribute amounts representing distributions from other qualified defined benefit plans, qualified defined contribution plans, and individual retirement arrangements. The Plan includes an employer contribution of 5% of eligible compensation. Contributions are subject to certain limitations.

Participant accounts – Individual accounts are maintained for each plan participant. Each participant’s account is credited with the participant’s contribution, allocations of the College’s contribution, and plan earnings (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants direct the investment of their account balance into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Plan earnings are credited to a participant’s account according to the type of funding vehicle in which balances are invested. Fund managers’ fees are charged to participants’ accounts as a reduction of the return earned on each investment option.

Vesting – Participants are immediately vested in their employee, employer matching, employer discretionary, and rollover contributions, plus actual earnings thereon.

Westminster College Defined Contribution Retirement Plan

Notes to Financial Statements

Payment of benefits – Upon termination of service, retirement, death, or total permanent disability, a participant may elect to receive a distribution of his or her entire accumulated plan balance, subject to the terms of the funding vehicles. Distribution options include lump-sum payments, partial payments, or installments. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59-1/2 or for hardship purposes. Rollover account balances and certain employee deferrals made prior to 1989 may be withdrawn at any time.

Fees – The College bears all salary-related expenses for personnel administering the Plan and may, at its discretion, pay some of the Plan's administrative expenses. During 2022, no plan administrative and operating expenses were paid by the College. The Sponsor has no obligation to assume any plan expenses in the future.

Notes receivable from participants

Participant loans – Participant loans are available under the Plan through Transamerica and were previously available through VALIC. Participants may borrow up to 50% of their vested account balance, collateralized by the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within 10 years. Participants are limited to one loan per year. Interest is payable to the participant's plan account at a market rate determined by the plan administrator and is recorded in the financial statements as "Interest income on notes receivable from participants." All participant loan interest rates are 4.25%–8.00% as of December 31, 2022, with maturities through November of 2027.

Plan loans – Plan loans are available to participants through Transamerica and were previously provided through TIAA and VALIC, subject to certain limitations.

New plan loans are available through Transamerica. Plan loans held previously with other providers were transferred to Transamerica at the discretion of the participant. The loan amount will be withdrawn from the participant's plan account and an equivalent lien will be made on the participant's non-forfeitable interest in the Plan at the time of the loan. For active loans, investments equal to the outstanding loan amount are reflected in the statements of net assets available for benefits and serve as collateral for the loan. Investments underlying defaulted loan balances are reflected in the statements of net assets available for benefits until a distribution event occurs.

There were no significant plan loan balances due to Transamerica at December 31, 2022 and 2021.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

Westminster College Defined Contribution Retirement Plan

Notes to Financial Statements

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan (established September 1, 1947) was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Sponsor. Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, were not sufficiently maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts (FBRIC) because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain TIAA Traditional Annuity contract types, including the Supplemental Retirement Annuities (SRAs), are considered fully benefit-responsive. See Note 4 for further discussion of the TIAA Traditional Annuity.

Certain VALIC contracts are considered fully benefit-responsive. See Note 5 for further discussion of the VALIC contracts.

Investment valuation and income recognition – Investments are reported at fair value and contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Contract value is the relevant measurement for assets invested in FBRICs because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Use of estimates – The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of benefits – Benefits are recorded when paid.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Note 3 – Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2022 and 2021.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient ("NAV practical expedient") of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

Guaranteed investment contracts – The Plan invests in certain non-fully benefit-responsive guaranteed investment contracts. These investments are valued at fair value determined by the sum of the accumulated cash contributed and interest credited to the Plan's contracts, less any withdrawals. Fair value is determined and reported to the Plan by the contract issuers.

Westminster College Defined Contribution Retirement Plan

Notes to Financial Statements

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Fair Value Measurement at December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 56,188,080	\$ -	\$ -	\$ 56,188,080
Guaranteed investment contracts	-	-	10,266,091	10,266,091
Total assets in the fair value hierarchy	<u>\$ 56,188,080</u>	<u>\$ -</u>	<u>\$ 10,266,091</u>	66,454,171
Investments measured at NAV practical expedient				<u>8,825,442</u>
Investments at fair value				<u>\$ 75,279,613</u>

Fair Value Measurement at December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 70,676,467	\$ -	\$ -	\$ 70,676,467
Guaranteed investment contracts	-	-	10,726,396	10,726,396
Total assets in the fair value hierarchy	<u>\$ 70,676,467</u>	<u>\$ -</u>	<u>\$ 10,726,396</u>	81,402,863
Investments measured at NAV practical expedient				<u>11,856,759</u>
Investments at fair value				<u>\$ 93,259,622</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Westminster College Defined Contribution Retirement Plan

Notes to Financial Statements

Changes in the fair value of the Plan's Level 3 investments during the year ended December 31, 2022, were as follows:

	Fair Value Measurements Using Significant Unobservable Inputs (Level 3)		
	TIAA Traditional Annuity	VALIC Fixed Accounts	Total
Balance, beginning of year	\$ 7,207,335	\$ 3,519,061	\$ 10,726,396
Realized gains	169,604	112,609	282,213
Unrealized gains for the period relating to assets held at the reporting date	123,573	-	123,573
Purchases	-	-	-
Sales	(405,217)	(460,874)	(866,091)
Balance, end of year	<u>\$ 7,095,295</u>	<u>\$ 3,170,796</u>	<u>\$ 10,266,091</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

The Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs are included in the following table:

Name	Fair Value December 31,		Valuation Technique	Unobservable Inputs	Range of Input Values/ (Weighted-Avg)
	2022	2021			
TIAA Traditional Annuity	\$ 7,095,295	\$ 7,207,335	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA: 5.57% SRA: 4.82%
VALIC Fixed Accounts	\$ 3,170,796	\$ 3,519,061	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	Approximately 1.20%–3.25%

The discounted cash flow valuation technique utilizes an appropriate risk-adjusted market discount rate which correlates closely with the TIAA Traditional Annuity and TIAA Stable Value Annuity's historical crediting rates for each contract type. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. See Note 5 for a discussion of the VALIC Fixed Accounts.

Note 4 – TIAA Traditional Annuity

The TIAA Traditional Annuity is a guaranteed fixed-annuity contract available as an investment option to plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal plus a specified minimum rate of interest are guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest, if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating return annuity (RA) contracts, the crediting interest rates were approximately 5.68% and 3.70% as of December 31, 2022 and 2021, respectively. For accumulating SRA contracts, the crediting interest rate was approximately 4.39% and 3.00% as of December 31, 2022 and 2021, respectively.

The contract does not allow lump-sum cash withdrawals and transfers must be spread over ten annual installments. All other withdrawals and transfers from RA contracts must be spread over ten annual installments (five annual installments for withdrawals after termination of employment). The SRA contract provides for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Note 5 – VALIC Fixed Account Plus and Short-Term Fixed Account

The Fixed Account Plus provides fixed return investment growth for the long term. It is credited with interest at rates set by VALIC. The account is guaranteed to earn at least a minimum rate of interest as shown in the plan contract. The crediting interest rates were approximately 1.20%–3.25% as of December 31, 2022 and 2021. Purchase payments allocated to a fixed account option will receive a current rate of interest. There are limitations on transfers out of this option. If a participant transfers assets from the Fixed Account Plus to another investment option, any assets transferred back into Fixed Account Plus within 90 days will receive a different rate of interest than that paid for new purchase payments.

The Short-Term Fixed Account provides fixed return investment growth for the short term. It is credited with interest at rates set by VALIC, which may be lower than the rates credited to Fixed Account Plus. The account is guaranteed to earn at least a minimum rate of interest shown in the Plan's contract. The crediting interest rate was approximately 1% as of December 31, 2022 and 2021. Deposits will be credited with a different rate of interest depending on the time period in which they are accumulated.

Westminster College Defined Contribution Retirement Plan

Notes to Financial Statements

Note 6 – Guaranteed Investment Contract with Transamerica Financial Life Insurance Company

In 2017, the Plan entered into a FBRIC with Transamerica Financial Life Insurance Company (“TFLIC”). TFLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.0%. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TFLIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Sponsor or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan’s ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 7 – Information Certified by TIAA-CREF, AIG (“VALIC”), and State Street Bank and Trust Company (“Transamerica”)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. The Plan offers investments through TIAA-CREF, VALIC, and Transamerica.

Accordingly, TIAA-CREF, VALIC, and State Street Bank and Trust Company, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

1. Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.

Westminster College Defined Contribution Retirement Plan

Notes to Financial Statements

2. Net depreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
3. Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022.

Note 8 – Related-Party and Party-in-Interest Transactions

The College has been designated as the plan administrator. Certain employees of the College provide administrative services to the Plan. All administrative expenses, including audit and legal fees, were paid by the plan administrator in 2022. Certain of these expenses were paid to TIAA-CREF, VALIC, or Transamerica. These transactions qualify as party-in-interest transactions.

Certain plan investments are managed by TIAA-CREF, VALIC, or Transamerica. Transactions in these investments qualify as party-in-interest transactions.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 10 – Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the “Code”). The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related accounts and tax-deferred annuities are tax exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Westminster College Defined Contribution Retirement Plan

Notes to Financial Statements

Note 11 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 12 – Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 79,368,735	\$ 97,324,176
Other receivable not reported on financial statements	<u>97</u>	<u>71</u>
Net assets available for benefits per Form 5500	<u><u>\$ 79,368,832</u></u>	<u><u>\$ 97,324,247</u></u>
	<u>2022</u>	
Net decrease in net assets available for benefits per the financial statements	\$ (17,955,441)	
Change in other receivable not reported on Form 5500	<u>26</u>	
Net decrease in assets available for benefits per Form 5500	<u><u>\$ (17,955,415)</u></u>	

Note 13 – Delinquent Participant Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals related to the year ended December 31, 2022, were not remitted to the Plan within the timeframe required by the Department of Labor. The system has determined the amount of related loss earnings and has remitted these amounts to participants' accounts during the year ended December 31, 2022.

Note 14 – Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 12, 2023, which is the date the financial statements were available to be issued.
